1. I am an attorney licensed to practice before all of the courts of the State of California. I am partner in the law firm of KINGSLEY SZAMET & LY and one of the attorneys of record for Plaintiff NICK VASQUEZ in the above-entitled action. I have personal knowledge of the facts set forth herein, and if called upon as a witness, I could and would testify competently thereto.

3. I graduated cum laude from the University of California, San Diego in 2004 with a degree in Human Development. I graduated from the University of California, Los Angeles School of Law in 2008. I am admitted to practice before the following Courts: United States Supreme Court; United States District Court, Northern, Eastern, Southern and Central of California; all California State Courts.

LITIGATION BACKGROUND

6. In the Complaint, Plaintiff alleged five causes of action for: (1) Failure to Provide Meal Periods Under Labor Code §§ 226.7 and 512; (2) Failure to Pay Vested Vacation Wages Under Labor Code §§ 227.3 and 510; (3) Violation of Labor Code § 226(a); (4) Penalties Pursuant to Labor Code § 203; and (5) Violation of Business & Professions Code § 17200, *et seq.*

7. Also on November 19, 2021, Plaintiff sent a notice letter, pursuant to Labor Code § 2699 *et seq.* the Private Attorneys General Act (“PAGA”), to the Labor Workforce Development

Agency (“LWDA”) regarding his intent to seek civil penalties for the Labor Code violations above.
A true and correct copy of the initial PAGA letter is attached hereto as Exhibit “2”.

8. On February 2, 2022, Plaintiff filed a First Amended Complaint, adding a sixth claim for penalties under the Labor Code’s Private Attorneys General Act (“PAGA”), Labor Code § 2699 *et seq.*

9. On June 16, 2023, Plaintiff filed a Second Amended Class and Representative Action Complaint, adding a claim for violations of Labor Code § 226.7 for failure to provide rest periods on behalf of a settlement class during the relevant class period. (hereafter the “Lawsuit”). Additionally, Plaintiff sent an amended notice letter to the LWDA regarding his intent to add this additional rest period claim. A true and correct copy of the amended PAGA letter is attached hereto as Exhibit “3”.

THE DISCOVERY PROCESS

10. The Parties have yet to engage in formal discovery, instead focusing their efforts on resolving this case through early mediation.

11. The Parties scheduled a private mediation with Francis J. Ortman III, Esq. on January 24, 2023.

12. In preparation for mediation, Defendant informally produced multiple documents and provided other information necessary to evaluate settlement.

13. This included Plaintiff’s personnel file and time and pay records, a redacted sampling of payroll journals and ending hourly pay rates for Defendant’s employees (i.e., hourly rate of pay at time of termination), and the total number of Class Members and relevant work weeks at issue.

14. Defendant provided Plaintiff’s complete personnel file; a class list containing 183 class members (out of 219 total Class Members); a redacted sampling of payroll journals and ending hourly pay rates for Defendant’s employees (i.e., hourly rate of pay at time of termination); sample severance agreement; and time and pay data for Class Members. The time and pay data included 93,222 shifts spanning 20,391 workweeks. Plaintiff retained an expert to review the data and all of these 93,222 shifts were analyzed by the expert to determine potential violation rates,

1 damages exposure, etc. The 93,222 shifts produced and analyzed represent 99.5% of the shifts at
2 issue in the matter. This is statistically significant and represents less than a 1% margin of error.
3 The data included 20,391 workweeks and the Parties ultimately settled 20,964 workweeks.

4 15. Defendant denies any liability or wrongdoing of any kind associated with the claims
5 alleged in the Action, disputes the damages and penalties claimed by Plaintiff, and further contends
6 that, for any purpose other than settlement, Plaintiff's claims are not appropriate for class or
7 representative action treatment. Defendant contends, among other things, that, at all times, it has
8 complied with the California Labor Code and the IWC Wage Orders.

9 16. Based on their own independent investigation and evaluation, Class Counsel is of
10 the opinion that the Agreement with Defendant is fair, reasonable and adequate, and in the best
11 interest of the Classes in light of all known facts and circumstances, including the risk of significant
12 delay, defenses asserted by Defendant, uncertainties regarding a class and representative action
13 trial on the merits, and numerous potential appellate issues. Although Defendant denies any
14 liability, Defendant is agreeing to this Agreement solely to avoid the cost of litigation.
15 Accordingly, the Parties and their counsel desire to fully, finally, and forever settle, compromise
16 and discharge all disputes and claims arising from or relating to the Action on the terms set forth
17 here.

18 **PRELIMINARY APPROVAL**

19 17. On April 30, 2024, the Court issued an Order preliminarily approving the settlement
20 in this case, approving the proposed Class Notice, ordering that the Administrator send notice to
21 the Class, and setting a date for the Final Approval and Fairness Hearing.

22 **SETTLEMENT**

23 18. For purposes of Agreement, the Class is defined as: "all current and former non-
24 exempt employees of Defendant in the State of California including all temporary employees
25 supplied by Defendant by any staffing agency at any time between November 19, 2017 through
26 January 24, 2023." ("Class")

27 19. The "Class Members" shall not include any person who submits a timely and valid
28 Request for Exclusion as provided in this Agreement, or any person who previously released the

Released Claims under a separate agreement.

20. The Class Period is November 19, 2017 through January 24, 2023. The Class Period cuts off at the date of mediation.

21. For purposes of the Agreement, the Aggrieved Employees are defined as: “all current and former non-exempt employees of Defendant in the State of California, including all temporary employees supplied to Defendant by any staffing agency at any time between November 19, 2020, through the end of the Class Period.” (“Aggrieved Employees” or “PAGA Members”)

22. The PAGA Period is November 19, 2020 through January 24, 2023.

23. As detailed fully in the Agreement, the Settlement provides for Defendant to pay a Gross Settlement Amount of \$650,000.00, which includes the sum of the Individual Class Payments, the Class Representative service award, the Class Counsel Award, PAGA Payment, and the Settlement Administration Costs. The Agreement provided for counsel to receive cost reimbursement up to \$25,000.00. However, counsel’s final costs come to \$21,336.80, which includes the anticipated cost of \$600 for filing the instant motion. The extra \$3663.20 will remain in the net settlement fund, causing the net distribution to the Class Members to be slightly higher than the \$376,683.33 contemplated in the settlement agreement

CLASS NOTICE

24. The Court approved the proposed Class Notice and directed the mailing of the Notice by first-class mail to Class Members in accordance with the proposed implementation schedule.

CLASS COUNSEL’S KULLAR ANALYSIS

25. All settlement discussions were made by experienced and informed counsel, who believe that this settlement represents a favorable resolution for the Class Members.

26. The settlement negotiations have been, at all times, adversarial and non-collusive, with the aid of a mediator, and no self-dealing or other type of misconduct by either side has taken place.

27. Second, the Parties engaged in informal discovery that permitted Class Counsel to

1 fairly evaluate the strength of the case and the risks associated with ongoing litigation. This
2 included Plaintiff's personnel file and time and pay records, a redacted sampling of payroll journals
3 and ending hourly pay rates for Defendant's employees (i.e., hourly rate of pay at time of
4 termination), and the total number of Class Members and relevant work weeks at issue.

5 28. Receipt of appropriate discovery allowed Class Counsel to fairly evaluate the
6 exposure and risks associated with each claim alleged in the lawsuit.

7 29. Third, Class Counsel have significant experience in cases of this type, including
8 several years prosecuting wage, hour, and working condition violations.

9 30. Class Counsel believes that the settlement is fair, reasonable, adequate, and in the
10 best interests of the class and that the average recovery for each Class Member of over \$2,314.58
11 is substantial, given the risks inherent in litigation and the defenses asserted.

12 31. The proposed settlement satisfies each of these factors.

13 32. This discovery permitted Class Counsel to fairly evaluate the strength of the case
14 and the risks associated with ongoing litigation.

15 33. Class Counsel is experienced in handling wage and hour class actions and, after
16 weighing all of the following factors, supports this Agreement.

17 **The Risks Associated with the Meal Break Claim**

18 34. Plaintiff and the Class Members consistently worked shifts over five (5) hours.

19 35. Plaintiff contends that Defendant failed to provide Plaintiff and the Class Members
20 with proper meal periods of not less than thirty (30) minutes as required by the Labor Code during
21 the relevant time period. Indeed, due to the hectic nature of their job, Plaintiff alleged that was
22 often unable to take a meal break and when he was able, meal breaks were sometimes
23 uninterrupted, late or short (less than 30 minutes).

24 36. Further, Plaintiff alleged that Defendant violated California's meal period laws by
25 not paying Plaintiff and the other similarly situated Class Members one (1) hour of pay at the
26 employees' regular rate of compensation for each workday that the first meal period was not
27 provided within the first five (5) hours of the shift.

28 37. Defendant vehemently denies the alleged meal break claim. Defendant maintains

1 that it maintained a valid written meal period policy during the Class Period and had compliant
2 practices during the Class Period.

3 38. Defendant contends that Plaintiff and all Class Members were provided with all
4 required meal periods and that Defendant paid meal period premiums when necessary.

5 39. This presented a significant risk on the meal period claim that Plaintiff considered
6 when evaluating this settlement.

7 40. As an initial matter, Defendant meets *Brinker's* "provide" standard by maintaining
8 a valid written policy and not doing anything to interfere with the taking of lawful meal periods.

9 41. Second, Plaintiff worked with an expert to analyze Defendant's time and pay
10 records.

11 42. The records show that there are first meal periods recorded for shifts greater than 5
12 hours in 92.8% of shifts.

13 43. However, Plaintiff contends that the records show that of these recorded meal
14 periods for shifts greater than five hours, 59.9% of them occur after the end of the 5th hour of work
15 (i.e late meal periods).

16 44. This can be a tough claim to prove on a classwide basis, however, because
17 Defendant will argue it is an individualized inquiry that requires questioning of each and every
18 Class Member as to each and every late meal period in the records as to why the break was late –
19 was it "provided" but the person chose to take the meal period later or was the person prohibited
20 from taking it timely by Defendant.

21 45. Such an inquiry, Defendant would argue, necessarily defeats class certification.

22 46. Based on this significant risk, Class Counsel contends it was appropriate to discount
23 the full value of this claim for settlement purposes.

24 **The Risks Associated with the Rest Break Claim**

25 47. Plaintiff and the Proposed Class's rest period claims arise from an alleged common
26 course of conduct wherein Defendant did not provide employees with the opportunity to take a 10-
27 minute rest break during their shifts in compliance with California law.

28 48. Plaintiff contends that he and the Class Members consistently worked shifts of 4+

1 hours and were not authorized or permitted to take rest breaks.

2 49. Therefore, Plaintiff alleges that for each rest period Plaintiff and the Class
3 Members were not provided with, Defendant is liable for one (1) additional hour of pay at the
4 employee's regular rate of compensation. (Lab. Code, § 226.7, subd. (b).)

5 50. Again, Defendant disagreed and maintained that there was accurate rest period
6 policy and employee were provided the opportunity to take all required rest breaks.

7 51. The risk for Plaintiff is that there are no time records to show if rest periods are
8 compliant because rest breaks are not recorded.

9 52. The primary way that Plaintiff can establish rest period liability is through
10 testimonial evidence.

11 53. In theory, Plaintiff could have secured several class member declarations about
12 their experiences regarding rest breaks to bolster Plaintiff's contentions.

13 54. But, there is risk as to what these declarations would have said and Defendant
14 likewise would presumably attempt to gather competing declarations that state the opposite.

15 55. Such would devolve into a "declaration war" that could potentially defeat class
16 certification.

17 56. It also would likely result in dozens of class members declarations with great
18 uncertainty as to what those depositions would establish.

19 57. Just as with meal periods, Defendant will argue that it is an individualized inquiry
20 that requires questioning of each and every Class Member as to each and every shift as to whether
21 or not they were able to take all compliant rest periods.

22 58. Again, such an inquiry, Defendant would argue, necessarily defeats class
23 certification.

24 59. Based on this significant risk and given that rest period claims can be very difficult
25 to certify and prove liability, Plaintiff factored in a significant discount for this claim for settlement
26 purposes.

27 **The Risks Associated with the Wage Claim**

28 60. Plaintiff's wage allegations are based on Defendant's alleged failure pay Plaintiff

1 and all members of the Proposed Settlement Class for their vested vacation at the time of their
2 separation from the company.

3 61. Plaintiff pled that, as a result of this unlawful policy, Defendant does not pay all
4 wages owed at the appropriate rate to Plaintiff and all members of the Proposed Settlement Class
5 in violation of Labor Code §510.

6 62. Defendant argued that when the location was closed, all vested vacation was paid
7 out at the correct rate.

8 63. Plaintiff's expert analysis of the pay records did indicate that vested vacation was
9 paid out at the time of termination.

10 64. Defendant further argued that at the time of filing the lawsuit, Plaintiff was out on
11 leave and therefore potentially not a typical or adequate representative as to the vacation claim.

12 65. Therefore, Plaintiff viewed this claim as extremely weak and placed no value on it
13 for settlement purposes.

14 66. Plaintiff's review of the records did reveal a wage problem as it relates to sick pay.

15 67. In the data, there were approximately 3,800 pay periods with sick pay and of those
16 half of the pay periods with sick pay also had shift differential pay for a total of approximately
17 1,900 pay periods.

18 68. The sick pay was paid out at the regular rate, not the correctly blended rate.

