1 **I. INTRODUCTION**

2 Plaintiffs Daraphone Simma and Wendy Santos (“Plaintiffs”) respectfully submits this
3 memorandum in support of the unopposed motion for preliminary approval of the proposed class action
4 settlement with Defendant Biosense Webster, Inc. (“Defendant”), and seeks entry of an order:
5 (1) preliminarily approving the proposed settlement of this class action with Defendant; (2) for
6 settlement purposes only, conditionally certifying the Class, which is comprised of “all individuals who
7 are or previously were employed by Defendant in California and classified as a non-exempt employee
8 at any time during the Class Period”, which is August 15, 2019 through either: (i) September 19, 2024,
9 or (ii) the latest date when there are no more than 61,600 Workweeks collectively worked by the Class
10 Members, whichever of these two dates occurs later; (3) provisionally appointing Plaintiffs as the
11 representatives of the Class; (4) provisionally appointing Norman B. Blumenthal, Kyle R. Nordrehaug,
12 Aparajit Bhowmik, Jeffrey S. Herman, Sergio J. Puche, Trevor G Moran of Blumenthal Nordrehaug
13 Bhowmik De Blouw LLP as Class Counsel; (5) approving the form and method for providing class-
14 wide notice; (6) directing that notice of the proposed settlement be given to the class; (7) appointing
15 ILYM Group, Inc. as Administrator; and (8) scheduling a final approval hearing date for June 4, 2026
16 to consider Plaintiffs’ motion for final approval of the settlement and for approval of attorneys’ fees
17 and expenses. Plaintiffs and Defendant (collectively the “Parties”) have reached a full and final
18 settlement of the above-captioned action (“Action”), which is embodied in the Class Action and PAGA
19 Settlement Agreement (“Agreement”) filed concurrently with the Court.¹ A copy of the fully executed
20 Agreement is attached as Exhibit #1 to the Declaration of Kyle Nordrehaug (“Decl. Nordrehaug”),
21 served and filed herewith. The form of the Agreement is based upon the Los Angeles County Superior
22 Court model form for a class and PAGA settlement.

23 As consideration for this Settlement, the Gross Settlement Amount is One Million Eight
24 Hundred Thousand Dollars (\$1,800,000) (the “Gross Settlement Amount”) to be paid by Defendant,
25 as set forth in the Agreement. The Gross Settlement Amount will settle all issues pending in the Action
26 between the Parties and will be made in full and final settlement of the Released Class Claims in
27

28 ¹ Capitalized terms shall have the same meaning as defined in the Agreement.

1 exchange for the payments to Participating Class Members from the Net Settlement Amount, and
2 includes (a) the costs of administration of the settlement, (b) all attorneys' fees and costs, (c) Class
3 Representative Service Payments, and (d) the PAGA Penalties payment allocated 75% to the LWDA
4 and 25% to the Aggrieved Employees. (Agreement at ¶ 1.22.) Decl. Nordrehaug at ¶3. The following
5 is a table of the key financial terms of the Settlement and the proposed deductions:

6 **\$1,800,000** (Gross Settlement Amount)
7 - \$20,000 (Plaintiffs' proposed service awards - not to exceed \$10,000 each)
8 - \$30,000 (Class Counsel Litigation Expenses Payment - not to exceed amount)
9 - \$600,000 (Class Counsel Fees Payment - not to exceed 1/3 of settlement)
 - \$40,000 (PAGA Payment - 75% to LWDA / 25% to Aggrieved Employees)
 - \$8,500 (Administration Expenses Payment - not to exceed amount)
10 **\$1,101,500** (Net Settlement Amount)

11 Based upon 450 Class Members who collectively worked 56,000 Workweeks (Agreement at ¶ 4.1), the
12 Gross Settlement Amount provides an average value of approximately \$4,000 per Class Member and
13 \$32 per Workweek and after deductions the Net Settlement Amount provides an average recovery of
14 approximately \$2,447.77 per Class Member and a recovery of \$19.66 per Workweek. Decl.
Nordrehaug at ¶6.

