I, KANE MOON, declare as follows:

CASE BACKGROUND AND PROCEDURAL HISTORY

CASE BACKGROUND AND PROCEDURAL HISTORY

3. Defendant is a commercial landscaping and property maintenance company operating in the San Diego area. Defendant employed Plaintiff and other non-exempt, hourly-paid employees during the Class Period. Plaintiff contends he and his coworkers were subjected to the same unlawful labor practices, including failure to pay wages for all hours worked.

4. Plaintiff's claim for unpaid minimum and overtime wages stem from allegations that Defendant failed to compensate Plaintiff and others for off-the-clock work. Plaintiff's meal and rest period claims are based on allegations that due to the nature of their work, Class Members' breaks were often short, late, interrupted, and sometimes missed altogether, and that Defendant did not pay all premium wages for non-compliant breaks. Plaintiff further brings a claim for unreimbursed necessary business expenses based on allegations that Class Members were required to purchase tools and personal protective equipment ("PPE"), purchase gas for the company car, and use their personal cell phone for work purposes, all without reimbursement from Defendant. Finally, Plaintiff also brings derivative claims for waiting time penalties, wage statement violations, unfair business practices, and civil penalties under PAGA.

1 5. Because of the foregoing alleged violations of various provisions of the Labor Code,
2 Plaintiff filed a class action complaint on February 26, 2025, which alleges Defendant systematically: (1)
3 failed to pay minimum wages, (2) failed to pay overtime compensation, (3) failed to provide meal periods,
4 (4) failed to authorize and permit rest periods, (5) failed to indemnify necessary business expenses, (6) failed
5 to timely pay final wages at termination, (7) failed to provide accurate itemized wage statements, and (8)
6 engaged in unfair business practices (the “Class Action”).

7 6. Pursuant to PAGA, on February 23, 2025, Plaintiff gave written notice to the California
8 Labor and Workforce Development Agency (the “LWDA”) of the alleged Labor Code violations, with
9 certified mail service on Defendant, and paid the required filing fee. A true and correct copy of Plaintiff’s
10 PAGA Notice is attached hereto as **Exhibit 2**. On May 1, 2025, Plaintiff filed a separate representative action
11 under PAGA, caption *Jonathan Cosio v. Verde Property Services, Inc.*, San Diego County Superior Court
12 Case No. 25CU022900C (the “PAGA Action”). On February 10, 2026, Plaintiff timely filed a First Amended
13 Class Action Complaint to consolidate the actions by adding a ninth cause of action for civil penalties under
14 PAGA in the Class Action (the “Operative Complaint”). In compliance with Labor Code section 2699(s)(1),
15 Plaintiff subsequently submitted to the LWDA a file-stamped copy of the Operative Complaint containing
16 the Court-assigned case number. To date, the LWDA has not indicated its intent to investigate the alleged
17 violations or intervene in this Action.

18 7. Defendant ardently opposes the merits of this case and denies Plaintiff’s factual allegations.
19 Defendant asserts it complied with all its compensation obligations, including compensating Class Members
20 for any and all off-the-clock work and overtime work, and therefore, Plaintiff and other Class Members were
21 paid all wages owed. Defendant maintains compliance with all its meal and rest period obligations. Defendant
22 asserts it complied with all its reimbursement obligations, and that Plaintiff and other employees were
23 compensated for any and all business expenses necessarily incurred. To the extent employees received wage
24 statements that were allegedly inaccurate, Defendant asserts employees suffered no actual damage or harm
25 as a result. (*See, e.g., Angeles v. U.S. Airways, Inc.* (N.D. Cal. Feb. 19, 2013, No. C 12–05860 CRB) 2013
26 WL 622032, at *10 [“A plaintiff must adequately plead an injury arising from an employer’s failure to
27 provide full and accurate wage statements, and the omission of the required information alone is not
28

sufficient.”].) With respect to Plaintiff’s claim for waiting time penalties, Defendant alleges its good-faith belief that it paid all wages precludes the imposition of waiting time penalties since Plaintiff cannot prove Defendant’s alleged failure to pay all final wages at the time of separation was “willful.” (*See, e.g., Pedroza v. PetSmart, Inc.* (C.D. Cal. June 14, 2012, No. ED CV 11–298 GHK (DTBx)) 2012 WL 9506073, *5.) For these reasons, among others, Defendant denies all of Plaintiff’s claims and allegations, and further claims it did not engage in any unfair business practices and denies liability under PAGA. Defendant also maintains the claims are improper for class treatment, in part, due to the individualized and testimony-intensive nature of the wage claims that could bar class certification or significantly reduce Defendant’s overall liability.

DISCOVERY AND INVESTIGATION

8. The Parties agreed to mediate this action with Lonnie Giamela, Esq., an experienced class and PAGA action mediator. In preparation for mediation, the Parties agreed to a protocol for an informal production of documents and information before mediation. Prior to mediation, Plaintiff obtained from Defendant, through informal discovery, documents and data that were necessary and helpful to evaluate the claims asserted in this action. Defendant produced a statistically sound sample of time and pay records for the putative Class, Plaintiff’s personnel file and time and pay records, and Defendant’s written employment policies in effect during the Class Period. Defendant also provided information regarding the estimated number of current and formerly employed Class Members, Aggrieved Employees, and PAGA Pay Periods.

9. In preparation for mediation, Class Counsel reviewed and analyzed all the information Defendant provided, including the sample records and documents regarding Defendant’s wage-and-hour policies. Class Counsel retained a statistics expert to analyze the sample records and prepare a damage analysis prior to the mediation. The sample time and pay records analyzed allowed Plaintiff’s expert to prepare an analysis with a reasonable degree of certainty. In conjunction with their extensive factual investigation, Class Counsel also investigated the applicable law regarding the claims and defenses asserted in the litigation. Accordingly, Class Counsel was able to evaluate the probability of class certification, success on the merits, and Defendant’s maximum and realistic monetary exposure for all claims. Thus, Plaintiff’s and his Counsel’s familiarity with the facts of the case and the legal issues raised by the pleadings allowed them to act intelligently in negotiating the Settlement.

1 SETTLEMENT NEGOTIATIONS AND NOTICE TO THE LWDA

2 10. On December 19, 2025, the Parties participated in a full day of private mediation with
3 Lonnie Giamela, Esq. The negotiations were at arm's length and, although conducted in a professional
4 manner, were adversarial. The Parties went into the mediation willing to explore the potential for a settlement
5 of the dispute, but each side was also prepared to litigate their position through trial and appeal if a settlement
6 had not been reached. After a full discussion regarding the strengths and weaknesses of Plaintiff's claims
7 and Defendant's defenses and with the assistance of the mediator, the Parties reached a resolution, the
8 material terms of which are set out in the Settlement.

9 11. In compliance with Labor Code section 2699(s)(2), notice of settlement and a copy of the
10 proposed Settlement has been submitted to the LWDA along with a copy of Plaintiff's preliminary approval
11 motion and the hearing date. A true and correct copy of the LWDA's email confirming receipt thereof is
12 attached hereto as Exhibit 3. To date, the LWDA has not indicated any objection to the Settlement.

