1 **I. INTRODUCTION**

2 Plaintiff Dagim Woldetsadik (“Plaintiff”) respectfully submits this memorandum in support of
3 the unopposed motion for preliminary approval of the proposed class action settlement with Defendant
4 The Millennium Group of Delaware, Inc. (“Defendant”), and seek entry of an order: (1) preliminarily
5 approving the proposed settlement of this class action with Defendant; (2) for settlement purposes only,
6 conditionally certifying the Class, which is comprised of “all individuals who are or previously were
7 employed by Defendant in California, including any employees staffed with Defendant by a third party,
8 who were classified as non-exempt in California and who did not execute Arbitration Agreements at
9 any time during the Class Period”, which is October 25, 2019 through the date of preliminary approval;
10 (3) provisionally appointing Plaintiff as the representative of the Class; (4) provisionally appointing
11 Norman B. Blumenthal, Kyle R. Nordrehaug, Aparajit Bhowmik, Nicholas J. De Blouw, Jeffrey S.
12 Herman, Sergio J. Puche, and Trevor G. Moran of Blumenthal Nordrehaug Bhowmik De Blouw LLP
13 as Class Counsel; (5) approving the form and method for providing class-wide notice; (6) directing that
14 notice of the proposed settlement be given to the class; (7) appointing Apex Class Action, LLC as
15 Administrator, and (8) scheduling a final approval hearing date, proposed for April 29, 2025, which is
16 at least 120 days from preliminary approval, to consider Plaintiff’s motion for final approval of the
17 settlement and for approval of attorneys’ fees and expenses. Plaintiff and Defendant (collectively the
18 “Parties”) have reached a full and final settlement of the above-captioned action, which is embodied
19 in the Class Action and PAGA Settlement Agreement (“Agreement”) filed concurrently with the Court.¹
20 A copy of the fully executed Agreement is attached as Exhibit #1 to the Declaration of Kyle Nordrehaug
21 (“Decl. Nordrehaug”), served and filed herewith. The form of the Agreement is based upon the Los
22 Angeles County Superior Court model form for a class and PAGA settlement.

23 As consideration for this Settlement, the non-reversionary Gross Settlement Amount of One
24 Million Two Hundred Fifty Thousand Dollars (\$1,250,000) (the “Gross Settlement Amount”) is to be
25 paid by Defendant, as set forth in the Agreement. The Gross Settlement Amount will settle all issues
26 pending in the Action between the Parties and will be made in full and final settlement of the Released

27 _____
28 ¹ Capitalized terms shall have the same meaning as defined in the Agreement.

1 Class Claims in exchange for the payments to Participating Class Members from the Net Settlement
2 Amount, and includes (a) the costs of administration of the settlement, (b) all attorneys' fees and costs,
3 (c) Class Representative Service Payment, and (d) the PAGA Penalties payment allocated 75% to the
4 LWDA and 25% to the Aggrieved Employees. (Agreement at ¶ 1.23.) Decl. Nordrehaug at ¶3. The
5 following is a table of the key financial terms of the Settlement and the proposed deductions:

6 **\$1,250,000** (Gross Settlement Amount)

- 7 - \$15,000 (Plaintiff's proposed service award not to exceed \$10,000)
- 8 - \$15,000 (Class Counsel Litigation Expenses Payment - not to exceed amount)
- 9 - \$416,666 (Class Counsel Fees Payment - not to exceed 1/3 of settlement)
- 10 - \$25,000 (PAGA Payment - 75% to LWDA / 25% to Aggrieved Employees)
- 11 - \$8,500 (Administration Expenses Payment - not to exceed amount)

12 **\$729,834** (Net Settlement Amount)

13 Based upon 233 Class Members who collectively worked 20,000 Workweeks which were the figures
14 negotiated at mediation (Agreement at ¶ 4.1), the Gross Settlement Amount provides an average value
15 of \$5,364 per Class Member and \$62.50 per Workweek and after deductions the Net Settlement
16 Amount provides an average recovery of \$3,132.33 per Class Member and a recovery of \$36.49 per
17 Workweek. Decl. Nordrehaug at ¶6.

18 On July 15, 2024, the Parties participated in an all-day mediation session presided over Hon.
19 David Rotman, a respected and experienced mediator of wage and hour class actions. Following the
20 mediation, the Parties agreed on the basic terms of a settlement pursuant to a mediator's proposal which
21 was memorialized in the form of a Memorandum of Understanding. Decl. Nordrehaug at ¶5. The
22 Settlement is fair, reasonable and adequate, and should be preliminarily approved because there is a
23 substantial monetary payment, and there are significant litigation and class-certification risks.
24 Therefore, Plaintiff respectfully requests that this Court grant preliminary approval of the Agreement
25 and enter the proposed order submitted herewith.

26 **II. DESCRIPTION OF THE SETTLEMENT**

27 The Gross Settlement Amount is One Million Two Hundred Fifty Thousand Dollars
28 (\$1,250,000). (Agreement at ¶ 1.23.) Under the Settlement, the Gross Settlement Amount consists of
the following elements: (1) payment of the Individual Class Payments to the Participating Class
Members; (2) Class Counsel Fees Payment and Class Counsel Litigation Expenses Payment; (3)

1 Administration Expenses Payment; (4) the Class Representative Service Payment to the Plaintiff; and
2 (5) the PAGA Penalties payment which is allocated between the LWDA PAGA Payment and the
3 Individual PAGA Payments. (Agreement at ¶ 1.23.) The Gross Settlement Amount does not include
4 Defendant's share of payroll taxes. (Agreement at ¶ 3.1.) The Gross Settlement Amount shall be all-in
5 with no reversion to Defendants. (Agreement at ¶ 3.1.) Decl. Nordrehaug at ¶15.