15 On June 19, 2024, the Parties participated in an all-day mediation session presided over by
16 Kevin Barnes, a respected and experienced mediator of wage and hour class actions. Following the
17 mediation, the Parties agreed on the basic terms of a settlement pursuant to a mediator's proposal which
18 was memorialized in the form of a Memorandum of Understanding. Decl. Nordrehaug at ¶5. The
19 Settlement is fair, reasonable and adequate, and should be preliminarily approved because there is a
20 substantial monetary payment, and there are significant litigation and class-certification risks.
21 Therefore, Plaintiffs respectfully request that this Court grant preliminary approval of the Agreement
22 and enter the proposed order submitted herewith.

23 **II. DESCRIPTION OF THE SETTLEMENT**

24 The Gross Settlement Amount is One Million Eight Hundred Thousand Dollars (\$1,800,000).
25 (Agreement at ¶ 1.22.) Under the Settlement, the Gross Settlement Amount consists of the following
26 elements: (1) payment of the Individual Class Payments to the Participating Class Members; (2) Class
27 Counsel Fees Payment and Class Counsel Litigation Expenses Payment; (3) Administration Expenses
28 Payment; (4) the Class Representative Service Payments to the Plaintiffs; and (5) the PAGA Penalties

1 payment. (Agreement at ¶ 1.22.) The Gross Settlement Amount does not include Defendant's share
2 of payroll taxes. (Agreement at ¶ 3.1.) The Gross Settlement Amount shall be all-in with no reversion
3 to Defendant. (Agreement at ¶ 3.1.) Decl. Nordrehaug at ¶15.

4 Defendant shall fully fund the Gross Settlement Amount, and also fund the amounts necessary
5 to fully pay Defendant's share of payroll taxes by transmitting the funds to the Administrator no later
6 than 21 calendar days after the Effective Date. (Agreement at ¶ 4.3.) The distribution of Individual
7 Class Payments to Participating Class Members along with the other Court-approved distributions shall
8 be made by the Administrator thirty (30) days after the Effective Date. (Agreement at ¶ 5.1.) Decl.
9 Nordrehaug at ¶16.

10 The amount remaining in the Gross Settlement Amount after the deduction of Court-approved
11 amounts for Individual PAGA Payments, the LWDA PAGA Payment, the Class Representative Service
12 Payments, the Class Counsel Fees Payment, the Class Counsel Litigation Expenses Payment, and the
13 Administration Expenses Payment (called the "Net Settlement Amount") shall be allocated to Class
14 Members as their Individual Class Payments. (Agreement at ¶¶ 1.28 and 3.2.) From the Net Settlement
15 Amount, the Individual Class Payment for each Participating Class Member will be calculated by (a)
16 dividing the Net Settlement Amount by the total number of Workweeks worked by all Participating
17 Class Members during the Class Period and (b) multiplying the result by each Participating Class
18 Member's Workweeks. (Agreement at ¶ 3.2(e).) Workweeks will initially be based on Defendant's
19 records, however, Class Members can challenge their number of Workweeks. Decl. Nordrehaug at ¶17.

20 Class Members may choose to opt-out of the Settlement by following the directions in the Class
21 Notice. (Agreement at ¶ 8.5, Ex. A.) All Class Members who do not "opt out" will be deemed
22 Participating Class Members who will be bound by the Settlement and will be entitled to receive an
23 Individual Class Payment. (Agreement at ¶ 8.5(c).) All Aggrieved Employees, including those who
24 submit an opt-out request, will still be paid their allocation of the PAGA Penalties and will remain
25 subject to the release of the Released PAGA Claims regardless of their request for exclusion.
26 (Agreement at ¶¶ 6.3 and 8.5(d).) Finally, the Class Notice will advise the Class Members of their right
27 to object to the Settlement and/or dispute their Workweeks. (Agreement at ¶¶ 8.6 and 8.7, Ex. A.)
28 Decl. Nordrehaug at ¶18.

1 A Participating Class Member must cash his or her Individual Class Payment check within 180
2 days after it is mailed. (Agreement at ¶ 5.2.) Any settlement checks not cashed within 180 days will
3 be voided and any funds represented by such checks to the California Controller's Unclaimed Property
4 Fund in the name of the Class Member thereby leaving no "unpaid residue" subject to the requirements
5 of C.C.P. § 384(b). (Agreement at ¶ 5.4.) Decl. Nordrehaug at ¶19.