19 69. The average underpayment of sick pay due to the failure to blend to determine the
20 correct regular rate was approximately \$10 for each of the 1,900 payments leading to a maximum
21 exposure of \$19,000.

22 70. Though small in overall value, Plaintiff felt confident this claim would be certified.

23 **The Risks Associated with the Inaccurate Wage Statement Claims**

24 71. Plaintiff maintains that Defendant issued wage statements that allegedly violate
25 Labor Code §§ 226(a)(2) and (9).

26 72. Plaintiff alleges that he and Class Members are issued wage statements that do not
27 accurately show the applicable overtime rate and the number of hours worked at the corresponding
28 rate based on Defendant's alleged failure to blend discussed above.

1 73. However, Plaintiff has to recognize that this is a derivative claim.

2 74. Plaintiff does not argue that Defendant failed to show required information on the
3 paystubs it issued to Class Members, only that the paystubs do not accurately show the
4 information.

5 75. While Plaintiff believes this claim is easily certifiable, Plaintiff has to acknowledge
6 that this is a more difficult argument to prevail on when it comes to assessing liability and a
7 resulting discount for settlement purposes is appropriate.

8 **The Risks Associated with the Waiting Time Penalty Claim**

9 76. Here, all Class Members, including Plaintiff, are no longer employed by Defendant
10 as a result of the facility being shut down over a period of time in approximately Q4 2020 and Q1
11 2021.

12 77. Plaintiff contends that Defendant has failed to pay employees wages immediately
13 or within 72 hours of termination and/or resignation by not paying all meal period premiums owed
14 and wages.

15 78. Therefore, under California Law, Plaintiff contends that “waiting time” penalties
16 would be triggered for each former employee in the class.

17 79. Defendant argues that a good-faith belief applies here and that if it inadvertently
18 did not pay final wages to an individual, its actions were not willful.

19 80. Plaintiff responds that the well-settled meaning of “willful,” as used in Labor Code
20 section 203, is that an employer has intentionally failed or refused to perform an act which was
21 required to be done. (*Amaral v. Cintas Corp. No. 2* (2008) 163 Cal.App.4th 1157, 1201.)

22 81. Plaintiff contends that Defendant knew wages were owed but failed to pay them.

23 **The Risks Associated with the PAGA Claim**

24 82. Plaintiff discounted the PAGA claim for settlement purposes for multiple reasons.
25 First, the aggrieved employees’ PAGA claims are derivative of all the underlying class claims.
26 Second, a court has discretion to award less than the maximum penalty. Finally, the Class is
27 arguably compensated for these violations in the proposed Agreement, and thus any PAGA
28 recovery for these same violations could be deemed to be duplicative. As such, Class Counsel

believes that the Agreement's contemplated PAGA payment of \$25,000.00 is appropriate.

83. There is significant expense associated with the class certification process, which the Parties can avoid by entering into the contemplated Agreement now.

84. If the Court did eventually certify a meal/rest or wage class, trial of a case involving approximately 219 Class Members would require the retention of expensive expert witnesses, the accrual of extensive litigation costs, and a significant time overlay by the parties.

85. Moreover, given the complexity and unsettled nature of the issues in this case it is likely that any outcome at trial would have resulted in a lengthy and costly appeal. An appeal would result in further delay for the Class Members who are waiting for a resolution in this matter.

86. This case has not been certified to be tried as a class action. While Plaintiff believes there is strong evidence to support certification of several possible subclasses, certification is always hard fought and subject to judicial discretion. Moreover, in class actions, decertification is always a possibility. In attempting to certify a class, the parties would need to conduct multiple depositions, including of the Class Representative and of several person(s) most knowledgeable regarding Defendant's meal/rest policies and practices and the payment of vested vacation wages. There is a risk for both sides as to what these depositions will reveal and whether they will support class certification to the extent expected.

87. It was very difficult for the Parties to reach this Settlement of \$650,000.00.

88. This Settlement is the result of adversarial, non-collusive, and arms-length negotiations. The Parties arrived at it after extensive investigation and discovery, careful evaluation of the law, risks, and all information substantiating the amount of penalties reasonably likely to be awarded to the class were the trier of fact to find Defendant liable, and the assistance of a very experienced jurist and mediator, Francis J. Ortman (Ret.).

89. Plaintiff worked with an expert to analyze the time and pay records and put together an exposure model for purposes of mediation.

90. Plaintiff assessed full value of the wage claim related to the underpaid sick pay allegations discussed above, without any discount, at a maximum of approximately \$19,000.

91. As discussed above, if Plaintiff could prove that the "late" meal periods in the

records did amount to a meal period violation with a premium due and owing, the value of the claim, without any discount, was approximately \$1,261,498.

92. If Plaintiff likewise assumed a rest break violation rate of 59.9%, the full value of the rest period claim, without any discount, would also be approximately \$1,261,498.

93. This amount assumes a rest period premium of \$25.08 (average hourly rate of pay) for 50,299 shifts.

94. For the reasons above, Plaintiff determined that accepting a discount of the full amount was appropriate.

95. Plaintiff valued the Wage Statement Claim, without discount, at \$231,150.

96. Based on expert analysis of the time pay data, this assumes there are 65 class members in the wage statement penalty period of November 19, 2020 to January 24, 2023 with 4,517 pay periods at issue.

97. Plaintiff used \$50 for the first wage statement and \$100 per wage statement thereafter for each Class Member (Labor Code §226(e)(1) uses \$50 for the initial pay period (not \$100) and puts a \$4,000 cap on wage statement penalties per employee).

98. Due to the risk discussed above that 226(a) liability would not, Plaintiff determined that a discount of this claim was fair for settlement purposes.

99. Plaintiff valued the Waiting Time Claim (Labor Code §203), tied to the sick pay claim discussed above, at \$561,452.

100. Based on the data, this assumes there are 75 Class Members with the sick pay issue who are owed wages.

101. Finally, Plaintiff calculated the maximum value of the PAGA claim at \$850,600 for Class Members (using \$100/\$200 per pay period) if Plaintiff prevailed on the meal period claim.

102. The main risk taken into account with PAGA is the discretionary nature of the penalty award.

103. A judge can award the statutory maximum of \$100 for the initial violation and \$200 thereafter or – in theory – one cent per wage statement.

104. While there is a dearth of available authority, in Plaintiff's view, were he to succeed

1 on any of the underlying Labor Code violations, it is not likely that a Judge would also award a
2 large amount of penalties of top of any damages recovered.

3 105. Per Plaintiff's assessment, adding all of the exposure above, the maximum potential
4 value of all of Plaintiff's and the Class Members' claims was approximately \$4,185,198.

5 106. However, as a result of the forgoing risks on the merits, Class Counsel believes the
6 Gross Settlement Amount of \$650,000.00 is fair and reasonable.

7 107. Though the risks at to each claim and the resulting discounts are discussed at length
8 above, another major risk factor Class Counsel took into account is that Defendant provided
9 informal evidence that it gathered approximately 55 signed severance agreements.

10 108. The 55 individuals who did sign severance agreements were paid a small amount
11 in exchange for the severance of approximately \$1,000-2000 per person. The severance
12 agreements were signed by individuals who continued working for Defendant during its closure
13 period though the layoffs were staggered. The facility closure was well-known and many of the
14 individuals continued to work for Defendant for months after being made aware of the layoffs and
15 signing the agreements. Some also signed second severance agreements after several months
16 elapsed and they were still working. The severance agreements were discussed at mediation and
17 in the subsequent meet and confer efforts around the drafting of the long-form agreement.
18 Ultimately, the Parties agreed to make two requested changes to the settlement agreement. First,
19 the Parties made a change to pg. 7 of the settlement agreement to reflect that any severance
20 payment received will be an offset against the individual's settlement share. Second, the Parties
21 revised the settlement agreement by striking the following language from pg. 18 of the agreement:
22 ". . . Defendant shall have the option to either cut off the Class Period as of the date that there are
23 22,012.2 workweeks or . . .".

24 109. Plaintiff did not sign a severance agreement so there are no adequacy or typicality
25 concerns.

26 110. This certainly presented cognizable risk that Defendant was willing to and could
27 engage in a successful *Chindarah v. Pick Up Stix* campaign to gather signed severance agreements
28 form Class Members.

111. If Defendant did this successfully, the exposure could be reduced dramatically if not almost entirely eliminated.

112. Also factoring in this risk, Class Counsel believes that the settlement is fair and reasonable and should be approved.

113. As outlined above, Class Counsel conducted a thorough investigation into the facts of the claims alleged. The agreement to settle did not occur until Class Counsel exchanged and possessed sufficient information to make an informed judgement regarding the likelihood of success on the merits and the results that could be obtained through further litigation.

m. *Pineda, et al. v. Grimmway Enterprises, Inc.*, (No. BCV-15-101333, Kern Super. Ct.) In January 2018, the Hon. Stephen D. Schuett granted final approval of Settlement in the gross amount of \$9,000,000 with attorneys' fees request of 33.33%.

115. Kingsley Szamet & Ly filed its first motion for class certification in the year 2000 and since that time has been appointed class counsel on dozens of wage and hour class actions that have been approved for class certification. Since 2011, Kingsley Szamet & Ly has moved for class certification in 16 matters and has successfully obtained class certification in 15 of those cases. A brief sampling of which includes:

a. *Melendrez v. JK Communications*, No. BC497692, (L.A. Super. Ct., filed December 19, 2012) (court granted contested class certification and appointed Kingsley Szamet & Ly class counsel).

b. *Amaro et al. v Gerawan Farming, Inc.*, No. 1:14-cv-00147-DAD-SAB (E.D. Cal., filed February 3, 2014) (court granted contested class certification and appointed Kingsley Szamet & Ly co-class counsel).

c. *Suarez v. Mazatlan, Inc.*, No. 37-2015-00002978-CU-OE-CTL (S.D. Super. Ct., filed January 27, 2015) (court granted contested class certification and appointed Kingsley Szamet & Ly class counsel).

f. *Patton v. Skyler Electric*, Nevada County Superior Court, (CU17-082544), contested class certification granted in June 2020.

g. *Hameister v. Jaco Oil Company*, Kern County Superior Court (BCV-17-102876),

1 contested class certification granted in August 2020.

2 116. After factoring in the risks explained above, Class Counsel believes that the
3 proposed settlement is fair and reasonable.

4 117. There is no governmental participant in this action.

5 118. This allocation distributes Agreement funds proportionally to each class member's
6 potential damages and should therefore be approved as fair, adequate, and reasonable.

7 **ATTORNEYS' FEE AWARD**

8 119. As detailed fully in the Agreement and set forth above, the Agreement provides for
9 Defendant to create a Gross Settlement Amount of \$650,000.00. From that fund, Plaintiff requests
10 an award of attorneys' fees in the amount of \$216,666.67, or 1/3 of the Gross Settlement Amount
11 created on behalf of members of the Class.

12 120. In addition to the complexity of this case, Class Counsel has borne the entire risk
13 and costs of this litigation during the entire time that it has been pending, all on a pure contingency
14 basis. Through the investment of substantial effort and resources, Class Counsel has secured an
15 outstanding Settlement of behalf of the Class Members. Defendant vigorously contested liability,
16 the amount of claimed damages, and the propriety of class certification. It is this kind of situation,
17 involving complex issues, that has been recognized as justifying a substantial attorney fee award.

18 121. I am very familiar with the contingent fee market throughout California and in the
19 Los Angeles County area, particularly as it pertains to complex employment, wage and hour, and
20 class action litigation. On behalf of my firm, I have negotiated numerous contingency fee
21 agreements with plaintiffs, both as individuals and as representatives in class action suits. Many
22 of those agreements provided that counsel will receive a fee that is between 33% and 40% of any
23 recovery that is obtained, and, in addition, that counsel be reimbursed for the costs they incurred
24 out of the recovery amount. The Class Representative in this action signed a contingency fee
25 agreement that stated that counsel would be able to make a fee of up to 40% of any recovery if the
26 case settles. These are typical and standard percentages in employment-related contingency
27 agreements throughout California. Indeed, in my opinion, the Class Members in this complex
28 wage and hour case could not have retained competent counsel in California, particularly with the

1 considerable skill and expertise of my firm, for any amount significantly less than the contingency
2 fee percentage provided in this retainer agreement. Class Counsel has never been paid any money
3 for attorneys' fees in this case and has advanced all costs.

4 122. There are always risks attendant to billing cases on a contingency basis. Those
5 risks are even higher in the current economic climate. KINGSLEY SZAMET & LY bills the vast
6 majority of its cases on contingency, and has been affected by recent bankruptcy filings. In three
7 separate cases, *Lozoya v. Shore House Café, Inc.*, No. 30-2008-00082103-CU-OE-CJC (Orange
8 Super. Ct. filed Mar. 7, 2008) and *Davis v. Crossfire Marketing Group, LLC*, No. CIVRS1207797
9 (San Bernardino Super. Ct. filed October 5, 2012), the defendants both filed for bankruptcy
10 protection in June 2011 and January 2015 after years of litigation. My firm advanced costs and
11 incurred thousands of dollars in fees that will never be recovered.

12 123. Additionally, there are cases where Class Counsel takes on the extreme risk of
13 attempting to certify a class case, often times turning down class or individual settlement offers
14 that Class Counsel feels are not in the best interest of the class, only to lose class certification and
15 the costs and fees associated with the litigation. *See e.g., Prosad v. Del Taco Restaurant Services,*
16 *Inc.*, No. BC426538 (L.A. Super. Ct. filed Nov. 2009); *Perez v. Safelite Group, Inc.*, CV-10-8653-
17 RGK(FFMx) (C.D. Cal. filed October 5, 2010).

