DECLARATION OF NADIA MORALES

I, **Nadia Morales**, hereby declare as follows:

1. I am over 18 years of age and a resident of California. I am one of the named plaintiffs in *Spencer Sumisaki, et al. v. Berkeley Bowl Produce, Inc.*, Superior Court of California for the County of Alameda, Case No. RG19014520. I have personal knowledge of the facts and statements set forth in this declaration, and if called upon to testify, I could and would competently testify thereto.

2. I was employed by Defendant Berkeley Bowl Produce, Inc. (“Defendant”) in an hourly-paid, non-exempt position from approximately November 2019 to approximately January 2020. I decided to seek legal advice about my work experiences with Defendant and about pursuing my grievances. I contacted Lawyers *for* Justice, PC and spoke with attorneys there. I wanted to do whatever I could to make sure Defendant was held accountable and paid me and other employees what was owed to us. After speaking with the attorneys, I investigated class action and representative lawsuits on my own and did some research into the leading class action and employment law firms in California for approximately 8 hours. Thereafter, I consulted with the attorneys at Lawyers *for* Justice, PC for 7 hours discussing my situation, class action and Private Attorneys General Act (“PAGA”) lawsuits in general, and what it means to join the lawsuit and be a PAGA representative and proposed class representative.

3. I have spent over 16 hours meeting with my attorneys regarding the case and fulfilling my responsibilities as a named plaintiff and class and PAGA representative, which included gathering documents concerning my employment with Defendant, reviewing documents with my attorneys and providing insight on those documents, providing information regarding the duties of hourly-paid, non-exempt employees, and helping develop a strategy as to what documents and information to obtain from Defendant. I routinely checked in with my attorneys and their staff to make sure that they were updated with my most current information and any additional information that I had obtained.

4. Since becoming involved in this matter, I was available to answer any questions my attorneys had, and available to speak and meet with my attorneys whenever they needed me. I responded to them quickly and gave them as much information available to me and identified

1 as many documents as I could. I spent at least 12 additional hours speaking with my attorneys
2 about the case, identifying potential witnesses, providing my attorneys with documents and
3 information concerning the case, and also describing policies, practices, and procedures of
4 Defendant.

5 5. On July 12, 2021, I attended deposition that lasted approximately 6 hours. I spent
6 at least 4 hours preparing for the deposition. After the deposition, I spent at least 4 hours
7 reviewing my testimony and discussing the contents of the deposition transcript with my
8 attorneys.

9 6. As far as the settlement is concerned, I was available to review documents and
10 answer any questions my attorneys had. I spent about 2 hours reviewing the settlement
11 agreement and about 2 hours asking questions and discussing the potential settlement with my
12 attorneys before signing the settlement agreement.

13 7. I believe that I have done everything that my attorneys have asked of me and have
14 tried, to the best of my ability, to represent the class and seek relief for the aggrieved employees
15 and the State of California. I think my efforts helped to get the result obtained in this case, and
16 as a class and PAGA representative, I respectfully request that the Court award me a service
17 payment in the amount of \$10,000.00 for my active participation in this case. Taking into
18 consideration the time that I have dedicated to this case, I believe that this amount is reasonable.

19 8. I am not related to anyone associated with Lawyers *for* Justice, PC.

20 9. I have not entered into any undisclosed agreements, nor have I received any
21 undisclosed compensation in this case. The only compensation I will receive is whatever amount
22 the Court awards as a service payment, as well as my individual settlement payment and
23 individual PAGA payment.

24 I declare under penalty of perjury under the laws of the State of California that the
25 foregoing is true and correct.

26 Executed this ^{12/30/2021} day of December 2021, at Berkeley, California.

27 Electronically Signed
