[Los Angeles County Superior Court
Case No. 23STCV07181]

[State Court Complaint Filed: April 3,
2023]

1 I, LINDSAY ORIN, hereby declare and state as follows:

2 1. I am the named Plaintiff in this lawsuit against Defendant Cal. Del.
3 U.S.A. Inc. ("Defendant") and I submit this declaration in support of Plaintiff's
4 Unopposed Motion for Preliminary Approval of Class Action Settlement. I am a
5 competent adult and worked for Defendant as a non-exempt employee in Los
6 Angeles County and worked during the relevant time period. I have personal
7 knowledge of the facts set forth herein, and if called as a witness to testify to them,
8 I could and would do so competently.
9

10 2. I contacted my current attorneys when I questioned the employment
11 practices of Defendant prior to commencing this lawsuit. I accepted the opportunity
12 to act as a Class Representative in a class action on behalf of other employees of
13 Defendant whom I believed were being subjected to labor law violations. Although
14 presented with the opportunity, I did not pursue this case on an individual basis and
15 instead did so as a class action so that I could help other employees recover for what
16 I believed were Defendant's illegal practices.
17

18 3. Specifically, I questioned Defendant's policies of failing to pay all
19 minimum and overtime wages, failing to provide meal and rest periods, failing to
20 reimburse business expenses, and issuing its employees deficient wage statements.
21 Through many discussions with my lawyers, I learned these may be illegal practices
22 and Defendant's employees might have recourse for them.
23

24 4. By bringing this lawsuit, and throughout its course, I have put the
25 interests of the class ahead of my own. I understood that I could possibly earn a
26 small enhancement payment if this case resolved itself favorably, but always knew
27 that I could also be responsible for paying Defendant's attorneys' fees and costs if
28

1 it did not. My goal in bringing this lawsuit was to obtain a recovery on behalf of the
2 class, and even more importantly, to put an end to what I believed were illegal
3 practices on the part of Defendant. I believe I have achieved both through this
4 lawsuit and settlement.

5
6 5. I am very happy about the results of this litigation. I am satisfied that
7 Defendant is compensating class members for unpaid wages, penalties, and interest
8 that I believe we are due.

9
10 6. At the onset of this case, I spent time through numerous phone calls with
11 several of my attorneys explaining what I understood to be the policies and
12 procedures of Defendant and how they were applied to me and others I worked with.
13 During the course of this litigation, up through and following the settlement process,
14 I kept actively involved with its status, tracking the status of the case and
15 participating as much as possible.

16
17 7. While I have not maintained detailed time records of my activities in
18 connection with this litigation, I believe that have spent a total of approximately 25
19 hours assisting my attorneys with the preparation of this case, and doing work and
20 analysis independent from my attorneys both before and during this case, including
21 conducting an independent investigation of the facts and attending a full-day
22 mediation.

23
24 8. Before this litigation commenced, and throughout its course, I have
25 spent approximately 12.5 or more hours gathering, organizing, and reviewing
26 documents and information for this lawsuit. I sifted through many of my own
27 documents and reviewed information produced by Defendant as part of this case.

1 9. I have communicated with my attorneys several times per month to track
2 my case's status. I have taken an active involvement in this matter throughout its
3 course, including assistance to my attorneys at the mandatory settlement conferences
4 and at my deposition.
5

6 10. This lawsuit will almost certainly result in reputational harm to me.
7 There is a stigma associated with suing anyone, let alone your former employer. I
8 will probably be adversely affected when it comes to obtaining future employment
9 – employers who learn that I sued Defendant in a class action will likely avoid hiring
10 me.
11

12 11. I do not believe that I have any conflicts with other members of the class.
13 My interests in bringing this lawsuit – for Defendant to change its labor practices
14 going forward and to compensate current and former employees – are the same as
15 those of all other class members.
16

17 I declare, under penalty of perjury, under the laws of the State of California
18 and the United States of America that the foregoing is true and correct.
19

20 Executed on December 11, 2023 at West Hollywood, California.