18 124. When Class Counsel's motions for class certification are denied, Class Counsel
19 often appeals the orders. Sometimes, these denials are overturned (*Perez v. Safelite Group, Inc.*,
20 553 Fed.Appx. 667 (9th Cir. 2015); *Anderson v. Total Renal Care, Inc.*, No. B236207 (Cal. Ct.
21 App. 2012)) and other times Class Counsel is unsuccessful (*Prosad v. Del Taco Restaurant*
22 *Services, Inc.*, No. B238605 (CA. Ct. App. 2012)).

23 125. In addition to appealing class certification denials, KINGSLEY SZAMET & LY
24 has been involved in numerous lengthy and protracted appeals process before the California Court
25 of Appeal, the Ninth Circuit, the Seventh Circuit, and the United States Supreme Court. Our firm
26 specifically has taken and lost some issues on appeal that required the write-off of significant legal
27 fees. Also, our firm has been successful on appeal and overturned unfavorable lower court rulings
28 or successfully fought to have successful rulings affirmed. Below is just a sample of some of these

1 appeals:

- 2 a. *D'Este v. Bayer Corp.*, 565 F.3d 1119 (9th Cir. 2009) (lower court ruling that
3 pharmaceutical sales representatives are exempt employees affirmed);
- 4 b. *Budrow v. Dave & Buster's of California, Inc.*, 171 Cal. App. 4th 875 (2009) (lower
5 court ruling in employer's favor that certain employees can share in mandatory tip
6 pool affirmed);
- 7 c. *Etheridge v. Reins Int'l California, Inc.*, 172 Cal. App. 4th 908 (2009) (lower court
8 ruling in employer's favor that certain employees can share in mandatory tip pool
9 affirmed);

11 employer's favor approving employer's commission pay plan affirmed) ;
- 12 e. *Christopher v. SmithKline Beecham Corp.*, 132 S. Ct. 2156, 183 L. Ed. 2d 153

16 that pharmaceutical sales representatives are exempt employees affirmed);
- 17 g. *Fowler v. Carmax, Inc.*, No. B238426, 2013 WL 1208111 (Cal. Ct. App. Mar. 26,
18 2013), cert. granted, judgment vacated sub nom. *CarMax Auto Superstores*
19 *California, LLC v. Fowler*, 134 S. Ct. 1277, 188 L. Ed. 2d 290 (2014) (lower court
20 granted employer's motion to compel arbitration, Court of Appeal reversed, U.S.
21 Supreme Court affirmed lower court);
- 22 h. *Salazar v. Apple Am. Grp., LLC*, No. E059562, 2015 WL 314703 (Cal. Ct. App.
23 Jan. 26, 2015), review denied (Apr. 22, 2015), cert. denied, 136 S. Ct. 688, 193 L.
24 Ed. 2d 519 (2015) (lower court ruling in employee's favor on motion to compel
25 arbitration affirmed);
- 26 i. *Anaya v. J's Maint. Serv., Inc.*, No. B261662, 2016 WL 519867 (Cal. Ct. App. Feb.

- l. *Kane v. Valley Slurry Seal Company*, Case No. C079558, Cal. Ct. App. May 8, 2018) (affirming judgement for employees after bench trial);
- m. *Kim v. Reins International California*, Case No. S246911. Oral argument was held before the California Supreme Court on January 6, 2020 and a decision was published in March 2020.

126. Unlike plaintiffs' firms, which bear the risk of loss on contingency cases, defense firms are able to bill their clients for time spent on a case. As verified by a survey conducted by the National Law Journal nearly a decade ago, six California firms provided their hourly billing rates and of the six firms, five regularly charged in excess of \$500 for their partners. In fact, four of these firms charged as high as \$600, \$620, \$650 and up to \$850 per hour. These firms are located in Orange County, Los Angeles County, San Francisco County, and San Diego County. This survey is attached hereto as Exhibit 4.

127. While plaintiffs' firms strive to take on cases that are meritorious (for ethical as well as monetary reasons), as this Court knows, many of these cases hinge on the decision of class certification. Recently, there has been a renewed effort by defense counsel and/or their clients to challenge these cases and to push back, especially on certification motions. In addition, many novel legal issues have gone up on appeal, which has complicated the landscape for settlement.

CLASS COUNSEL'S HOURS AND HOURLY RATES ARE REASONABLE

128. Class Counsel's aggregate lodestar amounts to \$141,190.00 (without future hours), which represents 162.2 hours of attorney work on this litigation incurred from its inception through the filing of Plaintiff's Motion for Final Approval.

129. In its April 30, 2024 Tentative Ruling, the Court asked for billing records. It is our firm's practice to keep contemporaneous billing records. Per the Court's request, we have attached a copy of our billing report so that the Court can see the total time spent and the amount spent per

1 activity; however, the report is heavily redacted as we keep very detailed descriptions that would
2 reveal attorney work product and attorney-client communications were the descriptions not
3 redacted. A true and correct copy of our firm's redacted billing report indicating the total time
4 spent and the amount spent per activity is attached hereto as Exhibit "8."

5 130. As such, Class Counsel is asking for a multiplier of 1.53.

6 131. The amount of time spent on this case (over 162.2 hours), which culminated in a
7 very favorable proposed Settlement for the Class Members, is reasonable given the complexity
8 and novelty of the issues involved, the vigorous defense, the length and intensity of the litigation,
9 and the exceptional results obtained.

10 132. Class Counsel litigated this action with great efficiency in light of the amount of
11 work required to achieve the Settlement.

12 133. The requested hourly rates in this case range from \$800.00 per hour to \$1,100.00.

13 134. Class Counsel's hourly rates are fully supported by their experience and reputation
14 in handling complex employment litigation, including wage and hour class actions.

15 135. Mr. Kingsley is a 28-year attorney with expertise in wage and hour class action
16 lawsuits.

17 136. He has litigated several hundred such cases, including at the appellate level at the
18 U.S. Supreme Court, California Supreme Court, the Ninth Circuit, and the California Court of
19 Appeal.

20 137. He is also a prolific speaker at various seminars on employment law and has
21 contributed to legal publications on employment topics.

22 138. In light of the impending increase of experienced lawyers in specialized practice, I
23 believe that the hourly rates charged by my firm are fair and reasonable and are comparable to or
24 less than those charged by my colleagues in California and the national market for prosecuting or
25 defending class actions.

26 139. My office billed for the following two attorneys for work performed on this case:
27 Eric Kingsley and me.

28 140. I am a partner at Kingsley Szamet & Ly. I received my Bachelor of Arts degree,

1 *cum laude*, from the University of California San Diego and received my law degree from UCLA
2 School of Law in 2008, where I was active in the Women’s Law Journal and community-based
3 legal clinics. I have been practicing since 2008 and am billed at \$800 per hour.

4 141. The qualifications of Co-Counsel William Zev Abramson of Abramson Labor
5 Group are discussed in the concurrently filed Declaration of William Zev Abramson.

6 142. Kingsley Szamet & Ly and Abramson Labor Group have entered into a written fee
7 sharing agreement that was also signed by the named Plaintiff.

8 143. An article in the Wall Street Journal on February 9, 2016 titled *Legal Hours Cross*
9 *New Mark: \$1,500 an Hour* states that “a review of filings over the past three months in about two
10 dozen bankruptcy cases shows that senior partners routinely charge between \$1,200 and \$1,300 an
11 hour, with top rates at several large law firms exceeding \$1,400.” The article also explains that
12 “despite low inflation and weak demand for legal services, rates at large corporate law firms have
13 risen by 3% to 4% a year since the economic downturn.” Finally, the article notes that “the average
14 highest rate paid for law-firm partners was \$875 an hour in 2015.” This article is attached hereto
15 as Exhibit 5.

16 144. Class Counsel’s charged rates are commensurate with the prevailing market rates
17 in Los Angeles County for attorneys of comparable experience and skill handling complex
18 litigation.

19 145. Furthermore, Class Counsel’s rates in calculating the lodestar are the same rates
20 charged to non-contingent hourly clients and thus necessarily reflect the current market value of
21 counsel’s legal services.

22 146. Class Counsel has made all reasonable attempts to avoid duplication of
23 assignments and to assign tasks to timekeepers at the appropriate billing rates.

24 147. Finally, Class Counsel’s rates are in line with the adjusted Laffey Matrix, which is
25 a fee scale that courts often consult in determining the reasonableness of hourly rates. Under the
26 adjusted Laffey Matrix, a reasonable rate for an attorney with 20+ years of experience, such as Mr.
27 Kingsley, is \$1,057, a reasonable rate for an attorney with 16 years of experience, such as Ms.
28 Szamet, is \$878. A true and correct copy of the 2023-2024 Adjusted Laffey Matrix is attached

hereto as Exhibit 6.

148. Kingsley Szamet & Ly's attorneys' fees in the present case are broken down as follows:

<u>ATTORNEY</u>	<u>HOURS</u>	<u>HOURLY RATE</u>	<u>TOTALS</u>
Eric B. Kingsley	38.1	\$1,100.00	\$41,910.00
Kelsey M. Szamet	124.1	\$800.00	\$99,280.00
KINGSLEY TOTAL ATTORNEYS' FEES	162.2		\$141,190.00¹

149. Kingsley Szamet & Ly has spent significant time extensively investigating, researching, and litigating this matter, including but not limited to the following:

- a. intake and interviewing Plaintiff and witnesses and flushing out facts and issues;
- b. researching employer and related causes of action;
- c. researching other pending and former matters against Defendant;
- d. fact development and investigating Defendant's ownership structure
- e. researching and analyzing relevant claims under B&P 17200;
- f. investigation and discussion regarding job functions, duties, compensation, policies, and procedures, etc.;
- g. regular meetings and or communicating with the Class Representative;
- h. regular meetings and or communicating with Co-Counsel;
- i. drafting pleadings (Complaints, Motion for Preliminary Approval, various documents related to Preliminary Approval, Motion for Final Approval, various documents related to Final approval, etc.);
- j. researching private right of action and various impact on class actions;
- k. interviewing and obtaining declarations from Class Members;
- l. preparing for and attending mediation;

¹ The Total Attorneys' Fees does not include Class Counsel anticipated 10-15 hours of future time to handle the final approval hearing and to oversee the administration process.

- m. discussing issues related to damage model calculations;
- n. preparing and analyzing damage models;
- o. negotiating the terms of the settlement;
- p. reviewing and making changes to the Settlement Agreement;
- q. drafting and editing all documents for Preliminary and Final Approval;
- r. monitoring Notice and settlement administration procedures;
- s. coordinating and overseeing all aspects of the administration of the Settlement (review documentation, approve form and content, etc.); and multiple communications with defense counsel.

150. Here, Class Counsel is requesting a multiplier of 1.53.

151. I believe the request for attorneys' fees in the amount of \$216,666.67 is fair and reasonable given the complexity and novelty of the issues involved, the vigorous defense, and the exceptional results obtained. As explained above, Class Counsel's diligent litigation efforts and experience led to an outstanding settlement.

FACTORS THAT SUPPORT THE APPROVAL OF A MULTIPLIER

152. This case dealt with difficult legal and factual questions. Significantly, the risk attendant to the underlying claims in this matter was great considering Defendant's defenses and arguments. As discussed in detail in the extensive risk analysis section in Plaintiff's Motion for Preliminary Approval of Settlement, were this case to proceed, Defendant would have a strong incentive to litigate tenaciously. There are genuine issues in dispute.

153. Class Counsel are skilled wage and hour practitioners with decades of experience who diligently prepared and litigated this matter as discussed.

154. To achieve the ultimate result in this case, Co-lead Class Counsel had to incur substantial risk and expense and were precluded from taking other fee generating employment for over 162.2 hours of attorney time.

155. This matter had been handled purely on a contingency fee basis and Class Counsel have advanced many thousands of dollars in costs while deferring all payment of fees, with no guarantee that any of the fees incurred or costs advanced would ever be recovered and diverting

1 significant firm resources to prosecution of this matter.

2 156. Class Counsel believe this is an exceptional result that has been well received by
3 Class Members.

4 **ATTORNEY COSTS**

5 157. In addition to their request for fees, Class Counsel further request reimbursement
6 of the reasonable out-of-pocket expenses advanced and/or incurred by them in connection with
7 this litigation, in the amount of \$25,000.00.

8 158. To date, Kingsley Szamet & Ly has incurred \$20,736.80 in costs.

9 159. Class Counsel anticipates incurring an additional \$600.00 in costs to file, serve, and
10 copy this motion; to prepare for and attend the hearing; and for future copy charges, however,
11 pursuant to the Agreement, Class Counsel shall not seek an amount in excess of \$25,000.00 for
12 litigation costs.

13 160. As such, Class Counsel is requesting a cost reimbursement of \$21,336.80.

14 161. All of the requested costs are reasonable in amount and were necessarily incurred
15 by Class Counsel in prosecuting this litigation.

16 162. All of these costs have been incurred in the course of this litigation, and all costs
17 advanced have already been paid by Class Counsel.

18 **THE NAMED PLAINTIFFS' ENHANCEMENT SHOULD BE APPROVED**

19 163. Plaintiff's Counsel request an enhancement of \$5,000.00 to the Class
20 Representative NICK VASQUEZ for his work on behalf of the Class.

