**DECLARATION OF PLAINTIFF
ANTOWINE HOCKLEY IN SUPPORT OF
MOTIONS FOR APPROVAL OF CLASS
AND PAGA REPRESENTATIVE ACTION
SETTLEMENT**

Reservation ID: 995565959157
Date: December 3, 2026
Time: 8:30 a.m.
Courtroom: Dept. 1
Judge: Hon. Harold W. Hopp

Action Filed: September 19, 2025
Trial Date: Not Set

DECLARATION OF ANTOWINE HOCKLEY

I, ANTOWINE HOCKLEY, declare as follows:

1. I am a named Plaintiff and Class Representative in this case. I am a former employee of the named Defendants ROAD WARRIOR STAFFING, INC. and PERFORMANCE TEAM LOGISTICS LLC ("Defendants"). As such, I have personal knowledge of, or am informed and believe, the following facts herein stated. If called as a witness, I could and would testify competently to the following.

JOB DUTIES AND EXPERIENCES

2. I worked for Defendants during the Class Period as an hourly-paid employee from August 15, 2024 to September 15, 2025. I was paid on hourly basis and classified as non-exempt from overtime.

3. During my employment, I experienced problems with taking all uninterrupted, 30-minute meal periods, taking all of my rest breaks, receiving reimbursement for work-related expenditures, and receiving all pay for all hours that I worked.

DUTIES OF A CLASS REPRESENTATIVE

4. This lawsuit is not an individual lawsuit. It is a proposed class action. I understand that, if approved as a class representative in this matter, I have an obligation to do my best to look out for the interests of other class members, the current and former employees of Defendants who I am seeking to represent. I understand that my obligations to the class exist even when the class is certified solely as part of a class action settlement. It is my understanding that, as one part of this duty to the class, I cannot agree to a settlement to benefit myself to the exclusion of the rest of the class members. I have never asked my attorneys to simply settle this matter at any cost. Rather, I have asked them to obtain the best settlement they could within reason, and I believe that they have attempted to do so.

5. I have been actively involved in this case since I first retained Tunyan Law, APC. I have made myself available whenever my attorneys wanted to discuss aspects of my employment by Defendants, and I remain committed to seeing this matter through to the end.

6. I have conferred with my attorneys about the settlement proposed in this case. I am not an accountant, but I understand the factors and risks that need to be considered when evaluating a

1 settlement. I believe that the Class Action Settlement obtained on behalf of the Class Members is fair
2 and reasonable in view of the issues and risks involved with the case.

3 7. I am asking to be stand-in for other employees of Defendants. Because of that, I
4 cannot quit on the Class, and I cannot put myself and my interests before the Class. I accept these
5 duties and request that I be approved as the class representative for purposes of this amended
6 Settlement.

7 COMMUNITY OF INTEREST: TYPICALITY AND ADEQUACY

8 8. I was an hourly non-exempt employee of Defendants and was subject to the same pay
9 structure and rules as all the other hourly non-exempt employees of Defendants.

10 9. I am not aware of anything special about me that would raise unique defenses to my
11 claims, as opposed to the claims of the class. I am also not suing for anything unique to me. Rather, my
12 claims are based upon the same facts that relate to the rest of the Class.

13 10. I do not believe that I have any conflicts with Class Members included in this proposed
14 Settlement. I do not have any intention to take any action that would place me in a position that is hostile
15 to other Class Members. I also do not believe I have any conflicts of interest with the selected class
16 action settlement administrator.

17 SERVICE AS A CLASS REPRESENTATIVE

18 11. I believe that were it not for my stepping forward and taking on the duties of protecting
19 the interests of other Defendants employees, it is likely that the interests of the class would neither have
20 been prosecuted, nor benefited. To my knowledge, other than the litigation encompassed by this
21 proposed Settlement, there is no other litigation on a class basis, concerning the claims in this lawsuit
22 nor have Defendants pointed to any. I do not believe that I have any conflicts with Class Members
23 included in this proposed Settlement.

24 12. **CMO ¶ H.2.c.** I have assumed some long-lasting risk in prosecuting this case. Because
25 it is so easy to search for information online these days, I will face an increased risk that future
26 employers will discover information about this lawsuit online and have a negative reaction to learning
27 that I sued an employer. This may make it harder for me to obtain future employment or change jobs
28 for a better opportunity.

