**DECLARATION OF MELODY DANIEL-  
COLLIER IN SUPPORT OF MOTION FOR  
PRELIMINARY APPROVAL OF CLASS  
ACTION SETTLEMENT**

Date: May 30, 2023  
Time: 10:00 a.m.  
Dept.: 304

**DECLARATION OF MELODY DANIEL-COLLIER**

I, MELODY DANIEL-COLLIER hereby declare as follows:

1. I am over the age of eighteen and I submit this Declaration in support of the motion for preliminary approval of the settlement and fees, costs and incentive. The following is based upon my personal knowledge and if called as a witness, I could and would competently testify thereto.

2. I was employed by Defendants GEO REENTRY SERVICES LLC and THE GEO GROUP INC dba GEO CALIFORNIA, INC. ("Defendants") in approximately May 2004 as a Non-Exempt Employee working as an Office Support Specialist and worked during the liability period for Defendants until my separation from Defendants' employ in approximately December 2020. I typically worked 5 days a week and 40 or more hours per week.

3. As a non-exempt employee, I suffered the same damages as other employees. These included not being paid all my wages, not provided meal periods or permitted rest periods, not reimbursed for business expenses incurred, not timely paid wages upon my separation from Defendants' employ, not provided accurate itemized wage statements, as well as violations under the UCL all in accordance with California law. As a result of these alleged violations, I sought consultation with my attorneys at James Hawkins, APLC.

4. Based upon my allegations, and after consultation and full disclosure from my attorneys about the potential risks I faced as a Plaintiff in a putative class action, I freely decided to pursue this lawsuit to try and vindicate my rights and the rights of others who also worked for Defendants and suffered similar harms due to Defendants' common practices and policies.

5. Prior to filing my action, my attorneys and I had multiple conferences about the factual bases for the claims that I wanted to pursue against Defendant. During those conferences, my attorneys provided me with an overview of how those claims would be litigated and generally educated me about the nature of complex/representative litigation and my role as the representative Plaintiff.

6. My attorneys provided me with a draft of the complaint for my review and

1  
2 approval. I closely reviewed the complaint to ensure accuracy and completeness. As a  
3 result, I caused my attorneys to file the class action complaint alleging claims for the allegations  
4 alleged therein. Thereafter, I have been fully involved in my case. Following the filing of the  
5 complaint, I collaborated with my attorneys on the prosecution of my claims, and I regularly  
6 contacted my attorneys to stay current on the status of the litigation, and to discuss my  
7 attorneys' progress in prosecuting the claims.

8         7. Since I believe I was not accurately paid all my wages, not provided meal periods  
9 or permitted rest periods, not provided accurate wage statements, not reimbursed for business  
10 expenses incurred, not timely paid wages upon my separation from Defendants' employ, not  
11 provided accurate itemized wage statements, and suffered violations under the UCL, I believe  
12 that I have been similarly injured as to all other class members in the settlement who worked  
13 for Defendants during the class period. I believe the claims asserted in the Complaint is also  
14 shared by the other Class Members. I worked with various other non-exempt employees and I  
15 believe we were all treated the same and subject to the same unlawful policies.

16         8. Since I agreed to become a Class Representative, I have worked every step  
17 of the way with my attorneys. During the course of the litigation I have always kept the best  
18 interest of the Class Members on equal footing as mine. I have been, and I am willing to  
19 continue to pursue the Class Members' claims vigorously on our collective behalf if the  
20 Settlement is not finally approved. As a result, I firmly believe that I do not have any interests  
21 adverse to the interests of the Class Members. I have maintained the Class Members best  
22 interest from the inception of the case.

23         9. As one of the Class Representatives, I have spent numerous hours consulting  
24 with my attorneys, providing documentation, consulting with other Class Members, responding  
25 to questions by my attorneys, preparing for my deposition, although my deposition was not  
26 taken, providing documents to my attorneys, working with my attorneys to review documents  
27 received, helping my attorneys in preparing for the mediation and attending the mediation via  
28 telephone. I was consulted about the status of the case and provided constant feedback about  
the case from my attorneys including the mediation, settlement negotiations and eventual

10. From the beginning of this case, I have freely chosen to accept the risks of being one of the Class Representatives in this class action lawsuit. I chose to assume these risks and pursue the claims on behalf of the Class Members as I wanted to vindicate their rights. I believe we have achieved that result with the settlement and the individual payments to the Class Members. I believe the settlement is fair reasonable and adequate based on the numerous defenses asserted by Defendants. I believe the efforts and work I put forth helped to achieve the fair settlement that will benefit the Class Members. As a result of my efforts, I also believe the Class Representative Incentive Award is reasonable, and I respectfully request the Court approve the amount of \$7,500.00 as fair and reasonable.

I declare under penalty of perjury under the laws of the state of California that the foregoing is true and correct. Executed on April 13, 2023, at San Francisco, California.
