DECLARATION OF LILIANA MAGANA

I, LILIANA MAGANA, declare as follows:

1. I am an individual over the age of 18 and am a named plaintiff in the matter entitled *Valencia*, et al. v. Hughes Circuits, Inc., Case No. 37-2024-00019289-CU-OE-CTL. I have personal knowledge of the facts stated in this declaration and could testify competently to them if called upon to do so.

2. I submit this declaration in support of Plaintiffs' Motion for Preliminary Approval of Class Action and PAGA Settlement.

3. I was employed by HUGHES CIRCUITS, INC. ("Defendant") from approximately May 2022 until June 2025, as an hourly, non-exempt employee, working as an X-ray Technician in Manufacturing Assembly at Defendant's San Marcos location.

4. As a non-exempt, hourly employee of Defendant, I was subject to the same wage and hour policies and practices as the proposed class of employees who I seek to represent, including but not limited to (1) meal period policies and practices, including regularly having my meal period scheduled after my fifth hour work and not receiving a second meal period for shifts greater than 10-hours; (2) rest period policies and practices, including missing rest breaks due to work requirements; (3) and compensation policies and practices.

5. I have been actively involved throughout this entire lawsuit. The time spent on this case can be summarized as follows: (1) 2.5 hours spent speaking to my attorneys discussing my experience working for Defendant, including my job duties, meal period policies and practices, rest period policies and practices, my shift schedule, the actual times worked, and the compensation policies; (2) 2.6 hours spent gathering documents received from the company during my employment and reviewing additional company documents produced by Defendant; (3) being available for about 6 hours on June 22, 2026, the day of mediation, to answer questions from the mediator or my attorneys]; (4) 1.1 hours spent reviewing the proposed settlement and discussing the settlement with my attorneys; (5) 4.3 hours spent speaking to my attorneys throughout this lawsuit regarding the progress of the case — including about the mediation, the proposed settlement, and the next steps of the case — all of which I estimate spending over 15

hours on this case. I also do not have any interests adverse to the proposed class I seek to represent. Accordingly, I believe I am an adequate class representative.

6. In addition to performing the work and spending time on this matter, I assumed risk in serving as a class representative. I understood that there was a risk that I could be responsible for litigation costs if we lost the case. However, I accepted this risk because I believed that the claims in this lawsuit were legitimate and that there were other employees who suffered from the same issues. I also understood that by agreeing to file this lawsuit, my name would be listed as the class representative, which is a public record.

7. I also understand my role as the class representative in this matter, which includes putting the interest of other employees — specifically, those individuals who I seek to represent — before my own. I understand that my duties include providing information to my attorneys, preparing for my deposition, having my deposition taken, and generally, participating in this lawsuit through trial.

8. I do not have any conflicts with the proposed class members in this lawsuit. I do not have any personal relationship or family ties with the attorneys who represent me, or the Court. I am not involved in any type of litigation against any proposed class member in this lawsuit.

9. Based on my review of the settlement terms, conversations with my attorneys, and the risks of continuing this lawsuit, I believe the settlement is fair, adequate, and in the best interest of the employees covered by the settlement.

10. In addition, I have given written approval of the attorney fee splitting agreement between my attorneys in this case, Verum Law Group, APC ("VLG") and Wilshire Law Firm, PLC ("WLF"). Under the agreement, I gave written consent for any attorneys' fees awarded in this case to be distributed as follows: (20%) to Verum; and (80%) to WLF prior to class certification.
