CLASS ACTION

**DECLARATION OF JESSICA VARGAS
ZARAGOZA IN SUPPORT OF
UNOPPOSED MOTION FOR
PRELIMINARY APPROVAL OF CLASS
ACTION SETTLEMENT**

DATE: September 5, 2023

TIME: 11:00 a.m.

DEPT.: SS-12

Complaint Filed: March 17, 2022

1 I, JESSICA VARGAS ZARAGOZA, hereby declare and state as follows:

2 1. I am a named Plaintiff in this lawsuit against Defendant American Tax
3 Solutions (“Defendant”) and I submit this declaration in support of Plaintiffs’
4 Unopposed Motion for Preliminary Approval of Class Action Settlement. I am a
5 competent adult and worked for Defendant as a non-exempt employee in Los Angeles
6 County during the relevant time period. I have personal knowledge of the facts set forth
7 herein, and if called as a witness to testify to them, I could and would do so competently.

8 2. I contacted my current attorneys when I questioned the employment
9 practices of Defendant prior to commencing this lawsuit. I accepted the opportunity to
10 act as a Class Representative in a class action on behalf of other employees of Defendant
11 who I believed were being subjected to labor law violations. Although presented with
12 the opportunity, I did not to pursue this case on an individual basis and instead did so as
13 a class action so that I could help other employees recover for what I believed were
14 Defendant’s illegal practices.

15 3. Specifically, I questioned Defendant’s policies of failing to pay all wages,
16 failing to provide all meal and rest periods, failing to reimburse expenses, failing to
17 timely compensate employees upon separation, and issuing its employees deficient wage
18 statements. Through many discussions with my lawyers, I learned these may be illegal
19 practices and Defendant’s employees might have recourse for them.

20 4. By bringing this lawsuit, and throughout its course, I have put the interests
21 of the class ahead of my own. I understood that I could possibly earn a small
22 enhancement payment if this case resolved itself favorably, but always knew that I could
23 also be responsible for paying Defendant’s attorneys’ fees and costs if it did not. My
24 goal in bringing this lawsuit was to obtain a recovery on behalf of the class, and even
25 more importantly, to put an end to what I believed were illegal practices on the part of
26 Defendant. I believe I have achieved both through this lawsuit and settlement.

1 5. I am very happy about the results of this litigation. I am satisfied that
2 Defendant is compensating class members for unpaid wages, premium wages for missed
3 meal and rest periods, expenses, penalties, and interest that I believe we are due.

4 6. At the onset of this case, I spent time through numerous phone calls with
5 several of my attorneys explaining what I understood to be the policies and procedures
6 of Defendant and how they were applied to me and others I worked with. During the
7 course of this litigation, up through and following the settlement process, I kept actively
8 involved with its status, tracking the status of the case and participating as much as
9 possible.

10 7. While I have not maintained detailed time records of my activities in
11 connection with this litigation, I believe that have spent a total of approximately 12.5
12 hours assisting my attorneys with the preparation of this case, and doing work and
13 analysis independent from my attorneys both before and during this case, including
14 conducting an independent investigation of the facts and attending a full-day mediation.

15 8. Before this litigation commenced, and throughout its course, I have spent
16 approximately 10 or more hours gathering, organizing, and reviewing documents and
17 information for this lawsuit. I sifted through many of my own documents and reviewed
18 information produced by Defendant as part of this case.

19 9. I have communicated with my attorneys several times per month to track
20 my case's status. I have taken an active involvement in this matter throughout its course,
21 including assistance to my attorneys at the mandatory settlement conferences and at my
22 deposition.

23 10. This lawsuit will almost certainly result in reputational harm to me. There
24 is a stigma associated with suing anyone, let alone your former employer. I will
25 probably be adversely affected when it comes to obtaining future employment –
26 employers who learn that I sued Defendant in a class action will likely avoid hiring me.

11. I do not believe that I have any conflicts with other members of the class. My interests in bringing this lawsuit – for Defendant to change its labor practices going forward and to compensate current and former employees – are the same as those of all other class members.

I declare, under penalty of perjury, under the laws of the State of California that the foregoing is true and correct.

Executed on this 31st day of July, 2023 at Chino, California.
