1 them as much information and identified as many documents as I could. I spent at least **8**
2 **additional hours** speaking with my attorneys about the case, identifying potential witnesses,
3 providing my attorneys with documents and information concerning the case, and also
4 describing policies, practices, and procedures of Defendants.

5 5. During the discovery phase of the litigation, I spent approximately **5 hours**
6 reviewing Defendants' discovery requests, locating documents, and providing documents and
7 information to my attorneys in connection with the responses to the discovery requests.

8 6. As far as the settlement is concerned, I was available to review documents and
9 answer any questions my attorneys had. I spent about **2 hours** reviewing the settlement
10 agreement and about **4 hours** asking questions and discussing the potential settlement with my
11 attorneys before signing the settlement agreement.

12 7. I believe that I have done everything that my attorneys have asked of me and have
13 tried, to the best of my ability, to represent the class and seek relief for the aggrieved employees
14 and the State of California. I think my efforts helped to get the result obtained in this case, and
15 as a class and PAGA representative, I respectfully request that the Court award me a service
16 payment in the amount of \$5,000.00 for my active participation in this case. Taking into
17 consideration the time that I have dedicated to this case, I believe that this amount is reasonable.

18 8. I am not related to anyone associated with Lawyers *for* Justice, PC.

19 9. I have not entered into any undisclosed agreements, nor have I received any
20 undisclosed compensation in this case. The only compensation I will receive is whatever amount
21 the Court awards as a service payment, as well as my share of the settlement as a class member
22 and as an aggrieved employee.

23 I declare under penalty of perjury under the laws of the State of California that the
24 foregoing is true and correct.
