1 **MEMORANDUM OF POINTS AND AUTHORITIES**

2 **I. SUMMARY OF ARGUMENT AND ESSENTIAL POINTS**

3 Pursuant to California Rules of Court, Rule 3.769 (d) and (e), Plaintiff Ricardo Gallardo
4 respectfully requests that this Court grant final approval of the Class Action and PAGA
5 Settlement Agreement and Release of Claims (the “Settlement Agreement” or “S.A.”) on file in
6 this action, which is supported and unopposed by Defendant Classic Collision, LLC, and enter
7 the proposed order and final judgment in this matter.

8 There are several essential reasons why this settlement should be approved, and judgment
9 entered accordingly, as follows:

- 10 • After considerable work in litigation, along with substantial exchange of
11 information via discovery and informal exchange prior to mediation, the Parties reached a
12 \$1,400,000 settlement on behalf of 682 Class Members;
- 13 • The Class Members were deemed to participate in the Settlement and were not
14 required to submit a claim form to receive funds;
- 15 • There is no reversion to Defendant; and
- 16 • There were zero objections and only one Request for Exclusion, meaning 99.85%
17 of the Class is currently participating in the Settlement.

18 Thus, in accordance with the analysis and law set forth herein, as well as in the
19 preliminary approval motion, the Settlement should be approved, and judgment entered based on
20 the determination that the Settlement is fair, reasonable, adequate, and in the best interests of the
21 Class. (Declaration of Class Counsel, Brian J. Mankin [“Mankin Decl.”] ¶¶ 13, 35).

22 **II. SUMMARY OF THE SETTLEMENT**

23 Plaintiff and the Class Members include all current and former nonexempt (hourly paid)
24 employees employed by Defendant in California at any time during the Class Period of June 14,
25 2019, through March 21, 2025. The primary claims (which Defendant vehemently disputed)
26 involved allegations that Defendant failed to pay the Class all wages owed, failed to provide
27 compliant meal and rest breaks, as well as wage statement violations, waiting time penalties, and
28 PAGA penalties arising from the same underlying conduct.

1 The Settlement includes 681 Participating Class Members, and the following is a
2 breakdown of how the funds are allocated under the Settlement Agreement (Declaration of
3 Taylor Mitzner of Phoenix Settlement Administrators (“Mitzner Decl.”) ¶ 12):

Gross Settlement Amount	\$ 1,400,000.00
Attorneys’ Fees (1/3)	\$ 466,666.67
Litigation Costs	\$ 20,450.47
Administrator Costs	\$ 10,000.00
PAGA Penalties	\$ 100,000.00
Class Representative Service Award	\$ 10,000.00
Class Representative Release Payment	\$ 5,000.00
Net Settlement Amount	\$ 787,882.86

4
5
6
7
8
9
10 The Participating Class Members were deemed to participate and did not need to submit a
11 Claim Form to receive payment. (S.A. ¶ 31). Each Participating Class Member will receive an
12 Individual Class Payment which will be calculated and apportioned from the Net Settlement
13 Amount based on the number of Weeks Worked during the Class Period. (S.A. ¶ 57(c)).

14 Assuming all of the amounts in the Settlement are approved by the Court, the highest
15 payment to Participating Class Members is estimated to be approximately \$3,440.64, the average
16 payment is estimated to be \$1,156.95, and the lowest is \$11.39 for a short-term employee who
17 only worked one week during the Class Period. (Mitzner Decl. ¶ 13).

18 In addition, 482 Aggrieved Employees will share in the \$25,000 PAGA Payment based
19 on Weeks Worked, who will receive \$51.87 each on average. (Mitzner Decl. ¶ 14).

20 The Individual Class Payments to Participating Class Members will be allocated as 15%
21 to wages subject to standard withholdings and 85% for interest and statutory penalties (pursuant
22 to, e.g., California Labor Code sections 203, 210, 226) from which no taxes will be withheld.
23 The Settlement Administrator will issue to each Participating Class Member an Internal Revenue
24 Service Form W-2 and comparable state forms with respect to the wage allocation and a Form
25 1099 with respect to the penalties and interest allocations. (S.A. ¶ 57(d)). Payments to
26 Aggrieved Employees will be treated as civil penalties and paid on a Form 1099.

