Attorneys for Plaintiff

SUPERIOR COURT OF THE STATE OF CALIFORNIA

IN AND FOR THE COUNTY OF SAN JOAQUIN

JEAN-LOUIS CHALAYE and SCOTT
BALLIET, individuals, on behalf of themselves
and on behalf of all persons similarly situated,

Plaintiffs,

v.

PRIDE TRANSPORT, INC., a Corporation, a
California Corporation; and DOES 1-50,
Inclusive,

Defendant.

Case No. STK-CV-UOE-2021-2766

**DECLARATION OF SCOTT BALLIET IN
SUPPORT OF PLAINTIFFS' MOTION FOR
FINAL APPROVAL OF CLASS ACTION
AND PAGA SETTLEMENT**

Hearing Date: April 20, 2023
Hearing Time: 9:00AM

Judge: Hon. Barbara A. Kronlund
Dept: 10D

Date Filed: March 20, 2021
Trial Date: Not Set

1 I, SCOTT BALLIET, declare as follows:

2 1. I am over eighteen years of age and if called as a witness, I could and would competently
3 testify to the following facts from my own personal knowledge. I am one of the lead named Plaintiffs
4 in the above wage and hour class action filed against PRIDE TRANSPORT, INC. (hereinafter
5 “Defendant”).

6 2. This declaration is being submitted in support of Plaintiffs’ motion for Final Approval of
7 Class Action and PAGA Settlement.

8 3. I retained Class Counsel in April 15, 2022 and formally joined the lawsuit in November
9 2022. I filed the case on behalf of myself and a class of current and former non-exempt California
10 employees employed by Defendant PRIDE TRANSPORT, INC. (“Defendant”) during Class Period.

11 4. I worked for Defendant as a non-exempt employee, in San Joaquin County from March
12 of 2019 to March of 2021.

13 5. I filed the case because I believed my rights as an employee were violated by Defendant
14 and also the rights of other employees that worked for Defendant. Among other claims, I believe
15 Defendant failed to pay me minimum wages, including overtime compensation, and failed to provide
16 legally compliant meal and rest periods.

17 6. Before I initiated the case as a plaintiff and Class Representative, I spoke at length with
18 my attorneys. We discussed my work experience and how company policies were applied to me and
19 other employees. I provided the attorneys with documents they requested. We reviewed the documents
20 together and asked and answered many questions regarding my experience working for Defendant, the
21 litigation process, and about class actions generally.

22 7. During these conversations, I learned about my responsibilities as a plaintiff in the
23 lawsuit and as a proposed Class Representative. I understood that pursuing this action as a class action
24 rather than merely seeking my individual claims substantially increased the risk to me. Those risks
25 included the possibility of being held liable for Defendant’s attorneys’ fees and costs in a complex class
26 action if I lost the case. I also understood that as a Class Representative, I would be under increased
27 scrutiny by the attorneys and the Court because I needed to prove that I was an adequate class
28

1 representative. Further, I understood that I would lose some autonomy over my individual claims that
2 I could not make decisions for my sole benefit and that I needed to make every litigation decision with
3 the best interests of the Settlement Class in mind.

4 8. I also understood that pursuing this litigation created a very public record of my
5 grievances with Defendant which produced the risk that a future employer could hold it against me that
6 I sued a former employer.

7 9. I also knew that I was making a sacrifice in that I could have pursued my claims only on
8 an individual basis, likely obtaining a recovery greater than the portion of the class settlement I stand
9 to receive from this settlement. My attorneys explained to me that the net settlement value of my
10 individual claims may be greater than my ultimate recovery from the net class settlement amount.

11 10. Notwithstanding these risks and sacrifices, I decided to go through with the case because
12 I believed violations occurred and most employees would not know what their rights are and even if
13 they did, they would be apprehensive to file a lawsuit against their employer for fear of retaliation.

14 11. During the lawsuit I communicated on a regular basis with my attorneys. I reviewed
15 status updates from my attorneys and court filings on a regular basis, and spoke to my attorneys on the
16 phone, because I wanted to keep up with developments in the case which I understood was one of my
17 duties as a class representative.

18 12. **Review and Approval of Settlement:** A mediation was held on February 1, 2022. Even
19 though I could not attend, I was available by telephone to speak with my attorneys and did speak with
20 them regarding the mediation before it took place, as well as during the mediation itself. I also spoke
21 with my attorneys after the mediation and discussed the mediator's proposal which was ultimately
22 accepted. I was very satisfied with the terms of the settlement that was agreed to by the parties. When
23 the settlement papers were ready, I again spoke with my attorneys and reviewed the settlement
24 agreement which I signed on June 27, 2022.

25 13. **Broad General Release:** I understand that the Class Representative Service Award is
26 intended, in part, to compensate me for my release of the Released Class Claims. I also granted
27 Defendant and the Released Parties a broad general release and waiver of claims pursuant to California
28

1 Civil Code section 1542 and released Defendant and all additional Released Parties from all claims,
2 demands, rights, liabilities and causes of action of every nature and description whatsoever, known or
3 unknown, asserted or that might have been asserted, whether in tort, contract, or for violations of any
4 federal, state or other governmental statute, law, regulation or ordinance.

5 14. **Participation:** Since I retained Class Counsel approximately one year ago, I have been
6 actively involved with this class action lawsuit performing the duties described above. While I did not
7 keep formal time records, I was in regular contact with my attorneys, reviewed important court filings,
8 and spent considerable time on the issues presented during the litigation and in the settlement process.
9 I estimate that I spent approximately 15 to 20 hours working on this case.

10 15. Also, my attorneys explained to me that the settlement process involved a two-step
11 review by the Court to determine whether the settlement was fair before ordering that the settlement be
12 funded and paid. I knew this process also involved notifying all class members of the settlement terms
13 and of their rights to make a claim for their settlement share, to opt out of the settlement or to object to
14 the settlement.

15 16. Ultimately, I believe I did the right thing in pursuing this case on behalf of the class who
16 now stand to receive substantial monetary payments as a result of this case and settlement. I also
17 believe that the requested Class Representative Service Award in the amount of \$10,000 from the
18 settlement is fair compensation for the (1) the broad general release I executed, (2) the work I
19 performed, (3) the sacrifices made not pursuing this case individually, and (4) the risks I undertook.

20 17. In light of all the time and effort I have spent on this case, the sacrifice I have made, the
21 risks I undertook by suing a former employer, the exposure to being responsible for paying Defendant's
22 costs in the event we did not win the case, and in light of the size of the settlement, I believe the request
23 for \$10,000 as a service award is fair and reasonable.

24 18. Further, I support my attorneys' application for a Class Counsel Award in the amount of
25 up to \$116,666.66, plus costs and expenses of up to \$20,000 for reimbursement of actually incurred
26 litigation expenses.

1 I declare under the penalty of perjury under the laws of the State of California that the foregoing
2 is true and correct. Executed on Mar 25, 2023, at 03/25/23
