Manual for Complex Litigation (Third) § 30.41 6

1 **MEMORANDUM OF POINTS AND AUTHORITIES**

2 **I. INTRODUCTION**

3 This is a wage and hour class and PAGA action. Plaintiff Efrain Robles (“Plaintiff”)
4 worked as non-exempt employee for Defendant GTI Transport, Inc. (“GTI”) as a transportation
5 officer. Plaintiff alleges that Defendant violated the Labor Code by the following: (1) not
6 providing off-duty meal and rest breaks; (2) not correctly paying overtime pay, (3) not paying
7 minimum wages for all hours worked; and (4) not providing accurate and complete wage
8 statements. In addition, Plaintiff alleged violations of the Unfair Competition Law and PAGA.

9 Prior to the mediated settlement, the Parties engaged in the exchange of formal and
10 informal discovery and a study of the legal principles applicable to the claims asserted. Plaintiff
11 obtained GTI’s COVID screening procedures, company handbook, Meal and Rest break policies,
12 Plaintiff’s personnel file, time, and pay records, as well as a sampling of the payroll records of the
13 class.

14 With the assistance of experienced employment law mediator Steve Pearl, the Parties
15 reached a current settlement. The terms provide Defendant shall pay a gross amount of \$750,000.
16 This is non-reversionary, so the class members do not need to submit claim forms.

17
18 **II. BACKGROUND OF THE SETTLEMENT.**

19 **A. Procedural History and Summary of the Allegations**

20 On April 26, 2022 Plaintiff uploaded a PAGA letter to the LWDA website and sent the
21 letter by certified mail to GTI. Then on July 5, 2022, Plaintiff filed the complaint containing the
22 following causes of action: Failure to Pay Hourly and Overtime Wages, rest break violations, meal
23 break violations, wage statement penalties, violation of the Unfair Competition Law, and for
24 PAGA Penalties. Thereafter, on October 12, 2022 Plaintiff filed a First Amended Complaint
25 adding class allegations.

26 **B. The Parties Agree to Private Mediate**

27 Plaintiff then propounded written discovery. Rather than engage in formal discovery at that
28 time, the Parties then agreed to provide information informally with the goal of settling the case at

1 mediation.

2 Plaintiff sent an informal request, and in response, GTI produced Plaintiff's personnel file,
3 written company policies, procedures, and handbooks, and a sampling of time and payroll records.
4 There are approximately 85 class members and 77 aggrieved employees who worked 12,400
5 workweeks during the class period and 2,975 pay periods during the PAGA period.
6 Experienced employment law mediator Steve Pearl mediated the case on March 2, 2023. After a
7 full day, case did not settle. However, the parties continued settlement negotiations and reached
8 an agreement on September 13, 2023. The settlement was reduced to a long form settlement
9 agreement, and it was fully signed on August 29, 2024 after further negotiations.

10 **C. The Terms of the Settlement.**

11 **1. Settlement and Allocation of the Claims**

12 The Class consists of the following: "All persons employed by [GTI] in California and
13 classified as a non-exempt employee who worked for [GTI] during the Class Period." The Class
14 Period is from July 5, 2018, to September 19, 2023 (inclusive). Based upon GTI's records, the
15 number of Class Members is approximately 85.

16 The payments to each Class Member will depend on the number of workweeks worked by
17 during the Class Period. Additionally, \$50,000 is allocated to PAGA. Subsequently, \$250,000
18 (1/3 of the gross settlement) is attributed to attorney fees, \$20,000 is attributed to costs, and
19 \$5,950 for settlement administration.

20 This means that of the \$750,000 gross settlement, after the deductions above, the net
21 settlement amount is \$424,050.

22 23 **III. OVERVIEW OF THE APPROVAL PROCESS**

24 **A. Two-Step Approval Process**

25 A settlement of a class action lawsuit must be reviewed and approved by the Court. This is
26 done in two steps: (1) an early (preliminary) review by the trial court, and (2) a final review after
27 notice has been distributed to the class members for their comment or objections. The Manual for
28 Complex Litigation (Third) § 30.41 states:

1 If the preliminary evaluation of the proposed settlement does not disclose grounds
2 to doubt its fairness or other obvious deficiencies, such as unduly preferential
3 treatment of class representatives or of segments of the class, or excessive
4 compensation for attorneys, and appears to fall within the range of possible
approval, the court should direct that notice ... be given to the class members of a
formal fairness hearing, at which arguments and evidence may be presented in
support of and in opposition to the settlement.

