CLASS AND REPRESENTATIVE ACTION

**DECLARATION OF PLAINTIFF
ANTHONY BECERRA RIOS IN SUPPORT
OF MOTION FOR APPROVAL OF CLASS
ACTION AND REPRESENTATIVE ACTION
SETTLEMENT**

Date: April 2, 2025
Time: 3:27 p.m.
Courtroom: 403
Judge: Hon. Lisa Gamoian

Action Filed: September 20, 2022
Trial Date: Not Set

DECLARATION OF ANTHONY BECERRA RIOS

I, ANTHONY BECERRA RIOS, declare as follows:

1. I am a named Plaintiff in this case. I am a former employee of the named defendant, ORO LOMA PROCESSING, LP (“Defendant”). As such, I have personal knowledge of, or am informed and believe, the following facts herein stated. If called as a witness. I could and would testify competently to the following:

JOB DUTIES AND EXPERIENCES

2. I worked for Defendant during the Settlement Class Period. My employment began on or about August 2014 and ended on or about April 2022. I held a job position of Line Lead that is at issue in this case and included within the class.

3. My job duties included the packing of fruit products.

4. Issues I experienced included time worked off the clock, some short, late, and missed meal periods, some missed rest breaks, no reimbursement for expenses I incurred for my work, and the late final pay and wage statement problems related to those issues. In addition, my timeclock punches were rounded.

DUTIES OF A CLASS REPRESENTATIVE

5. This lawsuit is not an individual lawsuit. It is a proposed class action. I understand that, if approved as a class representative in this matter, I have an obligation to do my best to look out for the interests of other class members, the current and former employees of Defendant who I am seeking to represent. I understand that my obligations to the class exist even when the class is certified solely as part of a class action settlement. It is my understanding that, as one part of this duty to the class, I cannot agree to a settlement to benefit myself to the exclusion of the rest of the class members. After my inclusion in this matter, I have never asked my attorneys to simply settle this matter at any cost. Rather, I have asked them to obtain the best settlement they could within reason, and I believe that they have attempted to do so.

6. This case was filed about two years ago. I have made myself available whenever my attorneys wanted to discuss aspects of my employment with Defendant, and I remain committed to seeing this matter through to the end.

7. I have conferred with my attorneys about the settlement proposed in this case. I am not an accountant, but I understand the factors and risks that need to be considered when evaluating a settlement.

8. Summing it all up in the simplest terms, I am asking to be stand-in for other employees of Defendant. Because of that, I cannot quit on the Class, and I cannot put myself and my interests before the Class. I accept these duties and request that I be approved as the class representative for purposes of this amended Settlement.

COMMUNITY OF INTEREST: TYPICALITY AND ADEQUACY

9. I was an hourly non-exempt employee of Defendant and was subject to the same pay structure and rules as all the other hourly non-exempt employees of Defendant.

10. I am not aware of anything special about me that would raise unique defenses to my claims, as opposed to the claims of the class. I am also not suing for anything unique to me. Rather, my claims are based upon the same facts that relate to the rest of the Class.

11. I do not believe that I have any conflicts with Class Members included in this proposed Settlement. I do not have any intention to take any action that would place me in a position that is hostile to other Class Members.

SERVICE AS A CLASS REPRESENTATIVE

12. I believe that were it not for my stepping forward and taking on the duties of protecting the interests of other Defendant employees, it is likely that the interests of the class would neither have been prosecuted, nor benefited. To my knowledge, other than the litigation encompassed by this proposed Settlement, there is no other litigation, on a class or individual basis, concerning the claims in this lawsuit. Nor has Defendant pointed to any.

13. I have assumed some long-lasting risk in prosecuting this case. Because it is so easy to

1 search for information online these days, I will face an increased risk that future employers will
2 discover information about this lawsuit online and have a negative reaction to learning that I sued an
3 employer. This may make it harder for me to obtain future employment or change jobs for a better
4 opportunity.

5 14. I have devoted a substantial amount of my time, both before this lawsuit was filed and
6 also during its litigation to ensure a fair result for the employee class. This involved ongoing
7 communications and participation with my counsel during the course of this case.

8 15. My participation began with bringing issues in this matter to my counsel's attention,
9 and explaining the factual background that was used to prosecute the claims in this case.

10 16. For example, I reviewed documents which I already had, I provided relevant documents
11 to my counsel, and I explained those documents and related facts to my counsel to assist them in their
12 review. I also assisted in identifying other potential witnesses, including other employees, who might
13 likewise have been of assistance.

14 17. After the mediation, a long-form settlement agreement was negotiated, and I reviewed it
15 with my attorneys as well as I was able to ensure that its terms are likewise fair and adequate.

16 18. In sum, I believe I have provided well over 20 hours of my time during the course of
17 this litigation to ensure a good outcome for the best interests of the class.

18 19. I do not believe that I have any conflicts with Class Members included in this proposed
19 Settlement.

20 I declare under penalty of perjury, under the laws of the State of California, that the foregoing is
21 true and correct.

22 Executed on 8/5/2024, in California.