6 Within 30 days of the Effective Date, Defendant shall deposit the Gross Settlement Amount with
7 the Administrator. (Agreement at ¶4.3.) The distribution of Individual Class Payments to Participating
8 Class Members along with the other Court-approved distributions shall be made by the Administrator
9 within fourteen (14) days after Defendant funds the Gross Settlement Amount. (Agreement at ¶ 5.1.)
10 Decl. Nordrehaug at ¶16.

11 The amount remaining in the Gross Settlement Amount after the deduction of Court-approved
12 amounts for Individual PAGA Payments, the LWDA PAGA Payment, the Class Representative Service
13 Payment, the Class Counsel Fees Payment, the Class Counsel Litigation Expenses Payment, and the
14 Administration Expenses Payment (called the "Net Settlement Amount") shall be allocated to Class
15 Members as their Individual Class Payments. (Agreement at ¶¶ 1.29 and 3.2.) From the Net Settlement
16 Amount, the Individual Class Payment for each Participating Class Member will be calculated by (a)
17 dividing the Net Settlement Amount by the total number of Workweeks worked by all Participating
18 Class Members during the Class Period and (b) multiplying the result by each Participating Class
19 Member's Workweeks. (Agreement at ¶ 3.2(e).) Workweeks will be based on Defendant's records,
20 however, Class Members will have the right to challenge the number of Workweeks. Decl. Nordrehaug
21 at ¶17.

22 Class Members may choose to opt-out of the Settlement by following the directions in the Class
23 Notice. (Agreement at ¶ 8.5, Ex. A.) All Class Members who do not "opt out" will be deemed
24 Participating Class Members who will be bound by the Settlement and will be entitled to receive an
25 Individual Class Payment. (Agreement at ¶ 8.5(c).) All Aggrieved Employees, including those who
26 submit an opt-out request, will still be paid their allocation of the PAGA Penalties and will remain
27 subject to the release of the Released PAGA Claims regardless of their request for exclusion.
28

1 (Agreement at ¶¶ 6.3 and 8.5(d).) Finally, the Class Notice will advise the Class Members of their right
2 to object to the Settlement and/or dispute their Workweeks. (Agreement at ¶¶ 8.6 and 8.7, Ex. A.)
3 Decl. Nordrehaug at ¶18.

4 A Participating Class Member must cash his or her Individual Class Payment check within 180
5 days after it is mailed. (Agreement at ¶ 5.2.) Any settlement checks not cashed within 180 days will
6 be voided and any funds represented by such checks sent to the California Controller's Unclaimed
7 Property Fund in the name of the Class Member thereby leaving no "unpaid residue" subject to the
8 requirements of C.C.P. § 384(b). (Agreement at ¶ 5.4.) Decl. Nordrehaug at ¶19.

9 Subject to Court approval, the Parties have agreed on Apex Class Action LLC to administer the
10 settlement in this action ("Administrator"). (Agreement at ¶ 1.2.) The Administrator will be paid for
11 settlement administration in an amount not to exceed \$8,500. (Agreement at ¶ 3.2(c).) Apex Class
12 Action provided an estimate of \$8,490 for administration expenses. Decl. Nordrehaug at ¶20.

13 Subject to Court approval, the Agreement provides for Class Counsel to be awarded a sum not
14 to exceed one-third of the Gross Settlement Amount, as the Class Counsel Fees Payment. (Agreement
15 at ¶ 3.2(b).) Class Counsel will also be allowed to apply separately for an award of Class Counsel
16 Litigation Expenses Payment in an amount not to exceed \$55,000. (Agreement at ¶ 3.2(b).) Subject
17 to Court approval, the Agreement provides for a payment of no more than \$15000 to the Plaintiff as the
18 Class Representative Service Payment. (Agreement at ¶ 3.2(a).) Decl. Nordrehaug at ¶21.

19 Subject to Court approval, the PAGA Penalties will be paid from the Gross Settlement Amount
20 for PAGA penalties under the California Private Attorneys General Act, Cal. Labor Code Section 2698,
21 *et seq.* ("PAGA"). The PAGA Penalties are \$25,000. (Agreement at ¶¶ 1.35 and 3.2(d).) Pursuant to
22 the express requirements of Labor Code § 2699(i), the PAGA Payment shall be allocated as follows:
23 75% shall be allocated to the Labor Workforce Development Agency ("LWDA") as its share of the civil
24 penalties and 25% allocated to the Individual PAGA Payments to be distributed to the Aggrieved
25 Employees based on the number of their respective PAGA Pay Periods. (Agreement at ¶ 3.2(d).) As set
26 forth in the accompanying proof of service, the LWDA has been served with this motion and the
27 Agreement. Decl. Nordrehaug at ¶22.
28

III. CASE BACKGROUND

The description of the case and claims, along with the procedural history is set forth in the Declaration of Kyle Nordrehaug at ¶¶ 7-14. The Parties engaged in thorough investigation and the exchange of documents and information in connection with the Action for more than a year which permitted Class Counsel to perform a thorough analysis of the claims. Decl. Nordrehaug, ¶¶ 10 and 14. The Parties participated in mediation on July 15, 2024 with David Rotman, which after arms' length negotiations, resulted in this Settlement. Decl. Nordrehaug, ¶12.

IV. THE SETTLEMENT MEETS THE CRITERIA NECESSARY FOR THIS COURT TO GRANT PRELIMINARY APPROVAL

California "[p]ublic policy generally favors the compromise of complex class action litigation." *Nordstrom Comm'n Cases*, 186 Cal. App. 4th 576, 581 (2010) quoting *Cellphone Termination Fee Cases*, 180 Cal.App.4th 1110, 1117-18 (2009). Class action settlements are approved where the proposed settlement is "fair, adequate and reasonable." *Dunk v. Ford Motor Co.*, 48 Cal.App.4th 1794, 1801 (1996) (citing *Officers for Justice v. Civil Serv. Comm'n*, 688 F.2d 615, 625 (9th Cir. 1982), cert. denied, 459 U.S. 1217 (1983)).