13. **CMO ¶¶ H.2.a, b.** I have devoted a substantial amount of my time, both before this lawsuit was filed and also during its litigation to ensure a fair result for the employee class. This involved ongoing communications and participation with my counsel during the course of this case. My participation began with bringing certain issues that are involved in this matter to my counsel's attention, and explaining the factual background that was used to prosecute the claims in this case. For example, I reviewed documents which I already had, I provided relevant documents to my counsel, and I explained those documents and related facts to my counsel to assist them in their review. I also assisted in identifying potential witnesses, including other employees, who might likewise have been of assistance.

14. **CMO ¶¶ H.2.a.** My efforts continued after suit was filed. For example, I have had many discussions with the attorneys at Tunyan Law, APC regarding Defendants' wage and hour policies, my claims in this case, litigation strategy, potential witnesses, discovery, updates on how the case was proceeding, and how I could help the case. I also discussed strategy with my counsel. I remained in regular communication with my attorneys regarding discovery and settlement discussions that the parties had during the course of litigation and mediation. I continued to identify employees and other witnesses to counsel, along with other information as to how they could be of potential use in this matter. I also provided substantial information and documents to my attorneys to assist them in preparing the case. I also made myself available to answer questions during the settlement negotiations.

15. **CMO ¶ H.2.a.** After the settlement negotiations, a long-form settlement agreement was negotiated, and I reviewed it with my attorneys as well as I was able to ensure that its terms are likewise fair and adequate.

16. **CMO ¶ H.2.c.** I believe that the Class Representative service payment of \$5,000 for me is fair and reasonable as it takes into consideration the fact that I have always considered the interests of the other Class Members just as I have my own interests and understand that I have to put the interests of the other Class Members before my own. I have not negotiated or entered into any undisclosed separate settlement and release agreements for general release of my non-wage related claims, nor have I received any undisclosed compensation in this case. The only compensation I will receive is whatever amount the

Court awards as a service payment and for general release of all claims as well as my share of the settlement fund as a class member and as an aggrieved employee. Therefore, I believe this service payment is fair as I signed a general release, so I am not only giving up my wage and hour claims, but I am also giving up all claims beyond wage and hour claims I had against my former employer. Since I have signed a general release for any and all claims related to my employment with Defendants, I cannot pursue any other claims against Defendants while Class Members can still pursue other claims not released in this Class Action.

17. **CMO ¶ H.2.c.** Furthermore, the Class Representative service payment is fair and reasonable as I risk the potential stigma of being a Class Representative in a Class Action labor dispute, which may affect my future employment in this industry while other class members did not undertake that risk but will benefit from this settlement. A Google search with my name and Defendants show that I am a Plaintiff in this Class Action case.

18. **CMO ¶ H.2.c.** I believe that the Class Representative service payment for me is also fair and reasonable as this service payment also takes into consideration the time, effort, risks, stress, and sacrifice of signing a general release of all claims over just wage and hour claims, as well as the benefit provided to all class members as a result of my involvement in this litigation.

19. **CMO ¶ H.2.b.** In sum, in addition to assuming the risks that go along with being a class representative and named plaintiff in litigation, I believe I have also provided well over 25 hours of my time during the course of this litigation to ensure a good outcome for the best interests of the Class. I believe I have been diligent and acted above and beyond that which is expected of a Class Representative throughout all stages of the litigation. I will continue to diligently act as the Class Representative up to and including final approval of the Class Action Settlement.

20. **CMO ¶ H.2.d.** It is also my opinion that the service payment is fair and reasonable because in addition to the many hours spent participating in this case, I accepted the potential risk of being liable for the opposing parties' costs if we were unsuccessful in this lawsuit. My attorneys told me these costs could be tens of thousands of dollars or more based on the extent of formal litigation. I believed in this case and was willing to be a Class Representative Plaintiff knowing the risks involved.

21. **CMO ¶ H.2.e.** The approximate amount that I expect to receive from the Net Settlement

Amount as a class and PAGA member is approximately \$710.95 (56 workweeksX\$12.7(payment per workweek)) if the Court approves the settlement. The only compensation I will receive from this settlement is \$710.95 plus whatever the amount the Court awards to me as a Class Representative Service Award.

22. This litigation has also resulted in a valuable benefit to the Class Members who will participate in the monetary payout of this Settlement because of my involvement.

23. Based on the time, risk, stress, sacrifice of signing of a general release, and the great outcome of this case, I believe that the requested service payment for me is fair and reasonable.

I declare under penalty of perjury, under the laws of the State of California, that the foregoing is true and correct.