6 Subject to Court approval, the Parties have agreed on ILYM Group, Inc. to administer the
7 settlement in this action ("Administrator"). (Agreement at ¶ 1.2.) The Administrator will be paid for
8 settlement administration in an amount not to exceed \$8,500. (Agreement at ¶ 3.2(c).) Decl.
9 Nordrehaug at ¶20. A declaration from ILYM Group as to their qualifications and their estimate for
10 this settlement is submitted herewith.

11 Subject to Court approval, the Agreement provides for Class Counsel to be awarded a sum not
12 to exceed one-third of the Gross Settlement Amount, as the Class Counsel Fees Payment. (Agreement
13 at ¶ 3.2(b).) Class Counsel will also be allowed to apply separately for an award of Class Counsel
14 Litigation Expenses Payment in an amount not to exceed \$30,000. (Agreement at ¶ 3.2(b).) Subject
15 to Court approval, the Agreement provides for a payment of no more than \$10,000 each to the Plaintiffs
16 as their Class Representative Service Payments. (Agreement at ¶ 3.2(a).) Decl. Nordrehaug at ¶21.

17 Subject to Court approval, the PAGA Penalties will be paid from the Gross Settlement Amount
18 for PAGA penalties under the California Private Attorneys General Act, Cal. Labor Code Section 2698,
19 *et seq.* ("PAGA"). The PAGA Penalties are \$40,000. (Agreement at ¶ 3.2(d).) Pursuant to the express
20 requirements of Labor Code § 2699(i), the PAGA Payment shall be allocated as follows: 75% shall be
21 allocated to the Labor Workforce Development Agency ("LWDA") as its share of the civil penalties
22 and 25% allocated to the Individual PAGA Payments to be distributed to the Aggrieved Employees
23 based on the number of their respective PAGA Pay Periods. (Agreement at ¶ 3.2(d).) As set forth in the
24 accompany proof of service, the LWDA has been served with this motion and the Agreement. Decl.
25 Nordrehaug at ¶22.

26 **III. CASE BACKGROUND**

27 The description of the case and claims, along with the procedural history is set forth in the
28 Declaration of Kyle Nordrehaug at ¶¶ 7-14. The Parties engaged in thorough investigation and the

1 exchange of documents and information in connection with the Action over more than a year which
2 permitted Class Counsel to perform a thorough analysis of the claims. Decl. Nordrehaug, ¶¶ 10 and
3 14. The Parties participated in mediation on June 19, 2024 with Kevin Barnes, which after arms' length
4 negotiations, resulted in this Settlement. Decl. Nordrehaug, ¶12.

5 **IV. THE SETTLEMENT MEETS THE CRITERIA NECESSARY FOR THIS COURT TO**
6 **GRANT PRELIMINARY APPROVAL**

7 California "[p]ublic policy generally favors the compromise of complex class action litigation."
8 *Nordstrom Comm'n Cases*, 186 Cal. App. 4th 576, 581 (2010) quoting *Cellphone Termination Fee*
9 *Cases*, 180 Cal.App.4th 1110, 1117-18 (2009). Class action settlements are approved where the
10 proposed settlement is "fair, adequate and reasonable." *Dunk v. Ford Motor Co.*, 48 Cal.App.4th 1794,
11 1801 (1996) (citing *Officers for Justice v. Civil Serv. Comm'n*, 688 F.2d 615, 625 (9th Cir. 1982), cert.
12 denied, 459 U.S. 1217 (1983)).

13 Preliminary approval is the first of three steps that comprise the approval procedure for
14 settlements of class actions. The second step is the dissemination of notice of the settlement to all class
15 members. The third step is a final settlement approval hearing, at which evidence and argument
16 concerning the fairness, adequacy, and reasonableness of the settlement may be presented, and class
17 members may be heard regarding the settlement. *See Dunk v. Ford Motor Co.*, 48 Cal.App.4th 1794,
18 1801 (1996); *Manual for Complex Litigation, Second* §30.44 (1993); Cal. Rules of Court, rule 3.769.

