Case No. 22CV397191

**DECLARATION OF ZOLA STAMPER
IN SUPPORT OF MOTION FOR
PRELIMINARY APPROVAL OF
CLASS SETTLEMENT**

Hearing Date: January 7, 2026

Hearing Time: 2:30 p.m.

Judge: Hon. Theodore C. Zayner

Dept: 19

Complaint Filed: April 22, 2022

Trial Date: Not Set

1 I, Zola Stamper, declare as follows:

2 1. I am over the age of eighteen, a Plaintiff and a proposed Class Representative in the
3 above-entitled matter. I submit this declaration in support of the Motion for Preliminary
4 Approval of Class Settlement and in support of my application for a Class Representative
5 Service Payment.
6

7 2. I have personal knowledge of all the facts stated herein. I could and would competently
8 testify under oath to these facts in court if requested to do so.

9 3. During the class period I worked as a Traveling Registered Nurse for Defendant AMN
10 Services, LLC ("Defendant" or "AMN") in California and during that time period, I was
11 classified by AMN as a non-exempt employee.
12

13 4. I retained my attorneys who are experienced in both class action and PAGA
14 representative action litigation and claims against employers for violations of the California
15 Labor Code. I have no personal relationship or family ties to my attorneys or any officer of the
16 Court. I am not aware of having any actual or potential conflicts of interest with another class
17 member in this case nor am I aware of having any actual or potential conflicts of interest with
18 Apex Class Action, LLC, the settlement administrator. I am not aware of any other pending
19 matter or action asserting claims that will be extinguished or adversely affected by this
20 settlement.
21

22 5. I decided to pursue this class action lawsuit and be a plaintiff/class representative because
23 I felt that my legal rights as an employee and others like me were violated. For example, I
24 received non-discretionary compensation from time to time, such as per diem payments, but
25 these payments during certain pay periods when I worked overtime were not factored into my
26 regular rate. I was underpaid sick pay and overtime as a result. As another example, I often did
27 not receive compliant meal and rest breaks which were late, interrupted or missed entirely. I also
28

1 did not receive all the meal and rest break premiums I was entitled to and when I did receive
2 premium payments, they were often an incorrect amount. Additionally, I was required to use my
3 personal cellular phone for company business without all reimbursements by AMN. I was also
4 required to work off the clock at times, after hours for example, but I was not paid any wages for
5 this time I worked for the company.
6

7 6. I spoke to my attorneys several times and discussed how AMN implemented its company
8 policies and procedures. I also assisted my attorneys in their investigation into my claims by
9 providing them documents and answering their questions. I reviewed the amended complaint
10 before it was filed and after it was filed I was given access to an electronic file sharing program
11 that alerted me via email when important documents were filed so that I could review them and
12 keep up with the developments in the case which I understood was one of my duties as a class
13 representative. I was in contact with my attorneys to answer questions and I would also contact
14 my attorneys from time to time if I had any questions about the case.
15

16 7. Even though this action is in the process of settling, I was and remain prepared to
17 perform all the duties of a class representative. I understand that as a class representative I have
18 assumed a fiduciary responsibility to prosecute this class action on behalf of the absent class
19 members. I have understood that as a fiduciary, I have a duty to prosecute this action for the
20 benefit of the class members and surrender any right to compromise the group action for an
21 individual gain.
22

23 8. I understood that being a plaintiff/class representative in this case meant that I was
24 seeking damages not only for myself but also other current and/or former non-exempt employees
25 working for AMN in California who make up the class. I felt that these individuals were not
26 aware of their labor law rights and even if they were they would probably be apprehensive about
27 speaking up or even simply because of the time, effort and risk involved in filing a class action
28

lawsuit.

9. I understood that being a part of this lawsuit involved risks. For example, my attorneys explained to me that if the case went to trial and we lost, I could be held responsible to pay for all or part of the attorney fees and costs paid by AMN to defend this lawsuit. Also, I knew there was a risk that future employers, if they ever find out about this lawsuit, could hold it against me or downgrade me as a potential hire. As only one of three named plaintiffs in this case it would not be difficult for a future employer to become aware that I sued my employer for labor law violations. Ultimately, I decided these risks were worth it and decided to fight for my rights and the rights of others regardless of the risks, time and effort I spent on this case.

10. During the lawsuit I stayed in touch with my attorneys by phone and email. I also kept up to date on important developments by reviewing court filings that were made available to me electronically as I described above.

11. A mediation took place on June 17, 2025 with Monique Ngo-Bonnicci, a well-respected and experienced mediator of wage and hour class actions. After the mediation the parties were able to reach an agreement to settle the action. I communicated with my attorneys regarding the terms of the settlement which was reached between the parties and understood that I was representing absent class members and therefore wanted the best possible result to be obtained for the class members and I believe a very positive result was in fact achieved via settlement. I reviewed and signed the Memorandum of Understanding on June 19, 2025, and when the final settlement papers were ready, I closely reviewed the Class Action and PAGA Action Settlement Agreement, which I signed on September 9, 2025.

12. I have been actively involved with this lawsuit performing the duties described above. Although I did not keep time records, I was in regular contact with my attorneys, reviewed court filings, and spent a significant amount of time on the issues presented during the lawsuit and in

1 the settlement process. I estimate that I spent approximately 30-40 hours working on this case
2 up until this point. I believe I have been diligent and have done what is expected of a named
3 plaintiff and a proposed class representative to date and will continue to do so. I have and always
4 will maintain the best interest of the class members.

5
6 13. My attorneys explained to me that the settlement process involves a two-step review by
7 the Court to determine whether the settlement is fair before approving the settlement. I know
8 this process also involves notifying all class members of the settlement terms and of their rights
9 to make a claim for their settlement share, to opt out of the settlement or to object to the
10 settlement.

11
12 14. I believe I did the right thing by filing this case on behalf of the class members who,
13 subject to court approval, are in line to receive monetary payments as a result of this case and
14 settlement. This is money they may never have ever gotten if I did not pursue this action on their
15 behalf. I feel significant personal satisfaction to know that I played a role in the class members
16 being entitled to monetary payments as a result of the filing of this lawsuit. I also believe that
17 the requested Class Representative Service Payment of \$10,000 from the settlement is fair
18 compensation for the work I performed and the risks I undertook.

19
20 15. In light of all the time and effort I have spent on this case, the risk I undertook by suing
21 my employer, the exposure to being responsible for paying AMN's costs in the event we did not
22 win the case, the reputational risk that future employers may hold this lawsuit against me, in light
23 of the size of the settlement, and the general release, I believe the request for \$10,000 as a Class
24 Representative service payment is fair and reasonable.