21 164. The time spent by NICK VASQUEZ is significant and includes researching and
22 retaining competent counsel; providing information to Class Counsel regarding the nature of the
23 work at Defendant; compiling relevant documents; working closely with Class Counsel to develop
24 the theories of liability and martial relevant evidence; regularly discussing the status of the case
25 with Class Counsel; discussing the case via telephone with many Class Members; making himself
26 available for a full-day of mediation as necessary; and responding promptly to Class Counsel's
27 communications regarding settlement.

28 165. As set forth in the Agreement, Plaintiff will also be entering into a general release

1 of liability pursuant to Civil Code Section 1542.

2 166. Class Counsel considers this to be a fair and reasonable enhancement.

3 167. The enhancement takes into consideration the time, effort, and expense incurred
4 by Mr. Vasquez in coming forward to litigate this matter on behalf of all Class Members.

5 168. Additionally, the Class Representative was at risk for paying for Defendant's legal
6 fees and costs in the event that Defendant prevailed at trial.

7 169. Plaintiff was also at risk of for paying Defendant's legal fees and costs in the event
8 that Defendant prevailed at trial.

9 170. The Class has benefited from Mr. Vasquez's action in stepping forward on their
10 behalf to bring this lawsuit.

11 171. Further, The Class Notice disclosed the enhancement award.

12 172. As of today, no Class Member has objected to the proposed enhancement.

13 173. Under the circumstances, a representative payment of \$5,000.00 is justified and the
14 Court should award this payment to NICK VASQUEZ from the Gross Settlement Amount as
15 provided in the Agreement.

16 **PROOF OF SUBMISSION TO THE LABOR AND WORKFORCE DEVELOPMENT**

17 **AGENCY**

18 174. As indicated on the Proof of Service, Plaintiff's accompanying Motion for Final
19 Approval of Attorneys' Fees and Costs ("Motion") was uploaded to the Labor and Workforce
20 Development Agency's ("LWDA") website on the date this Motion was filed. Proof of submission
21 of Plaintiff's Motion, all related documents, and copy of the email from the LWDA confirming
22 receipt is attached hereto as Exhibit "9".

23 **EXHIBITS**

24 175. Attached hereto as Exhibit "1" is a true and correct copy of the fully-executed joint
25 Class Action and PAGA Settlement Agreement that was preliminary approved by this Court on
26 April 30, 2024.

27 176. Attached hereto as Exhibit "2" is a true and correct copy of Plaintiff's November
28 19, 2021 initial PAGA Letter to the LWDA and Defendant.

8.4.1 No later than three (3) business days after receipt of the Class Data, the Administrator shall notify Class Counsel that the list has been received and state the number of Class Members, PAGA Members, Class Member Workweeks, and PAGA Member Pay Periods in the Class Data.

8.4.2 Using best efforts to perform as soon as possible, and in no event later than 14 days after receiving the Class Data, the Administrator will send to all Class Members identified in the Class Data, via first-class United States Postal Service (“USPS”) mail, the Class Notice substantially in the form attached to this Agreement as Exhibit A. The first page of the Class Notice shall prominently estimate the dollar amounts of any Individual Class Payment and/or Individual PAGA Payment payable to the Class Member, and the number of Workweeks and PAGA Pay Periods (if applicable) used to calculate these amounts. Before mailing Class Notices, the Administrator shall update Class Member addresses using the National Change of Address database.

8.4.3 Not later than 3 business days after the Administrator’s receipt of any Class Notice returned by the USPS as undelivered, the Administrator shall re-mail the Class Notice using any forwarding address provided by the USPS. If the USPS does not provide a forwarding address, the Administrator shall conduct a Class Member Address Search, and re-mail the Class Notice to the most current address obtained. The Administrator has no obligation to make further attempts to locate or send Class Notice to Class Members whose Class Notice is returned by the USPS a second time.

8.4.4 The deadlines for Class Members’ written objections, Challenges to Workweeks and/or Pay Periods, and Requests for Exclusion will be extended an additional 14 days beyond the 60 days otherwise provided in the Class Notice for all Class Members whose notice is re-mailed. The Administrator will inform the Class Member of the extended deadline with the re-mailed Class Notice.

8.4.5 If the Administrator, Defendant or Class Counsel is contacted by or otherwise discovers any persons who believe they should have been included in the Class Data and should have received Class Notice, the Parties will expeditiously meet and confer in person or by telephone, and in good faith, in an effort to agree on whether to include them as Class Members. If the Parties agree, such persons will be Class Members entitled to the same rights as other Class Members, and the Administrator will send, via email or overnight delivery, a Class Notice requiring them to exercise options under this Agreement not later

than 14 days after receipt of Class Notice, or the deadline dates in the Class Notice, which ever are later.

8.5 Requests for Exclusion (Opt-Outs).

8.5.1 Class Members who wish to exclude themselves (opt-out of) the Class Settlement must send the Administrator, by fax, email, or mail, a signed written Request for Exclusion not later than 45 days after the Administrator mails the Class Notice (plus an additional 14 days for Class Members whose Class Notice is re-mailed). A Request for Exclusion is a letter from a Class Member or his/her representative that reasonably communicates the Class Member's election to be excluded from the Settlement and includes the Class Member's name, address and email address or telephone number. To be valid, a Request for Exclusion must be timely faxed, emailed, or postmarked by the Response Deadline.

8.5.2 The Administrator may not reject a Request for Exclusion as invalid because it fails to contain all the information specified in the Class Notice. The Administrator shall accept any Request for Exclusion as valid if the Administrator can reasonably ascertain the identity of the person as a Class Member and the Class Member's desire to be excluded. The Administrator's determination shall be final and not appealable or otherwise susceptible to challenge. If the Administrator has reason to question the authenticity of a Request for Exclusion, the Administrator may demand additional proof of the Class Member's identity. The Administrator's determination of authenticity shall be final and not appealable or otherwise susceptible to challenge.

8.5.3 Every Class Member who does not submit a timely and valid Request for Exclusion is deemed to be a Participating Class Member under this Agreement, entitled to all benefits and bound by all terms and conditions of the Settlement, including the Participating Class Members' Releases under Paragraphs 6.2 and 6.3 of this Agreement, regardless whether the Participating Class Member actually receives the Class Notice or objects to the Settlement.

8.5.4 Every Class Member who submits a valid and timely Request for Exclusion is a Non-Participating Class Member and shall not receive an Individual Class Payment or have the right to object to the class action components of the Settlement. Because future PAGA claims are subject to claim preclusion upon entry of the Judgment, Non-Participating Class Members who are PAGA Members are deemed to release the claims identified in Paragraph 6.4 of this Agreement and are eligible for an Individual PAGA Payment.

8.6 Challenges to Calculation of Workweeks. Each Class Member shall have 45 days after the Administrator mails the Class Notice (plus an additional 14 days for Class Members whose Class Notice is re-mailed) to challenge the number of Class Workweeks and PAGA Pay Periods (if any) allocated to the Class Member in the Class Notice. The Class Member may challenge the allocation by communicating with the Administrator

via fax, email or mail. The Administrator must encourage the challenging Class Member to submit supporting documentation. In the absence of any contrary documentation, the Administrator is entitled to presume that the Workweeks contained in the Class Notice are correct so long as they are consistent with the Class Data. The Administrator's determination of each Class Member's allocation of Workweeks and/or Pay Periods shall be final and not appealable or otherwise susceptible to challenge. The Administrator shall promptly provide copies of all challenges to calculation of Workweeks and/or Pay Periods to Defense Counsel and Class Counsel and the Administrator's determination the challenges.

8.7 Objections to Settlement.

8.7.1 Only Participating Class Members may object to the class action components of the Settlement and/or this Agreement, including contesting the fairness of the Settlement, and/or amounts requested for the Class Counsel Fees Payment, Class Counsel Litigation Expenses Payment and/or Class Representative Service Payment.

8.7.2 Participating Class Members may send written objections to the Administrator, by fax, email, or mail. In the alternative, Participating Class Members may appear in Court (or hire an attorney to appear in Court) to present verbal objections at the Final Approval Hearing. A Participating Class Member who elects to send a written objection to the Administrator must do so not later than 60 days after the Administrator's mailing of the Class Notice (plus an additional 14 days for Class Members whose Class Notice was re-mailed).

8.7.3 Non-Participating Class Members have no right to object to any of the class action components of the Settlement.

8.8 Administrator Duties. The Administrator has a duty to perform or observe all tasks to be performed or observed by the Administrator contained in this Agreement or otherwise.

8.8.1 Website, Email Address and Toll-Free Number. The Administrator will establish and maintain and use an internet website to post information of interest to Class Members including the date, time and location for the Final Approval Hearing and copies of the Settlement Agreement, Motion for Preliminary Approval, the Preliminary Approval, the Class Notice, the Motion for Final Approval, the Motion for Class Counsel Fees Payment, Class Counsel Litigation Expenses Payment and Class Representative Service Payment, the Final Approval and the Judgment. The Administrator will also maintain and monitor an email address and a toll-free telephone number to receive Class Member calls, faxes and emails.

8.8.2 Requests for Exclusion (Opt-outs) and Exclusion List. The Administrator will promptly review on a rolling basis Requests for Exclusion to ascertain their

validity. Not later than 5 days after the expiration of the deadline for submitting Requests for Exclusion, the Administrator shall email a list to Class Counsel and Defense Counsel containing (a) the names and other identifying information of Class Members who have timely submitted valid Requests for Exclusion (“Exclusion List”); (b) the names and other identifying information of Class Members who have submitted invalid Requests for Exclusion; (c) copies of all Requests for Exclusion from Settlement submitted (whether valid or invalid).

- 8.8.3 Resolution of Disputes. If a Participating Class Member timely disputes the number of workweeks listed on the Class Notice or a PAGA Member disputes the number of pay periods worked during the PAGA Period, the Administrator will review any documentation provided by the Participating Class Member, as well as records for the Participating Class Member provided by Defendant, to determine whether there was an error in the number of workweeks or pay periods calculated, and adjust any payment to be allocated if necessary. In the absence of definitive documentation provided by the Participating Class Member or PAGA Member, Defendant’s time and pay records shall be determinative for purposes of calculating the number of workweeks during the Class Period, and number of pay periods during the PAGA Period
- 8.8.4 Weekly Reports. The Administrator must, on a weekly basis, provide written reports to Class Counsel and Defense Counsel that, among other things, tally the number of: Class Notices mailed or re-mailed, Class Notices returned undelivered, Requests for Exclusion (whether valid or invalid) received, objections received, challenges to Workweeks and/or Pay Periods received and/or resolved, and checks mailed for Individual Class Payments and Individual PAGA Payments (“Weekly Report”). The Weekly Reports must include provide the Administrator’s assessment of the validity of Requests for Exclusion and attach copies of all Requests for Exclusion and objections received.
- 8.8.5 Workweek and/or Pay Period Challenges. The Administrator has the authority to address and make final decisions consistent with the terms of this Agreement on all Class Member challenges over the calculation of Workweeks and/or Pay Periods. The Administrator’s decision shall be final and not appealable or otherwise susceptible to challenge.
- 8.8.6 Administrator’s Declaration. Not later than 14 days before the date by which Plaintiff is required to file the Motion for Final Approval of the Settlement, the Administrator will provide to Class Counsel and Defense Counsel, a signed declaration suitable for filing in Court attesting to its due diligence and compliance with all of its obligations under this Agreement, including, but not limited to, its mailing of Class Notice, the Class Notices returned as undelivered, the re-mailing of Class Notices, attempts to locate Class Members, the total number of Requests for Exclusion from Settlement it received (both valid or invalid), the number of written objections and attach the Exclusion List. The Administrator will supplement its declaration as needed or requested by the

Parties and/or the Court. Class Counsel is responsible for filing the Administrator's declaration(s) in Court.

8.8.7 Final Report by Settlement Administrator. Within 10 days after the Administrator disburses all funds in the Gross Settlement Amount, the Administrator will provide Class Counsel and Defense Counsel with a final report detailing its disbursements by employee identification number only of all payments made under this Agreement. At least 15 days before any deadline set by the Court, the Administrator will prepare, and submit to Class Counsel and Defense Counsel, a signed declaration suitable for filing in Court attesting to its disbursement of all payments required under this Agreement. Class Counsel is responsible for filing the Administrator's declaration in Court.

9. **CLASS SIZE ESTIMATES and ESCALATOR CLAUSE.** Based on its records, Defendant estimates that, as of the date of this Settlement Agreement, (1) there are 219 Class Members and 20,964 Total Workweeks that were worked by Class Members during the Class period and (2) there were PAGA Members who worked 4,517 Pay Periods during the PAGA Period.ⁱ

Increase in Compensable Work Weeks. Defendant's time and pay records shall be determinative for purposes of calculating the number of workweeks during the Class Period, and number of pay periods during the PAGA Period. Defendant estimates that there were approximately 219 Class Members who worked approximately 20,964 workweeks during the Class Period. If the number of workweeks worked during the Class Period increases by more than 5% (i.e., that is above 22,012.2 workweeks) by the time Defendant provides class data to the settlement administrator for dissemination of settlement notices, Defendant shall have the option to either cut off the Class Period as of the date that there are 22,012.2 workweeks or increase the GFV on a proportional basis equal to the percentage increase in the workweeks above the 20,964 (i.e., if there is a 6% increase in the number of workweeks during the Class Period, Defendant has the option to increase the GFV by 6% to cover the entire Class Period).