13 KEY TERMS OF SETTLEMENT

14 12. GSA and Funding: The Gross Settlement Amount ("GSA") is \$636,450.00, subject to
15 potential increase under an Escalator Clause, and is non-reversionary. (Settlement, ¶ 3.0.) Defendant will
16 separately pay its employer-side payroll taxes owed on the Wage Portion of Individual Class Payments. (*Id.*)
17 Defendant will fully fund the GSA and all employer payroll taxes owed on the Wage Portions of the
18 Individual Class Payments by transmitting of such funds to the Administrator within fourteen (14) business
19 days after the Effective Date as defined under the Settlement. (*Id.* at ¶ 4.0.)

20 13. Escalator Clause: The Settlement provides an escalator clause under which should the
21 number of Class Period Workweeks exceed the estimated count of 34,403 by more than 15%, then Defendant
22 may, at its sole discretion, opt to either: (a) increase the Gross Settlement Amount in the exact proportionate
23 amount corresponding to any additional Workweeks above 39,563, or (b) end the Class Period on the date
24 that the total Workweeks equals 39,563 Workweeks. (*Id.* at ¶ 7.0.)

25 14. Class Representative Service Payment: The Settlement includes a payment up to \$7,500.00
26 payable from the GSA, subject to the Court's approval, to Plaintiff as the Class Representative, in addition
27 to the amount he is eligible to receive as a Class Member. (*Id.* at ¶¶ 1.14, 3.1.1.) This award is for initiating
28

1 and providing services in support of the Action and in recognition for the risks attendant to the role as the
2 named Plaintiff and Class Representative. (*Id.* at ¶ 1.14.) In the event the award finally approved is less, the
3 difference will revert to Participating Class Members. (*Id.* at ¶ 3.1.1.)

4 15. Class Counsel Fees and Expenses Payments: The Settlement permits a fee application of
5 not more than one-third of the GSA (currently estimated to be \$212,150.00) for reasonable attorneys' fees,
6 plus reimbursement for actual litigation costs not to exceed \$20,000.00, payable to Class Counsel from the
7 GSA. (*Id.* at ¶ 3.1.2.) In the event the amounts finally approved are less, the difference will revert to
8 Participating Class Members. (*Id.*) To date, my firm has incurred \$9,495.09 in actual litigation costs, and a
9 true and correct copy of a report showing current costs is attached hereto as **Exhibit 4**.

10 16. Administration Expenses Payment: The Settlement provides an Administration Expenses
11 Payment to the Administrator, payable from the GSA, in an amount not to exceed \$9,250.00, except for a
12 showing of good cause and as approved by the Court. (*Id.* at ¶ 3.2.3.) In the event the amount of actual
13 administration costs is less and/or the amount approved by the Court is less than requested, the difference
14 will be allocated to the Net Settlement Amount. (*Id.*) The Parties jointly selected Phoenix Class Action
15 Administration Solutions ("Phoenix") as the neutral entity to administer this Settlement. (*Id.* at ¶ 1.3.) A true
16 and correct copy of Phoenix's bid of \$9,250.00 is attached hereto as **Exhibit 5**.

17 17. Aggrieved Employees; PAGA Period: Aggrieved Employees is defined as all current and
18 former non-exempt employees of Defendant who worked for Defendant in California during the PAGA
19 Period. (*Id.* at ¶ 1.3.) For purposes of Settlement, the "PAGA Period" is February 23, 2024, through February
20 15, 2026. (Settlement, ¶ 1.32.)

21 18. PAGA Penalties; Individual PAGA Payments: The Settlement allocates \$10,000.00 from
22 the GSA for settlement of the Released PAGA Claims, which will be distributed 65% (\$6,500.00) to the
23 LWDA and 35% (\$3,500.00) to Aggrieved Employees pursuant to PAGA law governing Plaintiff's claims.
24 (*Id.* at ¶ 1.35.) Each Aggrieved Employee will be entitled to a pro rata share of the 35% share of the PAGA
25 Penalties directly proportional to their number of PAGA Pay Periods. (*Id.* at ¶ 3.1.4.1.) This results in an
26 average Individual PAGA Payment of roughly **\$10.29** for each of the estimated 340 Aggrieved Employees
27 (\$3,500 / 340).

1 19. Net Settlement Amount: After deducting the Class Representative Service Payment, the
2 Class Counsel Attorneys' Fees Payment and Expenses Payment, the PAGA Penalties, and the Administration
3 Expenses Payment from the GSA, in the amounts specifically approved by the Court, any difference in the
4 amounts requested and the amounts awarded will be allocated to the Net Settlement Amount for distribution
5 to Participating Class Members. (*Id.* at ¶ 3.1.) Accordingly, the Net Settlement Amount will be *no less than*
6 **\$377,550.00** for an estimated Class of **400 individuals**.¹

7 20. Class Members/Period: The Settlement Class is defined as all current and former non-
8 exempt employees of Defendant who worked for Defendant in California during the Class Period. (*Id.* at ¶
9 1.4.) For purposes of Settlement, the "Class Period" is February 26, 2021, through February 15, 2026.
10 (Settlement, ¶ 1.12.)

11 21. Individual Class Payments: Each Class Member who does not opt-out will be entitled to a
12 pro rata share of the Net Settlement Amount that is directly proportional to the number of Workweeks worked
13 during the Class Period. (*Id.* at ¶ 3.1.3.1.) The estimated **\$377,550.00** Net Settlement Amount results in an
14 average Individual Class Payment of roughly **\$943.88** for each of the estimated 400 Class Members
15 ($\$377,550.00 / 400$),² and a Workweek value of roughly **\$10.97** for each of the 34,403 estimated
16 Workweeks in the Class Period ($\$377,550.00 / 34,403$).

17 22. Tax Allocations: Individual Class Payments will be allocated as 20% as wages and 80% as
18 penalties and interest for tax purposes. (*Id.* at ¶ 3.1.3.2.) Individual PAGA Payments will be allocated as
19 100% penalties for tax purposes. (*Id.* at ¶ 3.1.4.2.)

20 23. Disbursement and Uncashed Funds: No later than fourteen (14) calendar days after
21 Defendant funds the entire Gross Settlement Amount. (*Id.* at ¶ 4.1.) Class Members will not need to submit
22 any claim form as a condition of receiving individual settlement payments. (*Id.* at ¶ 3.0.) Any funds remaining

23 ¹ The Net Settlement Amount was calculated by deducting the following from the \$636,450.00 GSA:
24 \$7,500.00 for the Class Representative Service Payment, up to \$9,250.00 for the Administration Expenses
25 Payment, \$10,000.00 for the PAGA Penalties to the LWDA and Aggrieved Employees, \$212,150.00 for the
Class Counsel Fees Payment, and up to \$20,000.00 for the Class Counsel Expenses Payment. (Settlement, ¶¶
3.0–3.1.4.)

26 ² At this time, the actual amounts to Class Members and/or Aggrieved Employees are unknown and will
27 be calculated by the Administrator following preliminary approval and receipt and processing of the Class
28 Data. (Settlement, ¶ 6.1.) The high and low range of payments will be provided to the Court in a motion for
final approval.