Preliminary approval is the first of three steps that comprise the approval procedure for settlements of class actions. The second step is the dissemination of notice of the settlement to all class members. The third step is a final settlement approval hearing, at which evidence and argument concerning the fairness, adequacy, and reasonableness of the settlement may be presented, and class members may be heard regarding the settlement. *See Dunk v. Ford Motor Co.*, 48 Cal.App.4th 1794, 1801 (1996); *Manual for Complex Litigation, Second* §30.44 (1993); Cal. Rules of Court, rule 3.769.

The primary question presented on an application for preliminary approval of a proposed class action settlement is whether the proposed settlement is "within the range of possible approval." *Manual for Complex Litigation, Second* §30.44 at 229; *Gautreaux v. Pierce*, 690 F.2d 616, 621 n.3 (7th Cir. 1982).² Preliminary approval is merely the prerequisite to giving notice so that "the proposed

² California courts look to federal authority on class actions. *Vasquez v. Superior Court*, 4 Cal.3d 800, 821 (1971). "It is well established that in the absence of relevant state precedents trial courts are urged to follow the procedures prescribed in Rule 23 of the Federal Rules of Civil Procedure for conducting class actions." *Frazier v. City of Richmond*, 184 Cal. App.3d 1491, 1499 (1986), *citing*

1 settlement... may be submitted to members of the prospective Class for their acceptance or rejection.”
2 *Sayaman v. Baxter Healthcare Corp.*, 2010 U.S. Dist. LEXIS 151997, *3 (C.D. Cal. 2010). There is
3 "a presumption of fairness . . . where . . . [a] settlement is reached through arms-length bargaining."
4 *Wershba v. Apple Computer, Inc.*, 91 Cal.App.4th 224, 245 (2001) (citation omitted); see also *Cho v.*
5 *Seagate Tech. Holdings, Inc.*, 177 Cal. App. 4th 734, 742-45 (2009) (upholding trial court's
6 determination that settlement was "fair, reasonable and adequate" where the settlement "provided
7 valuable benefits to the class . . . that were 'particularly valuable in light of the risks plaintiff would have
8 faced if she proceeded to litigate her case.'"); *Newberg*, 3d Ed., §11.41, p.11-88. However, the ultimate
9 question of whether the proposed settlement is fair, reasonable and adequate is made after notice of the
10 settlement is given to the class members and a final settlement hearing is held by the Court.

11 **A. The Role Of The Court In Preliminary Approval Of A Class Action Settlement**

12 The approval of a proposed settlement of a class action suit is a matter within the broad
13 discretion of the trial court. *Wershba, supra*, 91 Cal.App.4th at 234-235; *Dunk*, 48 Cal.App.4th 1794.
14 In considering a potential settlement for preliminary approval purposes, the trial court does not have
15 to reach any ultimate conclusions on the issues of fact and law which underlie the merits of the dispute,
16 and need not engage in a trial on the merits. *Wershba, supra*, 91 Cal.App.4th at 239-40; *Dunk, supra*,
17 48 Cal.App. 4th at 1807. The Ninth Circuit explains, “the very essence of a settlement is compromise,
18 ‘a yielding of absolutes and an abandoning of highest hopes.’” *Officers for Justice*, 688 F.2d at 624.
19 Thus, when analyzing the settlement, the amount is “not to be judged against a hypothetical or
20 speculative measure of what might have been achieved by the negotiators.” *Officers for Justice*, 688
21 F.2d at 625, 628.

22 With regard to class action settlements, the opinions of counsel should be given considerable
23 weight both because of counsel’s familiarity with this litigation and previous experience with cases such
24 as these. *Officers for Justice*, 688 F.2d at 625. As a result, courts hold that the recommendation of
25 counsel is entitled to significant weight. *Nat’l Rural Telecomms. Coop. v. DIRECTV, Inc.*, 221 F.R.D.
26 523, 528 (C.D. Cal. 2004).

27 _____
28 *Green v. Obledo*, 29 Cal.3d 126, 145-146 (1981).

1 **B. Factors To Be Considered In Granting Preliminary Approval**

2 A number of factors are to be considered in evaluating a settlement for purposes of preliminary
3 approval. In determining whether to grant preliminary approval, the court considers whether the "(1)
4 the proposed settlement appears to be the product of serious, informed, non-collusive negotiations, (2)
5 has no obvious deficiencies, (3) does not improperly grant preferential treatment to class representatives
6 or segments of the class, and (4) falls within the range of possible approval." *In re Tableware Antitrust*
7 *Litig.*, 484 F.Supp. 2d 1078, 1079 (N.D. Cal. 2007). Courts hold that "a presumption of fairness exists
8 where: (1) the settlement is reached through arm's-length bargaining; (2) investigation and discovery
9 are sufficient to allow counsel and the court to act intelligently; (3) counsel is experienced in similar
10 litigation; and (4) the percentage of objectors is small." *Kullar v. Foot Locker Retail, Inc.*, 168 Cal.
11 App. 4th 116, 128 (2008). Here, the Settlement meets all of these criteria for preliminary approval and
12 therefore the presumption applies.

