Case No. ECU001860

**DECLARATION OF MICHAEL HONEA IN
SUPPORT OF MOTION FOR FINAL
APPROVAL OF CLASS ACTION AND
PAGA SETTLEMENT**

Date: June 29, 2023

Time: 8:30 a.m.

Judge: Hon. Jeffrey B. Jones

Dept.: 7

1 I, MICHAEL HONEA, declare as follows:

2 1. I am over the age of eighteen, a California resident, Plaintiff and Proposed Class
3 Representative in the above-entitled matter. I submit this declaration in support of Plaintiff's Motion
4 for Final Approval of Class Action and PAGA Settlement and in support of Plaintiff's Motion for Class
5 Counsel Award and Class Representative Service Award. I have personal knowledge of all the facts
6 stated herein. I could and would competently testify under oath to these facts in court if requested to do
7 so.

8 2. I retained Class Counsel in July of 2020 and filed the lawsuit in April of 2021. I filed the
9 case on behalf of myself and non-exempt employees who are or previously were employed by Defendant
10 and performed work in California during the period between April 15, 2017 to February 7, 2022.

11 3. I work for Defendant as a non-exempt employee in California from approximately
12 December of 2019 to June of 2020.

13 4. I filed the case because I believed my rights as an employee were violated by Defendant
14 and also the rights of other employees that worked for Defendant. Among other claims, I believe failed
15 to pay for all time worked, failed to provide compliant meal and rest periods, failed to furnish accurate
16 itemized wage statements, failed to pay all wages when due, and failed to reimburse me for required
17 business expenses.

18 5. Before I initiated the case as a plaintiff and Class Representative, I spoke at length with
19 my attorneys. We discussed my work experience and how company policies were applied to me and
20 other employees. I provided the attorneys with documents they requested. We reviewed the documents
21 together and asked and answered many questions regarding my experience working for Defendant, the
22 litigation process, and about class actions generally.

23 6. During these conversations, I learned about my responsibilities as a plaintiff in the lawsuit
24 and as proposed a Class Representative. I understood that pursuing this action as a class action rather
25 than merely seeking my individual claims substantially increased the risk to me. Those risks included
26 the possibility of being held liable for Defendant's attorneys' fees and costs in a complex class action if
27 I lost the case. I also understood that as a Class Representative, I would be under increased scrutiny by
28 the attorneys and the Court because I needed to prove that I was an adequate class representative.

1 Further, I understood that I would lose some autonomy over my individual claims that I could not make
2 decisions for my sole benefit and that I needed to make every litigation decision with the best interests
3 of the Settlement Class in mind.

4 7. I also understood that pursuing this litigation created a very public record of my grievances
5 with Defendant which produced the risk that a future employer could hold it against me that I sued a
6 former employer.

7 8. I also knew that I was making a sacrifice in that I could have pursued my claims only on
8 an individual basis, likely obtaining a recovery greater than the portion of the class settlement I stand to
9 receive from this settlement. My attorneys explained to me that the net settlement value of my individual
10 claims may be greater than my ultimate recovery from the net class settlement amount.

11 9. Notwithstanding these risks and sacrifices, I decided to go through with the case because
12 I believed violations occurred and most employees would not know what their rights are and even if
13 they did, they would be apprehensive to file a lawsuit against their employer for fear of retaliation.

14 10. During the lawsuit I communicated on a regular basis with my attorneys. I reviewed status
15 updates from my attorneys and court filings on a regular basis, and spoke to my attorneys on the phone,
16 because I wanted to keep up with developments in the case which I understood was one of my duties as
17 a class representative.

18 11. **Review and Approval of Settlement:** Mediation was held on February 7, 2022. Even
19 though I could not attend, I was available by telephone to speak with my attorneys and did speak with
20 them regarding the mediation before it took place, as well as during the mediation itself. I also spoke
21 with my attorneys after the mediation and discussed the mediator's proposal which was ultimately
22 accepted. I was very satisfied with the terms of the settlement that was agreed to by the parties. I
23 reviewed and signed the Memorandum of Understanding on February 8, 2022, and when the settlement
24 papers were ready, I again spoke with my attorneys and reviewed the settlement agreement which I
25 signed on May 3, 2022.

26 12. **Participation:** Since I retained Class Counsel approximately thirty-four months ago, I
27 have been actively involved with this class action lawsuit performing the duties described above. While
28 I did not keep formal time records, I was in regular contact with my attorneys, attended hearings,

1 reviewed important court filings, and spent considerable time on the issues presented during the
2 litigation and in the settlement process. I estimate that I spent approximately 25-30 hours working on
3 this case.

4 13. Also, my attorneys explained to me that the settlement process involved a two-step review
5 by the Court to determine whether the settlement was fair before ordering that the settlement be funded
6 and paid. I knew this process also involved notifying all class members of the settlement terms and of
7 their rights to make a claim for their settlement share, to opt out of the settlement or to object to the
8 settlement.

9 14. Ultimately, I believe I did the right thing in pursuing this case on behalf of the class who
10 now stand to receive substantial monetary payments as a result of this case and settlement. I also believe
11 that the requested Class Representative Service Award in the amount of \$10,000 from the settlement is
12 fair compensation for the (1) the work I performed, (2) the sacrifices made not pursuing this case
13 individually, and (3) the risks I undertook.

14 15. In light of all the time and effort I have spent on this case, the sacrifice I have made, the
15 risks I undertook by suing a former employer, the exposure to being responsible for paying Defendant's
16 costs in the event we did not win the case, and in light of the size of the settlement, I believe the request
17 for \$10,000 as a service award is fair and reasonable.

18 16. Further, I support my attorneys' application for a Class Counsel Award in the amount of
19 \$70,000, comprised of \$50,000 for attorneys' fees (one-third of the Gross Settlement Amount) and up
20 to \$20,000 for reimbursement of actually incurred litigation expenses.

21 I declare under penalty of perjury under the laws of the State of California that the foregoing is
22 true and correct. Executed on May 31, 2023, at Tucson AZ (Location/City), California.
