DECLARATION OF YAZMIN GONZALEZ

I, Yazmin Gonzalez, hereby declare as follows:

1. I am a plaintiff and proposed Class Representative in the above-captioned class and representative action, *Gonzalez v. Branded Online, Inc.*, Los Angeles County Superior Court, Case No. 20STCV29702.

2. I am over 18 years of age and make this declaration based on my personal knowledge. If called as a witness, I could and would testify competently thereto.

3. This declaration is submitted in support of Plaintiff's Unopposed Motion for Final Approval of Class and PAGA Representative Action Settlement.

4. Defendant Branded Online, Inc. ("Branded Online") is a corporation headquartered in Tustin, California, which provides e-commerce services to third-party retailers or other vendors, including by hosting and creating web content to optimize online presence and sales. I worked for Branded Online as a non-exempt Digital Producer at Branded Online's Rancho Dominguez location from approximately July 16, 2018, through July 2, 2020. During my employment, I observed that Branded Online employs other non-exempt employees, including warehouse associates, in two distribution centers/warehouses in Fontana, California. In January 2020, in response to the pandemic, I started working from home. I observed that other some of the other non-exempt employees did the same, not including warehouse associates.

5. I seek to represent current and former non-exempt employees who worked for Branded Online in California and were subject to the same uniform policies and procedures with respect to timekeeping and payroll.

6. It was a difficult decision for me to bring this lawsuit against Branded Online and put my name out there as a class representative in this case. Despite my concerns about how a lawsuit could potentially affect my job prospects, I believe that Branded Online should be held accountable for how they treat their employees and decided to pursue these claims.

7. Since retaining my attorneys, I have been actively involved with the case. For instance, I spent many hours searching for, reviewing, and organizing documents to send to my attorneys, and speaking with my attorneys regarding the facts of the case. Moreover, throughout the litigation, I have

1 maintained regular contact with my attorneys and received updates from them. I provided my attorneys
2 with information whenever they requested it. During both mediations, I made remained available and near
3 the phone. My attorneys kept me informed about all settlement negotiations and sought my opinion,
4 including with respect to the mediations. I have reviewed the proposed settlement and conferred
5 extensively with my attorneys about its pros and cons. I estimate that I have spent approximately 70 hours
6 being involved in this case.

7 8. Before and during the litigation, I was advised by my attorneys about my duties and
8 responsibilities as a representative for other current and former employees. I have taken these duties
9 seriously and was actively involved in my case throughout. I understand the factual allegations, and, as
10 far as I am aware, my experience is typical of Branded Online's employees in California. I have no interest
11 that is adverse to, or even substantially different from, any other employee.

12 9. I was never offered anything to serve as the class representative, and I understand that my
13 duty to the class is ongoing until the litigation is fully resolved. I am not seeking any compensation from
14 the litigation other than an individual class award and class representative service award, if approved by
15 the Court. Ultimately, I believe the settlement is fair, adequate, and reasonable because it holds Defendant
16 accountable and will actually provide money to the proposed class, sooner rather than later.

17 10. I understand that as part of the settlement, the parties propose that any unclaimed funds be
18 distributed to non-profit organization Public Citizen Foundation. I have no financial interest in or
19 involvement with the organization, and I'm not aware of any such conflict by any counsel or party.

20 I declare, under penalty of perjury under the laws of the State of California, that the foregoing is
21 true and correct to the best of my belief and knowledge.

22 Executed on 8/4/2023 in Bellflower, California.
