I, Megan A. Yarnall, hereby declare:

1. I am an attorney duly licensed to practice before all courts of the State of California and am a member in good standing of the State Bar of California. I am a partner at Janssen Malloy LLP and am one of the attorneys representing Plaintiffs and the putative class in this action. I submit this declaration in support of Plaintiffs' Motion for Preliminary Approval of Class and PAGA Settlement. Unless otherwise indicated, I have personal knowledge of the matters stated herein and, if called as a witness, could and would competently testify to them.
2. I graduated from the University of Oregon School of Law in 2010. I have been licensed to practice law in California since 2010 and am also licensed to practice law in Oregon.
3. Since 2010, I have represented clients in class actions in a variety of settings, including employment, consumer-protection, long-term-care, and data-breach class actions.
4. I have also represented plaintiffs and defendants in individual employment matters, including wage-and-hour matters. Janssen Malloy LLP has experience representing both plaintiffs and defendants in employment litigation, including employment class actions. This experience has given the firm familiarity with the legal and practical issues presented in employment class-action litigation.
5. I have participated in the investigation, litigation, mediation, and resolution of approximately twenty class action matters and have been approved as class counsel by both Federal and California courts.
6. Patrik Griego is the senior parter at Janssen Malloy LLP and has worked with me in representing Plaintiffs in this action. Mr. Griego has practiced law for approximately 30 years and has substantial experience in employment litigation, including wage-and-hour and class-action matters, representing both plaintiffs and defendants in these matters for more than 28 years.
7. Janssen Malloy LLP has the experience, personnel, and resources necessary to represent the proposed Settlement Class and will continue to devote the resources necessary to this matter through the completion of the proposed settlement.

8. Together with other Plaintiffs' counsel, attorneys from Janssen Malloy LLP participated in the investigation and litigation of this action. Through that work, we have become familiar with the factual and legal issues presented by Plaintiffs' claims and Defendants' defenses.

9. Our work has included interviewing plaintiffs; reviewing documents and information provided by plaintiffs; reviewing defendants' policies, payroll and timekeeping records, wage statements, and other records; drafting pleadings; propounding and otherwise participating in the discovery process; researching the applicable law; and participating in mediation and settlement negotiations.

10. Based on this work, I believe Janssen Malloy LLP is qualified to serve as Class Counsel and to represent the interests of the proposed Settlement Class.

11. I am not aware of any other pending matter or action asserting claims that will be extinguished or otherwise adversely affected by the proposed settlement in this action.

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct.

Executed on Thursday, October 8, 2026, at Eureka, California.