10. **DEFENDANT'S RIGHT TO WITHDRAW.** If the number of valid Requests for Exclusion identified in the Exclusion List exceeds 10% of the total of all Class Members, Defendant may, but is not obligated, elect to withdraw from the Settlement. The Parties agree that, if Defendant withdraws, the Settlement shall be void ab initio, have no force or effect whatsoever, and that neither Party will have any further obligation to perform under this Agreement; provided, however, Defendant will remain responsible for paying all Settlement Administration Expenses incurred to that point. Defendant must notify Class Counsel and the Court of its election to withdraw not later than ten business days after the Administrator sends the final Exclusion List to Defense Counsel; late elections will have no effect.
11. **MOTION FOR FINAL APPROVAL.** Not later than 16 court days before the calendared Final Approval Hearing, Plaintiff will file in Court, a motion for final approval of the Settlement that includes a request for approval of the PAGA settlement under Labor Code

section 2699, subd. (l), a Proposed Final Approval Order and a proposed Judgment (collectively “Motion for Final Approval”). Plaintiff shall provide drafts of these documents to Defense Counsel not later than seven days prior to filing the Motion for Final Approval. Class Counsel and Defense Counsel will expeditiously meet and confer in person or by telephone, and in good faith, to resolve any disagreements concerning the Motion for Final Approval.

- 11.1 Response to Objections. Each Party retains the right to respond to any objection raised by a Participating Class Member, including the right to file responsive documents in Court no later than five court days prior to the Final Approval Hearing, or as otherwise ordered or accepted by the Court.
- 11.2 Duty to Cooperate. If the Court does not grant Final Approval or conditions Final Approval on any material change to the Settlement (including, but not limited to, the scope of release to be granted by Class Members), the Parties will expeditiously work together in good faith to attempt to address the Court’s concerns by revising the Agreement as necessary to obtain Final Approval. No Party shall be required to agree to any material change to this Agreement. The Court’s decision to award less than the amounts requested for the Class Representative Service Payment, Class Counsel Fees Payment, Class Counsel Litigation Expenses Payment and/or Administrator Expenses Payment shall not constitute a material modification to the Agreement within the meaning of this paragraph and shall not be a basis to abrogate this Agreement or appeal a Judgment.
- 11.3 Continuing Jurisdiction of the Court. The Parties agree that, after entry of Judgment, the Court will retain jurisdiction over the Parties, Action, and the Settlement solely for purposes of (i) enforcing this Agreement and/or Judgment, (ii) addressing settlement administration matters, and (iii) addressing such post-Judgment matters as are permitted by law.
- 11.4 Waiver of Right to Appeal. Provided the Judgment is consistent with the terms and conditions of this Agreement, specifically including the Class Counsel Fees Payment and Class Counsel Litigation Expenses Payment reflected set forth in this Settlement, the Parties, their respective counsel, and all Participating Class Members who did not object to the Settlement as provided in this Agreement, waive all rights to appeal from the Judgment, including all rights to post-judgment and appellate proceedings, the right to file motions to vacate judgment, motions for new trial, extraordinary writs, and appeals. The waiver of appeal does not include any waiver of the right to oppose such motions, writs or appeals. If an any appeal of the Judgment is filed, the Parties’ obligations to perform under this Agreement will be suspended until such time as the appeal is finally resolved and the Judgment becomes final, except as to matters that do not affect the amount of the Net Settlement Amount.
- 11.5 Appellate Court Orders to Vacate, Reverse, or Materially Modify Judgment. If the reviewing Court vacates, reverses, or modifies the Judgment in a manner that requires a material modification of this Agreement (including, but not limited to, the

scope of release to be granted by Class Members), this Agreement shall be null and void. The Parties shall nevertheless expeditiously work together in good faith to attempt to address the appellate court's concerns and to obtain Final Approval and entry of Judgment, sharing, on a 50-50 basis, any additional Administration Expenses reasonably incurred after remittitur. No Party shall be required to agree to any material change to this Agreement. An appellate decision to vacate, reverse, or modify the Court's award of the Class Representative Service Payment or any payments to Class Counsel shall not constitute a material modification of the Judgment within the meaning of this paragraph, as long as the Gross Settlement Amount remains unchanged.

- 12. AMENDED JUDGMENT.** If any amended judgment is required under Code of Civil Procedure section 384, the Parties will work together in good faith to jointly submit and a proposed amended judgment.

13. ADDITIONAL PROVISIONS.

- 13.1 No Admission of Liability, Class Certification or Representative Manageability for Other Purposes. This Agreement represents a compromise and settlement of highly disputed claims. Nothing in this Agreement is intended or should be construed as an admission by Defendant that any of the allegations in the Operative Complaint have merit or that Defendant has any liability for any claims asserted; nor should it be intended or construed as an admission by Plaintiff that Defendant's defenses in the Action have merit. The Parties agree that class certification and representative treatment is for purposes of this Settlement only. If, for any reason the Court does grant Preliminary Approval, Final Approval or enter Judgment, Defendant reserves the right to contest certification of any class for any reason, and contest the suitability of this case to proceed as a representative action, and Defendant reserves all available defenses to the claims in the Action, and Plaintiff reserves the right to move for class certification on any grounds available and to contest Defendant's defenses. The Settlement, this Agreement and Parties' willingness to settle the Action will have no bearing on, and will not be admissible in connection with, any litigation (except for proceedings to enforce or effectuate the Settlement and this Agreement).

- 13.2 Confidentiality Prior to Preliminary Approval. Plaintiff, Class Counsel, Defendant and Defense Counsel separately agree that, until the Motion for Preliminary Approval of Settlement is filed, they and each of them will not disclose, disseminate and/or publicize, or cause or permit another person to disclose, disseminate or publicize, any of the terms of the Agreement directly or indirectly, specifically or generally, to any person, corporation, association, government agency, or other entity except: (1) to the Parties' attorneys, accountants, or spouses, all of whom will be instructed to keep this Agreement confidential; (2) counsel in a related matter; (3) to the extent necessary to report income to appropriate taxing authorities; (4) in response to a court order or subpoena; or (5) in response to an inquiry or subpoena issued by a state or federal government agency. Each Party agrees to immediately notify each other Party of any judicial or agency order, inquiry, or subpoena seeking such information. Plaintiff, Class Counsel, Defendant and Defense Counsel separately agree not to, directly or indirectly, initiate any conversation

or other communication, before the filing of the Motion for Preliminary Approval, any with third party regarding this Agreement or the matters giving rise to this Agreement except to respond only that “the matter was resolved,” or words to that effect. Class Counsel agrees not to identify Defendant in any way in any website, blog, article, or social media. Nothing in this provision shall prevent Defendant from making any required disclosure or Class Counsel from referencing the Settlement in adequacy filings. Neither Plaintiff nor Class Counsel will publicize the Settlement in any way, except that nothing in this Settlement Agreement shall preclude Class Counsel from communicating with members of the Settlement Class about the Agreement or in submitting filings with the Court or the LWDA in furtherance of obtaining approval of the Settlement. Nor shall anything herein restrict Class Counsel from including publicly available information regarding this Settlement in future judicial submissions regarding Class Counsel’s qualifications and experience or otherwise allowing the Judgment to become known to Class Members.

- 13.3 No Solicitation. The Parties separately agree that they and their respective counsel and employees will not solicit any Class Member to opt out of or object to the Settlement, or appeal from the Judgment. Nothing in this paragraph shall be construed to restrict Class Counsel’s ability to communicate with Class Members in accordance with Class Counsel’s ethical obligations owed to Class Members.
- 13.4 Integrated Agreement. Upon execution by all Parties and their counsel, this Agreement together with its attached exhibits shall constitute the entire agreement between the Parties relating to the Settlement, superseding any and all oral representations, warranties, covenants, or inducements made to or by any Party.
- 13.5 Attorney Authorization. Class Counsel and Defense Counsel separately warrant and represent that they are authorized by Plaintiff and Defendant, respectively, to take all appropriate action required or permitted to be taken by such Parties pursuant to this Agreement to effectuate its terms, and to execute any other documents reasonably required to effectuate the terms of this Agreement including any amendments to this Agreement.
- 13.6 Cooperation. The Parties and their counsel will cooperate with each other and use their best efforts, in good faith, to implement the Settlement by, among other things, modifying the Settlement Agreement, submitting supplemental evidence and supplementing points and authorities as requested by the Court. In the event the Parties are unable to agree upon the form or content of any document necessary to implement the Settlement, or on any modification of the Agreement that may become necessary to implement the Settlement, the Parties will seek the assistance of a mediator and/or the Court for resolution.
- 13.7 No Prior Assignments. The Parties separately represent and warrant that they have not directly or indirectly assigned, transferred, encumbered, or purported to assign, transfer, or encumber to any person or entity and portion of any liability, claim, demand, action, cause of action, or right released and discharged by the Party in this Settlement.

- 13.8 No Tax Advice. Neither Plaintiff, Class Counsel, Defendant nor Defense Counsel are providing any advice regarding taxes or taxability in connection with the Settlement or any payment made pursuant to the Settlement, nor shall anything in this Settlement be relied upon as such within the meaning of United States Treasury Department Circular 230 (31 CFR Part 10, as amended) or otherwise. Each Participating Class Member and PAGA Member agrees to indemnify, and hold harmless Defendant from any liability for taxes, fees, costs, or assessments resulting from his or her failure to timely pay his or her share of taxes, interest, fees, or penalties owed.
- 13.9 Modification of Agreement. This Agreement, and all parts of it, may be amended, modified, changed, or waived only by an express written instrument signed by all Parties or their representatives, and approved by the Court.
- 13.10 Agreement Binding on Successors. This Agreement will be binding upon, and inure to the benefit of, the successors of each of the Parties.
- 13.11 Applicable Law. All terms and conditions of this Agreement and its exhibits will be governed by and interpreted according to the internal laws of the state of California, without regard to conflict of law principles.
- 13.12 Cooperation in Drafting. The Parties have cooperated in the drafting and preparation of this Agreement. This Agreement will not be construed against any Party on the basis that the Party was the drafter or participated in the drafting.
- 13.13 Extensions of Time. Without further order of the Court, the Parties hereto may agree in writing to reasonable extensions of time to carry out any of the provisions of the Settlement.
- 13.14 Confidentiality. To the extent permitted by law, all agreements made, and orders entered during Action and in this Agreement relating to the confidentiality of information shall survive the execution of this Agreement.
- 13.15 Use and Return of Class Data. Information provided to Class Counsel pursuant to Cal. Evid. Code §1152, and all copies and summaries of the Class Data provided to Class Counsel by Defendant in connection with the mediation, other settlement negotiations, or in connection with the Settlement, may be used only with respect to this Settlement, and no other purpose, and may not be used in any way that violates any existing contractual agreement, statute, or rule of court. Not later than 90 days after the date when the Court discharges the Administrator's obligation to provide a Declaration confirming the final pay out of all Settlement funds, Plaintiff shall destroy, all paper and electronic versions of Class Data received from Defendant unless, prior to the Court's discharge of the Administrator's obligation, Defendant makes a written request to Class Counsel for the return, rather than the destructions, of Class Data.

COURT APPROVED NOTICE OF CLASS ACTION SETTLEMENT AND HEARING DATE FOR FINAL COURT APPROVAL

*NICK VASQUEZ, an individual, on behalf of himself and others similarly situated, PLAINTIFF
v. TURBINE ENGINE COMPONENTS TECHNOLOGIES CORPORATION; and DOES 1 thru
50, inclusive, DEFENDANTS, Los Angeles Superior Court Case No. 21STCV42670*

***The Superior Court for the State of California authorized this Notice. Read it carefully!
It's not junk mail, spam, an advertisement, or solicitation by a lawyer. You are not being sued.***

You may be eligible to receive money from an employee class action lawsuit (“Action”) against TURBINE ENGINE COMPONENTS TECHNOLOGIES CORPORATION (abbreviate name; “Defendant” or “TECTC” is used herein as a placeholder) for alleged wage and hour violations. The Action was filed by a former TECTC employee Nick Vasquez (“Plaintiff”) and seeks payment of (1) back wages and other relief for a class of non-exempt employees, including all temporary employees supplied to TECT by any staffing agency, (“Class Members”) who worked for TECTC during the Class Period (November 19, 2017 to January 24, 2023); and (2) penalties under the California Private Attorney General Act (“PAGA”) for all non-exempt employees, including all temporary employees supplied to TECTC by any staffing agency, who worked for TECTC during the PAGA Period (November 19, 2020 to January 24, 2023) (“PAGA Members”).

The proposed Settlement has two main parts: (1) a Class Settlement requiring TECTC to fund Individual Class Payments, and (2) a PAGA Settlement requiring TECTC to fund Individual PAGA Payments and pay penalties to the California Labor and Workforce Development Agency (“LWDA”).

Based on TECTC’s records, and the Parties’ current assumptions, **your Individual Class Payment is estimated to be \$ _____ (less withholding) and your Individual PAGA Payment is estimated to be \$ _____**. The actual amount you may receive likely will be different and will depend on a number of factors. (If no amount is stated for your Individual PAGA Payment, then according to TECTC’s records you are not eligible for an Individual PAGA Payment under the Settlement because you didn’t work during the PAGA Period.)

The above estimates are based on TECTC’s records showing that **you worked _____ workweeks** during the Class Period and **you worked _____ workweeks** during the PAGA Period. If you believe that you worked more workweeks during either period, you can submit a challenge by the deadline date. See Section 4 of this Notice.