19 The primary question presented on an application for preliminary approval of a proposed class
20 action settlement is whether the proposed settlement is "within the range of possible approval."
21 *Manual for Complex Litigation, Second* §30.44 at 229; *Gautreaux v. Pierce*, 690 F.2d 616, 621 n.3 (7th
22 Cir. 1982).² Preliminary approval is merely the prerequisite to giving notice so that "the proposed
23 settlement... may be submitted to members of the prospective Class for their acceptance or rejection."
24 *Sayaman v. Baxter Healthcare Corp.*, 2010 U.S. Dist. LEXIS 151997, *3 (C.D. Cal. 2010). There is

25
26 ² California courts look to federal authority on class actions. *Vasquez v. Superior Court*, 4 Cal.3d
27 800, 821 (1971). "It is well established that in the absence of relevant state precedents trial courts are
28 urged to follow the procedures prescribed in Rule 23 of the Federal Rules of Civil Procedure for
conducting class actions." *Frazier v. City of Richmond*, 184 Cal. App.3d 1491, 1499 (1986), citing
Green v. Obledo, 29 Cal.3d 126, 145-146 (1981).

1 "a presumption of fairness . . . where . . . [a] settlement is reached through arms-length bargaining."
2 *Wershba v. Apple Computer, Inc.*, 91 Cal.App.4th 224, 245 (2001) (citation omitted); see also *Cho v.*
3 *Seagate Tech. Holdings, Inc.*, 177 Cal. App. 4th 734, 742-45 (2009) (upholding trial court's
4 determination that settlement was "fair, reasonable and adequate" where the settlement "provided
5 valuable benefits to the class . . . that were 'particularly valuable in light of the risks plaintiff would have
6 faced if she proceeded to litigate her case.'"); *Newberg*, 3d Ed., §11.41, p.11-88. However, the ultimate
7 question of whether the proposed settlement is fair, reasonable and adequate is made after notice of the
8 settlement is given to the class members and a final settlement hearing is held by the Court.

9 **A. The Role Of The Court In Preliminary Approval Of A Class Action Settlement**

10 The approval of a proposed settlement of a class action is a matter within the broad discretion
11 of the trial court. *Wershba, supra*, 91 Cal.App.4th at 234-235; *Dunk*, 48 Cal.App.4th 1794. In
12 considering a potential settlement for preliminary approval purposes, the trial court does not have to
13 reach any ultimate conclusions on the issues of fact and law which underlie the merits of the dispute,
14 and need not engage in a trial on the merits. *Wershba, supra*, 91 Cal.App.4th at 239-40; *Dunk, supra*,
15 48 Cal.App. 4th at 1807. The Ninth Circuit explains, "the very essence of a settlement is compromise,
16 'a yielding of absolutes and an abandoning of highest hopes.'" *Officers for Justice*, 688 F.2d at 624.
17 Thus, when analyzing the settlement, the amount is "not to be judged against a hypothetical or
18 speculative measure of what might have been achieved by the negotiators." *Officers for Justice*, 688
19 F.2d at 625, 628.

20 With regard to class action settlements, the opinions of counsel should be given considerable
21 weight both because of counsel's familiarity with this litigation and previous experience with cases
22 such as these. *Officers for Justice*, 688 F.2d at 625. As a result, courts hold that the recommendation
23 of counsel is entitled to significant weight. *Nat'l Rural Telecomms. Coop. v. DIRECTV, Inc.*, 221
24 F.R.D. 523, 528 (C.D. Cal. 2004).

25 **B. Factors To Be Considered In Granting Preliminary Approval**

26 A number of factors are to be considered in evaluating a settlement for purposes of preliminary
27 approval. In determining whether to grant preliminary approval, the court considers whether the "(1)
28 the proposed settlement appears to be the product of serious, informed, non-collusive negotiations, (2)

1 has no obvious deficiencies, (3) does not improperly grant preferential treatment to class representatives
2 or segments of the class, and (4) falls within the range of possible approval." *In re Tableware Antitrust*
3 *Litig.*, 484 F.Supp. 2d 1078, 1079 (N.D. Cal. 2007). Courts hold that "a presumption of fairness exists
4 where: (1) the settlement is reached through arm's-length bargaining; (2) investigation and discovery
5 are sufficient to allow counsel and the court to act intelligently; (3) counsel is experienced in similar
6 litigation; and (4) the percentage of objectors is small." *Kullar v. Foot Locker Retail, Inc.*, 168 Cal.
7 App. 4th 116, 128 (2008). Here, the Settlement meets all of these criteria for preliminary approval and
8 therefore the presumption applies, subject to the response of the Class.