27 The Settlement Agreement provides that Defendant shall fund the Settlement Amount
28 within 30 days of the Effective Date, which is anticipated to be the date the Court enters an order

granting Final Approval. The Settlement Administrator is then required to issue payments within 10 calendar days of receipt of the payment. (S.A. ¶¶ 80-81). Class Members will have 180 days to cash the settlement check. (S.A. ¶ 82). If a Class Member fails to cash a check by the deadline, the Administrator shall issue unclaimed funds to the California State Controller in the name of the Participating Class Member/Aggrieved Employee.

III. THE NOTICE PROCESS

A. Notice to the Class Members

Pursuant to the Court's Order and the Settlement Agreement, the Parties directed the Settlement Administrator to review and update the Class Members' addresses, mail the Court-approved Notice Packet, and process their responses. (Mitzner Decl. ¶ 2). Prior to mailing the Notice Packet, the Settlement Administrator performed a National Change of Address search on all Class Members to determine if any had moved. (*Id.* at ¶ 4). Then, on May 12, 2025, the Notice Packet was sent via first-class mail to the 682 Class Members to advise each about the suit and settlement. There were no Notice Packets undeliverable or returned notices; thus, there was a **100% success rate** in mailing the Notice Packets. (*Id.* at ¶ 5).

In accordance with California Rules of Court, Rules 3.766(d) and 3.769(f), the Notice Packet provided Class Members with (1) a brief explanation of the case; (2) an explanation of each Settlement Class Member's right to opt out of the settlement class; (3) an explanation of the process (and relevant deadlines) through which a Class Member could opt out of the settlement class; (4) notice about the binding nature of the Judgment for Class Members who do not opt out; (5) an explanation of each Class Member's right to appear through counsel; (6) an explanation of each Class Member's right to appear at the fairness hearing and express views on the settlement, i.e., object or otherwise respond; and (7) an explanation of each Class Member's right to participate in the Settlement and receive payment accordingly. (*See Exhibit A* to the Mitzner Decl.).

1 **B. There were No Objections or Only One Request for Exclusion, Resulting in**
2 **an Impressive 99.85% Class Participation in the Settlement**

3 California law makes clear that the percentage of objectors and opt-outs is an important
4 factor in the Court’s consideration of a proposed class action settlement. *Dunk v. Ford Motor*
5 *Co.* (1996) 48 Cal.App.4th 1794, 1802; *see also Mandujano v. Basic Veg. Prods., Inc.* (9th Cir.
6 1976) 541 F.2d 672, 677 (where the Ninth Circuit recognized that the number or percentage of
7 class members who object to the settlement is a significant factor in the final fairness analysis).

8 In this case, there are zero objections, zero disputes, and only one opt-out to the
9 Settlement -- meaning that 99.85% of the Class Members are currently participating in the
10 Settlement. (Mitzner Decl. ¶¶ 8-10). Considering this positive reaction to the Settlement and its
11 overall terms, it is clear that the Settlement, which was the product of arm’s-length negotiations,
12 is fair and reasonable and the Parties therefore respectfully request that the Court grant final
13 approval and enter the proposed judgment as requested. *See Dunk*, 48 Cal.App.4th at 1800-1802
14 (class action settlements should be approved if they are fair and reasonable, and a low percentage
15 of objectors and opt-outs is evidence of an agreement’s fairness).

16 **IV. EVALUATION OF THE SETTLEMENT**

17 It is axiomatic that California law strongly favors and encourages settlements. *See*
18 *Stambaugh v. Super. Ct.* (1976) 62 Cal.App.3d 231, 236. This presumption in favor of
19 settlement applies with particular force in the context of class actions. *See Ferguson v. Lieff,*
20 *Cabraser, Heimann & Bernstein* (2003) 30 Cal.4th 1037 (Kennard, J., concurring and dissenting)
21 (“[p]ublic policy favoring settlement is especially weighty for class actions”); *Bell v. Am. Title*
22 *Ins. Co.* (1991) 226 Cal.App.3d 1589, 1607-1608 (affirming approval of a class settlement and
23 implicitly endorsing its citation of federal precedent for the notion that there is a “strong public
24 policy in favor of settlement of class actions”); *Van Bronkhorst v. Safeco Corp.* (9th Cir. 1976)
25 529 F.2d 943, 950 (“it hardly seems necessary to point out that there is an overriding public
26 interest in settling and quieting litigation. This is particularly true in class action suits”).