The Court has already preliminarily approved the proposed Settlement and approved this Notice. The Court has not yet decided whether to grant final approval. Your legal rights are affected whether you act or not act. Read this Notice carefully. You will be deemed to have carefully read and understood it. At the Final Approval Hearing, the Court will decide whether to finally approve the Settlement and how much of the Settlement will be paid to Plaintiff and Plaintiff’s attorneys (“Class Counsel”). The Court will also decide whether to enter a judgment that requires TECTC to make payments under the Settlement and requires Class Members and PAGA Members to give up their rights to assert certain claims against TECTC.

If you worked for TECTC during the Class Period and/or the PAGA Period, you have two basic options under the Settlement:

- (1) **Do Nothing.** You don't have to do anything to participate in the proposed Settlement and be eligible for an Individual Class Payment and/or an Individual PAGA Payment. As a Participating Class Member, though, you will give up your right to assert Class Period wage claims and PAGA Period penalty claims against TECTC.
- (2) **Opt-Out of the Class Settlement.** You can exclude yourself from the Class Settlement (opt-out) by submitting the written Request for Exclusion or otherwise notifying the Administrator in writing. If you opt-out of the Settlement, you will not receive an Individual Class Payment. You will, however, preserve your right to personally pursue Class Period wage claims against TECTC, and, if you are an PAGA Member, remain eligible for an Individual PAGA Payment. You cannot opt-out of the PAGA portion of the proposed Settlement.

Turbine Engine Components Technologies Corporation will not retaliate against you for any actions you take with respect to the proposed Settlement.

SUMMARY OF YOUR LEGAL RIGHTS AND OPTIONS IN THIS SETTLEMENT

You Don't Have to Do Anything to Participate in the Settlement	If you do nothing, you will be a Participating Class Member, eligible for an Individual Class Payment and an Individual PAGA Payment (if any). In exchange, you will give up your right to assert the wage claims against TECTC that are covered by this Settlement (Released Claims).
You Can Opt-out of the Class Settlement but not the PAGA Settlement The Opt-out Deadline is [date]	If you don't want to fully participate in the proposed Settlement, you can opt-out of the Class Settlement by sending the Administrator a written Request for Exclusion. Once excluded, you will be a Non-Participating Class Member and no longer eligible for an Individual Class Payment. Non-Participating Class Members cannot object to any portion of the proposed Settlement. See Section 6 of this Notice. You cannot opt-out of the PAGA portion of the proposed Settlement. TECTC must pay Individual PAGA Payments to all PAGA Members and the PAGA Members must give up their rights to pursue Released Claims (defined below).
Participating Class Members Can Object to the Class Settlement but not the PAGA Settlement	All Class Members who do not opt-out ("Participating Class Members") can object to any aspect of the proposed Settlement. The Court's decision whether to finally approve the Settlement will include a determination of how much will be paid to Class Counsel and Plaintiff who pursued the Action on behalf of the Class. You are not personally responsible for any payments to Class Counsel

Written Objections Must be Submitted by [date]	or Plaintiff, but every dollar paid to Class Counsel and Plaintiff reduces the overall amount paid to Participating Class Members. You can object to the amounts requested by Class Counsel or Plaintiff if you think they are unreasonable. See Section 7 of this Notice.
You Can Participate in the [date] Final Approval Hearing	The Court's Final Approval Hearing is scheduled to take place on [date]. You don't have to attend but you do have the right to appear (or hire an attorney to appear on your behalf at your own cost), in person, by telephone or by using the Court's virtual appearance platform. Participating Class Members can verbally object to the Settlement at the Final Approval Hearing. See Section 8 of this Notice.
You Can Challenge the Calculation of Your Workweeks/Pay Periods Written Challenges Must be Submitted by [date]	The amount of your Individual Class Payment and PAGA Payment (if any) depend on how many workweeks you worked at least one day during the Class Period and how many Pay Periods you worked at least one day during the PAGA Period, respectively. The number Class Period Workweeks and number of PAGA Period Pay Periods you worked according to TECTC's records is stated on the first page of this Notice. If you disagree with either of these numbers, you must challenge it by [date]. See Section 4 of this Notice.

1. WHAT IS THE ACTION ABOUT?

Plaintiff is a former TECTC employee. The Action accuses TECTC of violating California labor laws by failing to pay to pay vested vacation wages, failure to pay all wages due upon termination and failing to provide meal periods, accurate itemized wage statements, as well as engaging in unfair business practice. Based on the same claims, Plaintiff has also asserted a claim for civil penalties under the California Private Attorneys General Act (Labor Code §§ 2698, et seq.) ("PAGA"). Plaintiff is represented by attorneys in the Action: Kingsley & Kingsley, APC ("Class Counsel.")

TECTC strongly denies violating any laws or failing to pay any wages and contends it complied with all applicable laws.

2. WHAT DOES IT MEAN THAT THE ACTION HAS SETTLED?

So far, the Court has made no determination whether TECTC or Plaintiff is correct on the merits. In the meantime, Plaintiff and TECTC hired an experienced, neutral mediator in an effort to resolve the Action by negotiating an to end the case by agreement (settle the case) rather than continuing the expensive and time-consuming process of litigation. The negotiations were successful. By signing a lengthy written settlement agreement ("Agreement") and agreeing to jointly ask the Court to enter a judgment ending the Action and enforcing the Agreement, Plaintiff and TECTC have negotiated a proposed Settlement that is subject to the Court's Final Approval. Both sides agree the proposed Settlement is a compromise of disputed claims. By agreeing to settle, TECTC does not admit any violations or concede the merit of any claims.

Plaintiff and Class Counsel strongly believe the Settlement is a good deal for you because they believe that: (1) TECTC has agreed to pay a fair, reasonable and adequate amount considering the strength of the claims and the risks and uncertainties of continued litigation; and (2) Settlement is in the best interests of the Class Members and PAGA Members. The Court preliminarily approved the proposed Settlement as fair, reasonable and adequate, authorized this Notice, and scheduled a hearing to determine Final Approval.

3. WHAT ARE THE IMPORTANT TERMS OF THE PROPOSED SETTLEMENT?

1. TECTC Will Pay \$650,000.00 as the Gross Settlement Amount (Gross Settlement).
TECTC has agreed to deposit the Gross Settlement into an account controlled by the Administrator of the Settlement. The Administrator will use the Gross Settlement to pay the Individual Class Payments, Individual PAGA Payments, Class Representative Service Payment, Class Counsel's attorney's fees and expenses, the Administrator's expenses, and penalties to be paid to the California Labor and Workforce Development Agency ("LWDA"). Assuming the Court grants Final Approval, TECTC will fund the Gross Settlement not more than 20 days after the Judgment entered by the Court become final. The Judgment will be final 61 days after the date the Court enters Judgment, or a later date if the Judgment is appealed.
2. Court Approved Deductions from Gross Settlement. At the Final Approval Hearing, Plaintiff and/or Class Counsel will ask the Court to approve the following deductions from the Gross Settlement, the amounts of which will be decided by the Court at the Final Approval Hearing:
 - A. Up to \$216,666.67 (33.33% of the Gross Settlement) to Class Counsel for attorneys' fees and up to \$25,000 for their litigation expenses. To date, Class Counsel have worked and incurred expenses on the Action without payment.
 - B. Up to \$5,000 as a Class Representative Award for filing the Action, working with Class Counsel and representing the Class. A Class Representative Award will be the only monies Plaintiff will receive other than Plaintiff's Individual Class Payment and any Individual PAGA Payment.
 - C. Up to \$8,000 to the Administrator for services administering the Settlement.
 - D. Up to \$25,000.00 for a PAGA Payment, allocated 75% to the LWDA PAGA Payment and 25% in Individual PAGA Payments to the PAGA Members based on their PAGA Period Pay Periods.

Participating Class Members have the right to object to any of these deductions. The Court will consider all objections.

3. Net Settlement Distributed to Class Members. After making the above deductions in amounts approved by the Court, the Administrator will distribute the rest of the Gross

Settlement (the “Net Settlement”) by making Individual Class Payments to Participating Class Members based on their Class Period Workweeks.

4. Taxes Owed on Payments to Class Members. Plaintiff and Defendant are asking the Court to approve an allocation of 25% of each Individual Class Payment to taxable wages (“Wage Portion”) and 75% to e.g., penalties and interest, etc. (“Non-Wage Portion.”). The Wage Portion is subject to withholdings and will be reported on IRS W-2 Forms. TECTC will separately pay employer payroll taxes it owes on the Wage Portion. The Individual PAGA Payments are counted as non-wage payments rather than wages for tax purposes. The Administrator will report the Individual PAGA Payments and the Non-Wage Portions of the Individual Class Payments on IRS 1099 Forms.

Although Plaintiff and TECTC have agreed to these allocations, neither side is giving you any advice on whether your Payments are taxable or how much you might owe in taxes. You are responsible for paying all taxes (including penalties and interest on back taxes) on any Payments received from the proposed Settlement. You should consult a tax advisor if you have any questions about the tax consequences of the proposed Settlement.

5. Need to Promptly Cash Payment Checks. The front of every check issued for Individual Class Payments and Individual PAGA Payments will show the date when the check expires (the void date). If you don’t cash it by the void date, your check will be automatically cancelled, and the monies will be deposited with the California Controller's Unclaimed Property Fund in your name. If the monies represented by your check is sent to the Controller’s Unclaimed Property, you should consult the rules of the Fund for instructions on how to retrieve your money.
6. Requests for Exclusion from the Class Settlement (Opt-Outs). You will be treated as a Participating Class Member, participating fully in the Class Settlement, unless you notify the Administrator in writing, not later than [date], that you wish to opt-out. The easiest way to notify the Administrator is to send a written and signed Request for Exclusion by the [date] Response Deadline. The Request for Exclusion should be a letter from a Class Member or his/her representative setting forth a Class Member’s name, present address, telephone number, and a simple statement electing to be excluded from the Settlement. Excluded Class Members (i.e., Non-Participating Class Members) will not receive Individual Class Payments, but will preserve their rights to personally pursue wage and hour claims against TECTC.

You cannot opt-out of the PAGA portion of the Settlement. Class Members who exclude themselves from the Class Settlement (Non-Participating Class Members) remain eligible for Individual PAGA Payments and are required to give up their right to assert PAGA claims against TECTC based on the PAGA Period facts alleged in the Action.

7. The Proposed Settlement Will be Void if the Court Denies Final Approval. It is possible the Court will decline to grant Final Approval of the Settlement or decline enter a Judgment. It is also possible the Court will enter a Judgment that is reversed on appeal. Plaintiffs and TECTC have agreed that, in either case, the Settlement will be void:

TECTC will not pay any money and Class Members will not release any claims against TECTC.

8. Administrator. The Court has appointed a neutral company, [name] (the “Administrator”) to send this Notice, calculate and make payments, and process Class Members’ Requests for Exclusion. The Administrator will also decide Class Member Challenges over Workweeks, mail and re-mail settlement checks and tax forms, and perform other tasks necessary to administer the Settlement. The Administrator’s contact information is contained in Section 9 of this Notice.
9. Participating Class Members’ Release. After the Judgment is final and TECTC has fully funded the Gross Settlement [Option 1: (and separately paid all employer payroll taxes)], Participating Class Members will be legally barred from asserting any of the claims released under the Settlement. This means that unless you opted out by validly excluding yourself from the Class Settlement, you cannot sue, continue to sue, or be part of any other lawsuit against TECTC or related entities for wages based on the Class Period facts and PAGA penalties based on PAGA Period facts, as alleged in the Action and resolved by this Settlement.

The Participating Class Members will be bound by the following release:

All Participating Class Members, on behalf of themselves and their respective former and present representatives, agents, attorneys, heirs, administrators, successors, and assigns, release Released Parties from any and all claims, debts, liabilities, demands, obligations, penalties, premium pay, guarantees, costs, expenses, attorney’s fees, damages, actions or causes of action of whatever kind or nature, whether known or unknown, contingent or accrued, and irrespective of theory of recovery, that were or could have been brought based on the facts or claims alleged in any version of the complaints filed in the Action or letters submitted to the Labor and Workforce Development Agency (“LWDA”) in connection with the Action, arising during the Class Period,. The released claims include, but are not limited to, claims for failure to pay vacation pay, failure to provide meal periods, failure to authorize and permit rest periods, short/late meal and rest periods, failure to relieve of all duties during meal and rest periods, failure to pay or properly compensate meal or rest break premiums, failure to furnish accurate wage statements, failure to pay final wages upon separation of employment, claims related to pay wages based on failure to properly calculate the regular rate of pay, claims derivative and/or related to these claims, liquidated damages, conversion of wages, claims for penalties for violation of the California Labor Code Private Attorneys General Act (“PAGA”), and claims under the UCL (Business and Professions Code Section 17200 et seq.).

10. PAGA Members’ PAGA Release. After the Court’s judgment is final, and TECTC has paid the Gross Settlement (and separately paid the employer-side payroll taxes), the State of California and all PAGA Members will be barred from asserting PAGA claims against TECTC, whether or not they exclude themselves from the Settlement. This means that

all PAGA Members, including those who are Participating Class Members and those who opt-out of the Class Settlement, cannot sue, continue to sue, or participate in any other PAGA claim against TECTC or its related entities based on the PAGA Period facts alleged in the Action and resolved by this Settlement.