13 **1. The Settlement is the Product of Serious, Informed and**
14 **Arm's Length Negotiations by Experienced Counsel**

15 This settlement is the result of extensive and hard-fought litigation as well as negotiations before
16 an experienced and well-respected mediator. Defendant has expressly denied and continues to deny any
17 wrongdoing or legal liability arising out of the conduct alleged in the Action. Plaintiff and Class
18 Counsel have determined that it is desirable and beneficial to the Class to resolve the Released Class
19 Claims of the Class in accordance with this Settlement.³

20 Class Counsel are experienced and qualified to evaluate the class claims, the defenses asserted,
21 and the risks and benefits of trial and settlement, and Class Counsel are particularly experienced in wage
22 and hour employment class actions, as Class Counsel has previously litigated and certified similar
23 claims against other employers. Decl. Nordrehaug at ¶31. The view of qualified and well-informed

24
25 ³ The release applicable to the Class is appropriately tethered to allegations in the Action as the
26 "Released Class Claims" are defined as "all claims that were alleged, or reasonably could have been
27 alleged, based on the facts stated in the Operative Complaint which occurred during the Class Period
28 during employment in a non-exempt position in California ("Released Class Claims"), and expressly
excluding all other claims, including claims for vested benefits, wrongful termination, violation of the
Fair Employment and Housing Act, unemployment insurance, disability, social security, workers'
compensation, or Class claims based on facts occurring outside the Class Period." (Agreement at ¶ 6.2.)

1 counsel that a class action settlement is fair, adequate, and reasonable is entitled to significant weight.
2 *See Kullar v. Foot Locker*, 168 Cal. App. 4th 116, 133 (2008) (the trial court "undoubtedly should
3 continue to place reliance on the competence and integrity of counsel, the involvement of a qualified
4 mediator, and the paucity of objectors to the settlement."); *Dunk*, 48 Cal. App. 4th at 1802.

5 The Parties attended an arms-length mediation session with David Rotman, a respected and
6 experienced mediator of wage and hour class actions, in order to reach this Settlement. In preparation
7 for the mediation, Defendant provided Class Counsel with payroll and employment data and other
8 information regarding the Class Members, various internal documents, and other compensation and
9 employment-related materials. Class Counsel analyzed the data with the assistance of damages expert
10 Berger Consulting and prepared and submitted a mediation brief to the mediator. The final settlement
11 terms were negotiated and set forth in the Agreement now presented for this Court's approval. Decl.
12 Nordrehaug at ¶ 5. Importantly, Plaintiff and Class Counsel believe that this Settlement is fair,
13 reasonable and adequate.

14 As consideration for this Settlement, the Gross Settlement Amount to be paid by Defendant is
15 One Million Two Hundred Fifty Thousand Dollars (\$1,250,000). The Settlement is all-in with no
16 reversion to Defendant and no need to submit a claim form. Decl. Nordrehaug at ¶ 3.

17 Class Counsel has conducted an investigation into the facts of the class action. Informal
18 discovery was obtained, which included the production of hundreds of pages of relevant documents.
19 Class Counsel engaged in a thorough review and analysis of the relevant documents and data with the
20 assistance of an expert. Accordingly, the agreement to settle did not occur until Class Counsel
21 possessed sufficient information to make an informed judgment regarding the likelihood of success on
22 the merits and the results that could be obtained through further litigation. In addition, Class Counsel
23 previously negotiated settlements with other employers in actions involving nearly identical issues and
24 analogous defenses. Based on the foregoing data and their own independent investigation, evaluation
25 and experience, Class Counsel believes that the settlement with Defendant on the terms set forth in the
26 Agreement is fair, reasonable, and adequate and is in the best interest of the Class in light of all known
27 facts and circumstances, including the risk of significant delay, defenses asserted by Defendant, and
28

1 potential appellate issues. Decl. Nordrehaug at ¶ 14.

2 Plaintiff and Class Counsel recognize the expense and length of continuing to litigate and trying
3 this Action against Defendant through possible appeals which could take several years. Class Counsel
4 has also taken into account the uncertain outcome and risk of litigation, especially in complex class
5 actions such as this Action. Class Counsel is also mindful of and recognize the inherent problems of
6 proof under, and alleged defenses to, the claims asserted in the Action. Based upon their evaluation,
7 Plaintiff and Class Counsel have determined that the Settlement set forth in the Agreement is in the best
8 interest of the Class Members. Decl. Nordrehaug, ¶ 23.

9 Here, there can be no dispute that the litigation has been hard-fought with aggressive and
10 capable advocacy on both sides. The Parties were represented by experienced and capable counsel who
11 zealously advocated their positions. Accordingly, “[t]here is likewise every reason to conclude that
12 settlement negotiations were vigorously conducted at arms’ length and without any suggestion of undue
13 influence.” *In re Wash. Public Power Supply System Sec. Litig.*, 720 F. Supp. at 1392.

14 **2. The Settlement Has No "Obvious Deficiencies" and Falls Well Within**
15 **the Range for Approval**

16 The proposed Settlement herein has no "obvious deficiencies" and is well within the range of
17 possible approval. All Class Members will receive an opportunity to participate in the Settlement and
18 receive payment according to the same formula. (Agreement at ¶ 3.2(e).) Based upon 233 Class
19 Members who collectively worked 20,000 Workweeks which were the figures negotiated at mediation
20 (Agreement at ¶ 4.1), the Gross Settlement Amount provides an average value of \$5,364 per Class
21 Member and \$62.50 per Workweek and after deductions the Net Settlement Amount provides an
22 average recovery of \$3,132.33 per Class Member and a recovery of \$36.49 per Workweek. Decl.
23 Nordrehaug, ¶6.

