I, CARMINA VALDEZ, declare as follows:

1. I am an individual over the age of 18 and the named plaintiff in this matter. This declaration is submitted in support of approval of the proposed class action settlement (“Settlement”) reached in this case. I have personal knowledge of the facts stated in this declaration and could testify competently to them if called upon to do so.

2. I was employed by Defendant Advance Imaging Center, Inc. (hereinafter “Advanced Imaging” or “Defendant”) as a non-exempt employee from on or around November 22, 2021 through approximately May 2022. During my employment with Defendant, I was employed as a Medical Billing/Front Office employee. I was subject to Defendant’s wage and hour policies and practices at all times during my employment.

3. It is my understanding that I was not compensated for all of my hours worked. Specifically, I am informed and believe that Defendant rounded and/or shaved my time worked on my timesheets such that I was not paid all of my minimum and overtime wages.

4. I do not believe I received all legally-compliant meal periods. Specifically, as a result of the work demands imposed by Defendant my meal breaks were often late, short or otherwise unlawful. When I worked shifts over 10.0 hours, Defendant did not provide a second meal break, which I understand I am entitled to based on California law.

5. I also do not believe I received all legally-compliant rest periods. I was not authorized to take a rest period for every four hours that I worked because of Defendant's work demands.

6. As a result of these violations, I also do not believe I received accurate and complete wage statements.

7. I retained Haines Law Group, APC and Lidman Law, APC to represent me in my wage claims against Defendant. Even before this lawsuit was filed, I worked closely with my lawyers on this case. I answered all of their questions about my employment and made myself available whenever I was needed. Prior to filing the lawsuit, I would speak with the attorneys to go over whatever topics they wished to discuss, including my responsibilities as a class representative.

8. At the time of filing this lawsuit, I understood that this lawsuit had the chance to benefit my former co-workers and current employees of Defendant by helping them recover their unpaid wages and unpaid meal and rest period premium wages and penalties. I knew that there was a risk that I could be liable for Defendant's costs if we lost the case. I accepted this risk because I wanted Defendant to compensate me and their current and former employees for all unpaid wages and meal and rest period premium wages. Even though I understood that joining a lawsuit is a public record and could stigmatize me and may affect my future employability in this industry or any other industry because there is a risk that future employers would not want to interview and/or hire someone who has sued an employer, I accepted that burden for the benefit of other employees of Defendant.

9. Without counsel and the assistance of myself, I do not believe we would have gotten the proposed settlement which will benefit the other employees. Indeed, if I had not sought legal representation to enforce California's labor laws, I do not believe my former co-workers and current employees of Defendant and California's Labor and Workforce Development Agency ("LWDA"), which I understand will receive a portion of the proposed settlement, would receive any of the settlement funds.

10. I have been actively involved in this case since initiating this lawsuit back in March 2023. Among other things, I gathered various employment related documents for use in the lawsuit. Without revealing and/or waiving attorney-client privileged communications, I also communicated with my attorneys on numerous occasions throughout the litigation to make sure they had my most current information and any additional information to help move the case forward.

11. Additionally, I worked with my lawyers to prepare for the mediation and was available that day for any questions that arose.

12. When my attorneys told me that we reached a settlement in this case, I spent time discussing the settlement agreement with my attorneys. I wanted to understand everything before I signed the settlement agreement. I believed I represented the Settlement Class members and the LWDA to the best of my ability and put the interests of the Settlement Class ahead of my own. I believe that I have spent approximately 8 to 12 hours in total on activities related to this case.

13. I am not involved in any other lawsuits. As far as I am aware, I have no conflicts with any of the other Settlement Class members.

14. As part of the proposed Settlement, I have also agreed to a general release of claims related to my employment with Defendant that extends beyond the release applicable to members of the Settlement Class up through the date I signed the settlement agreement. I understand that this includes all claims, whether known or unknown, under federal, state, or local law against Defendant.

15. I understand that my attorneys will request that the Court award me a Service Award of \$7,500.00 for my service and efforts on the case. This proposed \$7,500.00 Service Award is not contingent upon me supporting the proposed Settlement.

I have reviewed this written statement and fully understand all of its contents. I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct.

Executed on Aug 12, 2024, 2024 at Lancaster, California.
