DECLARATION OF MAURILIO SANTIAGO GARCIA

I, Maurilio Santiago Garcia, state and declare as follows:

1. I am a competent adult, over the age of eighteen, and a named Plaintiff in the above-captioned matter. The foregoing is based upon my personal knowledge, and if called as a witness, I could and would testify thereto. I am making this sworn declaration in support of my claims and the claim of my co-workers, and in support of my qualifications as Named Plaintiff. The following is based upon my personal knowledge, and if called as a witness, I could and would testify competently thereto.

2. I am a former employee of Defendant West Coast Berry Farms, LLC ("Defendant"). I worked as a housekeeper and was paid on an hourly basis.

3. I brought this lawsuit, on behalf of myself and all other aggrieved employees, against Defendant because I believe that Defendant did not pay all wages/overtime due, failed to provide all required rest periods, failed to reimburse necessary business expenses, failed to provide accurate itemized wage statements, and failed to pay all wages due at the time of resignation/termination to me and other employees.

4. I understand that I am representing other employees, and I believe that I am able to represent them well.

5. I have spent significant time throughout this action working with Counsel. I compiled relevant documents from my employment to assist my attorneys in litigating this case. I worked with my attorneys to develop the facts and legal claims in this lawsuit. The lawsuit was filed on December 5, 2022.

6. Throughout the litigation, I have provided my attorneys with helpful information for this lawsuit and for the Settlement as needed. Additional work in connection with this matter includes providing information to my attorneys regarding my employment with Defendant; sharing my observations of what was occurring with other workers in the workplace; staying in regular contact with my attorneys to discuss the status of the case; responding promptly to my attorneys' various communications regarding this matter; making myself available for full-day mediations on

August 19, 2024, and September 25, 2025; and reviewing and analyzing the settlement agreement and settlement papers to ensure the settlement was fair and reasonable and in the best interests of the aggrieved employees.

7. Although I did not keep contemporaneous time records, I estimate the total time spent in connection with this matter is approximately 20-25 hours.

8. I believe that I have worked to actively represent the other aggrieved employees and their interests.

9. I have always kept the aggrieved employees' interests at heart in this litigation.

10. I am prepared to continue assisting with this litigation and am committed to achieving the best possible results for the aggrieved employees.

11. Based on my participation in this case, I believe that the settlement obtained on behalf of the aggrieved employees is fair and reasonable in light of the issues involved in this case. As mentioned above, I reviewed and discussed the Settlement Agreement with my attorneys and asked them questions about it to ensure that I understood its terms and what it would mean for all of the class members.

12. I believe that I have fairly represented the absent aggrieved employees and request that the Court finally approve this settlement and confirm me as Plaintiff.

13. I am not aware of any conflicts of interest that prevent me from being confirmed as named Plaintiff in this Lawsuit. I am not related in any way to my attorneys or to any other member of the firm that is representing me. I have no business dealings or other involvement beyond this lawsuit and this representation. I have not been promised any money or inducement to serve as named Plaintiff in this Lawsuit.

14. It is my opinion that the settlement agreement provides for a fair and adequate enhancement for me as a named Plaintiff, in the amount of $5,000.00. I believe that this is fair and reasonable in light of all of the work that I have performed in my role as Plaintiff. As named Plaintiff, I have actively participated in all stages of the litigation, as detailed above, and have always maintained the best interests of the aggrieved employees while performing my named

Plaintiff duties.

15. It is also my opinion that the Enhancement Payment is fair, reasonable, and adequate because, in addition to the many hours spent participating in the prosecution of this case, I accepted the potential risk of being liable for Defendant's attorneys' fees and costs if we were unsuccessful in this Lawsuit. Likewise, I risk the potential stigma of being an aggrieved employee in a representative action labor dispute, which may affect my future employability.

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct.

Executed this 07 day of October, 2026 at Santa Maria, California.