24 The calculations to compensate for the amount due for the Class at the time of the mediation
25 were calculated by Berger Consulting, Plaintiff’s damage expert. As to the Class whose claims are at
26 issue in this Action, Plaintiff used the expert to analyze the data and determine the potential unpaid
27 wages for the employees. The maximum potential damages were calculated to be \$59,242 for the
28 alleged unpaid wages due to rounding practices, \$707 for the alleged unpaid wages due to the alleged

1 regular rate miscalculation, \$525,215 for the alleged for alleged meal period damages based upon a 30%
2 potential violation rate for shifts worked, \$552,567 for alleged rest period damages based upon the same
3 potential 30% violation rate observed for meal periods, \$148,740 for alleged unreimbursed business
4 expenses at \$30 per month. Decl. Nordrehaug, ¶6. As a result, the total damage valuation was
5 calculated that Defendant was subject to a maximum damage claim in the amount of \$1,286,470. As
6 to potential penalties, Plaintiffs calculated that potential waiting time penalties were a maximum of
7 between \$122,733 and \$608,758, depending on the predicate violation giving rise to the penalty, and
8 potential maximum wage statement penalties were \$444,000.⁴ Defendant vigorously disputed
9 Plaintiff's calculations and exposure theories. Decl. Nordrehaug, ¶6.

10 Consequently, the Gross Settlement Amount of \$1,250,000 represents more than 97% of the
11 maximum value of the alleged damages, and more than 53% of the combination of the maximum
12 damages and statutory penalties, at the time this Settlement was negotiated.⁵ Importantly, the recent
13 decision that good faith belief of compliance by the employer in *Naranjo v. Spectrum Sec. Servs., Inc.*,
14 15 Cal. 5th 1056, 1065 (2024), could completely negate the claims for waiting time and wage statement
15 penalties, even if wages were owed to the Class. The above maximum calculations should then be
16 adjusted in consideration for both the risk of class certification and the risk of establishing class-wide
17 liability on all claims. Given the amount of the settlement as compared to the potential value of claims
18 in this case and the defenses asserted by Defendant, this settlement is fair and reasonable.⁶ Clearly, the

20 ⁴ While Plaintiff alleged claims for statutory penalties pursuant to Labor Code Sections 203 and 226,
21 at mediation Plaintiff recognized that these claims were subject to additional, separate defenses asserted
22 by Defendants, including, a good faith dispute defense as to whether any premium wages for meal or
23 rest periods or other wages were owed given Defendant's position that Plaintiff and Class Members
24 were properly compensated. See *Nordstrom Commission Cases*, 186 Cal. App. 4th 576, 584 (2010)
25 ("There is no willful failure to pay wages if the employer and employee have a good faith dispute as to
26 whether and when the wages were due.").

27 ⁵ Because the PAGA claim is not a class claim and primarily is paid to the State of California,
28 Plaintiff did not included the PAGA claim in this discussion of the value of the class claims. The
PAGA claim is addressed in the Decl. Nordrehaug at ¶33.

⁶ See *Glass v. UBS Fin. Servs.*, 2007 U.S. Dist. LEXIS 8476 (N.D. Cal. 2007) (approving a
settlement where the settlement amount constituted approximately 25% of the estimated overtime
damages for the class); *Stovall-Gusman v. W.W. Granger, Inc.*, 2015 U.S. Dist. LEXIS 78671, at *12

1 goal of this litigation has been met. Decl. Nordrehaug, ¶6.

2 Where both sides face significant uncertainty, the attendant risks favor settlement. *Hanlon v.*
3 *Chrysler Corp.*, 150 F.3d 1011, 1026 (9th Cir. 1998). Here, a number of defenses asserted by
4 Defendant present serious threats to the claims of the Plaintiff and the other Class Members. Defendant
5 asserted that Defendant's practices complied with all applicable Labor laws. Defendant argued that
6 Class Members were paid for all time worked and that all work time was properly recorded. Defendant
7 argued there was no miscalculation of the regular rate when paying wages. Defendant contends that its
8 meal and rest period policies fully complied with California law and Defendant did not fail to provide
9 the opportunity for legally required meal and rest breaks. Defendant contends that there was no failure
10 to pay for business expenses and any cell phone usage was merely convenient and voluntary such that
11 reimbursement was not legally required. Finally, Defendant could argue that the Supreme Court
12 decision in *Brinker v. Superior Court*, 53 Cal. 4th 1004 (2012), weakened Plaintiff's claims, on liability,
13 value, and class certifiability as to the meal and rest period claims. Defendant also argues that based
14 on its facially lawful practices, Defendant acted in good faith and without willfulness, which if accepted
15 would negate the claims for waiting time penalties and/or inaccurate wage statements. See e.g. *Naranjo*
16 *v. Spectrum Sec. Servs., Inc.*, 15 Cal. 5th 1056, 1065 (2024) ("if an employer reasonably and in good
17 faith believed it was providing a complete and accurate wage statement in compliance with the
18 requirements of section 226, then it has not knowingly and intentionally failed to comply with the wage
19 statement law.") If successful, Defendant's defenses could eliminate or substantially reduce any
20 recovery to the Class. While Plaintiff believes that these defenses could be overcome, Defendant
21 maintains these defenses have merit and therefore present a serious risk to recovery by the Class. Decl.
22 Nordrehaug, ¶ 24.

23 _____
24 (N.D. Cal. 2015) (granting final approval where "the proposed Total Settlement Amount represents
25 approximately 10% of what class might have been awarded had they succeeded at trial."); *Dunleavy v.*
26 *Nadler (In re Mego Fin. Corp. Sec. Litig.)*, 213 F.3d 454, 459 (9th Cir. 2000) (affirming approval of
27 a class settlement which represented "roughly one-sixth of the potential recovery".) See also *Viceral v.*
28 *Mistras Grp., Inc.*, 2016 WL 5907869 (N.D. Cal. 2016) (approving wage and hour class action
settlement amounting to 8.1% of full value); *Ma v. Covidien Holding, Inc.*, 2014 WL 2472316, (C.D.
Cal. 2014) (approving wage and hour class action settlement worth "somewhere between 9% and 18%"
of maximum valuation).

