Tentative Ruling posted on the Internet .

The Tentative Ruling was accepted and no appearance was requested.

The Court adopts the tentative ruling as follows:

Motion for Approval of Class Settlement

RULING:

The Court has reviewed the supplemental materials submitted by counsel and finds that, with one minor exception, they address the identified concerns. Accordingly, the Motion for Preliminary Approval is **GRANTED. Counsel must address the following issue:**

- In Paragraph 1 of Revised Proposed Order, the correct ROA number identifying the Settlement Agreement is "100", not "99".

The Motion for Final Approval will be heard on March 28, 2025, at 1:30 p.m. in Department CX103. All papers for the Motion for Final Approval are due no later than fourteen (14) calendar days prior to the hearing date. If Plaintiff's counsel cannot meet this deadline, then counsel must request a continuance of the hearing. Failure to do so may result in the issuance of an OSC re Monetary Sanctions.

At the Final Approval hearing, evidence supporting the request for an award of attorneys' fees should be presented in the form of time records, or a summary of time spent on the substantive tasks, to enable the

Court to evaluate the lodestar and costs claimed. Counsel should state by declaration whether time records were kept and created contemporaneously or otherwise.

At the Final Approval hearing, settlement administrator must provide an invoice of administration fees and costs.

Plaintiff to give notice of this ruling, including to the LWDA, within ten (10) calendar days.

Court Clerk is to give notice.