9 **1. The Settlement is the Product of Serious, Informed and**
10 **Arm's Length Negotiations by Experienced Counsel**

11 This settlement is the result of extensive and hard-fought litigation as well as negotiations
12 before an experienced and well-respected mediator. Defendant has expressly denied and continues to
13 deny any wrongdoing or legal liability arising out of the conduct alleged in the Action. Plaintiffs and
14 Class Counsel have determined that it is desirable and beneficial to the Class to resolve the Released
15 Class Claims of the Class in accordance with this Settlement.³

16 Class Counsel are experienced and qualified to evaluate the class claims, the defenses asserted,
17 and the risks and benefits of trial and settlement, and Class Counsel are particularly experienced in
18 wage and hour employment class actions, as Class Counsel has previously litigated and certified similar
19 claims against other employers. Decl. Nordrehaug at ¶31. The view of qualified and well-informed
20 counsel that a class action settlement is fair, adequate, and reasonable is entitled to significant weight.
21 *See Kullar v. Foot Locker*, 168 Cal. App. 4th 116, 133 (2008) (the trial court "undoubtedly should
22 continue to place reliance on the competence and integrity of counsel, the involvement of a qualified

23 ³ The release applicable to the Class is appropriately tethered to allegations in the Action and the
24 "Released Class Claims" are narrowly defined as "any and all causes of action, claims, rights, damages,
25 penalties, liabilities, expenses, losses, attorneys' fees, and costs alleged in the Operative Complaint or
26 that could have been asserted in this Action based on the facts alleged in the Operative Complaint"
27 (Agreement at ¶¶ 1.38 and 6.2.) "Participating Class Members do not release any other claims,
28 including claims for vested benefits, wrongful termination, violation of the Fair Employment and
Housing Act, unemployment insurance, disability insurance, social security benefits, workers'
compensation, or Class claims based on facts occurring outside the Class Period." (Agreement at ¶
1.38.)

mediator, and the paucity of objectors to the settlement."); *Dunk*, 48 Cal. App. 4th at 1802.

The Parties attended an arms-length mediation session with Kevin Barnes, a respected and experienced mediator of wage and hour class actions, in order to reach this Settlement. In preparation for the mediation, Defendant provided Class Counsel with payroll and employment data and other information regarding the Class Members, various internal documents, and other compensation and employment-related materials. Class Counsel analyzed the data with the assistance of damages expert Berger Consulting and prepared and submitted a mediation brief to the mediator. The final settlement terms were negotiated and set forth in the Agreement now presented for this Court's approval. Decl. Nordrehaug at ¶ 5. Importantly, Plaintiffs and Class Counsel believe that this Settlement is fair, reasonable and adequate.

Class Counsel has conducted an investigation into the facts of the class action. Both formal and informal discovery was performed along with the production of hundreds of pages of relevant documents. Class Counsel engaged in a thorough review and analysis of the relevant documents and data with the assistance of an expert. Accordingly, the agreement to settle did not occur until Class Counsel possessed sufficient information to make an informed judgment regarding the likelihood of success on the merits and the results that could be obtained through further litigation. In addition, Class Counsel previously negotiated settlements with other employers in actions involving nearly identical issues and analogous defenses. Based on the foregoing data and their own independent investigation, evaluation and experience, Class Counsel believes that the settlement with Defendant on the terms set forth in the Agreement is fair, reasonable, and adequate and is in the best interest of the Class in light of all known facts and circumstances, including the risk of significant delay, defenses asserted by Defendant, and potential appellate issues. Decl. Nordrehaug at ¶ 14.

Plaintiffs and Class Counsel recognize the expense and length of continuing to litigate and trying class claims against Defendant through possible appeals which could take several years. Class Counsel has also taken into account the uncertain outcome and risk of litigation, especially in complex class actions such as this action. Class Counsel is also mindful of and recognize the inherent problems of proof under, and alleged defenses to, the alleged claims. Based upon their evaluation, Plaintiffs and Class Counsel have determined that the Settlement set forth in the Agreement is in the best interest of

1 the Class Members. Decl. Nordrehaug, ¶ 23.

2 Here, there can be no dispute that the litigation has been hard-fought with aggressive and
3 capable advocacy on both sides. The Parties were represented by experienced counsel who zealously
4 advocated their positions. Accordingly, “[t]here is likewise every reason to conclude that settlement
5 negotiations were vigorously conducted at arms’ length and without any suggestion of undue
6 influence.” *In re Wash. Public Power Supply System Sec. Litig.*, 720 F. Supp. 1379, 1392 (D. Ariz.
7 1989).