1 uncashed after 180 days from issuance will be transmitted to the California State Controller's Unclaimed
2 Property office in the name of each individual who failed to timely cash his or her check. (*Id.* at ¶¶ 4.1.1,
3 4.1.3.)

4 24. Plaintiff's Release: Plaintiff fully and finally releases and discharges the Released Parties
5 from any and all claims, debts, liabilities, demands, obligations, penalties, costs, expenses, attorneys' fees,
6 damages, actions, or causes of action of any nature whatsoever, he has or may have against them, or any of
7 them, except for claims or actions to enforce this settlement, claims for vested benefits, unemployment
8 benefits, disability benefits, social security benefits, and/or workers' compensation benefits. (*Id.* at ¶ 5.0.)
9 Plaintiff will waive any and all provisions of California Civil Code section 1542, which reads as follows: "A
10 general release does not extend to claims that the creditor or releasing party does not know or suspect to exist
11 in his or her favor at the time of executing the release and that, if known by him or her, would have materially
12 affected his or her settlement with the debtor or released party." (*Id.*) Plaintiff acknowledges that he may
13 hereafter discover facts different from, or in addition to, those which he now knows or believes to be true
14 regarding the released claims, but that it is his intention to fully, finally, and forever settle and release all
15 Released Class Claims, known or unknown, suspected or unsuspected. (*Id.*)

16 25. Release by Participating Class Members: All Participating Class Members fully and finally
17 release and discharge the Released Parties from any and all claims, demands, rights, liabilities, penalties,
18 actions, or causes of action and factual or legal theories that were alleged in the Operative Complaint, or
19 that could have been alleged in the Operative Complaint based upon or arising out of, or reasonably related
20 to the facts alleged therein, that occurred during the Class Period, except for those arising under PAGA
21 (collectively, the "Released Class Claims"). (*Id.* at ¶ 5.1.) Released Class Claims do not include claims for
22 vested benefits, unemployment benefits, disability benefits, social security benefits, and/or workers'
23 compensation benefits. (*Id.*)

24 26. Release by Plaintiff and the LWDA: Plaintiff, the State of California by and through the
25 LWDA, and all Aggrieved Employees, and anyone purporting to act on their behalf, shall be bound by the
26 Judgment entered upon final approval of the Settlement and shall be deemed to fully release and discharge
27 the Released Parties from any and all claims for civil penalties under PAGA, including all claims that
28

1 were alleged in the Operative Complaint or in Plaintiff's LWDA Notice, or that reasonably could have
2 been alleged in the Operative Complaint and/or in the LWDA Notice based upon or arising out of the facts
3 alleged therein. (collectively, the "Released PAGA Claims"). (*Id.* at ¶ 5.2.) The parties intend and agree
4 that the Final Approval Order and the Judgment entered as a result of this Settlement shall have res judicata
5 and claim-preclusive effect to the fullest extent permitted by law with respect to the Released PAGA
6 claims. (*Id.*) The Released PAGA Claims are limited to claims arising during the PAGA Period and do not
7 release any Aggrieved Employees' claims for wages or statutory penalties. (*Id.* at ¶ 5.2.1.) In light of the
8 binding nature of a PAGA judgment on non-party employees under *Arias v. Sup. Ct. (Angelo Dairy)* (2009)
9 46 Cal.4th 969 and *Cardenas v. McLane Foodservice, Inc.* (2011) 796 F.Supp.2d 1246, individuals
10 otherwise meeting the definition of an Aggrieved Employee who are eligible to receive an Individual
11 PAGA Payment shall be deemed to have released the Released PAGA Claims, regardless of whether his
12 or her check for the Individual PAGA Payment is cashed or not, and regardless of whether he or she is a
13 Non-Participating Class Member. (*Id.*)

14 27. Effective date of claims releases: Effective on the date Defendant fully funds the entire
15 Gross Settlement Amount and all employer payroll taxes owed on the Wage Portions of the Individual
16 Class Payments, Plaintiff, Participating Class Members, and Aggrieved Employees will release claims
17 against all Released Parties as set forth in the Settlement. (*Id.* ¶¶ at 5–5.2.)

18 28. Released Parties: Defendant and its past, present and future subsidiaries, parents, affiliated
19 and related companies, divisions, successors, predecessors or assigns; and their past, present, and future
20 officers, directors, shareholders, partners, agents, insurers, employees, advisors, accountants,
21 representatives, trustees, heirs, executors, administrators, predecessors, successors or assigns. (*Id.* at ¶
22 1.41.)

23 29. Class Notice; Disputes, Requests for Exclusion, Objections: The Class Notice will be
24 mailed via first-class U.S. mail in English and Spanish to the current address of each Class Member. (*Id.* at
25 ¶ 6.3.) The proposed Class Notice sets forth, in plain terms, a statement of case, the terms of the Settlement,
26 the approximate amounts of attorneys' fees, costs, PAGA Penalties, and service award being sought, an
27 explanation of how the individual payments are calculated, the Final Approval Hearing information, the
28

1 procedure for disputing the number of Workweeks and/or Pay Periods credited to each Class Members,
2 and how Class Members may, should they choose, opt-out or otherwise object to the Settlement. (*Id.* at ¶¶
3 6.4–6.12.3, Ex. A.)

4 30. No Related Actions: To the best of my knowledge, there is no other pending litigation
5 involving similar claims against Defendant that may be impacted by approval of the Settlement at issue, nor
6 has Defendant pointed to any.

7 THE PROPOSED SETTLEMENT IS FAIR, REASONABLE, AND ADEQUATE

8 31. Class Counsel have conducted a thorough investigation into the facts of this case. As
9 previously noted, the Settlement at issue was reached through arms'-length negotiations, private mediation,
10 and the assistance of a statistics expert. Based on Defendant's informal class-wide discovery production, on
11 Class Counsel independent investigation and evaluation, and on their extensive experience in wage-and-
12 hour litigation, Class Counsel are of the opinion that the proposed Settlement is fair, reasonable, and
13 adequate. Furthermore, considering all known facts and circumstances, the risk of significant delay, trial risk,
14 appellate risk, and the defenses Defendant may assert both to certification and on the merits, the Settlement
15 is in the best interest of the Class and LWDA.

16 32. Based on Class Counsel's review of the time, payroll, and additional data provided by
17 Defendant, on Plaintiff's expert's analysis of the sample records provided by Defendant, and on information
18 from Plaintiff, Class Counsel evaluated the estimated maximum and risk-adjusted exposure that Defendant
19 faced. Based on a review of Defendant's records, it is estimated that there are approximately 400 Class
20 Members who collectively worked 34,403 Workweeks during the Class Period. (*Id.* at ¶ 7.0.) There are also
21 340 Aggrieved Employees who collectively worked 11,800 PAGA Pay Periods during the PAGA Period.
22 Additionally, there were an estimated 175 former employees falling within the three-year statute of
23 limitations ("SOL") period for waiting time penalties and that Class Members' average hourly rate was
24 \$20.75.