27 When entertaining a request for final approval of a class action settlement, a court’s
28 fundamental consideration is whether the settlement is fair, adequate and reasonable. *Dunk*, 48

1 Cal.App.4th at 1801, fn. 7 (noting that state courts look to federal authority concerning the
2 approval of class settlements); California Rules of Court, Rule 3.769 (g).

3 Fairness is presumed when: (1) the settlement is reached through arm's-length
4 bargaining; (2) investigation and discovery are sufficient to allow counsel and the court to act
5 intelligently; (3) counsel is experienced in similar litigation; (4) the percentage of objectors and
6 opt outs is small, and (5) the range of reasonableness of the settlement fund to a possible
7 recovery in light of all attendant risks of litigation.” *Dunk*, 48 Cal.App.4th at 1802. All five of
8 these factors are discussed in detail below.

9 **A. The Settlement was Reached through Informed Arms-Length Negotiation**

10 Courts presume the absence of fraud or collusion in the negotiation of a settlement,
11 unless evidence to the contrary is offered. Thus, there is a presumption here that the negotiations
12 were conducted in good faith. *See* 3 Alba Conte & Newberg, *supra*, at § 11.51. The proposed
13 settlement here was the product of arm's-length negotiation before a highly experienced and
14 reputable class action mediator to reach a settlement.

15 Here, Plaintiff and Class Counsel have diligently investigated the claims raised in this
16 litigation and, after taking into account the disputed factual and legal issues involved in this
17 action, the risks attending further prosecution, and the benefits to be received pursuant to the
18 compromise and settlement of the action as set forth in the Settlement, concluded that the
19 settlement terms are fair, reasonable, and in the best interest of the Settlement Class.
20 As the Settlement Agreement itself reveals, the Settlement is designed to fairly and adequately
21 compensate all Class Members. And, pursuant to California Rules of Court Rule 3.769(b), the
22 parties have disclosed the agreed upon and proposed attorney fee award, which is well within the
23 range of reasonableness for matters of this nature.

24 **B. Plaintiff's Investigation was Sufficient**

25 As set forth at the time of preliminary approval, Class Counsel's investigation into the
26 facts and merits of the wage and hour claims alleged included analysis of substantial amounts of
27 information, correspondence, documents, pay data, policies and procedures, and evidence
28 relating to the class size and the commonality of the claims. During this process, Plaintiff and

1 Class Counsel conducted investigations into the potential claims of the similarly situated
2 employees, as well as researching and investigating Defendant's defenses. Finally, Class
3 Counsel synthesized and analyzed information provided by Defendant as to total Class Members,
4 the number of current and former employees, the number of employees who worked during
5 various time periods, and prepared comprehensive damage calculations regarding the claims.

6 **C. Class Counsel are Experienced in Similar Litigation and Endorse the**
7 **Settlement**

8 Class Counsel are experienced in this type of litigation, and they have (and hereby do)
9 represent that this Settlement is fair and reasonable. (Mankin Decl. ¶¶ 2-13); *see 7-Eleven*
10 *Owners for Fair Franchising v. Southland Corp.* (2000) 85 Cal.App.4th 1135, 1152 (Final
11 approval of settlement affirmed where counsel were all experienced litigators with class-action
12 experience and had recommended settlement based on the negotiated terms).

13 **D. Reasonable Estimated of the Nature and Amount of Recovery**

14 Plaintiff's Motion for Preliminary Approval contained a comprehensive *Kullar* analysis
15 which sufficiently provided the Court with "basic information about the nature and magnitude
16 of the claims in question and the basis for concluding that the consideration being paid for the
17 release of those claims represents a reasonable compromise." *Kullar v. Foot Locker Retail,*
18 *Inc.* (2008) 168 Cal.App.4th 116, 133. Of course, a settlement is not judged against what might
19 have been recovered had a plaintiff prevailed at trial, nor does the settlement have to provide
20 100% of the damages sought to be fair and reasonable. *Wershba v. Apple Computers, Inc.* (2001)
21 91 Cal.App.4th 246, 250 ("Compromise is inherent and necessary in the settlement process ...
22 even if the relief afforded by the proposed settlement is substantially narrower than it would be if
23 the suits were to be successfully litigated, this is no bar to a class settlement because the public
24 interest may indeed be served by a voluntary settlement in which each side gives ground in the
25 interest of avoiding litigation").

