CLASS ACTION

**PLAINTIFFS' SUPPLEMENTAL BRIEF
IN SUPPORT OF PRELIMINARY
APPROVAL OF CLASS ACTION
SETTLEMENT**

[Supplemental Declaration of Proposed Class
Counsel (Douglas Han); and Amended
[Proposed] Order filed concurrently herewith]

Hearing Date: August 24, 2023
Hearing Time: 4:00 p.m.
Hearing Place: Department 1

Complaint Filed: April 12, 2022
Trial Date: None Set

Plaintiffs Erika Morrow, Daniel Alcocer, Mayda Aguirre, and Robert Rodriguez (“Plaintiff Morrow,” and “Plaintiff Alcocer,” “Plaintiff Aguirre,” and “Plaintiff Rodriguez”, collectively, “Plaintiffs”) provide this supplemental submission in response to the Court’s tentative ruling on Plaintiffs’ Motion for Preliminary Approval of Class Action Settlement originally scheduled for hearing on July 13, 2023. On July 11, 2023, prior to the scheduled preliminary approval hearing, the Court issued a tentative ruling ordering Plaintiffs and Defendant Ormco Corporation (“Defendant”) to make several changes to the Class, Collective, and Representative Action Settlement Agreement (“Settlement” or “Settlement Agreement”) and Notice of Class Action Settlement (“Notice of Settlement”).

The chart below lists each of the Court’s concerns from the tentative ruling and the revisions/submissions made to address each concern.

Ruling	Revisions/Submissions
Attorney Han represents that counsel reviewed time records and pay records, among other information, prior to settlement. (Han Decl. ¶ 17.) If a sampling of records/data was provided, brief as to the percentage of data reviewed, why the sampling should be considered statistically significant, and whether any expert analysis supported the conclusion that the sampling was sufficient to provide useful data.	Defendant provided Plaintiff a statistically significant random sampling of time and pay records for sixty-five (65) employees of the approximately two hundred twelve (212) employees that make up the Class. This sample size represents about thirty percent (30%) of the Class. The sample used utilized a 10.15% margin of error and a confidence level of 95%. Statistically, the 10.15% margin of error is well within the acceptable margin of error. (See <i>Bell v. Farmers Ins. Exch.</i> (2004) 115 Cal.App.4th 715 [accepting a 9.6% margin of error as acceptable but rejecting

32.4 margin of error as too high].) For settlement purposes, a 10.15% margin of error is well within the *Bell* standard and is an adequate sample size to extrapolate the violation rates and potential damages to the entire Class. This sampling of time and pay records covers the time period from April 2017 to October 2022, which was extrapolated by Plaintiff's expert after reviewing the random sampling of time and pay records. Defendant assembled this sampling using the records of putative class members. Because this sample was drawn randomly from the records of putative class members, it is representative of the Class. (Supp. Han Decl., *supra*, at ¶ 4;)

The Motion and Settlement Agreement (¶2.2) say Plaintiff Morrow was compelled to arbitration and has her class claims dismissed without prejudice. How can she be considered adequate to represent the class? Also considering that the Class Members definition specifically covers "Class Members who have *not entered into an arbitration agreement or release agreement with Ormco.*" (SA ¶1.9).

Plaintiff Morrow was the first to file her class action on behalf of all hourly-paid or non-exempt employees of Defendant within the State of California from April 4, 2017 to final judgment. Unfortunately, Plaintiff Morrow's claims were compelled to arbitration and her class claims dismissed based on the arbitration agreement signed. However, Plaintiff Morrow's participation in her action and the information she provided as a putative class

representative was paramount to the eventual resolution of this case. As such, although Plaintiff Morrow is not a member of the settlement class as defined, she was an active participant in this class action. In *Etter v. Thetford Corp.*, the Ninth Circuit found that a plaintiff that was not a member of the settlement class, was an active participant in the class action and his efforts on behalf of the class members merit an incentive award. Case No. SACV 13-00081-JLS, 2016 U.S. Dist. LEXIS 203655 at * 73.

(Supp. Han Decl., *supra*, at ¶ ;5)

Are all five named Plaintiffs direct employees of Defendant Ormco? See SA ¶1.9, fn 1 (“For avoidance of doubt, Class Members, Collective Members, and PAGA Employees do not include any individuals employed by a third-party staffing agency and assigned to work at Ormco’s facilities, unless those individuals became direct employees of Ormco ...”).

