DECLARATION OF MIREYA TORRES

I, **Mireya Torres**, hereby declare as follows:

1. I am over 18 years of age and a resident of California. I am one of the named plaintiffs in the above captioned case and the named plaintiff in *Mireya Torres v. Williams Lea, Inc.*, Superior Court of California for the County of Orange, Case No. 30-2020-01149249-CU-OE-CXC ("PAGA Action"), which is pending in Department CX-103 before Honorable Judge Lon F. Hurwitz and being resolved in accordance with the settlement reached in the above-captioned case ("Class Action"). I have personal knowledge of the facts and statements set forth in this declaration, and if called upon to testify, I could and would competently testify thereto. This declaration and its contents are not intended to waive any mediation, settlement, or any attorney client communication privileges or confidentiality.

2. I was employed by Defendant Williams Lea, Inc. ("Williams Lea") in an hourly-paid position from approximately October 2018 to approximately April 2019. During my employment with Williams Lea, I performed work off-the-clock and experienced short, late, interrupted, and/or missed meal periods and rest periods and unreimbursed business expenses. Also, it was my experience that the employee handbook and common employment, payroll, and timekeeping policies and practices applied to employees regardless of job position.

3. I decided to seek legal advice about my work experiences with Williams Lea and about pursuing my grievances. I contacted Lawyers for Justice, PC and spoke with attorneys there. I wanted to do whatever I could to make sure Williams Lea paid me and other employees what was owed to us for all hours worked (e.g., for off-the-clock work, minimum and regular pay, and overtime pay), non-compliant meal and rest breaks, and failure to reimburse expenses. After speaking with the attorneys, I investigated complex wage-and-hour lawsuits on my own and did some research into the leading class action and employment law firms in California for approximately 14 hours. Thereafter, I consulted with the attorneys at Lawyers for Justice, PC for 9 hours to discuss my situation, complex wage-and-hour class actions and representative actions under the Private Attorneys General Act ("PAGA") in general, and what it meant to be a named plaintiff, class representative, and eventually, a PAGA representative. Prior to

1 commencing the case, I was informed of and came to understand what my duties and
2 responsibilities would be as a class representative and PAGA representative, and also, if class
3 certification were to be obtained, what my duties and responsibilities would be in that event.

4 4. I understand that the class claims alleged in this action were brought on behalf of
5 other employees, and thus I am acting as a representative for the Class. As a class representative,
6 I recognize that it is my responsibility to act in the Class's best interest and not my own. I will
7 not put my own interests ahead of that of the Class. I am also not aware of any conflicts that
8 exist between my interest and the interests of the Class that would impair or affect my ability to
9 serve as representative for the Class.

10 5. I have spent over 16 hours meeting with my attorneys and fulfilling my
11 responsibilities as a class and PAGA representative in this case, which included gathering
12 documents concerning my employment with Williams Lea, reviewing documents with my
13 attorneys and answering their questions, and providing guidance regarding the duties of non-
14 exempt employees, and helping develop a strategy as to what documents and information to
15 obtain from Williams Lea. I routinely checked in with my attorneys and their staff to make sure
16 that they had my most current information and any additional information that I had obtained.

17 6. Throughout the case, I was available to answer any questions my attorneys had,
18 and available to speak and meet with them whenever they needed me. I responded to my
19 attorneys as quickly as possible and gave them as much information and identified as many
20 documents as I could. I spent at least 13 additional hours speaking with my attorneys about the
21 case, identifying potential witnesses, providing my attorneys with documents and information
22 concerning the case, and also describing policies, practices, and procedures of Williams Lea.
23 During the discovery phase of the litigation, I spent approximately 8 additional hours reviewing
24 Williams Lea's discovery requests, locating documents, and providing documents to my
25 attorneys.

26 7. As far as the settlement is concerned, I was available to review documents and
27 answer any questions my attorneys had. I spent about 5 hours reviewing the settlement
28 documents and about 4 hours asking questions and discussing the potential settlement,

1 mediation and outcome thereof, settlement paperwork, and amended settlement paperwork with
2 my attorneys before signing the settlement papers.

3 8. I understand that a settlement has been reached in my case to resolve the class
4 claims, and I further understand what my duties and responsibilities are as a class and PAGA
5 representative. For example, I am aware that if the settlement is granted preliminary approval,
6 the Court will certify a class for settlement purposes, and likely appoint me as the representative
7 of the class and my attorneys as counsel for the class. I also understand that I will be tasked with
8 checking in on, monitoring, and conferring with my attorneys and counsel for the class to
9 facilitate the notice and settlement administration process, and to provide information that the
10 Court needs to assess whether the settlement is fair, reasonable, and adequate. Further, if any
11 individuals who are potential class members contact me, I will take steps to have them referred
12 to the Court-appointed settlement administrator so that these individuals may receive whatever
13 information and notice they may be eligible to receive in connection with the settlement and
14 contemplated final approval hearing.

15 9. I believe that I have done everything that my attorneys have asked of me and have
16 tried, to the best of my ability, to represent the class and seek relief for the aggrieved employees
17 and the State of California. I think my efforts helped to get the result obtained in this case, and
18 as a class and PAGA representative, I respectfully request that the Court award me an
19 enhancement payment in the amount of \$12,500.00 for my active participation in this case.
20 Taking into consideration the time that I have dedicated to this case, I believe that this amount
21 is reasonable.

22 10. I am not related to anyone associated with Lawyers *for* Justice, PC.

23 11. I have not entered into any undisclosed agreements, nor have I received any
24 undisclosed compensation in this case. The only compensation I will receive is whatever amount
25 the Court awards as an enhancement payment, as well as my share of the settlement as a class
26 member and as an aggrieved employee.

27 I declare under penalty of perjury under the laws of the State of California that the
28 foregoing is true and correct.

Executed on 06/15/2023, at Santa Ana, California.