26 Considering the uncertainties of protracted litigation, this negotiated settlement reflects
27 the best practicable recovery for the Class. While the total settlement amount is, of course, a
28 compromise figure, the potential risks and opportunities of both parties were effectively

weighed and considered by the parties, resulting in a fair and equitable settlement. Based upon detailed data obtained through informal discovery and information exchanges, and factoring in class certification probabilities and liability probabilities, Class Counsel formulated detailed damages models to evaluate the claims for mediation in order to reach a realistic and reasonable resolution as set forth at preliminary approval.

V. THE REQUESTED ATTORNEYS' FEES ARE FAIR AND REASONABLE

For their efforts in creating a common fund for the benefit of the class, the Settlement Agreement provided that Class Counsel may seek reasonable fees of \$466,666.67 (one-third of the Gross Settlement Amount). These fees are warranted under the law and within the range of fees commonly awarded in similar cases.

As shown herein, the requested percentage of one-third of the settlement fund as payment for attorneys' fees should be granted for several reasons. First, one-third is the standard benchmark in California for class action settlements. *See, e.g., Chavez v. Netflix, Inc.* (2008) 162 Cal.App.4th 43, 66 n. 11 ("Empirical studies show that, regardless whether the percentage method or the lodestar method is used, fee awards in class actions average around one-third of the recovery"). Second, the California Supreme Court upheld that the percentage of the fund method survives in California class action cases. *See Laffitte v. Robert Half International, Inc.* (2016) 1 Cal.5th 480. Third, the requested amount is eminently reasonable through the prism of a lodestar cross-check. Accordingly, this request should receive final approval.

A. Plaintiff is Entitled to Recover Reasonable Attorneys' Fees Under the Labor Code

Plaintiff and the Class in this action are entitled to recover reasonable attorneys' fees, expenses and costs under Labor Code § 218.5, which provides that, "[i]n any action brought for the nonpayment of wages ... the Court shall award reasonable attorneys' fees and costs to the prevailing party." In addition, Plaintiff and the Class are entitled to recover reasonable attorneys' fees pursuant to Labor Code § 1194.2, which provides that, "... any employee receiving less than the legal minimum wage ... applicable to the employee is entitled to recover in a civil action the unpaid balance of the full amount of this minimum wage... including ...

1 reasonable attorney's fees, and costs of suit." Plaintiff is also entitled to fees and costs under s
2 Labor Code § 226(e) (employee who prevails on claim for itemized wage statement violation "is
3 entitled to an award of costs and reasonable attorneys' fees"), under PAGA (Labor Code §
4 2699(g), which provides "Any employee who prevails in any action shall be entitled to an award
5 of reasonable attorney's fees and costs, including any filing fee paid"), and, potentially, Code of
6 Civil Procedure § 1021.5.

7 **B. Class Counsel's Request for Fees is Reasonable and Properly Calculated as a**
8 **Percentage of the Common Fund**

9 Under the "common fund" doctrine, the request for attorneys' fees in the amount of 1/3
10 of the common fund is reasonable and appropriate, because (1) it is within the approved range
11 for percentages awarded as attorneys' fees in similar cases; (2) it is supported by the high quality
12 of Class Counsel's work on this case and the results obtained for the Class; (3) the Class had
13 sufficient notice of the fee request; (4) it is supported by the fact that this case was handled on a
14 contingency basis and was undertaken despite various risks and expenses; and (5) the lodestar
15 cross-check supports the fee request.