25 Accordingly, we calculated Defendant's potential exposure as follows:

26

Claim	Relevant Time Period	Rate	Number of Violations	Realistic Recovery
-------	----------------------	------	----------------------	--------------------

27

4 33. Plaintiff's unpaid wages claim is based on allegations that Defendant failed to pay all
5 minimum and overtime wages due to only paying Class Members for scheduled shift times instead of
6 actual works worked. This included regular off-the-clock work performed on the properties that Class
7 Members were working on, before and after shifts and during meal periods. Plaintiff alleges that Class
8 Members were specifically told by numerous employees of Defendant to only note down their scheduled
9 shift times on their timecards instead of actual time worked. Plaintiff also claims that his supervisor
10 would consistently interrupt his and other Class Members meal periods to have them perform work-
11 related duties. Therefore, Class Counsel estimated Class Members spent an average 10 minutes off the
12 clock per shift. Accordingly, Class Counsel and data expert estimated Defendant failed to pay Class
13 Members for approximately 11,680 hours, 90% of which should have been paid at the overtime rate.
14 From this, and in light of the average rates of the Class Members, Defendant's estimated maximum
15 potential liability is \$351,422.00. Defendant contends that all time worked was compensated, that Class
16 Members were not permitted to work off-the-clock, that no work was required during meal periods, and that
17 this claim is highly individualized and not susceptible to class-wide treatment. I acknowledge that "off-the-
18 clock" claims are difficult to be tried on a class wide basis because there is no apparatus other than
19 declarations from Class Members that can be used to prove this claim—i.e. there are no records to be used
20 as evidence. In light of these defenses, and for purposes of settlement, I discounted the maximum potential
21 liability by 85%. **Plaintiff's realistic recovery estimate for the unpaid wages claim due to off-the-clock
22 work is therefore \$52,713.30.**

23 34. Plaintiff's meal period claim is based on allegations that Defendant did not provide or
24 maintain sufficient meal period practices, such that Class Members were not always permitted or able to take

25 ³ It is reasonable to apply discounts to account for risks at certification and trial, in part, because the
26 Judicial Council of California found that only 21.4% of all class actions were certified either as part of a
27 settlement or as part of a contested certification motion. (See Findings of the Study of California Class Action
28 Litigation, 2000-2006, available at <http://www.courts.ca.gov/documents/class-action-lit-study.pdf>.) Further,
the likelihood that Defendant could assert viable legal defenses would likely further reduce its overall
exposure.

1 meal periods and/or were sometimes subjected to late, short and/or interrupted meal periods without
2 compensation in lieu thereof. As discussed above, Class Members were instructed only to record their
3 scheduled shift times instead of actual time worked, so for purposes of mediation Class Counsel assumed a
4 meal period violation rate of 50% for all qualifying shifts for a total of 52,560 unique violations. Class
5 Counsel and its data expert then calculated that, in light of these violations and the average hourly rate of the
6 putative Class, that Defendant had a potential liability of \$1,090,620.00 (52,560 unique violations x \$20.75
7 avg. hourly rate). Defendant nonetheless contends that many meal breaks were taken and, where a violation
8 appears, it was a result of the Class Member voluntarily choosing to forego a meal period, to take it after the
9 end of the fifth hour, or to stop his or her break early to return to work. Moreover, certification and proof of
10 this claim would require declarations from Class Members and obtaining such declarations potentially would
11 reveal that each Class Member had a different experience with respect to meal periods. In light of these
12 defenses, and for purposes of settlement, Class Counsel believe it reasonable to apply a 75% discount to the
13 potential liability. **Plaintiff's realistic recovery estimate for the meal period claim is therefore**
14 **\$272,655.00.**

15 35. The rest break claim is based on the allegation that Defendant did not provide or maintain
16 sufficient rest break practices, such that Class Members were regularly required to work in excess of four
17 consecutive hours a day, or a major fraction thereof, without authorization or permission to take a ten-minute,
18 continuous and uninterrupted rest period or without compensation in lieu thereof. The precise number of rest
19 break violations could not be calculated since Defendant neither documented, nor is required to document,
20 when Class Members took their required rest breaks. Therefore, in preparation for mediation, Class Counsel
21 assumed a 50% violation rate for shifts greater than or equal to 3.5 hours in length and, based on the average
22 hourly rate of the putative Class, calculated Defendant's potential liability to be \$1,439,614.25 (69,379
23 unique rest break violations x \$20.75 per hour). Defendant nonetheless contends rest periods do not have
24 to be recorded, that Class Members voluntarily chose to forego some rest breaks and, significant for purposes
25 of class certification, that this claim is individualized in nature and therefore would require declarations
26 indicating the majority of Class Members experienced issues as to rest breaks. In light of these defenses,
27 and for purposes of settlement, I discounted Defendant's potential liability by 85%. **Plaintiff's realistic**
28

1 **recovery estimate for the rest break claim is therefore \$215,942.14.**

2 36. The unreimbursed business expenses claim is based on the allegation that Defendant did
3 not reimburse Class Members for all expenses incurred in direct consequence of the discharge of duties,
4 including tools and PPE such as knee pads, hand pruners, thick gloves, work boots, and face masks. Plaintiff
5 also alleges that he and other Class Members were required to purchase gas for the company car and use
6 their personal cell phone for work purposes, without reimbursement. The precise value of all necessary
7 business expenses Class Members incurred could not be calculated. Therefore, in preparation for mediation,
8 Class Counsel estimated Defendant owed approximately \$40 per month and that Defendant's potential
9 liability is \$344,030.00. Defendant contends it complied with all its reimbursement obligations, that it
10 provided Class Members with PPE and tools free of charge, that cell phone use was not required for work,
11 and further, that the reimbursement claim would be difficult to certify, given the individualistic nature of this
12 claim. In light of these defenses, and for purposes of settlement, I discounted Defendant's potential liability
13 by 85%. **Plaintiff's realistic recovery estimate for the unreimbursed expenses claim is therefore**
14 **\$51,604.50.**

15 37. With respect to Plaintiff's derivative claims for statutory and civil penalties, Plaintiff
16 estimates Defendant's maximum potential recovery, prior to risk-adjustment, is \$3,214,500.00, which breaks
17 down as follows: **\$871,500.00** for waiting time penalties for approximately 175 terminated Class Members
18 in the 3-year SOL; a **\$1,163,000.00** penalty for inaccurate wage statements based on approximately 340
19 Class Members in the 1-year SOL; and **\$1,180,000.00** for PAGA penalties based on 11,800 Pay Periods and
20 the Court assessing a \$100 penalty for each pay period containing a violation. However, I believe it would
21 be unrealistic to expect the Court to award the full exposure amount given the discretionary nature of
22 awarding PAGA penalties and given Defendant's defenses, including without limitation, that any failure to
23 pay all final wages at the time of separation was not willful or intentional and that to the extent Plaintiff
24 received wage statements that were allegedly inaccurate, Plaintiff suffered no actual resulting damage or
25 harm. Moreover, I understand the individualized and testimony-intensive nature of the wage claims could
26 bar class certification or otherwise significantly reduce Defendant's overall liability for statutory and civil
27 penalties. Furthermore, considering the underlying wage claims are realistically estimated to be \$592,914.94,
28

1 awarding such a disproportional amount in penalties would also raise Due Process concerns. Weighing these
2 factors, I applied a 95% discount to each penalty (resulting in **\$43,575.00** for waiting time penalties,
3 **\$58,150.00** for inaccurate wage statement penalties, and **\$59,000.00** for PAGA penalties) and accordingly
4 arrived at **a realistic recovery estimate of \$160,725.00 for statutory and civil penalties.**

5 38. Using these estimated figures, Plaintiff predicted **the realistic (risk-adjusted) recovery for**
6 **all claims, including penalties, is \$753,639.94.** This means **the \$636,450.00 gross settlement figure**
7 **represents roughly 84.5% of the total realistic recovery.** This is an excellent result for the Class,
8 particularly because, under the Settlement, Class Members will receive timely and guaranteed relief,
9 avoiding the risk of not being able to recover anything.