Plaintiffs Mayda Aguirre and Robert Rodriguez were direct employees of Defendant Ormco. Plaintiffs Erika Morrow and Daniel Alcocer were not direct employees of Defendant Ormco. (Supp. Han Decl., *supra*, at ¶ 5.) However, as explained earlier, Plaintiff Morrow’s participation in her action and the information she provided as a putative class representative was paramount to the eventual resolution of this case. (Supp. Han Decl., *supra*, at ¶ 5.). Additionally, Plaintiff Alcocer undertook a serious reputational risk by being a named representative and acting as a private

(Supp. Han Decl., <i>supra</i> , at ¶ 10; Exhibit 4, <i>supra</i> , at ¶ 8.2). Additionally, the Settlement Agreement has been revised so that the California Released Claims specifies that Settlement Class Members will only release claims that were alleged in, or arising out of facts asserted in the First Amended Consolidated Complaint. (Supp. Han Decl., <i>supra</i> , at ¶ 16; Exhibit 4, <i>supra</i> , at ¶¶ 9.1, 9.2, 9.5.)
12 13 14 15 16 17 18 19 20 21 22	The PAGA Release at Notice p. 8 is not provided in the Settlement Agreement. Further, the PAGA Release should be limited to claims for PAGA penalties that were alleged, or reasonably could have been alleged, based on the PAGA Period facts stated in the Operative Complaint (of the PAGA Action) and Plaintiff's PAGA Notice. Please resolve.	The Settlement Agreement has been amended to include the same PAGA release as the Notice of Settlement. (Supp. Han Decl., <i>supra</i> , at ¶ 10; Exhibit 4, <i>supra</i> , at ¶8.2). The PAGA release was amended accordingly. (Supp. Han Decl., <i>supra</i> , at ¶ 12; Exhibit 4, <i>supra</i> , at ¶8.2) The Notice of Settlement has been amended accordingly. 26 27 28	Class Data: If there are confidentiality	Maintaining the class contact information

provisions, explain why they are in the best interest of the Class and whether they will impede Class Counsel's ability to discharge fiduciary duties. • See Settlement Agreement ¶5.3.	confidential will not impede Class Counsel's ability to discharge their fiduciary duties because class members' will have Class Counsel's contact information and may contact them at any time if they have any questions about the settlement. Keeping contact information confidential is in the class members' best interest because a <i>Belair West</i> notice process was not completed during the litigation process thereby—as such, keeping their contact information confidential prevents any possible privacy infringement. (Supp. Han Decl., <i>supra</i>, at ¶ 18.)
If wages are involved, explain how Defendant's share of taxes will be paid. • Notice p. 6 states that Defendant will separately pay employer payroll taxes it owes on the Wage Portion to the Settlement Administrator for payment to the taxing agencies. This should be clearly stated within the Settlement Agreement as well.	The Settlement Agreement has been amended accordingly. (Exhibit 4, <i>supra</i>, at ¶¶ 8.1, 8.2 and 8.4.) Defendant will pay its share of payroll taxes separate from the Gross Settlement Amount. Defendant will deposit its share of employer payroll taxes within 25 business days of the Effective Date. (Supp. Han Decl., <i>supra</i>, at ¶ 19; Exhibit 4, <i>supra</i>, at ¶¶ 1.21, 3, 7.1, 7.8 and 7.8.1).
How did the parties arrive at the determination that splitting the settlement payments 90% to	The parties determined that the allocation of payments between the FLSA release and the

the California Release and 10% to the FLSA release would be fair to the class? SA ¶7.62.	California Release is sensible because (1) the California statute of limitations period is longer, (2) there are multiple different State claims involved, not just unpaid wages, and (3) the State has multiple different penalties available for each different underlying state law violation. (Supp. Han Decl., <i>supra</i>, at ¶ 20). Because of the foregoing, it is reasonable to estimate the 90 percent of the exposure is based on California law claims rather than FLSA claims.
Indicate the administrator for the settlement and why the bid for administration is fair. • The administrator says administration costs will be capped at \$9,000. (Lawrence Decl. ¶16.) Why would it be necessary for the agreement to provide for administration costs up to \$20,000? (SA ¶7.2)	The Settlement Agreement has been amended accordingly. (Supp. Han Decl., <i>supra</i>, at ¶ 3; Exhibit 4, <i>supra</i>, at ¶ 7.2.) After further review, Plaintiff’s counsel has asked the Settlement Administrator to provide an updated bid to account for the FLSA payments. To date, Plaintiffs’ counsel has not yet received the updated bid. However, the Plaintiffs request the Court to conditionally approve administration costs not to exceed \$15,000 to account for the likely change in administration costs. Upon the court’s approval, the Notice of Settlement will be amended to increase the administration cost.