5
6 Thus, the preliminary approval by the trial court is simply a conditional finding that the
7 settlement appears to be within the range of acceptable settlements. As Professor Newberg
8 commented, “The strength of the findings made by a judge at a preliminary hearing or conference
9 concerning a tentative settlement proposal may vary. The court may find that the settlement
10 proposal contains some merit, is within the range of reasonableness required for a settlement offer,
11 or is presumptively valid subject only to any objections that may be raised at a final hearing.” 4
12 Alba Conte & Herbert B. Newberg, *Newberg on Class Actions*, § 11.26 (4th ed. 2002).

13 **B. Conditional Certification is Appropriate**

14 The parties also may, at the preliminary approval stage, request that the court provisionally
15 certify class—conditional upon final approval of the settlement. “Pre-certification settlements are
16 routinely approved if found to be fair and reasonable.” (*Wershba v. Apple Computer, Inc.* (2001)
17 91 Cal. App. 4th 224, 240; accord *Dunk v. Ford Motor Co.* (1996) 48 Cal. App. 4th 1794, 1803
18 (although the settlement was reached before any adversary certification, the court was satisfied
19 that it was fair, adequate and reasonable).

20 21 **IV. THE COURT SHOULD GRANT PRELIMINARY APPROVAL**

22 **A. The Settlement is Fair, Reasonable, and Adequate, and Not the Result of** 23 **Fraud or Collusion**

24 Courts presume the absence of fraud or collusion in the negotiation of settlement unless
25 evidence to the contrary is offered. (*Priddy v. Edelman* (6th Cir. 1989) 883 F.2d 438, 447; *Mars*
26 *Steel Corp. v. Continental Illinois Nat’l Bank & Trust Co.* (7th Cir. 1987) 834 F.2d 677, 682.
27 Courts do not substitute their judgment for that of the proponents, particularly where a settlement
28 was reached with the participation of experienced counsel familiar with the litigation. (*Nat’l Rural*
Telecomms. Coop. v. DIRECTV, Inc. (C.D. Cal. 2004) 221 F.R.D. 523, 528 (C.D. Cal. 2004).

1 While the recommendations of counsel proposing the settlement are not conclusive, the
2 Court can take them into account, particularly where they were involved in discovery and
3 negotiations for some period of time, appear to be competent, have experience with this type of
4 litigation, and have exchanged evidence from the opposing party. *See Newberg on Class Actions*,
5 *supra*, at § 11.47; *Nat'l Rural Telecomms. Coop.*, *supra*, 221 F.R.D. at p. 528 (quoting *In re Paine*
6 *Webber Ltd. P'ships Litig.* (S.D.N.Y. 1997) 171 F.R.D. 104, 125 (“So long as the integrity of the
7 arm’s length negotiation process is preserved [] a strong initial presumption of fairness attaches to
8 the proposed settlement...[citations] and great weight is accorded to the recommendations of
9 counsel, who are most closely acquainted with the facts of the underlying litigation”)).

10 Here, both Plaintiffs’ counsel and GTI’s counsel have a great deal of experience in wage
11 and hour class action litigation, as demonstrated in the attached declaration. Moreover, Plaintiff’s
12 counsel investigated the allegations and consulted with an expert to formulate a damages model.
13 This information was incorporated into the arms-length negotiations.

14 The settlement for each Class Member is fair, reasonable, and adequate, given the inherent
15 risks of litigation, including the substantial risks relative to class certification, and the costs of
16 pursuing such litigation, discussed further below. Of course, class members may still opt out of the
17 settlement, and the class members will be apprised of their right to attend the fairness hearing, and
18 submit objections to the proposed settlement.

19 **B. The Proposed Settlement Meets the *Kullar* Factors.**

20 As explained in *Kullar v. Foot Locker Retail, Inc.* (2008) 168 Cal. App. 4th 116, 130, 133,
21 a class action settlement should be approved when the plaintiff has conducted discovery and the
22 settlement is reasonable in light of the strengths and weaknesses of the claims.

