I, Cassandra Negrete, declare as follows:

1. I am an individual over the age of 18 years old and am a resident of California. I am the named Plaintiff in this matter. I have personal knowledge of the facts set forth below and if called to testify I could and would do so competently.

2. I was employed by Defendants Winsupply Inc. and Orange County Windustrial Co. (collectively, “Defendants”) as a non-exempt, hourly employee from about January 2017, until on or about April 1, 2020.

3. Like other Class Members, during my employment with Defendants, I was not provided with off-duty meal and rest breaks, timely paid all regular, minimum, and overtime wages owed, paid all wages owed upon separation of employment, reimbursed for business expenses, and not provided with accurate itemized wage statements.

4. Throughout this litigation, I have spent a very significant amount of time discussing this matter with my attorneys on many occasions and explaining Defendants' practices. I have conferred with my attorneys to discuss this case and the facts involved. I also conferred with my attorneys to respond to questions and to provide documents.

5. During the course of this litigation, I have made myself available to answer questions, gather documents, and prepare and review any written responses.

6. I understand that this action was brought on behalf of all other current and former employees within the State of California, and thus I am acting as a representative for the Class. As class representative, I understand that it is my responsibility to act in the best interest of the Class and not my own. I agree that I will not put my own interests ahead of that of the Class, and that I will not settle out my claims separately or independently from the Class. Moreover, I am not aware of any conflicts that exist between my interest and the interests of the Class that would impair or affect my ability to serve as representative for the Class.

7. I have and continue to be willing to assist in the investigation of this matter as well as make myself available for trial or any further proceeding in this matter as required to represent the interests of the Class. I also understand my duties and responsibilities to the proposed class and

will carry out those duties as necessary.

8. I have discussed the terms of the settlement with my attorneys, and based on the information provided, I believe the settlement to be fair, adequate, and reasonable for myself and for the entire Class.

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct.

Executed on this 12 day of May 2022, at Anaheim, California.