10 39. With regards to the PAGA claims, the Settlement is a fair and reasonable resolution that
11 satisfies PAGA's dual statutory purposes of deterrence and punishment, on the one hand, and providing
12 Aggrieved Employees with genuine and meaningful relief, on the other. As a result of this litigation,
13 Defendant has had to hire legal counsel, engage in informal class-wide discovery, and participate in
14 mediation. Defendant will also have to pay civil penalties to the LWDA under the Settlement, assuming
15 final settlement approval is granted. (Settlement, ¶ 3.1.4.) Not including its own attorneys' fees and costs
16 as well as the employer's share of payroll taxes, Defendant will pay no less than \$636,450.00 to resolve
17 this matter—of which \$10,000.00 is allocated toward the PAGA claims and will be distributed, in
18 compliance with Labor Code section 2699 as 65% (\$6,500.00) to the LWDA and 35% (\$3,500.00) to
19 Aggrieved Employees—and the release obtained under the Settlement does not preclude Aggrieved
20 Employees from pursuing any individual claims they may have against Defendant or the other Released
21 Parties. Moreover, Class Counsel are of the opinion that because the issues here are fairly contested, there is
22 a possibility of the Court not awarding the PAGA penalties even if Plaintiff prevailed on the merits due to
23 the largely discretionary nature of awarding PAGA penalties. In other words, were this matter to go to trial,
24 any award granted would be at the discretion of the Court and subject to a substantial reduction.

25 40. Further, Class Counsel took into account the risk of not being able to proceed on a
26 representative basis due to the potential manageability issues and that even if Plaintiff prevailed at trial,
27 penalties would likely be limited due to the largely discretionary nature of awarding PAGA penalties and
28

1 in light of other defenses available to Defendant. Thus, it is entirely possible that even if Plaintiff would
2 be successful at trial, assuming he is first able to certify the claims and defeat the manageability issues
3 presented at litigation, Plaintiff could be awarded substantially less than what was obtained through the
4 Settlement. In sum, the \$10,000.00 PAGA Penalties under the Settlement constitutes genuine and
5 meaningful relief.

6 41. Here, the Settlement represents a substantial recovery when considered against the risk and
7 uncertainties involved in continued litigation, the burdens of proof necessary to certify the claims and
8 establish liability, and the probability of appeal. While Plaintiff is confident in the merits of his claims, a
9 legitimate controversy exists as to each cause of action. Plaintiff also recognizes that proving the amount
10 owed to each Class Member would be an expensive, time-consuming, and uncertain proposition.

11 42. The Settlement obviates the significant risk that this Court may deny certification of all or
12 some of Plaintiff's claims. Class Counsel took into account the risk of not prevailing at trial due to low or
13 no participation by Class Members. Indeed, the individualized and testimony-intensive nature of the claims
14 could bar manageability of the representative claims or otherwise significantly reduce any recovery
15 whatsoever. For example, the rest period and unreimbursed expense claims are testimony-driven claims and
16 assume a 50% violation rate and a 100% violation rate, respectively, which would not likely be demonstrated
17 at trial, as it assumes either the participation of a majority or all employees (which would be difficult given
18 the reality that many, if not all, employees would be unwilling to participate due to fear of retaliation), or
19 alternatively, the use of surveys or statistical data as a surrogate (which would still require the participation
20 of a majority of employees to establish a sound representation of all non-exempts). Even assuming
21 employees would be willing to participate, obtaining declarations would potentially reveal that each
22 individual employee had a different experience.

23 43. Furthermore, even if Plaintiff was able to pursue his claims on a class-wide basis and obtain
24 certification of all or some of the claims, continued litigation would be expensive, involving a trial and
25 possible appeals, and would substantially delay and reduce any recovery by the Class. Although the Parties
26 have engaged in a significant amount of investigation, informal discovery, and class-wide data analysis, they
27 have not conducted extensive formal discovery. Moreover, preparation for class certification and a trial
28

1 would remain for the Parties as well as the prospect of appeals in the wake of a disputed class certification
2 ruling for Plaintiff and/or any summary judgment ruling. As a result, the Parties would incur considerably
3 more attorneys' fees and costs through trial. In sum, this Settlement avoids the risks, burdens, and the
4 accompanying expense of further litigation.

5 44. The proposed \$636,450.00 Settlement represents a substantial recovery when compared to
6 the reasonably forecasted recovery for the Class. When considering the risks of litigation, the uncertainties
7 involved in continued litigation, the burdens of proof necessary to establish liability, and the probability of
8 appeal, it is clear the Settlement amount is within the "ballpark" of reasonableness, and that preliminary
9 settlement approval is appropriate. (*Kullar v. Foot Locker Retail, Inc.* (2008) 168 Cal.App.4th 116, 133;
10 *see Munoz v. BCI Coca-Cola Bottling Co. of L.A.* (2010) 186 Cal.App.4th 399, 408–09 [holding that *Kullar*
11 does not require "an explicit statement of the maximum amount the plaintiff class could recover if it prevailed
12 on all its claims," but instead, only an "understanding of the amount that is in controversy and the realistic
13 range of outcomes of the litigation"].)

14 THE SERVICE PAYMENT TO PLAINTIFF IS REASONABLE

15 45. Throughout this litigation, Plaintiff, who was a former employee of Defendant, has
16 cooperated immensely with my office and has taken many actions to protect the interests of the Class.
17 Plaintiff provided valuable information regarding his hours worked, and what duties were performed during
18 those hours. Plaintiff also provided information regarding meal periods taken and missed by Plaintiff and
19 other Class Members. Plaintiff participated in decisions concerning this action, assisted in preparation for the
20 mediation, and provided my office with the names and contact information of potential witnesses in this
21 action. Before we filed this case, Plaintiff worked with my office to determine the viability of his claims.
22 Plaintiff also provided information and documents relating to his employment by Defendant. The
23 information and documentation provided by Plaintiff was instrumental in establishing the wage-and-hour
24 violations alleged in this action, and the recovery provided for in the Settlement would have been impossible
25 to obtain without his participation.

