1 I, Eric K. Yaeckel , hereby declare as follows:

- 2 1. I am an attorney licensed to practice law before this Court and am employed with the law firm
3 of Sullivan & Yaeckel Law Group, APC, attorneys of record for Plaintiff JAMES PACKES
4 individually, and on behalf of other members of the general public similarly situated
- 5 2. I make this supplemental declaration in support of the Unopposed Motion for Final Approval
6 of Class Action Settlement. I am personally familiar with the facts set forth in this declaration
7 and I make this declaration based on my personal knowledge. If called to testify, I could and
8 would do so competently.

9 **Class Definition**

- 10 3. At the time of the settlement and for purposes of mediation (in or around March of 2022) the
11 Defendant's records showed there would be approximately 6.942 workweeks and
12 approximately 145 employees that would have worked from the beginning of the limitations
13 period through the time of settlement.
- 14 4. The original preliminary approval hearing was set for August 26, 2022. However, the Court
15 requested supplemental briefing. Preliminary approval was eventually granted, but not until
16 January 6, 2023.

17 **Billing Performed on this Matter**

- 18 5. To confirm, our office detailed the hours and general tasks billed by each attorney, in line with
19 the instruction from the Orange County Superior Court on past class action cases that
20 submitting actual billing records was burdensome for the Court and not necessary.
- 21 6. However, as requested in the recent ruling, I am hereby providing further specificity as to the
22 actual hours billed by each of the attorneys in my firm.
- 23 7. As set forth in Plaintiff's moving papers, my partner Mr. Sullivan billed for 25.1 hours at an
24 hourly rate of \$660. This is further broken down as follows.
- 25 a. His work included much of the preliminary investigation. This included, *inter alia*,
26 extensive document review and a heavy focus on the key facts which go to class
27 certification elements, including adequacy, typicality, common questions. This also
28

1 included a detailed investigation into the background of James Packes and the merits
2 of his alleged claims. He also performed an extensive analysis into both Defendants
3 organizational structures, the relationship between various similar entities, and industry
4 in which Defendants operate. In total, these tasks accounted for 21.9 of the total hours
5 he billed in this matter.

6 b. Mr. Sullivan also interviewed the client and two other class members during the
7 pendency of this action and prior to settlement. In total, these tasks accounted for 3.2
8 of the total hours he billed in this matter.

9 8. As set forth in Plaintiff's moving papers, I billed for 71.1 hours at an hourly rate of \$540. This
10 is further broken down as follows.

11 a. I served as the was the partner primarily assigned to oversee and supervise the "day to
12 day" activity of the primary associates. This included reviewing and editing pleadings,
13 reviewing and editing all discovery sought (both formally and informally), holding
14 meetings to discuss case strategy, and reviewing and editing all meet and confer
15 correspondence. In total, these tasks accounted for 20.1 of the total hours I billed in this
16 matter.

17 b. I also served as the primary point of contact with Defense counsel on all email and
18 telephone calls. There were numerous exchanges both prior to and after the settlement.
19 My primary point of contact was defense counsel Tim Keegan. In total, these
20 communications accounted for 11.7 of the total hours I billed in this matter.

21 c. I also spent time preparing for a potential deposition of a "person most knowledgeable"
22 on employee compensation, and meal and rest period, policies and practices. The
23 deposition did not end up going forward. However, I spent at least 6.7 hours on this
24 task.

25 d. After the initial consultation, I handled the majority of all client interactions. The
26 Plaintiff and I spent substantial time reviewing and analyzing Defendant's document
27 production to prepare for mediation. In total this accounted for 10.5 of the hours I
28

- 1 billed in this matter.
- 2 e. I spent time supervising the preparation of the mediation brief and preparing the
- 3 damage calculations for use in settlement discussions. In total, these tasks accounted
- 4 for 4.0 of the total hours I billed in this matter.
- 5 f. I also spent significant time preparing for and appearing at both mediation sessions in
- 6 this matter. In total, these tasks accounted for 11.6 of the total hours I billed in this
- 7 matter.
- 8 g. I have supervised on all matters since reaching the settlement. This includes reviewing
- 9 associate drafts of all drafting all settlement agreements, class notices, drafts of all
- 10 motions (preliminary and final) for settlement approval. In total, these tasks accounted
- 11 for 6.5 of the total hours I billed in this matter.
- 12 9. As set forth in Plaintiff's moving papers, the associate attorneys who worked on this matter
- 13 billed 42.3 hours at an hourly rate of \$360. This is further broken down as follows.
- 14 a. The associates attorneys performed an analysis of Defendants' documents and records,
- 15 in preparation for mediation and a potential class certification motion. The associates
- 16 also performed detailed analysis of employment records to determine "commonality"
- 17 and damages. In total, these tasks accounted for 10.6 of the total hours billed in this
- 18 matter.
- 19 b. The associates were also assigned to preparing the pleadings, discovery creation and
- 20 review, the preparation of "meet and confer" letters and some limited contact with
- 21 defense counsel. In total, these tasks accounted for 8.2 of the total hours billed in this
- 22 matter.
- 23 c. The associates also performed legal research. The research was centered primarily on
- 24 any updates to the law on uncompensated time, meal periods, rest periods, overtime
- 25 rate of pay calculations and reimbursement issues. The research also focused on all
- 26 controlling law relevant to a class certification motion. Additional analysis and
- 27 research was performed as to estimated exposure and Defendants viability to pay a
- 28

1 large judgment. In total, these tasks accounted for 11.6 of the total hours billed in this
2 matter.

3 d. The associates also spent time preparing the first drafts of all settlement documents and
4 approval motions. In total, these tasks accounted for 11.9 of the total hours billed in
5 this matter.

6 10. Some additional costs have been incurred since final approval. Plaintiff will also “write off”
7 all legal research costs and travel fees. Accordingly, Plaintiff now seeks costs in an amount
8 totaling **\$8,652.22**. The italicized portions of the declaration below provide further specificity
9 of the costs that were first requested at the original final approval hearing.

10 a. Filing and appearance fees (including the Complaint, numerous motions, and
11 all other pleadings, all e-file charges, court calls, LWDA filing fees and
12 attorney messenger (service and delivery) fees) totaled \$2,255.57. *These*
13 *invoices are attached. See Exhibit A.*

14 b. Mediation fees totaled \$6,250.00. *This invoice is attached. See Exhibit B.*

15 c. I approximate my office has expended \$124.15 in copies and \$22.50 in postage
16 fees in this matter. *Invoices for postage are attached as Exhibit C. Copy costs*
17 *were approximated to the best of our ability based a rate of ten cents a page.*

18 11. In line with the Court’s ruling, the Administration costs will be capped at \$3,000. Class
19 counsel will agree to pay the administrator out of its own fee award to make up the difference.
20

21
22 I declare under penalty of perjury, under the laws of the State of California , that the foregoing
23 is true and correct. Executed on this 6th day of July, 2023.
