1 I, Donyeisha Mish, declare as follows:

2 1. I am an adult over the age of eighteen (18) years old. I am the Named Plaintiff who
3 filed the above-captioned lawsuit. I have personal knowledge of the facts set forth in this
4 declaration. I make this declaration in support of Plaintiffs' Motion for Preliminary Approval of
5 Class Action Settlement.

6 2. I was employed by Defendant TForce as a non-exempt employee working as a parts
7 clerk in California at the Bloomington, California location from approximately January 2007 to
8 October 2020. While working for TForce, I don't think I was paid for all of my work time, including
9 time spend putting on work uniforms and undergoing security checks, time spent working after
10 having meal periods interrupted, and time deducted by TForce where I was clocked in and starting
11 work a few minutes before the scheduled start of a shift. I also don't think I got all of my meal and
12 rest breaks like I was supposed to, and breaks were interrupted frequently by other supervisors and
13 other employees needing parts. I had to use my personal cell phone for work as well but never got
14 any reimbursement.

15 3. I decided to bring this lawsuit because I did not feel that I was treated fairly as an
16 employee of Defendant, especially with regard to not being paid properly for all the hours I worked,
17 and not getting all of my proper lunches and rest breaks. As a result, I believe the other class members
18 and myself are owed additional compensation for all of the work we did that was not paid for by
19 TForce.

20 4. It is my understanding this lawsuit could not have been prosecuted or settled unless
26 I or some other employee decided to serve as a named plaintiff and pursue the case. In deciding to
22 serve as a named plaintiff, I understood that my name would be publicly attached to this lawsuit
23 and that my work experiences to some extent would be set forth in a public court file. I recognized
24 that I would need to devote a certain amount of time that I could have spent otherwise. I also
25 recognized that my bringing the lawsuit carried some degree of risk. Despite this, I decided to serve
26 as the named plaintiff without any promise of recovery or compensation.

27 5. I am familiar with the work involved in prosecuting this case. I have participated in
28 numerous meetings and communications with my lawyers regarding this case. I am familiar with

1 the allegations and defenses of the claims in this case. I am familiar with the major events in this
2 case, including the investigation performed by my lawyers, the mediation with Defendant that
3 resulted in this settlement, and the preparation of settlement papers and the need to obtain court
4 approval of the proposed settlement. I also was deposed for a full day and I participated in all
5 stages of the litigation and provided my lawyers with information and documents regarding my
6 employment with Defendant.

7 6. I believe that the proposed settlement obtained on behalf of the other aggrieved
8 employees is excellent in view of the issues and risks involved with the case.

9 7. I believe I have fulfilled my duties as a named plaintiff and class representative,
10 which required a significant amount of time and effort during the course of this case. These efforts
11 required dedicating numerous hours to lawsuit activities including, but not limited to:
12 (a) communicating with my attorneys to stay informed of ongoing developments in the case and to
13 discuss the proposed settlement ultimately negotiated; (b) searching for and providing documents
14 and other materials relating to my work experience; (c) responding to requests for information
15 relating to my work experience; and (d) reviewing filings and key documents including drafts of
16 the complaint and the settlement agreement. These tasks required my dedication of at least 20 or
17 more hours of my time, which time I honestly could have spent on family, personal time, school
18 time, or work. My understanding is that future tasks may require several more hours of my time. I
19 believe I have been diligent and that I have acted above and beyond that of which is expected of a
20 named plaintiff to date and will continue to do so.

26 8. It is my opinion that \$10,000.00 is a fair and adequate award for my service as the
22 named plaintiff and class representative, and in consideration for my general release of all claims
23 against IPC. I believe that amount is fair and reasonable in view of the work I have and will
24 continue to perform on behalf of the State and the aggrieved employees. I believe that my role in
25 this lawsuit has resulted in a valuable benefit to the State of California and other aggrieved
26 employees, and I accepted the potential risk of being liable for the opposing parties' costs if we
27 were unsuccessful in this lawsuit. I believed in this case, so I was willing to be the named plaintiff
28 to risk this and pursue this class action litigation. I also accepted the risk that news of this lawsuit

could also potentially impact my ability to secure other work. At all times I believe I have acted in the best interests of the entire class.

9. Based on the time, service, risk, stress, potential stigma, loss of benefits and excellent outcome of this case, I believe the enhancement for me is fair and reasonable.

I declare under penalty of perjury under the laws of the United States that the foregoing is true and correct. Executed on 05 / 24 / 2024, at SanBernardino, California.