16 ***1. The Attorneys' Fees Requested Here Fall Within the Reasonable Range***
17 ***Awarded in Cases Under the Established Common Fund Method***

18 The California Supreme Court approved trial courts' usage of the common fund method
19 of awarding attorneys' fees in wage and hour class actions, like this one, and upheld a fee award
20 of 1/3 of the total settlement amount obtained for the class. *See Laffitte*, 1 Cal.5th at 506; *see*
21 *also*, 4 Newberg on Class Actions, § 14:6 at 552 ("fee awards in class actions average around
22 one-third of the recovery"). Specifically, in *Laffitte*, the Court wrote: "[w]e join the
23 overwhelming majority of federal and state courts in holding that when class action litigation
24 establishes a monetary fund for the benefit of the class members, and the trial court in its
25 equitable powers awards class counsel a fee out of that fund, the court may determine the amount
26 of a reasonable fee by choosing an appropriate percentage of the fund created"). *Id.* at 506. The
27 California Supreme Court also noted that trial courts have the discretion to award fees as a
28 percentage of the common fund, with or without the necessity to conduct a lodestar cross-check.

1 *Id.* (“...[Courts] ... retain the discretion to forgo a lodestar cross-check and use other means to
2 evaluate the reasonableness of a requested percentage fee.”).

3 The California Supreme Court’s *Laffitte* decision was consistent with its prior rulings
4 recognizing that “when a number of persons are entitled in common to a specific fund, and an
5 action brought by ... plaintiffs for the benefit of all results in the creation or preservation of that
6 fund, such ... plaintiffs may be awarded attorneys’ fees out of the fund.” *Serrano III v. Priest*
7 (1977) 20 Cal.3d 25, 34; *Boeing Co. v. Van Gemert* (1980) 444 U.S. 472, 478 (“[A] lawyer who
8 recovers a common fund . . . is entitled to reasonable attorneys’ fees from the fund as a whole”).
9 Notably, when fees are calculated as a percentage of the common fund, they should be calculated
10 based on the amount that was available to be claimed, rather than as a percentage of the actual
11 amount claimed. *See Boeing Co.*, 444 U.S. at 475-6, 480-1 (the SCOTUS held that attorneys for
12 a successful class may recover a fee based on the fund created for the class, even if some class
13 members make no claims against the fund, so that money remains in it that will be returned to
14 the defendant, explaining: “[t]heir [class members’] right to share the harvest of the lawsuit upon
15 proof of their identity, whether or not they exercise it, is a benefit in the fund created by the
16 efforts of the class representatives and their counsel.” *See also Williams v. MGM-Pathe*
17 *Communs. Co.* (9th Cir. 1997) 129 F.3d 1026, 1027 (trial court “abused its discretion by basing
18 the fee on the class members’ claims against the fund rather than on a percentage of the entire
19 fund or on the lodestar”).

20 **2. The High Quality of Work and Excellent Result Support the Award**

21 In addition to the fact that a Class benefit was created with a non-reversionary common
22 fund settlement, the fairness of the requested fee award of 1/3 of the Settlement Amount is
23 supported by the high quality of work performed by Class Counsel and the positive result
24 obtained for the Class in spite of the risks of ongoing litigation. This result occurred because
25 Class Counsel diligently, efficiently, and creatively pursued this case and reached a settlement
26 for the benefit of the entire Class. The fact that the settlement was embraced and supported by
27 the Class, as evidenced by a 99.85% participation rate, demonstrates that Class Counsel obtained
28 a favorable result for the Class.

1 **3. Class Members had Sufficient Notice of the Requested Fees**

2 California Rules of Court, Rule 3.769, requires that the Class Members be given notice of
3 any agreement regarding an application for attorneys' fees. Here, the Notice preliminarily
4 approved by the Court and distributed to the Class Members apprised them that Class Counsel
5 will ask for fees of one-third of the Gross Settlement Amount. (Mitzner Decl., Exh. A.)

6 The Class Notice also advised the class members of the procedures for objecting to the
7 proposed settlement and appearing at the settlement hearing, where they could present their
8 objections to any aspect of the settlement, including the amount of attorneys' fees to be awarded
9 to class counsel. *Litwin v. iRenew Bio Energy Solutions, LLC* (2014) 226 Cal.App.4th 877, 883
10 ("Procedural due process requires that affected parties be provided with 'the right to be heard at a
11 meaningful time and in a meaningful manner'"). In accordance with the foregoing, it is
12 respectfully submitted that the instant notice complied with Rule 3.769 and, as a result, the Class
13 Members' due process rights were fulfilled.