26 46. At the same time, Plaintiff faced many risks in adding himself as the named Plaintiff in this
27 matter. Plaintiff faced actual risks with his future employment, as putting himself on public record in an
28

1 employment lawsuit could also very well affect his likelihood for future employment. For example, a search
2 of Plaintiff's name will reveal this action, and as a result, many employers may likely forego hiring
3 Plaintiff in learning he sued a former employer.

4 47. In turn, Class Members can now participate in a settlement, reimbursing them for wage
5 violations they may have never known about or been willing to pursue on their own. If each Class Member
6 would have tried to pursue legal remedies on their own, that would have resulted in each having to expend a
7 significant amount of their own monetary resources and time, not to mention limited judicial resources, which
8 were obviated by Plaintiff putting himself on the line on behalf of the Class.

9 48. This class action would not have been possible without the aid of Plaintiff, who put his own
10 time and effort into this litigation and placed himself at risk for the sake of the Class. The requested service
11 payment to Plaintiff for his service as the Class Representative is a relatively small amount of money
12 considering the time and effort put into the litigation and compared to enhancements granted in other class
13 actions. The requested service payment is therefore reasonable to compensate Plaintiff for his active
14 participation in this lawsuit, in addition to his general release of claims, both known and unknown, and waiver
15 of section 1542 rights.

16 MY EXPERIENCE AND QUALIFICATIONS

17 49. I received a B.A. in History in 1998 from UCLA, and my J.D. from Loyola Marymount
18 Law School in 2006. I became an Active Member of the State Bar of California in June 2007 and have been
19 an Active Member in good standing continuously since then. I have been selected to Super Lawyers each
20 year from 2019 to 2023.

21 50. I co-founded Moon & Yang, APC—now Moon Law Group, PC—in March 2010. My
22 practice is focused exclusively on advocating for the rights of employees in wage-and-hour litigation, almost
23 entirely in class and/or representative actions.

24 51. For the past decade, I have built my practice to have an emphasis on employment and related
25 civil litigation cases and have both prosecuted and defended employment-related litigation cases. I have been
26 heavily, successfully, and continuously involved in active litigation and trial work, and have conducted bench
27 and jury trials on behalf of both employees and employers in wage-and-hour cases.

1 52. My current billing rate is \$950.00 per hour, which is my usual hourly rate in wage-and-hour
2 litigations. A \$950.00 per hour rate is reasonable considering my years of experience practicing in the
3 highly specialized area of employment and labor law and my Laffey Matrix rate (The Laffey Matrix,
4 <http://www.laffeymatrix.com/see.html> [last visited Apr. 7, 2026].) The Laffey Matrix is a “well-
5 established objective source for rates that vary by experience” used by the District of Columbia. (*In re*
6 *HPL Tech., Inc. Sec. Litig.* (N.D. Cal. 2005) 366 F. Supp 2d 912, 921.) A true and correct copy of the
7 Laffey Matrix is attached hereto as **Exhibit 6**. California Courts have adjusted the Laffey Matrix rate
8 upwards based on “locality pay differentials” and the location of counsel’s office in California to determine
9 whether counsel’s rates are reasonable. (*See, e.g., id.* [applying a 9% upward adjustment to the Laffey
10 Matrix rate based on an approximate difference of 9% between the locality pay differential of the District
11 of Columbia and San Francisco, California, where counsel’s office was located].) To determine the locality
12 pay differential, the Court in *In re HPL Technologies, Inc.* utilized the locality pay differentials within the
13 federal courts. (*Id.* at pp. 921–22.) Using the same method here and based on my firm’s location in Los
14 Angeles, California, the locality pay differential of the Los Angeles-Long Beach area is 36.47% and the
15 locality pay differential of the Washington-Baltimore-Arlington area is 33.94%, which results in a
16 difference of approximately 2.53%. (*Compare* Judiciary Salary Plan of Los Angeles-Long Beach, CA,
17 Effective January 12, 2026, *with* Judiciary Salary Plan of Washington-Baltimore-Arlington, Effective
18 January 12, 2026.) True and correct copies of the Los Angeles-Long Beach, CA and Washington-
19 Baltimore-Arlington salary plans are attached hereto as **Exhibit 7** and **Exhibit 8**, respectively. Based on
20 my 19+ years of experience out of law school, my Laffey Matrix rate with a 2.53% adjustment is \$1,044.78
21 per hour (\$1,019 Laffey Matrix rate + (2.53% x \$1,019)). Accordingly, my current billing rate of \$950.00
22 per hour is reasonable.

23 53. I am experienced in prosecuting and defending employment matters, particularly class
24 actions and PAGA representative actions. My firm has focused a substantial percentage of its practice on
25 wage, hour, and working conditions violations. In addition to the present case, I am also class counsel for
26 other wage-and-hour class action lawsuits pending in various California counties, including in state and
27 federal courts. The following is a list of some of our recent class action settlements that have received
28

preliminary and final approval: *Aparicio v. Lineage Logistics, LLC* (LASC No. BC722764) (class size approx. 155; lead counsel); *Black v. Mission Healthcare Servs., Inc.* (LASC No. 19STCV04602) (class size approx. 1,000; lead counsel); *Campa v. Bloomingdeals, Inc.* (LASC No. BC700366) (class size approx. 1,500; lead counsel); *Garcia v. Comfy U.S.A. Apparel, Inc.* (LASC No. BC709630) (class size approx. 210; lead counsel); *Gomez v. Fitness Alliance, LLC* (Riverside No. PSC1404079) (class size approx. 1,000; lead counsel); *Lagos v. ThyssenKrupp Elevator Corp.* (LASC No. BC682972) (\$750,000 for 79 class members; lead counsel); *Mark Brulee et al. v. DAL Global Servs., LLC* (C.D. Cal. Dec. 20, 2018, No. CV 17-6433 JVS(JCGx)) 2018 WL 6616659, at *10 (class size approx. 2,650; lead counsel) (in approving my hourly rate in that case, the Court found: “Class Counsel’s declarations show that the attorneys are experienced and successful litigators. Other courts have approved the attorneys’ current rates for the Moon & Yang, APC attorneys”); *Martinez v. Bail Hotline Bail Bonds, Inc.* (LASC No. BC700131) (class size approx. 173; lead counsel); *Montoya v. Golden 1 Credit Union* (Sacramento No. 34-2018-00228252) (class size approx. 1,900; lead counsel); *Onofre v. Bagcraft Papercon III, LLC* (LASC No. 19STCV12729) (class size approx. 260; lead counsel); and *Wallick v. Campbell Soup Supply Co., LLC* (San Joaquin No. STK-CV-UOE-2021-0000865) (class size 435; lead counsel).

ALLEN FEGHALI’S EXPERIENCE AND QUALIFICATIONS

54. Allen Feghali is a Senior Partner at Moon Law Group, PC. He received his B.A. in Global and International Studies in 2011 from UC Santa Barbara, and his J.D. from University of La Verne College of Law in 2014. Mr. Feghali became an Active Member of the State Bar of California in December 2014 and

1 has been an Active Member in good standing continuously since then. He was selected by Super Lawyers as
2 a “Southern California Rising Star” in 2020–2023.

