1 **DECLARATION OF ANDREW BURDICKIN SUPPORT OF PLAINTIFF'S MOTION**
2 **FOR PRELIMINARY APPROVAL OF CLASS ACTION SETTLEMENT**

3 I, ANDREW BURDICK, declare as follows:

4 1. I am a resident of the City of Corona, in the State of California and am over 18
5 years of age. I am the plaintiff in this action and am represented by David Spivak of The Spivak
6 Law Firm and Walter Haines of United Employees Law Group in this action. Except as
7 otherwise stated, I have personal knowledge of all matters set forth in this declaration and could
8 and would competently testify thereto if called upon to do so as a witness.

9 2. I understand that, as a Class Representative, I have certain duties and
10 responsibilities to the Class Members and believe that I have fairly represented the interests of
11 all the Class Members during the case.

12 3. My counsel provided me with information regarding class actions, how they
13 work, and what my duties would be as a Class Representative. I agreed to serve as a Class
14 Representative so that I could seek to recover wages and penalties on behalf of myself and other
15 employees like me.

16 4. I understand that the Settlement in this case is subject to this Court's approval to
17 ensure that it is in the best interest of the Settlement Class as a whole. I have no conflicts with
18 the Class Members.

19 5. I understand that my attorneys shall submit an application to this Court for a Class
20 Representative Payment to compensate me for my unique contributions to the success of this
21 action as a Class Representative in the amount of \$15,000.00. I believe this amount is fair and
22 reasonable compensation for my efforts in this case and the risks I have taken in pursuing a fair
23 recovery for the Class Members. My counsel will provide the Court with a copy of an activity
24 log showing the estimates of time I spent on various work performed in this case with the Motion
25 for Final Approval.

26 6. I have given up the right to pursue my individual wage and hour claims for unpaid
27 wages, penalties and other causes of action mentioned in the operative class action complaint
28 and recover substantially more for the same than being a Class Representative and seeking relief
 on behalf of the Class Members. I did not seek an individual settlement for my wage and hour

1 claims, and instead chose to prosecute this matter on behalf of my coworkers. By pursuing the
2 claims of all Class Members, I have also rendered my own individual payment uncertain and
3 delayed its payment by several months (at the least).

4 7. As the Class Representative, I assumed a fiduciary role to the Settlement Class. I
5 agreed to (1) consider the interests of the Settlement Class just as I would consider my own
6 interests and, in some cases, to put the interests of the Settlement Class before my own interests;
7 (2) actively participate in the complaint, as necessary, by among other things, answering
8 interrogatories, producing documents to Defendants and giving deposition and trial testimony if
9 requested; (3) recognize and accept that any resolution of the lawsuit by dismissal or settlement,
10 is subject to Court's approval, and must be in the best interest of the Settlement Class as a whole;
11 (4) follow the progress of the lawsuit and provide all relevant facts to my attorneys; (5) champion
12 many other people with similar claims and injuries because of the importance of the case and
13 the necessity that all Settlement Class Members benefit from the lawsuit; and (6) fight for a
14 resolution in which the individual recoveries to each Class Member, including me, may be
15 relatively small. I agreed to shoulder all of these responsibilities in exchange for a proportionate
16 share of funds made available for distribution to the Class Members. I had no guarantee of a
17 Class Representative Payment.

18 8. I have demonstrated my commitment to the Settlement Class by, among other
19 things, retaining experienced counsel, providing counsel with documents and extensively
20 speaking with them to assist in identifying the claims asserted in this case, assisting them in
21 contacting the Class Members and gathering information from them, meaningfully participating
22 in the mediation and subsequent negotiations that led to the Settlement. Since the inception of
23 the case, I have regularly contacted my counsel to follow the progress of the case.

24 9. Further, my counsel has advised me of the possibility that, if the case was lost, I
25 could have been ordered to pay Defendants' costs and even attorneys' fees, which could have
26 been thousands of dollars by the end.

27 10. Because I filed the complaint, there is a public record at the Court showing that I
28 brought a class action complaint for unpaid wages and other causes of action against my former

1 employer. The Class Representative Enhancement Payment to me of \$15,000.00 is not equal to
2 the harm to my future career prospects that this case may cause me.

3 11. Based on the time, risk, stigma, loss of benefits and income and outcome of this
4 case, I believe that the requested Class Representative Payment for me is fair and reasonable. As
5 such, I respectfully request that the Court award the requested Class Representative Payment of
6 \$15,000.00.

7 I declare under the penalty of perjury of the laws of the State of California that the
8 foregoing is true and correct to the best of my knowledge.
