I, Danielle Burlile, declare the following:

1. I am the plaintiff. I have personal knowledge of the facts in this declaration and if called on to testify I would competently do so.
2. I worked for The Tox in a nonexempt capacity.
3. Since I believed there were issues regarding wage payments while working at the restaurant, I came into contact Frontier Law Center and spoke with them about the issues.
4. I was also concerned about the overall environment at the workplace.
5. Subsequently after signing up with Frontier Law Center, I understood the case was already proceeding on a representative basis and that I would be the subsequent class representative.

///

6. I stayed in regular contact with the attorneys at Frontier Law Center since my involvement, including multiple phone calls and discussing the case progression.

7. I was always available to speak with the attorneys from Frontier Law Center about the case as it proceeded, and I provided information whenever requested.

8. I have been ready and able proceed as the subsequent class representative, and I understood there could be some risk in pursuing this case with a potential stigma against me.

9. Thus, I believe I spent approximately 20 hours participating in this case including many check-ins and updates, reviewing the settlement agreement, and engaging discussions about the facts and status.

10. As a result, I support the request for an enhancement payment of \$3,000.

11. I also support the arguments in the motion for final approval.

12. In sum, I believe the settlement is fair, reasonable, and adequate.

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct.