1 There was also a significant risk that, if the Action was not settled, Plaintiff would be unable
2 to obtain a certified class and maintain the certified class through trial, and thereby not recover on behalf
3 of any employees other than himself. At the time of the mediation, Defendant forcefully opposed the
4 propriety of class certification, arguing that individual issues precluded class certification. Further, as
5 demonstrated by the California Supreme Court decision in *Duran v. U.S. Bank National Assn.*, 59 Cal.
6 4th 1 (2014), there are significant hurdles to overcome for a class-wide recovery even where the class
7 has been certified. While other cases have approved class certification in wage and hour claims, class
8 certification in this action was hotly disputed and the maintenance of a certified class through trial was
9 by no means a foregone conclusion. Decl. Nordrehaug, ¶ 25.

10 After arm's length negotiations between experienced and informed counsel, the Parties
11 recognized the potential risks and agreed on the Settlement with a Gross Settlement Amount of
12 \$1,250,000. As the Court held in *Glass*, where the parties faced uncertainties similar to those here:

13 In light of the above-referenced uncertainty in the law, the risk, expense, complexity,
14 and likely duration of further litigation likewise favors the settlement. Regardless of how
15 this Court might have ruled on the merits of the legal issues, the losing party likely
16 would have appealed, and the parties would have faced the expense and uncertainty of
17 litigating an appeal. "The expense and possible duration of the litigation should be
18 considered in evaluating the reasonableness of [a] settlement."

19 2007 WL 221862, at *4 (quoting *In re Mego Financial Corp. Securities Litigation*, 213 F.3d 454, 458
20 (9th Cir. 2000)).

21 **3. The Settlement Does Not Improperly Grant Preferential Treatment To** 22 **Class Representatives or Segments Of The Class**

23 The relief provided in the Settlement will benefit all members of the Class. The Settlement does
24 not grant preferential treatment to Plaintiff or segments of the Class in any way. Payments to the Class
25 Members are all determined under a neutral methodology. Each Participating Class Member will
26 receive the same opportunity to participate in and receive payment through a neutral formula that is
27 based upon the Workweeks for that individual. Decl. Nordrehaug, ¶4.

28 Plaintiff will apply to the Court for Class Representative Service Payment in consideration for
his service and for the risks undertaken on behalf of the Class. (Agreement at ¶ 3.2(a).) Plaintiff
performed his duties admirably by working with Class Counsel over the course of litigation. The

1 Declaration of the Plaintiff is submitted herewith in support. Decl. Nordrehaug at ¶27. At this stage,
2 the requested service award of \$15,000 is within the accepted range of awards for purposes of
3 preliminary approval. *See e.g. Andrews v. Plains All Am. Pipeline L.P.*, 2022 U.S. Dist. LEXIS 172183,
4 at *11 (C.D. Cal. 2022) (finding that the requested service awards of \$15,000 each are appropriate);
5 *Reynolds v. Direct Flow Med., Inc.*, 2019 U.S. Dist. LEXIS 149865, at *19 (N.D. Cal. 2019) (granting
6 request for \$12,500 service award); *Mathein v. Pier 1 Imps. (U.S.), Inc.*, 2018 U.S. Dist. LEXIS 71386
7 (E.D. Cal. 2018) (awarding \$12,500 where average class member payment was \$351); *Louie v. Kaiser*
8 *Foundation Health Plan, Inc.*, 2008 WL 4473183, *7 (S.D. Cal. 2008) (awarding \$25,000 service award
9 in overtime class action); *Glass v. UBS Fin. Servs.*, 2007 WL 221862, *16-17 (N.D. Cal. 2007)
10 (awarding \$25,000 service award in overtime class action and a pool of \$100,000 in enhancements).
11 As explained in *Glass*, service awards are routinely awarded to class representatives to compensate the
12 employees for the time and effort expended on the case, for the risk of litigation, for the fear of suing
13 an employer and retaliation there from, and to serve as an incentive to vindicate the statutory rights of
14 all employees. 2007 WL 221862 at *16-17.

15 **4. The Stage Of The Proceedings Are Sufficiently Advanced To Permit**
16 **Preliminary Approval Of The Settlement**

17 The stage of the proceedings at which this Settlement was reached also militates in favor of
18 preliminary approval and ultimately, final approval of the Settlement. Class Counsel has conducted a
19 thorough investigation into the facts of the class action. Class Counsel began investigating the Class
20 Members' claims before the Action were filed, and during the course of litigation, Class Counsel
21 engaged in informal discovery to obtain necessary information. Class Counsel conducted a review and
22 analysis of the relevant documents and data. Class Counsel was also experienced with the claims at
23 issue here, as Class Counsel previously litigated and settled similar claims in other actions.
24 Accordingly, the agreement to settle did not occur until Class Counsel possessed sufficient information
25 to make an informed judgment regarding the likelihood of success on the merits and the results that
26 could be obtained through further litigation. Decl. Nordrehaug at ¶28.

27 Based on the foregoing data and their own independent investigation and evaluation, Class
28 Counsel is of the opinion that the Settlement with Defendant for the consideration and on the terms set

1 forth in the Agreement is fair, reasonable, and adequate and is in the best interest of the Class in light
2 of all known facts and circumstances, including the risk of significant delay, defenses asserted by
3 Defendant, and numerous potential appellate issues. There can be no doubt that Counsel for both
4 parties possessed sufficient information to make an informed judgment regarding the likelihood of
5 success on the merits and the results that could be obtained through further litigation. Decl. Nordrehaug
6 at ¶29.