The PAGA Members' Releases for Participating and Non-Participating Class Members are as follows:

The State of California, through Plaintiff in his role as private attorney general, and all Participating and Non-Participating Class Members who are PAGA Members are deemed to release, on behalf of themselves and their respective former and present representatives, agents, attorneys, heirs, administrators, successors, and assigns, the Released Parties, from all claims for PAGA penalties that were alleged, or reasonably could have been alleged during the PAGA Period, based on the facts stated in the Operative Complaint, the PAGA Notices, or ascertained in the course of the Action, irrespective of the theory of recovery, including, but not limited to, claims for failure to pay vacation pay, failure to provide meal periods, failure to authorize and permit rest periods, short/late meal and rest periods, failure to relieve of all duties during meal and rest periods, failure to pay or properly compensate meal or rest break premiums, failure to furnish accurate wage statements, failure to pay final wages upon separation of employment, claims related to pay wages based on failure to properly calculate the regular rate of pay, claims derivative and/or related to these claims, liquidated damages, conversion of wages, claims for penalties for violation of the California Labor Code Private Attorneys General Act ("PAGA"), and claims under the UCL (Business and Professions Code Section 17200 et seq.).

4. HOW WILL THE ADMINISTRATOR CALCULATE MY PAYMENT?

1. Individual Class Payments. The Administrator will calculate Individual Class Payments by (a) dividing the Net Settlement Amount by the total number of Workweeks worked by all Participating Class Members, and (b) multiplying the result by the number of Workweeks worked by each individual Participating Class Member.
2. Individual PAGA Payments. \$25,000 of the Gross Settlement Amount will be allocated to settle all PAGA claims. 75% of this amount (\$18,750) will be sent to the State of California and 25% (\$6,250) will be distributed to PAGA Members. The Administrator will calculate Individual PAGA Payments by (a) dividing 6,250 by the total number of PAGA Pay Periods worked by all PAGA Members and (b) multiplying the result by the number of PAGA Period Pay Periods worked by each individual PAGA Member.
3. Workweek/Pay Period Challenges. The number of Class Workweeks you worked during the Class Period and the number of PAGA Pay Periods you worked during the PAGA Period, as recorded in Defendant's records, are stated in the first page of this Notice. You have until [date] to challenge the number of Workweeks and/or Pay Periods credited to you. You can submit your challenge by signing and sending a letter to the

Administrator via mail, email or fax. Section 9 of this Notice has the Administrator's contact information.

You need to support your challenge by sending copies of pay stubs or other records. The Administrator will accept Defendant's calculation of Workweeks and/or Pay Periods based on Defendant's records as accurate unless you send copies of records containing contrary information. You should send copies rather than originals because the documents will not be returned to you. The Administrator will resolve Workweek and/or Pay Period challenges based on your submission and on input from Class Counsel (who will advocate on behalf of Participating Class Members) and Defendant's Counsel. The Administrator's decision is final. You can't appeal or otherwise challenge its final decision.

5. HOW WILL I GET PAID?

1. Participating Class Members. The Administrator will send, by U.S. mail, a single check to every Participating Class Member (i.e., every Class Member who doesn't opt-out) including those who also qualify as PAGA Members. The single check will combine the Individual Class Payment and the Individual PAGA Payment, if any.
2. Non-Participating Class Members. The Administrator will send, by U.S. mail, a single Individual PAGA Payment check to every PAGA Member who opts out of the Class Settlement (i.e., every Non-Participating Class Member).

Your check will be sent to the same address as this Notice. If you change your address, be sure to notify the Administrator as soon as possible. Section 9 of this Notice has the Administrator's contact information.

6. HOW DO I OPT-OUT OF THE CLASS SETTLEMENT?

Submit a written and signed letter with your name, present address, telephone number, and a simple statement that you do not want to participate in the Settlement. The Administrator will exclude you based on any writing communicating your request be excluded. Be sure to personally sign your request, identify the Action as *Nick Vasquez v. Turbine Engine Components Technologies Corporation*, and include your identifying information (full name, address, telephone number, approximate dates of employment, and social security number for verification purposes). You must make the request yourself. If someone else makes the request for you, it will not be valid. **The Administrator must be sent your request to be excluded by [date], or it will be invalid.** Section 9 of the Notice has the Administrator's contact information.

7. HOW DO I OBJECT TO THE SETTLEMENT?

Only Participating Class Members have the right to object to the Settlement. Before deciding whether to object, you may wish to see what Plaintiff and Defendant are asking the Court to approve. At least [insert] days before the [date] Final Approval Hearing, Class Counsel

and/or Plaintiff will file in Court (1) a Motion for Final Approval that includes, among other things, the reasons why the proposed Settlement is fair, and (2) a Motion for Fees, Litigation Expenses and Service Award stating (i) the amount Class Counsel is requesting for attorneys' fees and litigation expenses; and (ii) the amount Plaintiff is requesting as a Class Representative Service Award. Upon reasonable request, Class Counsel (whose contact information is in Section 9 of this Notice) will send you copies of these documents at no cost to you. You can also view them on the Administrator's Website [need details] or the Court's website [need details].

A Participating Class Member who disagrees with any aspect of the Agreement, the Motion for Final Approval and/or Motion for Fees, Litigation Expenses and Service Award may wish to object, for example, that the proposed Settlement is unfair, or that the amounts requested by Class Counsel or Plaintiff are too high or too low. **The deadline for sending written objections to the Administrator is [date].** Be sure to tell the Administrator what you object to, why you object, and any facts that support your objection. Make sure you identify the Action (*Nick Vasquez v. Turbine Engine Components Technologies Corporation*) and include your name, current address, telephone number, and approximate dates of employment for TECTC and sign the objection. Section 9 of this Notice has the Administrator's contact information.

Alternatively, a Participating Class Member can object (or personally retain a lawyer to object at your own cost) by attending the Final Approval Hearing. You (or your attorney) should be ready to tell the Court what you object to, why you object, and any facts that support your objection. See Section 8 of this Notice (immediately below) for specifics regarding the Final Approval Hearing.

8. CAN I ATTEND THE FINAL APPROVAL HEARING?

You can, but don't have to, attend the Final Approval Hearing on [date] at [time] in Department [9] of the Los Angeles Superior Court, located at 312 North Spring Street, Los Angeles, CA 90012. Re: NICK VASQUEZ v. TURBINE ENGINE COMPONENTS TECHNOLOGIES CORPORATION
California Labor Code § 2699 Penalties

Gentlepersons:

This office represents NICK VASQUEZ (“Plaintiff”) and a proposed group of current and former employees working for TURBINE ENGINE COMPONENTS TECHNOLOGIES CORPORATION (“Defendant”) in the State of California. The purpose of this letter is to comply with the Private Attorneys General Act of 2004, pursuant to California Labor Code § 2698, *et. seq.* We herein set forth the facts and theories of California Labor Code violations which we allege Defendant engaged in with respect to Plaintiff and all of Defendant’s aggrieved employees.

Plaintiff wishes to bring a representative action on behalf of himself and the State of California as well as on behalf of a group of aggrieved employees defined as: All persons who are employed or have been employed as a non-exempt employee by TURBINE ENGINE COMPONENTS TECHNOLOGIES CORPORATION, in the State of California who worked one or more pay periods since one (1) year prior to the date of this letter and continuing to the present plus any additional time during which the statutes of limitation for the causes of action herein were tolled pursuant to Emergency Rule 9 of the California Rules of Court, the ‘Emergency Rules Related to COVID-19’. (“aggrieved employees”).

Any limitations period referenced in this letter is extended pursuant to Emergency Rule 9 (a) of the “Emergency Rules Related to COVID-19,” Appendix I to the California Rules of Court,

LABOR & WORKFORCE DEVELOPMENT AGENCY

California Labor Code §2699 Penalties

November 19, 2021

Page 2 of 4

adopted effective April 6, 2020, which provides that the statutes of limitation that exceed 180 days for civil actions are tolled from April 6, 2020 until October 1, 2020 [“Notwithstanding any other law, the statutes of limitations and repose for civil causes of action that exceed 180 days are tolled from April 6, 2020, until October 1, 2020.”] Any reference to the relevant time period or statute of limitations referenced in this letter is extended into the past by the number of days in which this tolling was in effect.

Defendant has engaged in practices that violate Labor Code §§ 226.7 and 512 with respect to Plaintiff and all aggrieved employees. Labor Code §§ 226.7 and 512 require an employer to pay an additional hour of compensation for each meal period the employer fails to provide. Employees are entitled to a first meal period of at least thirty (30) minutes for shifts over five (5) hours, to be provided within the first five (5) hours of the shift. Pursuant to Labor Code § 226.7(c), if an employer fails to provide an employee with a lawful meal period, the employer must pay the employee one (1) hour of pay at the employee’s regular rate of compensation for each workday that a thirty (30) minute uninterrupted meal period was not provided, was not provided in full, or was not provided in a timely manner.

Defendant failed to apprise Plaintiff and the aggrieved employees of their rights associated with meal periods and failed to provide timely and compliant meal periods. In addition, Defendant has had a consistent policy of: (1) failing to provide Plaintiff and the aggrieved employees timely and compliant meal periods of at least 30 minutes in length; and (2) failing to pay such employees one (1) hour of pay at the employees’ regular rate of compensation for each workday that the complaint meal period was not provided.

Very recently, on July 15, 2021, in *Ferra v. Loews Hollywood Hotel, LLC*, the California Supreme Court set forth the formula for calculating the one extra hour of premium pay that employees are owed if an employer fails to provide a compliant meal period or rest break. Specifically, the Court held that those premium payments must include the hourly value of any nondiscretionary earnings (such as such as a shift differentials), and cannot simply be paid at an employee’s base hourly rate. Here, when meal period premiums are provided, Defendant has had a consistent policy of paying meal period premiums at the base rate and not the blended rate that includes all shift differentials (or other non-discretionary compensation) in violation of Labor Code §§ 226.7 and 512.

Defendant also engaged in a practice of failing to furnish accurate itemized wage statements in violation of Labor Code § 226(a), which requires that every employer shall, semimonthly or at the time of each payment of wages, furnish each employee an accurate itemized statement in writing showing a number of specific items, including total hours worked by the employee and all applicable hourly rates in effect during the pay period and the corresponding number of hours worked at each hourly rate by the employee (See Labor Code §§ 226(a) (2) and (9).) Here, Defendant has failed to furnish Plaintiff and all aggrieved employees with accurate itemized wage statements that include total hours worked by the employee and all applicable hourly rates in effect during the pay period and the corresponding number of hours worked at each hourly rate by the employee. Further, Plaintiff and the aggrieved employees are issued wage statements that do not

LABOR & WORKFORCE DEVELOPMENT AGENCY

California Labor Code §2699 Penalties

November 19, 2021

Page 3 of 4

include premiums as a result of the claims alleged above and when they do, they are not at the accurate rate.

Additionally, Labor Code §226(a)(8) requires that every employer shall, semimonthly or at the time of each payment of wages, furnish each of his or her employees an accurate itemized wage statement in writing showing the name and address of the legal entity that is the employer. Plaintiff and the aggrieved employees are issued wage statements that do not include the name and address of the legal entity that is the employer. Thus, Plaintiff is an aggrieved employee within the meaning of PAGA and Defendant has violated Labor Code §226(a) with respect to Plaintiff and all aggrieved employees.

Labor Code §227.3 provides: “...whenever a contract of employment or employer policy provides for paid vacations, and an employee is terminated without having taken off his vested vacation time, all vested vacation shall be paid to him as wages at his final rate in accordance with such contract of employment or employer policy respecting eligibility or time served...” Defendant has had a consistent policy of failing to pay Plaintiff and the aggrieved employees for their vested vacation wages at the time of the employee’s separation from the company.

As a result of this unlawful policy, Defendant does not pay all wages owed at the appropriate rate to Plaintiff and the aggrieved employees in violation of Labor Code §510. Labor Code § 510(a) states that eight hours of labor constitutes a day's work and any work in excess of eight (8) hours in one workday and any work in excess of forty (40) hours in any one workweek must be compensated at the rate of no less than one and one-half times the regular rate of pay for an employee. Any work in excess of twelve (12) hours in one day shall be compensated at the rate of no less than twice the regular rate of pay. Plaintiff and the aggrieved employees were forced to work on a regular and consistent basis without receiving compensation for all hours

Labor Code § 203 provides that if “an employer willfully fails to pay...any wages of an employee who is discharged or who quits, the wages of the employee shall continue as a penalty from the due date thereof at the same rate until paid or until an action therefor is commenced; but the wages shall not continue for more than 30 days.”

Here, Plaintiff and all aggrieved employees were not paid all wages due upon their separation from Defendant’s employ. As such, Plaintiff is an aggrieved employee and Defendant failed to pay Plaintiff and all aggrieved employees all wages due at the time of termination or within seventy-two (72) hours of their resignation, and have failed to pay those sums for thirty (30) days thereafter in violation of Labor Code §203.

We are constrained to move forward with the filing of this complaint alleging causes of action pursuant to Labor Code §§ 201, 202, 203, 226(a), 226.7, 227.3, and 512 with or without the PAGA claim. Thus, any action by the LWDA would not resolve the entirety of the case, and the interest of judicial economy will be served by allowing the case to proceed as a cohesive whole.