23 **1. Strengths and Weaknesses of the Claims.**

24 Although Plaintiff’s counsel believes the claims are meritorious, they are experienced and
25 realistic, and understand the possibility of non-certification on one or more of the theories alleged.
26 Plaintiffs’ counsel further recognizes that the outcome of a trial, any appeal that could follow, are
27 inherently uncertain. These risks on are compounded by the Supreme Court’s holding in *Duran v.*
28 *U.S. Bank Nat'l Ass'n* (2014) 59 Cal.4th 1 (use of statistical evidence regarding certification).

Plaintiff alleges that GTI required class members to go through a COVID screening any time they entered or left the facility. Plaintiff alleges that these screenings took so long as to act as a prohibition against leaving the facility during breaks. While the records indicated that GTI at least sometimes paid missed break premiums to the employees, it did not do so each time a break was so discouraged. Further, even if the Screenings were not required, Plaintiff alleges that GTI's policy as written was not compliant with California law, as it stated that employees may be restricted to the premises during meal breaks but did not obtain on-duty meal period agreements.

26 The facts above comprised risks for certification, since there could be a possibility that
27 only individual questions would predominate, and no method of proof would show a uniform lack
28 of breaks at all locations.

1 **b. Wage and Hour Violations**

2 Plaintiff alleges GTI required class members to perform work-related functions before and
3 after their shifts without pay. In addition, Plaintiff alleges that GTI did not correctly calculate
4 overtime pay, and as a result underpaid class members.

5 i. Pre-Shift COVID Screenings

6 As explained above, Plaintiff alleges that GTI required each employee to go through a
7 COVID screening before entering the facility. While employees were allowed to clock in prior to
8 the screening, they were *not* allowed to clock in prior to entering the lobby of the facility. Due to
9 the COVID restrictions, only 4 employees were allowed in the lobby at a time, meaning that most
10 of the employees had to wait outside before they could clock in. This caused extensive wait times
11 for which the employees were not compensated.

12 Yet, even if this is so, the test for whether or not this time is compensable hinges on the
13 level of control GTI held over its employees waiting in line. Defendant would likely argue that
14 while there were delays entering the facility, these delays would be no different from traffic
15 caused by coworkers arriving at the same time, which would clearly not be compensable.
16 Further, the level of control GTI exercised over its employees while waiting for screening is
17 disputed.

18 ii. Post-Shift Weapon Checkout Process

19 Plaintiff alleges that, up until GTI changed its policy in September 2021, employees were
20 required to clock out and then go through an extensive disarming process. The disarming process
21 involved returning their weapons and signing out with their supervisor at the end of each shift. In
22 September 2021, presumably realizing that their employees should be getting paid for this time,
23 GTI changed its policy such that they were permitted to undergo the disarming process prior to
24 clocking out.

25 As stated above, this policy was changed in 2021. Further, not all employees in the class
26 had to undergo this process. Finally, GTI would likely argue that the disarming process is not
27 “integral and indispensable” to the employees’ performance of their daily tasks.

1 **2.Maximum Damages and Penalties at Issue.**

2 Based on the data provided for mediation, Plaintiffs’ counsel estimated maximum total
3 damages and penalties (including PAGA) to be approximately \$7,697,994. Thus, the settlement of
4 \$750,000 is about 9.7% of the total estimated liability, which is consistent with other class
5 settlements and within the range of reasonableness.

6 Numerous courts have held that gross settlements approximating between only 8 and 25%
7 of the defendant’s potential exposure are fair and reasonable. (*See, e.g., In re Mego Fin. Corp.*
8 *Secs. Litig.* (9th Cir. 2000) 213 F.3d 454, 459 holding that class action settlement recovering 16%
9 of potential exposure was fair and reasonable; “It is well-settled law that a cash settlement
10 amounting to only a fraction of the potential recovery does not per se render the settlement
11 inadequate or unfair.

12 Rather, the fairness and the adequacy of the settlement should be assessed relative to risks
13 of pursuing the litigation to judgment”; *Bellinghausen v. Tractor Supply Co.*, No. 13-CV-02377-
14 JSC, 2015 WL 1289342, at *6 (N.D. Cal. Mar. 20, 2015) (holding that class action settlement
15 recovering between 8.5% and 25% of the defendant’s potential exposure was fair); *Van Ba Ma v.*
16 *Covidien Holding Inc.*, U.S. Dist. Ct. Case No. 8:12-cv-02161 (C.D. Cal. 2014) (court granted
17 preliminary approval of wage and hour class settlement which obtained 9.1% of projected
18 damages, given the risks of continued litigation.)