3 55. Mr. Feghali began working at Moon Law Group, PC in May 2015, and his practice focuses
4 on advocating for the rights of employees at the trial-court and appellate level. Prior to approximately June
5 2018, with the exception of a handful of cases, his practice focused on individual FEHA and wrongful
6 termination claims, as well as individual wage-and-hour claims. In June 2018, Mr. Feghali became heavily
7 involved in the firm’s class action practice.

8 56. Mr. Feghali’s current billing rate is \$900.00 per hour, which is his usual hourly rate in wage
9 and hour litigations. Based on Mr. Feghali’s 11+ years of experience out of law school, his Laffey Matrix
10 rate with a 2.53% adjustment is \$1,044.78 per hour (\$1,019 Laffey Matrix rate + (2.53% x \$1,019)). (See Ex.
11 6.) As compared to the Laffey Matrix rate and when considering his experience, Mr. Feghali’s billing rate of
12 \$900.00 per hour is reasonable.

13 57. During Mr. Feghali’s tenure with Moon Law Group, PC, he has played a critical role in
14 obtaining outstanding results for employees who have been wronged by their employers. Mr. Feghali’s
15 litigation experience includes, but is not limited to:

- 16 (a) In March 2021, Mr. Feghali prepared the briefing in the matter of *Rivera, et al. v. Clearpath*
17 *Federal Credit Union* (LASC No. 19STCV33504), which resulted in a certification order on
18 all causes of action following contested briefing in a wage-and-hour class action.
- 19 (b) Mr. Feghali prepared the briefing in a contested class certification motion in the matter of
20 *Dawson, et al. v. GoHealth, LLC, et al.* (No. CGC-19-577790), which was argued and taken
21 under submission by the Court on February 3, 2022.
- 22 (c) Mr. Feghali prepared the briefing in a contested class certification motion in the matter of
23 *Brown v. NTI-CA, Inc., et al.* (No. 21STCV04397).
- 24 (d) Mr. Feghali was part of a team that prepared the briefing in a contested class certification
25 motion in the matter of *Thong, et al. v. Outlook Resources, Inc., et al.* (No. 19STCV44400),
26 which was granted in part and denied in part in October 2022.
- 27
28

- 1 (e) Mr. Feghali prepared the briefing which resulted in a remand order in the matter of *Andrade*
2 *v. Rehrig Pacific Corp.* (C.D. Cal. April 22, 2020, No. CV 20-1448 FMP (RAOx)) 2020 WL
3 1934954, where defendant removed a wage-and-hour class alleging that Plaintiffs' claims
4 were pre-empted by the Labor Management Relations Act.
- 5 (f) Mr. Feghali briefed, argued, and won the matter of *Lee, et al. v. The Christian Herald, U.S.A.,*
6 *Inc.* (Cal. Ct. App. Dec. 12, 2017, No. B266853) 2017 WL 6333905, at *1. There, the Court
7 of Appeal reversed a dismissal of an individual defendant following the trial court's granting
8 of a demurrer without leave to amend relating to alter ego allegations.
- 9 (g) Mr. Feghali prepared the briefing which resulted in a remand order in the matter of *Sotelo v.*
10 *Belfor USA Group, Inc.* (C.D. Cal. March 13, 2018, No. 2:17-cv-09056-RSWL-MRWx)
11 2018 WL 1352910. Defendants there sought to remove the case based on the inclusion of a
12 "sham defendant," but the court agreed with Mr. Feghali's briefing which argued that the
13 individual defendant, who was alleged to have harassed the Plaintiffs under FEHA, was a
14 proper defendant.
- 15 (h) Mr. Feghali has been the lead counsel, or co-lead counsel, in individual cases that settled for
16 \$850,000.00, \$375,000.00, and \$250,000.00. In addition to the foregoing, Mr. Feghali has
17 resolved or assisted in the resolution of approximately 100 cases which has resulted in millions
18 of dollars of unpaid wages being returned to low-wage employees.
- 19 (i) Mr. Feghali was part of a team that prepared the briefing in a contested class certification
20 motion in the matter of *Hernandez v. CR Laurence, Inc., et al.* (No. 20STCV32372), which
21 was granted, in part, and denied, in part, in February 2024.

22 58. Since June 2018, Mr. Feghali's practice has shifted to almost exclusively representing
23 employees in wage-and-hour class and representative actions. His fee has been approved by Courts
24 throughout the state. He has participated as lead, or co-lead counsel, in the litigation and resolution of over
25 100 wage-and-hour class actions, including obtaining preliminary and final approval of settlements. A
26 selection of settled cases wherein Mr. Feghali served as lead or co-lead class counsel includes the following:
27 *Barahona v. Methodist Hosp. of Cal.* (No. 20STCV09876) (\$5,000,000); *Stanley Black & Decker Wage and*
28

1 *Hour Cases* (No. JCCP5218) (\$3,500,000); *Vazquez v. St. Mar 2.0 Inc.* (No. 37-2021-00042702-CU-OE-

3 *Aquino v. Coast King Packing, LLC* (No. 21CV002448) (\$2,300,000); *Martinez, et al. v. Curative LLC* (No.
4 21STCV20778) (\$1,500,000); *Calderon v. Installed Building Products* (No. 37-2021-00035844-CU-OE-
5 CTL) (\$1,500,000); *Majdoub v. Argent Hotel Mgmt.* (No. CGC-20-582921) (\$1,800,000); *Fuentes v. Covid*

10 (\$1,500,000); *Garcia v. San Jose Water Co.* (22CV396328) (\$1,200,000); *Garcia v. Tri-Valley Plastering,*

16 59. S. Phillip Song is a Senior Attorney at my office. He received his undergraduate degree in
17 2006 from the University of Houston, graduating cum laude with a Communications B.A. and minor in
18 Accounting. Mr. Song earned his Juris Doctor degree in 2011 from the University of Houston Law Center.
19 Mr. Song has been admitted to practice law since 2013 (Texas). Mr. Song is presently admitted to practice
20 in all state courts of California (admitted in 2019), and before all federal district courts in California.

21 60. The focus of Mr. Song's practice is currently on class actions, wage-and-hour law, and
22 employment law. Mr. Song has worked on numerous class action cases and representative actions that have

11 61. Mr. Song is currently handling multiple class action and PAGA matters. Mr. Song's current
12 billing rate is \$775.00 per hour. Based on Mr. Song's 14 years of experience, his Laffey Matrix rate with a
13 2.53% adjustment is \$1,044.78 per hour (\$1,016 Laffey Matrix rate + (2.53% x \$1,016)). (See Ex. 6.) As
14 compared to the Laffey Matrix rate and when considering his experience, Mr. Song's billing rate of \$775.00
15 per hour is reasonable.