14 **4. The Contingent Nature of Class Counsel's Representation Further**
15 **Supports the Fee Award at 1/3 of the Common Fund**

16 An additional factor militating in favor of the granting of the requested fee award is the
17 fact that this case was both legally and financially risky for Class Counsel. *See Vizcaino v.*
18 *Microsoft Corp* (9th Cir. 2002) 290 F.3d 1043, 1048-49. Class Counsel have been representing
19 the Class in this matter on a strictly contingency basis, and as such, incurred the risk of non-
20 recovery after a substantial investment of time, money, and resources, and have done so since the
21 inception of this case without any payment or compensation. Specifically, there was the prospect
22 of enormous cost inherent in class action litigation; the risk that Defendant could prevail on its
23 argument that the class should not be certified; and the risk that Defendant could prevail on the
24 merits of some or all of the claims.

25 The court in *Horsford v. Board of Trustees of California State University*, 132
26 Cal.App.4th 359 (2005) analyzed this issue and held that, when determining the market-level
27 compensation to award to contingent fee attorneys, the analysis must take into account the large
28 risk inherent in such situations:

1 The market value of the services provided by plaintiffs' counsel in
2 a case of this magnitude must take into consideration that any
3 compensation has been deferred for up to four years from the time
4 an hourly fee attorney would begin collecting fees from his or her
5 client; that the demands of the present case substantially precluded
6 other work during that extended period, which makes the ultimate
7 risk of not obtaining fees all the greater (since the attorneys must use
8 savings or incur debt to keep their offices afloat and their families
fed during the years-long litigation); and that a failure to fully
compensate for the enormous risk in bringing even a wholly
meritorious case would effectively immunize large or politically
powerful defendants from being held to answer for constitutional
deprivations, resulting in harm to the public."

9 *Id.* at 399-400.

10 Indeed, as Class Counsel can attest, not all class/PAGA cases are successful. Many cases
11 end with no fees or a greatly reduced fee that is far less than lodestar, often due to no fault of
12 counsel (i.e., bankruptcy, change in the law, consolidation or coordination or preemption, being
13 top filed, etc.). According to Mayer Brown LLP's study entitled, An Empirical Analysis of
14 Class Actions, cited in *Laguna v. Coverall North America, Inc.* (9th Cir. 2014) 753 F.3d 918,
15 found that only one-third of class actions are successful, compared to two-thirds that are defeated
16 and result in no payment to the class members.¹

17 **5. A Lodestar Cross-Check Confirms the Reasonableness of the Fee Award**

18 Despite recognized limitations of the so-called lodestar method, some California and
19 federal courts acknowledge the utility of a lodestar "cross-check."² (*Lealao*, 82 Cal.App.4th at
20 46-47.) Under the "lodestar multiplier" method of cross-checking the reasonableness of
21 attorneys' fees in class actions, the court ascertains Class counsel's total "lodestar" amount by
22 multiplying the number of hours reasonably expended by each attorney or legal staff member by
23 their hourly rates, and then enhances or reduces this lodestar figure by a "multiplier" to account
24 for a range of factors, such as the novelty or difficulty of the case, its contingent nature, and the
25 degree of success achieved. *PLCM Group, Inc. v. Drexler* (2000) 22 Cal.4th 1084, 1095-96;

26
27 ¹ www.mayerbrown.com/files/uploads/Documents/PDFs/2013/December/DoClassActionsBenefitClassMembers.pdf

28 ² In practice, the lodestar method is difficult to apply, time-consuming to administer, inconsistent in result, and
capable of manipulation. In addition, the lodestar creates inherent incentive to prolong the litigation until sufficient
hours have been expended. Herr, David F., *Manual for Complex Litigation*, § 14.121 (1988); *See also In re*
Activision (N.D. Cal 1989) 723 F.Supp 1373.

1 *Press v. Lucky Stores, Inc.* (1983) 34 Cal.3d 311, 322; *Lealao*, 82 Cal.App.4th at 43 (court has
2 discretion to use a multiplier to ensure that the “fee awarded is within the range of fees freely
3 negotiated in the legal marketplace in comparable litigation”).

4 Historically, California courts have approved multipliers of 1.5 to 4. *See, e.g., Wershba*,
5 91 Cal.App.4th at 255 (“Multipliers can range from 2 to 4 or even higher”); In *Sternwest Corp.*
6 *v. Ash*, for instance, the Court of Appeal remanded for a lodestar enhancement of “two, three,
7 four or otherwise.” *Sternwest Corp v. Ash* (1986) 183 Cal.App.3d 74, 76.