19
20 **C. An Analysis of the Terms of the Settlement**

21 **1. Estimate of Class Members’ Recovery**

22 The amount allocated to each Class Member is based on the number of workweeks worked
23 during the Class Period. Based on the Net Settlement Amount of \$424,050, and a total of 85 class
24 members, the average recovery per class member is \$4,988.82,¹ an outstanding result for the class
25 members.

26 _____
27 ¹ Found by dividing the net settlement amount by the number of class members. The final
28 distribution will be calculated pro rata based on the number of workweeks worked by each class
member, which may change the average. This number also does not include the Aggrieved
Employee’s portion of the PAGA penalties.

1 **2. Uncashed Checks**

2 Any individual settlement payments that remain uncashed within 180 days of the mailing
3 of settlement payment checks by the settlement administrator will have the funds represented by
4 such checks to the Unclaimed Property Fund of the California State Controller's office (after
5 notice to the State Controller and holding the funds for 1 year as required by law).

6 **3. Scope of the Release**

7 The scope of the release, as listed below, is identified in the Settlement at section 5. *et seq*,
8 as well as in the Notice Packet that will be sent to Class Members and is limited to the claims in
9 the first amended complaint:

10 5.2 Release by Participating Class Members Who Are Not Aggrieved
11 Employees:

12 All Participating Class Members, on behalf of themselves and their respective
13 former and present representatives, agents, attorneys, heirs, administrators,
14 successors and assigns, release Released Parties from (i) all claims that were
15 alleged, or reasonably could have
16 been alleged, based on the Class Period facts stated in the Operative Complaint and
17 ascertained in the course of the Action including, 1) any and all claims for alleged
18 failure to provide meal periods; 2) any and all claims for alleged failure to provide
19 rest periods; 3) any and all claims for alleged failure to pay overtime wages; 4) any
20 and all claims for alleged failure to pay minimum wage; 5) any and all claims for
21 wage statement penalties; and 6) any and all claims for violation of the Unfair
22 Competition law based on numbers 1) through 5). Except as set forth in Section 5.3
23 of this Agreement, Participating Class Members do not release any other claims,
24 including claims for vested benefits, wrongful termination, violation of the Fair
25 Employment and Housing Act, unemployment insurance, disability, social security,
workers' compensation or claims based on facts occurring outside the Class Period.

26 5.3 Release by Non-Participating Class Members Who Are Aggrieved
27 Employees: All Non-Participating Class Members who are Aggrieved Employees
28 are deemed to release, on behalf of themselves and their respective former and
present representatives, agents, attorneys, heirs, administrators, successors and
assigns, the Released Parties from all claims for PAGA penalties that were alleged,
or reasonably could have been alleged, based on the PAGA Period facts stated in
the Operative Complaint, and the PAGA Notice.

26 **4. Notice to Class Members**

27 Within 15 days of preliminary approval, GTI will transmit to the Settlement Administrator
28 the following: each Class Members Member's full name; most recent mailing address; social

1 security number; the number of workweeks each Class Member worked during the Class and
2 PAGA Periods and number of PAGA Pay Periods. (See Settlement, at §§ 1.8, 4.2.)

3 Within 14 days after receiving the Class List and Data, the Settlement Administrator shall
4 mail Notice Packets to all Class Members via regular First-Class U.S. Mail, using the most
5 current, known mailing addresses. (See Settlement, at § 7.4.2.) With respect to any returned
6 envelopes, the Settlement Administrator shall re-mail to the forwarding address affixed thereto. If
7 no forwarding address is provided, the Settlement Administrator shall promptly attempt to
8 determine a correct address by use of skip-tracing, or other search using the name, address and/or
9 social security number of the respective Class Member, and shall then perform a re-mailing, if
10 another mailing address is identified by the Settlement Administrator.

11 Class Members will be provided 45 days to opt out, challenge the number of workweeks,
12 or object to the settlement. (See Settlement, at §§7.5.1, 7.6., 7.7.1.) Further, Class Members will
13 be notified of the time, date, and place of the final approval hearing and of their right to appear at
14 the fairness hearing.