7 **V. THE CLASS IS PROPERLY CERTIFIED FOR SETTLEMENT PURPOSES ONLY**

8 Plaintiff contends that the proposed settlement meet all of the requirements for class certification
9 under California Code of Civil Procedure § 382 as demonstrated below, and therefore, the Court may
10 appropriately approve the Class as defined in the Agreement. This Court should conditionally certify
11 the Class for settlement purposes only, defined as follows:

12 All individuals who are or previously were employed by Defendant in California,
13 including any employees staffed with Defendant by a third party, who were classified
14 as non-exempt in California and who did not execute Arbitration Agreements at any
time during the Class Period.

15 (Agreement at ¶ 1.5.)

16 The Class Period is October 25, 2019 through the date of Preliminary Approval. (Agreement at ¶ 1.14.)

17 **A. California Code of Civil Procedure § 382**

18 Plaintiff seeks certification of this Class for settlement purposes under California Code of Civil
19 Procedure § 382. The California Supreme Court has summarized the standard for determining whether
20 class certification is appropriate as follows:

21 Code of Civil Procedure Section 382 authorizes class actions “when the question is one
22 of a common or general interest, of many persons, or when the parties are numerous, and
23 it is impracticable to bring them all before the court....” The party seeking certification
24 has the burden to establish the existence of both an ascertainable class and a well-
defined community of interest among class members. (*citations omitted*). The
“community of interest” requirement embodies three factors: (1) predominant common
questions of law or fact; (2) class representatives with claims or defenses typical of the
class; and (3) class representatives who can adequately represent the class.

25 *Sav-On Drug Stores, Inc. v. Superior Court*, 34 Cal. 4th 319, 326 (2004).

26 While Defendant reserves all rights to dispute that the Plaintiff can satisfy these requirements,
27 the Parties agree that Defendant will not dispute that these requirements may be satisfied in this case
28

1 for purposes of settlement only and therefore, the proposed Class should be certified for purposes of
2 settlement only. (Agreement at ¶ 2.9.)

3 **B. The Proposed Class Is Ascertainable and Numerous**

4 Plaintiff brings this action on behalf of a Class of non-exempt employees in California during
5 the Class Period. Plaintiff asserts that all of these individuals are ascertainable because the class
6 members can readily be determined through examination of Defendant's files. Given that the Class
7 consists of approximately 233 individuals, Plaintiff maintains that numerosity is clearly satisfied. *See*
8 *Bowles v. Superior Court*, 44 Cal.2d 574 (1955) (class with 10 members sufficiently numerous); *Rose*
9 *v. City of Hayward*, 126 Cal.App.3d 926, 934 (1981) (class of 48 members satisfies numerosity
10 requirement.) Here, Plaintiff asserts that the 233 current and former employees that comprise the Class
11 can be identified based on Defendant's records and are sufficiently numerous for class certification.
12 Decl. Nordrehaug at ¶30.

13 **C. Common Issues of Law and Fact Predominate**

14 Predominance of common issues of law or fact does not require that the common issues be
15 dispositive of the entire controversy or even that they be dispositive of all liability issues. 1 *Newberg*
16 *on Class Actions*, Section 4.25 at 4-82, 4-83 (1992). "Predominance is a comparative concept, and 'the
17 necessity for class members to individually establish eligibility and damages does not mean individual
18 fact questions predominate.'" *Sav-On*, 34 Cal. 4th at 334.

19 Commonality exists if there is a predominant common legal question regarding how an
20 employer's policies impact its employees. *Ghazaryan v. Diva Limousine, Ltd.*, 169 Cal. App. 4th 1524,
21 1536 (2008) ("[T]he common legal question remains the overall impact of Diva's policies on its
22 drivers.") Whether the plaintiff is likely to prevail on their theory of recovery is irrelevant at the
23 certification stage since the question is "essentially a procedural one that does not ask whether an action
24 is legally or factually meritorious." *Linder v. Thrifty Oil Co.*, 23 Cal. 4th 429, 439-440 (2003).

25 Here, Plaintiff contends that common questions of law and fact are present, specifically the
26 common questions of whether Defendant's employment practices were lawful, whether Defendant
27 failed to provide meal and rest periods to Class Members, whether Class members were lawfully
28

1 compensated for all hours worked, whether Defendant correctly calculated the regular rate, whether
2 Defendants failed to provide required expense reimbursement, and whether Class Members are entitled
3 to damages and penalties as a result of these practices. Plaintiff contends that certification of this Class
4 is appropriate because Defendant allegedly engaged in uniform practices with respect to the Class
5 Members. As a result, these common questions of liability could be answered on a class wide basis.
6 Decl. Nordrehaug, ¶30. Defendant disputes that common questions predominate but will not oppose
7 such a finding for purposes of this Settlement only.

8 **D. The Claims of the Plaintiff Are Typical of the Class Claims**

9 The typicality requirement requires the Plaintiff to demonstrate that the members of the class
10 have the same or similar claims as the Plaintiff. “The typicality requirement is met when the claims of
11 the [p]laintiff arise from the same event or are based on the same legal theories.” *Tate v. Weyerhaeuser*
12 *Co.*, 723 F.2d 598, 608 (8th Cir. 1983). In *Hanlon*, *supra*, 150 F.3d at 1020, the Ninth Circuit held that
13 “[u]nder the rule's permissive standards, representative claims are ‘typical’ if they are reasonably
14 coextensive with those of absent class members; they need not be substantially identical.”

15 In this Action, Plaintiff contends that the typicality requirement is fully satisfied. Plaintiff, like
16 every other member of the Class, was employed as a non-exempt employee, and, alleges like every other
17 member of the Class, were subject to the same employment practices. Plaintiff, like every other
18 member of the Class, also claims owed compensation as a result of the Defendant’s company policies
19 and practices. Thus, the claims of Plaintiff and the members of the Class arise from the same course
20 of conduct by Defendant, involve the same issues, and are based on the same legal theories. Decl.
21 Nordrehaug at ¶30. For purposes of settlement, Plaintiff asserts that the typicality requirement is met
22 as to the common issues presented in this case. Defendant does not oppose a finding of typicality for
23 purposes of this Settlement only.