8 Here, the fees requested by Class Counsel are reasonable. The combined lodestar for
9 Class Counsel amounts to \$242,845 (*see* Mankin Decl. ¶¶ 23-27; Lauby Decl. ¶¶ 10-11) and this
10 results in a request for a modest lodestar multiplier of only 1.92.

11 The hourly rates above are comparable to those of other attorneys with equal or similar
12 experience, if not somewhat lower (*i.e.*, the Laffey Matrix at www.laffeymatrix.com indicates that
13 the benchmark rates are \$878/hour for an 11–19-year attorney and \$1,057/hour for a 20+ year
14 attorney). The reasonableness of Class Counsel’s rates is reinforced by facts showing that local
15 attorneys in Los Angeles engaged in complex litigation bill at rates far higher than Class Counsel
16 – and far higher than the Laffey Matrix. Recent public filings confirm that the Los Angeles
17 Department of Water and Power is paying outside counsel at minimum rates of \$1,800 for
18 partners, \$1,180 per hour for associates with 7 years of experience or more, and LADWP even
19 pays first year associates \$745 per hour. *See* [https://www.latimes.com/california/story/2025-02-](https://www.latimes.com/california/story/2025-02-14/law-firm-1975-an-hour-defend-against-palisades-fire-lawsuits)
20 [14/law-firm-1975-an-hour-defend-against-palisades-fire-lawsuits](https://www.latimes.com/california/story/2025-02-14/law-firm-1975-an-hour-defend-against-palisades-fire-lawsuits) (last visited June 5, 2025).

21 Moreover, the Wolters Kluwer 2023 Real Rate Report (“Real Rate Report”) provides
22 directly applicable information in this regard. The Real Rate Report is based on an enormous and
23 statistically significant compilation of data, comprising millions billing entries from a hundred
24 thousand individual timekeepers who worked at thousands of law firms. The Real Rate Report
25 then compiles and analyzes this data to provide the hourly rates for partners and associates in
26 major metropolitan areas. For the southern California area: (a) the rate for partners in Los
27 Angeles is between \$840 and \$1,159 per hour for the middle and upper quartiles, and (b) the
28 rates for associates with seven or more years of experience, the upper quartile rate is \$888 per

1 hour. And, perhaps most importantly, the information provided in the Real Rate Report is not
2 based on self-reported numbers, surveys, sampling, or reviews or other publications – instead,
3 the Real Rate Report is based on the actual hours and fees billed by law firms, which makes it “a
4 much better reflection of true market rates than self-reported rates in all practice areas.” *Brown v.*
5 *CVS Pharmacy, Inc.* (C.D. Cal. Apr. 24, 2017) 2017 U.S. Dist. LEXIS 182309, at *21; *PLCM*
6 *Group*, 22 Cal.4th at 1085 (holding that rates should be premised upon precisely this form of
7 independent, “objective” rate data that reflects “fair market” rates actually billed to clients “in
8 the community for similar work”).

9 Class Counsel are also highly experienced in Class/PAGA litigation, including having
10 been named by the LA Times as one “Southern California Leading Lawyers” in the May 2023
11 issue of Consumer Attorneys of Southern California (a recognition given to 17 employment law
12 attorneys in 2023), having been selected as “Super Lawyer” in employment litigation over the
13 last 5 consecutive years, having achieved large settlements, having prevailed at trial in PAGA-
14 only actions and Class Action jury trials. (Mankin Decl. ¶¶ 2-6). Indeed, Class Counsel’s rates
15 are typical of the rates charged by defense counsel with similar experience doing similar work in
16 this region.

17 Thus, Plaintiff’s Counsel’s rates reasonable and typical, and the attorneys’ fees requested
18 confirm that the fee request is fair and reasonable under the lodestar multiplier cross-check.