Re: NICK VASQUEZ v. TURBINE ENGINE COMPONENTS TECHNOLOGIES CORPORATION
California Labor Code § 2699 Penalties

Gentlepersons:

This office represents NICK VASQUEZ (“Plaintiff”) and a proposed group of current and former employees working for TURBINE ENGINE COMPONENTS TECHNOLOGIES CORPORATION (“Defendant”) in the State of California. The purpose of this letter is to comply with the Private Attorneys General Act of 2004, pursuant to California Labor Code § 2698, *et. seq.* This is an amended notice letter which shall serve to incorporate and supplement the letter from our office on November 19, 2021. Plaintiff is amending his letter to add violations for Labor Code §226.7 for failure to provide rest periods. We herein set forth the facts and theories of California Labor Code violations which we allege Defendant engaged in with respect to Plaintiff and all of Defendant’s aggrieved employees.

Plaintiff wishes to bring a representative action on behalf of himself and the State of California as well as on behalf of a group of aggrieved employees defined as: All current and former non-exempt employees of Defendant in the State of California including all temporary employees supplied to Defendant by any staffing agency at any time between November 19, 2020, through January 24, 2023. (“PAGA Members” (“aggrieved employees”).

Any limitations period referenced in this letter is extended pursuant to Emergency Rule 9 (a) of the “Emergency Rules Related to COVID-19,” Appendix I to the California Rules of Court, adopted effective April 6, 2020, which provides that the statutes of limitation that exceed 180 days for civil actions are tolled from April 6, 2020 until October 1, 2020 [“Notwithstanding any other law, the statutes of limitations and repose for civil causes of action that exceed 180 days are tolled

from April 6, 2020, until October 1, 2020.”] Any reference to the relevant time period or statute of limitations referenced in this letter is extended into the past by the number of days in which this tolling was in effect.

Defendant has engaged in practices that violate Labor Code §§ 226.7 and 512 with respect to Plaintiff and all aggrieved employees. Labor Code §§ 226.7 and 512 require an employer to pay an additional hour of compensation for each meal period the employer fails to provide. Employees are entitled to a first meal period of at least thirty (30) minutes for shifts over five (5) hours, to be provided within the first five (5) hours of the shift. Pursuant to Labor Code § 226.7(c), if an employer fails to provide an employee with a lawful meal period, the employer must pay the employee one (1) hour of pay at the employee’s regular rate of compensation for each workday that a thirty (30) minute uninterrupted meal period was not provided, was not provided in full, or was not provided in a timely manner.

Defendant failed to apprise Plaintiff and the aggrieved employees of their rights associated with meal periods and failed to provide timely and compliant meal periods. In addition, Defendant has had a consistent policy of: (1) failing to provide Plaintiff and the aggrieved employees timely and compliant meal periods of at least 30 minutes in length; and (2) failing to pay such employees one (1) hour of pay at the employees’ regular rate of compensation for each workday that the complaint meal period was not provided.

Very recently, on July 15, 2021, in *Ferra v. Loews Hollywood Hotel, LLC*, the California Supreme Court set forth the formula for calculating the one extra hour of premium pay that employees are owed if an employer fails to provide a compliant meal period or rest break. Specifically, the Court held that those premium payments must include the hourly value of any nondiscretionary earnings (such as such as a shift differentials), and cannot simply be paid at an employee’s base hourly rate. Here, when meal period premiums are provided, Defendant has had a consistent policy of paying meal period premiums at the base rate and not the blended rate that includes all shift differentials (or other non-discretionary compensation) in violation of Labor Code §§ 226.7 and 512.

Pursuant to Labor Code § 226.7 and Wage Order 16-2001, Defendant is required to provide Plaintiff and the aggrieved employees with rest breaks of not less than ten (10) minutes per four (4) hour work period, or major fraction thereof. Defendant failed to apprise Plaintiff and the aggrieved employees of their rights associated with rest periods and failed to provide all required ten (10) minute rest periods. Further, Plaintiff and the aggrieved employees were not compensated with one (1) hour of wages for each missed rest period as required by Labor Code § 226.7. As discussed above, *Ferra* requires the rest period premium payments must include the hourly value of any nondiscretionary earnings (such as a nondiscretionary bonuses), and cannot simply be paid at an employee’s base hourly rate. Defendant has had a consistent policy of paying rest period premiums at the base rate and not the blended rate when rest premiums are provided, in violation of Labor Code § 226.7.

Defendant also engaged in a practice of failing to furnish accurate itemized wage statements in violation of Labor Code § 226(a), which requires that every employer shall, semimonthly or at the

time of each payment of wages, furnish each employee an accurate itemized statement in writing showing a number of specific items, including total hours worked by the employee and all applicable hourly rates in effect during the pay period and the corresponding number of hours worked at each hourly rate by the employee (See Labor Code §§ 226(a) (2) and (9).) Here, Defendant has failed to furnish Plaintiff and all aggrieved employees with accurate itemized wage statements that include total hours worked by the employee and all applicable hourly rates in effect during the pay period and the corresponding number of hours worked at each hourly rate by the employee. Further, Plaintiff and the aggrieved employees are issued wage statements that do not include premiums as a result of the claims alleged above and when they do, they are not at the accurate rate.

Additionally, Labor Code §226(a)(8) requires that every employer shall, semimonthly or at the time of each payment of wages, furnish each of his or her employees an accurate itemized wage statement in writing showing the name and address of the legal entity that is the employer. Plaintiff and the aggrieved employees are issued wage statements that do not include the name and address of the legal entity that is the employer. Thus, Plaintiff is an aggrieved employee within the meaning of PAGA and Defendant has violated Labor Code §226(a) with respect to Plaintiff and all aggrieved employees.

Labor Code §227.3 provides: “...whenever a contract of employment or employer policy provides for paid vacations, and an employee is terminated without having taken off his vested vacation time, all vested vacation shall be paid to him as wages at his final rate in accordance with such contract of employment or employer policy respecting eligibility or time served...” Defendant has had a consistent policy of failing to pay Plaintiff and the aggrieved employees for their vested vacation wages at the time of the employee’s separation from the company.

As a result of this unlawful policy, Defendant does not pay all wages owed at the appropriate rate to Plaintiff and the aggrieved employees in violation of Labor Code §510. Labor Code § 510(a) states that eight hours of labor constitutes a day's work and any work in excess of eight (8) hours in one workday and any work in excess of forty (40) hours in any one workweek must be compensated at the rate of no less than one and one-half times the regular rate of pay for an employee. Any work in excess of twelve (12) hours in one day shall be compensated at the rate of no less than twice the regular rate of pay. Plaintiff and the aggrieved employees were forced to work on a regular and consistent basis without receiving compensation for all hours

Labor Code § 203 provides that if “an employer willfully fails to pay...any wages of an employee who is discharged or who quits, the wages of the employee shall continue as a penalty from the due date thereof at the same rate until paid or until an action therefor is commenced; but the wages shall not continue for more than 30 days.”

Here, Plaintiff and all aggrieved employees were not paid all wages due upon their separation from Defendant’s employ. As such, Plaintiff is an aggrieved employee and Defendant failed to pay Plaintiff and all aggrieved employees all wages due at the time of termination or within seventy-

two (72) hours of their resignation, and have failed to pay those sums for thirty (30) days thereafter in violation of Labor Code §203.

We are constrained to move forward with the filing of this complaint alleging causes of action pursuant to Labor Code §§ 201, 202, 203, 226(a), 226.7, 227.3, and 512 with or without the PAGA claim. Thus, any action by the LWDA would not resolve the entirety of the case, and the interest of judicial economy will be served by allowing the case to proceed as a cohesive whole.

Very truly yours,

KINGSLEY & KINGSLEY, APC

Legal Fees Cross New Mark: \$1,500 an Hour

Billing rates for partners at elite corporate law firms keep rising, despite low inflation, weak demand

Updated Feb. 9, 2016 10:11 a.m. ET

The day of the \$1,500-an-hour lawyer has arrived.

Partners at some of the nation's top law firms are approaching—and, in a few cases, surpassing—that watershed billing rate, making the \$1,000-an-hour legal fees that once seemed so steep look quaint by comparison.

Despite low inflation and weak demand for legal services, rates at large corporate law firms have risen by 3% to 4% a year since the economic downturn, according to Citi Private Bank's Law Firm Group.

“We just raise them every year,” said John Altorelli, a finance lawyer at DLA Piper LLP in New York, who says the firm has set his rate at more than \$1,500 an hour. Mr. Altorelli, who filed for personal bankruptcy in 2014 to halt a legal battle with the estate of his former law firm, Dewey & LeBoeuf LLP, cracked the \$1,000-an-hour mark a decade ago. His fees have risen steadily ever since.

To soften the blow to clients, Mr. Altorelli does more than half his work on some kind of fixed-fee basis. “Using hourly rates is really anachronistic, but we still do it,” he said.

Raising rates ensures that law firms keep up with the competition and helps them wrest more money from clients, who routinely demand discounts for all but the most sensitive work.

“If you think of the rules of supply and demand, how in the world can they keep raising their rates?” said Jeff Carr, a former general counsel of oil-and-gas services and equipment company FMC Technologies who for years has been an outspoken opponent of hourly legal rates.

The rate creep has boosted law firms’ revenue at a time when many of them are under pressure from lower-cost legal-service providers and corporate clients that are keeping more legal work in-house. Revenue at law firms rose 4% last year, according to Wells Fargo Private Bank’s Legal Specialty Group, though demand rose just 0.5%.

“Lots of law firms will charge whatever the market can bear,” said the head of one of the nation’s 200 largest law firms.

Documents filed in chapter 11 bankruptcy cases offer a rare public glimpse at mounting fees. These court filings show the rates of partners specializing in corporate restructuring, as well as those with specialties like tax, litigation and corporate law.

A review of filings over the past three months in about two dozen bankruptcy cases shows that senior partners routinely charge between \$1,200 and \$1,300 an hour, with top rates at several large law firms exceeding \$1,400.

Proskauer Rose LLP’s hourly partner billing rate has climbed as high as \$1,475, while Ropes & Gray LLP’s tops out at \$1,450, court papers show.

Kirkland & Ellis LLP’s top hourly billing rate is now \$1,445. And rates at two firms—Akin Gump Strauss Hauer & Feld LLP and Skadden, Arps, Slate, Meagher & Flom LLP—peak at \$1,425 an hour.

Representatives of the law firms declined to comment.

THE WALL STREET JOURNAL.

Martin Bienenstock, who leads Proskauer's restructuring practice, called the \$1,225 an hour he billed clients last year "a market rate similar to my peers at other firms," and said he charges the same rate for nonbankruptcy work.

"The clients have kept coming back and growing during my 38-year career," he

said in an email, adding that clients generally prefer dealing directly with senior lawyers versus younger associates with lower rates.

In disclosing their firmwide rate increases, many firms tell the courts it is a standard way of keeping pace with "economic and other conditions." These include rising fixed costs, such as real estate and salaries.

In theory, a law-firm partner's pay rises and falls with the success of the firm. But, as competition for top talent increases, many firms feel the need to guarantee salaries or ensure a partner's pay doesn't fall, even in down years.

Still, only elite lawyers can charge \$1,400 an hour or more. Such rates are found almost exclusively in New York and other major markets, and only in the least price-sensitive fields like mergers and acquisitions, restructuring, tax, antitrust and high-stakes litigation and appeals.

For lawyers at the very top of those fields, hourly rates can hit \$1,800 or even \$1,950.

"You have a very few people at the very top where price is almost no object," said legal consultant Bruce MacEwen, who likens it to the way celebrities, sports stars and best-selling authors are paid. "It is a talent market."

Most lawyers in the U.S. fall well below those high marks. In a survey of in-house legal departments by BTI Consulting Group, the average highest rate paid for

law-firm partners was \$875 an hour in 2015, up more than 27% from three years earlier. Of the respondents, 38% had paid more than \$1,000 an hour for a lawyer, and the highest rate those in the survey paid was \$1,600 an hour.

For many firms, the stated rate is simply a starting point in discussions with corporate law departments. As a result, said legal consultant Ward Bower of Altman Weil, “sophisticated” law firms tend to implement annual rate increases to offset clients’ requests for discounts.

Such discounts are becoming more commonplace. A decade ago, law firms could typically get clients to pay around 92% of their stated rates, according to Thomson Reuters Peer Monitor. Last year, that fell to less than 83%.

Smaller companies can get squeezed the most on fees, because they don’t send enough work to any one law firm to get the best deals.

Companies with \$4 billion or more in annual revenue were twice as likely as those with less than \$100 million in revenue to use some form of alternative fee, according to a survey from industry trade group the Association of Corporate Counsel.

Some industry watchers view the raise-and-discount approach with skepticism.

“If clients are pushing back on rates, the answer isn’t to raise them” and then ask for a discount, Mr. MacEwen said. “The answer is to provide better total value.”

The methodology of calculation and benchmarking for this Updated Laffey Matrix has been approved in a number of cases. See, e.g., *DL v. District of Columbia*, 267 F.Supp.3d 55, 69 (D.D.C. 2017)

* $\frac{1}{2}$ Years Out of Law School $\frac{1}{2}$ is calculated from June 1 of each year, when most law students graduate. $\frac{1}{2}$ 1-3" includes an attorney in his 1st, 2nd and 3rd years of practice, measured from date of graduation (June 1). $\frac{1}{2}$ 4-7" applies to attorneys in their 4th, 5th, 6th and 7th years of practice. An attorney who graduated in May 1996 would be in tier $\frac{1}{2}$ 1-3" from June 1, 1996 until May 31, 1999, would move into tier $\frac{1}{2}$ 4-7" on June 1, 1999, and tier $\frac{1}{2}$ 8-10" on June 1, 2003.