24 **E. The Class Representation Fairly and Adequately Protected the Class**

25 Plaintiff contends that the Class Members are adequately represented here because Plaintiff and
26 representing counsel (a) do not have any conflicts of interest with other class members, and (b) will
27 prosecute the case vigorously on behalf of the class. *Hanlon*, 150 F.3d at 1020. This requirement is
28

1 met here. First, Plaintiff is well aware of his duties as the representative of the Class and has actively
2 participated in the prosecution of this case to date. Plaintiff effectively communicated with Class
3 Counsel, provided documents and information to Class Counsel, and participated in the investigation
4 and resolution of the Action. The personal involvement of the Plaintiff was essential to the prosecution
5 of the Action and the monetary settlement reached. Second, Plaintiff retained competent counsel who
6 are experienced in employment class actions and who have no conflicts. Decl. Nordrehaug at ¶ 31.
7 Third, there is no antagonism between the interests of the Plaintiff and those of the Class. Both the
8 Plaintiff and the Class Members seek monetary relief under the same set of facts and legal theories.
9 Under such circumstances, there can be no conflicts of interest, and adequacy of representation is
10 satisfied. *Reaves v. Ketoro, Inc.*, 2020 U.S. Dist. Lexis 167926, *23 (C.D. Cal. 2020). Defendant
11 disputes that the adequacy requirement is satisfied but will not oppose such a finding for purposes of
12 this Settlement only.

13 **F. The Superiority Requirement Is Met**

14 To certify a class, the Court must also determine that a class action is superior to other available
15 methods for the fair and efficient adjudication of the controversy. “Where classwide litigation of
16 common issues will reduce litigation costs and promote greater efficiency, a class action may be
17 superior to other methods of litigation.” *Valentino v. Carter-Wallace, Inc.*, 97 F.3d 1227, 1234 (9th Cir.
18 1996). As courts have previously observed:

19 Absent class treatment, each individual plaintiff would present in separate, duplicative
20 proceedings the same or essentially the same arguments and evidence, including expert
21 testimony. The result would be a multiplicity of trials conducted at enormous expense
22 to both the judicial system and the litigants. “It would be neither efficient nor fair to
23 anyone, including defendants, to force multiple trials to hear the same evidence and
24 decide the same issues.”

25 *Sav-On*, 34 Cal. 4th at 340, citing *Boggs v. Divested Atomic Corp.*, 141 F.R.D. 58, 67 (S.D. Ohio 1991).

26 Here, Plaintiff contends that a class action is the superior mechanism for resolution of the claims
27 as pled by the Plaintiff. While Defendant disputes that class treatment is superior, Defendant does not
28 dispute a finding of superiority in this action for purposes of this Settlement only.

29 **VI. THE PROPOSED METHOD OF CLASS NOTICE IS APPROPRIATE**

30 The Court has broad discretion in approving a practical notice program. The Parties have agreed

1 upon procedures by which the Class Members will be provided with written notice of the Settlement
2 similar to that approved and utilized in hundreds of class action settlements. In accordance with the
3 Agreement, Defendants will provide to the Administrator a confidential electronic spreadsheet
4 containing the Class Data. (Agreement at ¶ 4.2.) Within 14 days after receiving the Class Data, the
5 Administrator will mail the Class Notice to all Class Members via first-class U.S. Mail using the most
6 current mailing address information available. (Agreement at ¶ 8.4(b).) A Spanish translation of the
7 Class Notice Packet will be included in the mailing. (Agreement at ¶ 1.12.)

8 The Class Notice, drafted jointly and agreed upon by the Parties through their respective counsel
9 and to be approved by the Court, includes all relevant information. (*See Exhibit "A" to the Agreement.*)
10 The Class Notice will include, among other information: (i) information regarding the Action; (ii) the
11 impact on the rights of the Class Members if they do not opt out, including a description of the
12 applicable release; (iii) information to the Class Members regarding how to opt out and how to object
13 to the Settlement; (iv) the estimated Individual Class Payment for each of the Class Members; (iii) the
14 amount of attorneys' fees and expenses to be sought; (v) the amount of the Plaintiff's service award
15 request; and (vi) the anticipated expenses of the Administrator. Decl. Nordrehaug at ¶32.

16 The Class Notice will state that the Class Members shall have thirty (30) days from the date that
17 the Class Notice is mailed to them (the "Response Deadline") to request exclusion (opt-out) or to
18 submit a written objection, which deadline shall be extended by 14 days for re-mailings. (Agreement
19 at ¶¶ 1.43, 8.5, 8.7.) Class Members shall be given the opportunity to object to the Settlement and/or
20 requests for attorneys' fees and expenses and to appear at the Final Approval Hearing. (Agreement at
21 ¶ 8.7.) Class Members who do not submit a timely and proper request to opt-out will automatically
22 receive a payment of their Individual Class Payment. This notice program was designed to
23 meaningfully reach the Class Members and it advises them of all pertinent information concerning the
24 Settlement. Decl. Nordrehaug at ¶32. The mailing and distribution of the Class Notice satisfies the
25 requirements of due process and is the best notice practicable under the circumstances and complies
26 with Rules of Court 3.766 and 3.769(f).

1 **VII. CONCLUSION**

2 Plaintiffs respectfully request that the Court preliminarily approve the proposed settlement and
3 sign the proposed Preliminary Approval Order, which is submitted herewith, and schedule the final
4 approval hearing for the proposed date of April 29, 2024, which date is at least one hundred twenty
5 (120) days from the date of Preliminary Approval.