19 **VI. THE REQUESTED COSTS AND SERVICE AWARD ARE REASONABLE**

20 **A. The Requested Costs are Reasonable and Merit Approval**

21 The Settlement Agreement authorized litigation costs of up to \$25,000. (S.A. ¶ 57(f)).
22 Class Counsel’s actual costs through the final approval hearing are \$20,450.47. (Mankin Decl.
23 ¶ 28 and Exhibit C thereto). These costs include mediation fees, filing fees, expert charges,
24 CourtCall charges, and process server fees, among others. The savings will be placed in the
25 Net Settlement Amount and distributed to the Participating Class Members.

26 **B. The Requested Service Award is Reasonable and Merits Approval**

27 A named plaintiff is an essential ingredient of any class action and an incentive award
28 is appropriate to induce individuals to step forward and assume the burdens and obligations of

1 representing the Class. Courts regularly approve a service payment to compensate named
2 plaintiffs for their service to the class and the risks they incurred during the litigation. *See, e.g.*
3 *Bell v. Farmers Insurance Exchange* (2004) 115 Cal.App.4th 715, 726 (upholding “service
4 payments” to named Plaintiff for their efforts in bringing class action); *Rodriguez v. West*
5 *Publishing* (9th Cir. 2009) 563 F.3d 948, 959 (stating that incentive awards are “intended to
6 compensate class representatives for work done on behalf of the class, to make up for financial
7 or reputational risk undertaken in bringing the action, and, sometimes, to recognize their
8 willingness to act as a private attorney general.”).

9 The Settlement Agreement provides an incentive award payment of \$10,000 to the
10 Class Representative, plus \$5,000 as a release payment in exchange for Plaintiff agreeing to
11 foregoing his individual claims. As set forth in his declaration, after the class action issues
12 were resolved, Plaintiff agreed to a \$5,000 settlement of his individual claims in order to
13 facilitate a full release in this matter. (See Plaintiff’s Decl. ¶ 10).

14 Moreover, Plaintiff came forward and undertook significant risks, including the risk of
15 being blackballed in the industry and the risk that he could have been liable for Defendant’s
16 costs if he lost. This factor is a significant one for a wage earner, and the potential risk is very
17 real. *See Whiteway v. FedEx Kinkos Office & Print Svcs., Inc.* (N.D. Cal. Dec. 17, 2007) 2007
18 WL 4531783, at *3 (“the few courts to consider this ‘class representatives’ dilemma’ have not
19 found it inequitable to assess costs upon the lead or named plaintiff in a class action.”).)

20 Plaintiff also committed a significant number of hours to assist with the
21 litigation/settlement processes of this case. The requested Service Award is reasonable,
22 particularly in light of the substantial benefits Plaintiff generated for the Class Members, the
23 risks he undertook, and the time and effort devoted to assisting with the Class/PAGA
24 settlement. (See Plaintiff’s Decl. ¶ 3-10).

25 **VII. OTHER MATTERS FOR FINAL APPROVAL**

26 **A. Settlement Administrator Costs**

27 The Administrator, Phoenix Settlement Administrators, agreed to administer the
28 settlement for a flat-fee of \$10,000. (Mitzner Decl. ¶ 16-20). This amount was fully disclosed

1 to the Class Members in the Class Notice, and no Class Members objected to it. Phoenix
2 Settlement Administrator's declaration also fully complies with the CMO regarding the fixed
3 fee and other work to be performed. As such, the Parties request that the Administrator's fee
4 request be approved.

5 **B. Uncashed Checks**

6 The Settlement Agreement provides that if checks are not cashed within the 180 day
7 check cashing period, then the uncashed funds will be issued to the California State Controller's
8 Office in the name of the Class Member and/or Aggrieved Employee.

9 **C. Final Report**

10 Defendant will issue payment to the Administrator within 30 days of the Effective Date,
11 which is expected to occur on the day that Final Approval is granted. The Administrator will
12 then have 10 days to issue payment to the Class Members, who will then have 180 days to cash
13 their checks. Thereafter, the Administrator must hold any uncashed checks for one year (the
14 required "dormancy period") before sending the funds to the California State Controller in the
15 name of the Participating Class Member/Aggrieved Employee. Thus, the Parties propose
16 submitting a declaration from the Administrator setting forth the money that was actually paid
17 to the class members and potentially to the State on approximately April 22, 2026.

18 **VIII. CONCLUSION**

19 Plaintiff respectfully submits that the Settlement is fair, adequate, and reasonable, and
20 merits approval. This motion is unopposed by Defendant.