8 **2. The Settlement Has No "Obvious Deficiencies" and Falls Well Within**
9 **the Range for Approval**

10 The proposed Settlement herein has no "obvious deficiencies" and is well within the range of
11 possible approval. All Class Members will receive an opportunity to participate in the Settlement and
12 receive payment according to the same formula. (Agreement at ¶ 3.2(e).) Based upon 450 Class
13 Members who collectively worked 56,000 Workweeks (Agreement at ¶ 4.1), the Gross Settlement
14 Amount provides an average value of approximately \$4,000 per Class Member and \$32 per Workweek
15 and after deductions the Net Settlement Amount provides an average recovery of approximately
16 \$2,447.77 per Class Member and a recovery of \$19.66 per Workweek. Decl. Nordrehaug, ¶6.

17 The calculations to compensate for the amount due for the Class at the time of the mediation
18 were calculated by Berger Consulting, Plaintiffs’ damages expert. As to the Class whose claims are
19 at issue, Plaintiffs used the expert to analyze the data and determine the potential unpaid wages for the
20 employees. The maximum potential damages as calculated by Plaintiffs’ expert were calculated to be
21 \$66,240 for the alleged unpaid wages due to rounding, \$394,056 for the alleged unpaid overtime wages
22 due to the miscalculation of the regular rate, \$2,098,449 for the alleged unpaid wages due to off-the-
23 clock work based upon 1 hour per week, \$102,195 in alleged underpaid meal premiums and sick pay
24 due to the miscalculation of the regular rate, \$4,272,783 for alleged meal period damages based upon
25 a 66% potential violation rate observed in the time records for shifts worked and after deducting meal
26 premiums already paid by Defendant, \$4,555,687 for alleged rest period damages based upon the same
27 66% potential violation rate observed in the time records for meal periods., and \$63,605 for alleged
28 unreimbursed business expenses for personal cell phone usage at \$5 per month. Decl. Nordrehaug, ¶6.

1 As a result, the total damage valuation was calculated that Defendant was subject to a maximum
2 damage claim in the amount of \$11,551,716. As to potential penalties, Plaintiffs calculated that
3 potential waiting time penalties were a maximum of between \$756,555 and \$1,187,792, depending on
4 the predicate violation, and potential wage statement penalties were \$1,092,000. Defendant vigorously
5 disputed Plaintiffs' calculations and exposure theories. Decl. Nordrehaug, ¶6.

6 Consequently, the Gross Settlement Amount of \$1,800,000 represents more than 15.5% of the
7 maximum value of the alleged damages at issue in this case at the time this Settlement was negotiated.⁴
8 Importantly, the recent decision that good faith belief of compliance by the employer in *Naranjo v.*
9 *Spectrum Sec. Servs., Inc.*, 15 Cal. 5th 1056, 1065 (2024), could completely negate the claims for
10 waiting time and wage statement penalties, even if wages were owed to the Class. The above maximum
11 calculations should then be adjusted in consideration for both the risk of class certification and the risk
12 of establishing class-wide liability on all claims. Given the amount of the settlement as compared to
13 the potential value of claims in this case and the defenses asserted by Defendant, this settlement is fair
14 and reasonable.⁵ Clearly, the goal of this litigation has been met. Decl. Nordrehaug, ¶6.

15 Where both sides face significant uncertainty, the attendant risks favor settlement. *Hanlon v.*
16 *Chrysler Corp.*, 150 F.3d 1011, 1026 (9th Cir. 1998). Here, a number of defenses asserted by
17 Defendant present serious threats to the claims of the Plaintiffs and the other Class Members.
18 Defendant asserted that Defendant's practices complied with all applicable Labor laws. Defendant

20 ⁴ Because the PAGA claim is not a class claim and primarily is paid to the State of California,
21 Plaintiff has not included the PAGA claim in this discussion of the value of the class claims. The
22 PAGA claim is addressed in the Decl. Nordrehaug at ¶33.