16 CLASS COUNSEL'S EXPERIENCE AND QUALIFICATIONS

17 62. As demonstrated by the foregoing, my office is qualified to handle this litigation because
18 we are experienced in litigating Labor Code and Wage Order violations in individual, class, and
19 representative actions. The attorneys at my office have been appointed as lead or co-lead counsel in
20 numerous wage-and-hour class and/or PAGA actions in state and federal courts by way of motion for
21 settlement approval. Including myself, Moon Law Group, PC is comprised of approximately 35 attorneys,
22 all of whom are actively and continuously practicing employment litigation, representing almost entirely
23 employee-plaintiffs, in both individual and class and/or PAGA actions, in this Superior Court and other
24 Superior Courts throughout the State, in the Courts of Appeal, and in various federal courts. The attorneys
25 at my firm have a high level of skill and knowledge in wage-and-hour class actions, PAGA representative
26 actions, and labor and employment law generally, the substantive (state and federal) and procedural law
27 of which is frequently evolving.

1 63. Moon Law Group, PC has been engaged in the practice of employment and labor law for
2 over a decade, and presently focuses exclusively on plaintiffs' employment law. The firm and its lawyers
3 have tried both bench and jury trials (representing both plaintiffs and defendants) relating to employment
4 matters. As noted above, Moon Law Group, PC has been appointed lead or co-lead class counsel in federal
5 and state courts in California. Also, the firm and its lawyers have successfully settled hundreds of cases
6 during that time, including wage-and-hour class and/or PAGA actions.

7 64. The foregoing experience of myself and other attorneys of Moon Law Group, PC is helpful
8 in assessing the reasonableness of settlements, such as the one at issue here, and from this experience we
9 concluded that this litigation could not have been settled on better terms than provided under the Settlement.

10 65. I respectfully submit that the attorneys of Moon Law Group, PC, myself included, are well
11 suited to act as Class Counsel in this action, and we have, and will continue to, vigorously represent the
12 interests of the Class. To my knowledge, we do not have any conflicts of interest with Plaintiff, other Class
13 Members, or the proposed Administrator, and we are not related to Plaintiff. We respectfully request to be
14 appointed as Class Counsel, for settlement purposes.

15 THE REQUEST FOR ATTORNEYS' FEES AND COSTS IS REASONABLE

16 66. The Settlement provides for attorneys' fees payable to Class Counsel in an amount up to
17 one-third of the Gross Settlement Amount (i.e., no less than \$212,150.00, subject to potential increase under
18 the escalator clause) and litigation costs up to \$20,000.00. (Settlement, ¶ 3.1.2.) The proposed award of
19 attorneys' fees can be justified under either the lodestar method or the percentage/common-fund recovery
20 method. however, we base the proposed fees award on the percentage method, as many of the entries in the
21 time records will have to be redacted to preserve attorney-client and attorney work product privileges.

22 67. I am informed and believe that the fees and costs provision in the Settlement is reasonable.
23 The fee percentage requested is less than that charged by my office for most employment cases. Moreover,
24 my office invested significant time and resources into the case, with payment deferred to the end of the case,
25 and then, of course, contingent on the outcome.

26 68. It is further estimated that my office will need to expend at least another 50 to 100 hours to
27 monitor the administration process leading up to the final approval, prepare for final approval, and oversee
28

1 distribution to the Class following final approval. My office also bears the risk of taking whatever actions
2 are necessary should Defendant fail to pay.

3 69. The risk to my office has been very significant, particularly if we would not be successful
4 in pursuing this class action. In such instance, we would have been left with no compensation for all the time
5 taken in litigating this case due to the contingency fee arrangement. Indeed, I have taken on a number of class
6 action cases that have resulted in thousands of attorney hours being expended and ultimately having the
7 defendant company going bankrupt during litigation. The contingent risk in these types of cases is very real
8 and occurs regularly. Furthermore, we were precluded from focusing on, or taking on, other cases which
9 could have resulted in a larger, and less risky, monetary gain.

10 70. Because most individuals cannot afford to pay for representation in litigation on an hourly
11 basis, Moon Law Group, PC represents virtually all its employment law clients on a contingency fee basis,
12 including Plaintiff in this matter. Pursuant to this arrangement, we are not compensated for our time unless
13 we prevail at trial or successfully settle our clients' cases. Because Moon Law Group, PC is taking the risk
14 that we will not be reimbursed for our time unless our client settles or wins his or her case, we cannot afford
15 to represent an individual employee on a contingency basis if, at the end of our representation, all we are to
16 receive is our regular hourly rate for services. It is essential that we recover more than our regular hourly rate
17 when we win if we are to remain in practice so as to be able to continue representing other individuals in
18 civil rights employment disputes.

19 71. As of the drafting of this motion, my office has incurred \$9,495.09 in expenses litigating
20 this action, and we anticipate accruing additional costs up to final approval. These expenses were reasonably
21 necessary to the litigation and were actually incurred by my office. Moreover, because total litigation costs
22 are below the maximum amount allowed under the Settlement, the difference will revert to Participating
23 Class Members. (*Id.* at ¶ 3.1.2.) Therefore, our costs should be reimbursed in full.

24 72. My office invested significant time and resources into the case, with payment deferred to
25 the end of the case, and then, of course, contingent on the outcome. My office's efforts have included, and
26 will include following preliminary and final approval, without limitation, the following:

27 (a) Numerous interviews with Plaintiff and review of documents provided by him;

- (b) Legal research and investigation regarding Defendant's business and employment practices at numerous points in the litigation;
- (c) Preparation and submission of Plaintiff's PAGA notice;
- (d) Preparation, finalization, and filing of multiple drafts of the original class action complaint, the PAGA Action, and subsequent first amended complaint in the Class Action;
- (e) Extensive "meet and confer" correspondence and discussions with Defense Counsel regarding mediation and to obtain relevant documents and information through informal discovery;
- (f) Research and preparation of Plaintiff's mediation brief;
- (g) Analysis of the discovery production and preparation of a damages model with the aid of a statistics expert;
- (h) Attendance and active participation at a full day of mediation;
- (i) Drafting, negotiating, and reviewing multiple drafts of the Settlement and Class Notice;
- (j) Preparation of the motion for preliminary approval and the accompanying filings;
- (k) Anticipated preparation for and attendance at the preliminary approval hearing;
- (l) Anticipated conferring with Defense Counsel and the Administrator regarding the Class Notice mailing, Class responses, and preliminary and final calculations;
- (m) Anticipated preparation, finalization, filing, and service of a motion for final approval and accompanying filings;
- (n) Anticipated preparation for and anticipated attendance at the final approval hearing, and then monitoring of the distribution of funds following final approval; and
- (o) Anticipated responding to Class Member inquiries and communicating with Plaintiff regarding the case.

73. Through the efforts of my office and Plaintiff in this case, a fair and reasonable joint resolution has been reached that includes a gross, non-reversionary payment by Defendant of *no less than* \$636,450.00 to compensate Class Members for the alleged unlawful wage-and-hour practices. I am informed

1 and believe that, without the efforts of my office or Plaintiff, the Labor Code and Wage Order violations
2 alleged in the Operative Complaint would have gone completely unremedied.

3 I declare under penalty of perjury under the laws of the State of California and the United States that
4 the foregoing is true and correct. Executed on April 15, 2026, at Los Angeles, California.
