Attorneys for Plaintiff, on a representative basis and on behalf of all others similarly situated

SUPERIOR COURT OF THE STATE OF CALIFORNIA
FOR THE COUNTY OF SAN BERNARDINO

MARK RAMOS, individually, on a
representative basis, and on behalf of all
others similarly situated;

Plaintiff,

vs.

MSI STRUCTURAL STEEL, LLC, a
California Limited Liability Company; and
DOES 1 through 20, inclusive;

Defendants.

Case No.: CIVSB2134505
*[Assigned to Hon. Christian Towns, Dept
S26, for all purposes]*

**DECLARATION OF PLAINTIFF IN
SUPPORT OF PLAINTIFF'S MOTION
FOR FINAL APPROVAL OF CLASS
ACTION SETTLEMENT**

I, Mark Ramos, state and declare:

1. I am the Plaintiff in the above captioned action and have personal knowledge of all matters stated herein and could competently testify thereto. I make this declaration in support of the motion for final approval of the class action settlement. I believe that the settlement is fair and reasonable and constitutes a fair resolution of the claims alleged.

2. During my employment with Defendant, I thought that there were issues with how my employment was terminated, my pay, as well as my meal periods and rest breaks. I started researching California law and contacted attorneys regarding these issues.

3. I then contacted my attorneys (Lauby, Mankin & Lauby LLP) and discussed these claims. As part of this discussion, I understood that I could either bring a class action to help all

1 of the employees, but I would have to put their interests ahead of my own, or I could bring my
2 individual case and claims and attempt to maximize my individual recovery. This decision was
3 very difficult because I wanted to help everyone else that was wronged by the company, but I
4 also wanted maximize my individual recovery. I was also concerned that, if I brought this as a
5 class action, I might get labeled as a whistleblower, which might make it hard to find a job in the
6 same field in the future. I eventually decided that – despite the risks – it was important to bring
7 these claims as a class action to hold the company accountable for how they treated their
8 employees.

9 4. I respectfully request that the Court approve the agreed-upon service award for
10 the following reasons.

11 5. First, I have spent at least 60 hours engaged in activities to benefit the class. I
12 have been an active participant in this litigation, including assisting my attorneys in various ways
13 and making myself available when needed. For example, I prepared for and had my deposition
14 taken. I have assisted my attorneys by compiling and analyzing substantial documentation
15 regarding claims. I also helped to explain and discuss the company's practices and their general
16 practices and procedures, locating and analyzing company documents, among others. I also
17 assisted in settlement discussions, helped obtain a highly favorable result for the class, and
18 reviewed all settlement documents and believe that this settlement is fair for the class.

19 6. Second, I respectfully request that the Court approve the agreed-upon service
20 award because I agreed to set aside my personal interests and to put the interests of the class
21 ahead or on par with my own. In fact, as a condition of this class action settlement, I was
22 required to compromise on and waive all possible individual claims against the company.
23 However, to finalize this settlement, I put the interests of the class ahead of my own and agreed
24 to waive all of my claims against the company.

25 7. Third, by bringing this case as a class action, I undertook significant risks and
26 stresses at a high emotional cost without any guarantee of success. For example, filing this
27 lawsuit and being a whistle blower was stressful on a day-to-day basis as I have constantly
28 worried about the risk that this case could impact my ability to find future jobs. This stress/risk

1 lasted for the entire case, and I'm worried it will continue to make it hard to find a job in the
2 future since the case information is all available online.

3 8. Fourth, and finally, bringing this case also came with a major financial risk
4 because, if I lost the case, I would be required to pay the company's costs, and there was a
5 chance they could try to make me pay their attorneys' fees as well.

6 9. Therefore, I respectfully request that the Court award the service award since that
7 amount is justified based on the substantial time I spent on this case, as well as the risks and
8 stresses I faced and will continue to face to secure this class action settlement to benefit the other
9 employees.

10 I declare under penalty of perjury under the laws of the State of California that the
11 foregoing is true and correct. Executed on Dec 19, 2024, at Long Beach, California.
