Dept: 2

1 I, Enrique Martínez, declare as follows:

2 1. I am a member in good standing of the Bar of the State of California and an attorney
3 with the Law Offices of Enrique Martinez in Oakland, California. I am one of the attorneys for the
4 Plaintiff and the Class in this action. I have personal knowledge of the facts set forth in this
5 declaration and could and would testify competently to them.

6 2. I make this Declaration in support of Plaintiff's Memorandum of Points and
7 Authorities in Support of Motion for Final Approval of Class Action Settlement, Attorneys' Fees,
8 Costs, Service Award, and Claims Administration.

9 **Summary of Work Performed by Class Counsel, Results & Attorneys' Fee Request**

10 3. Prior to filing the complaint, we conducted extensive legal and investigative research
11 and had many phone calls with our client and other workers. Defendants hired experienced counsel
12 and vigorously defended this action. The Named Plaintiff, Juan C. Solano ("Class Representative")
13 sought meal period and rest break premiums, overtime compensation, and other relief on behalf of
14 himself and a putative class of not exempt employees who worked for Defendants as dairy workers.

15 4. Defendants answered the Complaint, denying every allegation in Plaintiff's
16 Complaint. Plaintiff then propounded significant written discovery and had to engage in extensive
17 meeting and conferring and motion work to obtain the requested information. The parties
18 participated in mediation in May 2024. Preparation for mediation was thorough, with Plaintiff's
19 counsel gathering and processing data, including thousands of time and payroll records provided by
20 Defendants in order to calculate damages. Class Counsel also interviewed witnesses and drafted
21 comprehensive mediation statements.

22 5. Following execution of the settlement agreement, which we negotiated with
23 Defendants at length and with the help of Hon. Patrick J. O'Hara (Ret.), an experienced
24 employment class action mediator, we prepared the motion for preliminary approval. We worked
25 closely with the Claims Administrator following preliminary approval of the settlement to calculate
26 estimated amounts due to class members and arrange the mailing of the class notice and dispute
27 form.

28 6. Throughout the period after preliminary approval was granted, Class Counsel

1 performed extensive follow-ups with settlement class members. We spoke with class members,
2 informing them of their options and answering questions they had.

3 7. The \$410,000 settlement is structured for three payments. Defendants will make the
4 first payment of \$200,000 within 30 days after the signed Final Approval Order. The second
5 payment of \$100,000 will be paid three (3) months from the first payment. The last payment of
6 \$110,000 will be paid three (3) months from the second payment. Under this payment schedule the
7 entire settlement will be funded within seven (7) months of the date the Court executes the Final
8 Approval Order. The Claims Administrator shall make the following distributions for a total of
9 \$410,000: (1) thirty (30) days after receiving the first payment of \$200,000, the Claims
10 Administrator will pay itself, the Named Plaintiff's service award, and the PAGA payment to the
11 LWDA; (2) thirty (30) days after receiving the second payment of \$100,000, the Claims
12 Administrator will pay the Settlement Awards and PAGA payments to the Aggrieved Employees;
13 and (3) thirty (30) days after receiving the third payment of \$110,000, the Claims Administrator
14 will pay the attorneys' fees and costs. The amounts of any uncashed checks sent to Eligible Class
15 Members will be distributed to the Community Services Employment Training (CSET)-Family
16 Resources Centers, a non-profit organization assisting Central Valley residents, as a *cy pres*
17 recipient.

18 8. According to our calculations, the maximum potential recovery for the primary
19 claims of meal period and rest break violations is approximately \$1.5 million, assuming
20 certification was maintained through trial and judgment, all defense challenges to potential liability
21 were defeated, and Plaintiff recovered 100% on the claims. Thus, the proposed \$410,000 settlement
22 constitutes approximately 27% of the maximum recoverable amount for these claims. The Net
23 Settlement Fund of \$221,833.33 will be distributed to the Class of 123 workers. Again, the
24 amounts of any uncashed checks sent to Eligible Class Members will be distributed to Community
25 Services Employment Training (CSET)-Family Resources Centers.

26 9. Following the dissemination of the Class Notice and providing adequate time for
27 Class Members to present an objection, as described in more detail by the Notice Administrator in
28 her declaration, no Class Member objected to the Settlement. Thus, the proposed Settlement is

1 entitled to the presumption that it is reasonable, fair and one which should be finally approved.