15
16 **5. Tax Treatment of Settlement Amounts**

17 The Settlement provides that 25% of each Individual Settlement Payment shall be
18 allocated as payment for alleged unpaid wages, and 75% shall be allocated as alleged penalties
19 and interest. The Settlement Administrator will distribute appropriate IRS tax forms.

20
21 **6. No Proposed Enhancement Payment to Class Representative**

22 Plaintiff does not request an Enhancement payment or service award.

23
24 **7. Attorneys' Fees and Costs**

25 The attorney fees and costs will be discussed in detail in the motion for final approval.

26
27 **8. Class Administration Costs**

28 Similarly, reimbursement of the settlement administrator's costs will be discussed in the

1 final approval motion. However, a declaration from the administrator including their “not-to-
2 exceed” bid has been submitted in support of this motion.

3
4 **V. THE PROPOSED CLASS MEETS ALL CERTIFICATION REQUIREMENTS**

5 **A. The Class is Ascertainable and Sufficiently Numerous.**

6 The Class that Plaintiff seeks to conditionally certify is ascertainable. “Class members are
7 ascertainable where they may be readily identified without unreasonable expense or time by
8 reference to official records.” (*Lee v. Dynamex, Inc.* (2008) 166 Cal. App. 4th 1325, 1334.) GTI
9 determined that there are 1,172 class members. (See Settlement, ¶ 4.1.)

10 Furthermore, the Class is sufficiently numerous. Courts generally find that numerosity is
11 satisfied if the class includes forty or more members. (*See Villalpando v. Excel Direct Inc.* (N.D.
12 Cal. 2014) 303 F.R.D. 588, 605-606.)

13
14 **B. There Are Common Questions of Law and the Claims Are Typical**

15 The commonality requirement is met when there are questions of law and fact common to
16 the class. (*Hanlon v. Chrysler Corp.* (1998) 150 F.3d 1011, 1019 (“The existence of shared legal
17 issues with divergent legal factual predicates is sufficient, as is a common core of salient facts
18 couple with disparate legal remedies within the class”). Commonality requires only that some
19 common legal or factual questions exist; the plaintiff need not show that all issues in the litigation
20 are identical. (*See Richmond v. Dart Industries, Inc.* (1981) 29 Cal. 3d 462, 473 (1981) Where the
21 employer’s conduct is uniformly directed at a class of employees, as it is here, the classwide
22 impact of the policies satisfies the commonality requirement. (*See Stephens v. Montgomery Ward*
23 *& Co.* (1987) 193 Cal. App. 3d 411, 421.)

24 The claims outlined above were arguably common to all class members, and Plaintiff was
25 subjected to the violations, satisfying the typicality requirement.

26
27 **C. Plaintiff and Plaintiff’s Counsel Adequately Represent the Class**

28 The adequacy requirement is also met. “Adequacy of representation depends on whether

1 the plaintiff's attorney is qualified to conduct the proposed litigation and the plaintiff's interests
2 are not antagonistic to the interests of the class." (*McGhee v. Bank of Am.* (1976) 60 Cal.App.3d
3 442, 450.) Correspondingly, Plaintiff does not have any interests adverse to the class.

4 As detailed in the attached declaration, Plaintiff's counsel are experienced and well-
5 qualified class action attorneys who have settled a variety wage and hour matters. The work done
6 to prepare for the mediation was fastidious and methodical, which yielded the successful result.

7
8 **VI. LWDA HAS BEEN PROVIDED WITH NOTICE OF THIS MOTION**

9 The settlement will be uploaded the LWDA website on the same day the motion is filed.

10
11 **VII. CONCLUSION AND ACTION REQUESTED**

12 Plaintiff submits that the proposed settlement is fair, adequate, and reasonable. It will
13 result in both substantial monetary benefits to Class Members and the PAGA portion of the
14 settlement will also benefit the State of California.

15 The settlement was reached after informed, extensive, and arms' length negotiations
16 conducted by counsel for respective parties who are experienced in wage and hour class action
17 litigation, who were able to research the issues and develop a convincing damages model.

18 Out of the gross settlement of \$750,000 after the deductions for attorney fees, costs,
19 settlement administration, the PAGA allocation, and Plaintiff's enhancement payment, a net
20 settlement amount of \$416,350 will be provided for the class members; a definite benefit.

21 Plaintiff respectfully requests the Court to grant the motion for preliminary approval,
22 approve and authorize mailing of the Notice Packet, set a date for the final approval hearing.
