## DECLARATION OF ANGELICA MENDOZA

I, ANGELICA MENDOZA, declare as follows:

1. I am a named Plaintiff in this case. I am a former employee of the named defendant, JDC FOOD SERVICES, INC. ("Defendant"). As such, I have personal knowledge of, or am informed and believe, the following facts herein stated. If called as a witness. I could and would testify competently to the following:

JOB DUTIES AND EXPERIENCES

2. I worked for Defendant during the Settlement Class Period in one of Defendant's Jack-in-the-Box restaurants. My employment began in 2019 and ended on or about June 29, 2022. I held a job position that is at issue in this case and included within the class.

3. My job duties included a variety of customer service duties in a fast-food restaurant, including cooking, cleaning, taking orders, and making calls when machines were broken.

4. I experienced delays waiting to clock in on the Point-of-Sale system, sometimes had to take meal breaks late or had meal breaks interrupted, sometimes missed rest breaks, and used my cell phone for work purposes without reimbursement. As a result of these issues, I did not receive all wages when due and my wage statements were not always accurate.

DUTIES OF A CLASS REPRESENTATIVE

5. This lawsuit is not an individual lawsuit. It is a proposed class action. I understand that, if approved as a class representative in this matter, I have an obligation to do my best to look out for the interests of other class members, the current and former employees of Defendant who I am seeking to represent. I understand that my obligations to the class exist even when the class is certified solely as part of a class action settlement. It is my understanding that, as one part of this duty to the class, I cannot agree to a settlement to benefit myself to the exclusion of the rest of the class members. I have never asked my attorneys to simply settle this matter at any cost. Rather, I have asked them to obtain the best settlement they could within reason, and I believe that they have attempted to do so.

1           6.       This case was filed about one and a half years ago. I have never asked to be relieved  
2 from my role as a proposed class representative. To the contrary, I have made myself available  
3 whenever my attorneys wanted to discuss aspects of my employment by Defendant, and I remain  
4 committed to seeing this matter through to the end.

5           7.       I have conferred with my attorneys about the settlement proposed in this case. I am not  
6 an accountant, but I understand the factors and risks that need to be considered when evaluating a  
7 settlement.

8           8.       Summing it all up in the simplest terms, I am asking to be stand-in for other  
9 employees of Defendant. Because of that, I cannot quit on the Class, and I cannot put myself and my  
10 interests before the Class. I accept these duties and request that I be approved as the class  
11 representative for purposes of this amended Settlement.

12  
13                   COMMUNITY OF INTEREST: TYPICALITY AND ADEQUACY

14           9.       I was an hourly non-exempt employee of Defendant and was subject to the same pay  
15 structure and rules as all the other hourly non-exempt employees of Defendant.

16           10.      I am not aware of anything special about me that would raise unique defenses to my  
17 claims, as opposed to the claims of the class. I am also not suing for anything unique to me. Rather, my  
18 claims are based upon the same facts that relate to the rest of the Class.

19           11.      I do not believe that I have any conflicts with Class Members included in this proposed  
20 Settlement. I do not have any intention to take any action that would place me in a position that is hostile  
21 to other Class Members.

22  
23                   SERVICE AS A CLASS REPRESENTATIVE

24           12.      I believe that were it not for my stepping forward and taking on the duties of protecting  
25 the interests of other Defendant employees, it is likely that the interests of the class would neither have  
26 been prosecuted, nor benefited. To my knowledge, other than the litigation encompassed by this  
27 proposed Settlement, there is no other litigation, on a class or individual basis, concerning the claims in  
28 this lawsuit. Nor has Defendant pointed to any.

1           13.     I have assumed some long-lasting risk in prosecuting this case. Because it is so easy to  
2 search for information online these days, I will face an increased risk that future employers will  
3 discover information about this lawsuit online and have a negative reaction to learning that I sued an  
4 employer. This may make it harder for me to obtain future employment or change jobs for a better  
5 opportunity.

6           14.     I have devoted a substantial amount of my time, both before this lawsuit was filed and  
7 also during its litigation to ensure a fair result for the employee class. This involved ongoing  
8 communications and participation with my counsel during the course of this case.

9           15.     My participation began with bringing certain issues that are involved in this matter to  
10 my counsel's attention, and explaining the factual background that was used to prosecute the claims in  
11 this case.

12          16.     For example, I reviewed documents which I already had, I provided relevant documents  
13 to my counsel, and I explained those documents and related facts to my counsel to assist them in their  
14 review. I also assisted in identifying potential witnesses, including other employees, who might  
15 likewise have been of assistance.

16          17.     My efforts continued after suit was filed. For example, I continued to identify  
17 employees and other witnesses to counsel, along with other information as to how they could be of  
18 potential use in this matter. I also discussed strategy with my counsel.

19          18.     I also made myself available to answer any questions that arose during the full day  
20 mediation.

21          19.     After the mediation, a long-form settlement agreement was negotiated, and I reviewed it  
22 with my attorneys as well as I was able to ensure that its terms are likewise fair and adequate.

23          20.     In sum, I believe I have provided well over 25 hours of my time during the course of  
24 this litigation to ensure a good outcome for the best interests of the class.

25          21.     I do not believe that I have any conflicts with Class Members included in this proposed  
26 Settlement.

22. I have no relationship with the Administrator selected to administer this proposed Settlement.

I declare under penalty of perjury, under the laws of the State of California, that the foregoing is true and correct.

Executed on 11/20/2024, at 10:30, California.