2 10. I believe that my firm as well as the Law Offices of John E. Hill, has represented,
3 and will continue to represent the best interests of the class. We have engaged in extensive
4 investigation of the facts and the applicable law. We have many years of experience in handling
5 class actions, other complex litigation, and claims based on the same substantive law asserted in the
6 action. We have committed and will continue to commit the resources necessary to provide the
7 class with quality representation. We have represented thousands of other workers in lawsuits
8 similar in size, scope, and complexity to the present case, and have been appointed as class counsel
9 in every prior case where they have sought such appointment. Class Counsel have applied for an
10 award of attorneys' fees in the amount of \$136,666.67, which is thirty percent (33.3%) of the gross
11 settlement fund. We have calculated our \$180,205 lodestar fee at rates reflecting those currently
12 earned in the marketplace, which is approximately 0.76 of the requested amount of attorneys' fees.
13 I was admitted to the California Bar in 2000 and my hourly rate is \$775. I have spent over 171.70
14 hours since November 2022 and expect to spend more hours in the future responding to class
15 member questions through the distribution process. These rates are in line with rates typically
16 approved in wage and hour class action litigation. *See Exhibit A.* The paralegals at the Law
17 Offices of John E. Hill also devoted 377.10 hours to the case, primarily working with the class data
18 and handling calls from class members. The hourly rate for our paralegals is \$125.

19 11. In addition to the description of our work in this case, as explained above, the
20 following is a summary of the tasks we undertook in this case: pre-litigation investigations since
21 November 2022, including meeting with and interviewing former workers and reviewing their pay
22 information; legal research concerning primarily meal and rest period cases and recent case law
23 developments; thorough analysis of Defendants' policies, practices and procedures concerning pay
24 practices, in particular; drafting complaint and other pleadings; preparation of discovery and
25 extensive meeting and conferring with Defendants' counsel and motion work; drafting of mediation
26 briefs, especially as it relates to the class data and damages calculations, and attend mediation; work
27 up the details and negotiation of the settlement agreement; drafting of approval motions; and
28 communication with class members concerning the distribution processes. All the tasks and work

1 performed were reasonable and necessary to the prosecution of this case. Our firms only have nine
2 attorneys combined. Class Counsel believe that firms of our size face even greater risks in
3 litigating class actions with no guarantee of payment.

4 12. I graduated from Yale University and from UCLA Law School. I have extensive
5 knowledge of employment litigation throughout California in both federal and state courts. I began
6 my legal career at Lieff, Cabraser, Heimann & Bernstein in San Francisco working primarily on
7 civil rights and employment class actions. Since then, I have litigated over 35 wage and hour class
8 actions involving overtime, meal periods, unreimbursed business expenses, unlawful deductions,
9 and other California Labor Code violations, leading to favorable statewide class action and
10 nationwide collective action settlements that have recouped millions of dollars in unpaid wages and
11 penalties. Throughout my career, my practice has focused on employment law, and I have
12 primarily represented low-wage, immigrant workers. I am a member of the California
13 Employment Lawyers Association (CELA) and a former chair of CELA's Immigrant Employment
14 Rights Committee. I also have served on various non-profit organizations' boards and am a past
15 president of La Raza Centro Legal in San Francisco.

16 13. Class Counsel is seeking \$24,000 in costs, which was communicated to the Class in
17 the Class Notice. The majority of these costs have been for mediator fees, the filing of the
18 complaint, and data entry expenses (in relation to mediation and class certification briefs), while
19 smaller amounts have been paid for other ordinary litigation costs and expenses such as filing fees
20 and mail costs. We respectfully request to be reimbursed for these necessary costs which Class
21 Counsel incurred in the representation of the Plaintiff and the Class.

22 **Work Performed by the Class Representative**

23 14. Plaintiff's counsel worked closely with Plaintiff Juan C. Solano to prosecute and
24 resolve this litigation.

25 15. Class Counsel's work with Plaintiff included initial meetings with him, at which time
26 he agreed to serve as class representative. Following these meetings, the attorney and paralegals in
27 our offices worked with Plaintiff on various matters related to the litigation. Since November 2022,
28 Plaintiff came forward in this action on behalf of the entire class, produced documents, assisted

1 counsel in bringing the case and investigating the underlying merits, conferred with counsel on
2 settlement negotiations, attended mediation, and extensively monitored the progress of the litigation.

3 16. Plaintiff, in working with our offices, put in extensive time finding and contacting
4 other class members. He reached out to former co-workers to inform them of the litigation. The
5 Plaintiff's time and effort resulted in Plaintiff's Counsel obtaining a significant amount of
6 information and class data, which in turn, facilitated the settlement of this action.

7 17. As Class Representative, Plaintiff took his duties and responsibilities seriously. He
8 stayed in constant contact with our offices and assisted us whenever we requested his time or
9 knowledge of the case. The Class Representatives spent time working with the attorneys on phone
10 consultations, meetings, mediation and settlement documents. He provided us with information
11 that was vital to the prosecution of this action and final successful resolution of this lawsuit. In
12 addition, he was exposed to the potential risk of having to pay for Defendants' costs if they did not
13 resolve this lawsuit. I believe that the requested enhancement payment of \$10,000 to Plaintiff is
14 extremely fair and reasonable considering all circumstances.

15 18. Upon filing this declaration and other related documents in support of Final Approval
16 with this Court, my office will electronically file them with the LWDA for purposes of the Private
17 Attorneys General Act ("PAGA").

18 I make this Declaration under penalty of perjury under the laws of the United States and the
19 State of California, at Oakland, California.
