DECLARATION OF TAYLOR EDWARDS

I, **Taylor Edwards**, hereby declare as follows:

1. I am over 18 years of age and a resident of California. I am one of the named plaintiffs in the above-captioned case. I have personal knowledge of the facts and statements set forth in this declaration, and if called upon to testify, I could and would competently testify thereto.

2. I was employed by Defendant FarFetch.com US LLC ("FarFetch") in an hourly-paid, non-exempt position from approximately March 2013 to January 2016. I decided to seek legal advice about my work experiences with FarFetch and about pursuing my grievances. I contacted Lawyers for Justice, PC and spoke with attorneys there. I wanted to do whatever I could to make sure FarFetch was held accountable for not properly paying its employees for all hours worked and for non-compliant meal and rest breaks. After speaking with the attorneys, I investigated class action lawsuits on my own and did some research into the leading class action and employment law firms in California for approximately 5 hours. Thereafter, I consulted with the attorneys at Lawyers for Justice, PC for 7 hours discussing my situation, complex wage-and-hour class and representative actions in general, and what it meant to join an action as a named plaintiff and class representative and eventually a PAGA representative.

3. I have spent over 16 hours meeting with my attorneys regarding the case and fulfilling my responsibilities as a class representative, which included gathering documents concerning my employment with FarFetch, reviewing documents with my attorneys and advising about their contents, answering questions and providing guidance regarding the duties of non-exempt employees, and helping develop a strategy as to what documents and information to obtain from FarFetch. I routinely checked in with my attorneys and their staff to make sure that they had all of my most current information and any additional information that I had obtained.

4. I was available to answer any questions my attorneys had and was available to speak and meet with my attorneys whenever they needed me. I responded to them as quickly as possible, gave them all the information I had, and identified as many documents as I could. I spent at least 17 additional hours speaking with my attorneys about the case, identifying potential

witnesses, providing my attorneys with documents and information concerning the case, and also describing FarFetch's policies, practices, and procedures.

5. As far as the settlement is concerned, I was available to review documents and answer any questions my attorneys had. I spent about 3 hours reviewing the settlement agreement and other documents and about 3 hours asking questions and discussing the potential settlement with my attorneys before signing the settlement agreement.

6. I believe that I have done everything that my attorneys have asked of me and have tried, to the best of my ability, to represent the class and the state of California. I think my efforts helped to get the results obtained in this case, and as a class representative, I respectfully request that the Court award me a service award in the amount of \$7,500.00 for my active participation in this case. Taking into consideration the time that I have dedicated to this case, I believe that this amount is reasonable.

7. I am not related to anyone associated with Lawyers *for* Justice, PC.

8. I have not entered into any undisclosed agreements, nor have I received any undisclosed compensation in this case. The only compensation I will receive is whatever amount the Court awards as a service award, as well as my share of the settlement fund as a class member.

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct.

Executed on February 09, 2021, at Los Angeles, California.