23 ⁵ See *Glass v. UBS Fin. Servs.*, 2007 U.S. Dist. LEXIS 8476 (N.D. Cal. 2007) (approving a
24 settlement where the settlement amount constituted approximately 25% of the estimated overtime
25 damages for the class); *Stovall-Gusman v. W.W. Granger, Inc.*, 2015 U.S. Dist. LEXIS 78671, at *12
26 (N.D. Cal. 2015) (granting final approval where "the proposed Total Settlement Amount represents
27 approximately 10% of what class might have been awarded had they succeeded at trial."); *Dunleavy*
28 *v. Nadler (In re Mego Fin. Corp. Sec. Litig.)*, 213 F.3d 454, 459 (9th Cir. 2000) (affirming approval
of a class settlement which represented "roughly one-sixth of the potential recovery".) See also *Viceral*
v. Mistras Grp., Inc., 2016 WL 5907869 (N.D. Cal. 2016) (approving wage and hour class action
settlement amounting to 8.1% of full value); *Ma v. Covidien Holding, Inc.*, 2014 WL 2472316, (C.D.
Cal. 2014) (approving wage and hour class action settlement worth "somewhere between 9% and 18%"
of maximum valuation).

1 argued that Class Members were paid for all time worked and that all work time was properly recorded.
2 Defendant argued that there was no miscalculation of the regular rate. Defendant contended that its
3 meal and rest period policies fully complied with California law and Defendant did not fail to provide
4 the opportunity for legally required meal and rest breaks. Defendant contended that there was no
5 failure to pay for business expenses, and that any cell phone usage was merely convenient and
6 voluntary such that reimbursement was not legally required. Finally, Defendant could argue that the
7 Supreme Court decision in *Brinker v. Superior Court*, 53 Cal. 4th 1004 (2012), weakened Plaintiffs'
8 claims, on liability, value, and class certifiability as to the meal and rest period claims. Defendant also
9 argued that based on its facially lawful practices, Defendant acted in good faith and without willfulness,
10 which if accepted would negate the claims for waiting time penalties and/or inaccurate wage
11 statements. See e.g. *Naranjo v. Spectrum Sec. Servs., Inc.*, 15 Cal. 5th 1056, 1065 (2024) ("if an
12 employer reasonably and in good faith believed it was providing a complete and accurate wage
13 statement in compliance with the requirements of section 226, then it has not knowingly and
14 intentionally failed to comply with the wage statement law.") If successful, Defendant's defenses could
15 eliminate or substantially reduce any recovery to the Class. While Plaintiffs believe that these defenses
16 could be overcome, Defendant maintains these defenses have merit and therefore present a serious risk
17 to recovery by the Class. Decl. Nordrehaug, ¶ 24.

18 There was also a significant risk that, if the Action was not settled, Plaintiffs would be unable
19 to obtain a certified class and maintain the certified class through trial, and thereby not recover on
20 behalf of any other employees. At the time of the mediation, Defendant forcefully opposed the
21 propriety of class certification, arguing that individual issues precluded class certification. Further, as
22 demonstrated by the California Supreme Court decision in *Duran v. U.S. Bank National Assn.*, 59 Cal.
23 4th 1 (2014), there are significant hurdles to overcome for a class-wide recovery even where the class
24 has been certified. While other cases have approved class certification in wage and hour claims, class
25 certification in this action was hotly disputed and the maintenance of a certified class through trial was
26 by no means a foregone conclusion. Decl. Nordrehaug, ¶ 25.

27 After arm's length negotiations between experienced and informed counsel, the Parties
28 recognized the potential risks and agreed on the Settlement with a Gross Settlement Amount of

1 \$1,800,000. As the Court held in *Glass*, where the parties faced uncertainties similar to those here:

2 In light of the above-referenced uncertainty in the law, the risk, expense, complexity,
3 and likely duration of further litigation likewise favors the settlement. Regardless of
4 how this Court might have ruled on the merits of the legal issues, the losing party likely
5 would have appealed, and the parties would have faced the expense and uncertainty of
6 litigating an appeal. ‘The expense and possible duration of the litigation should be
7 considered in evaluating the reasonableness of [a] settlement.’”

8 2007 WL 221862, at *4 (quoting *In re Mego Financial Corp. Securities Litigation*, 213 F.3d 454, 458
9 (9th Cir. 2000)).

10 **3. The Settlement Does Not Improperly Grant Preferential Treatment To**
11 **Class Representatives or Segments Of The Class**

12 The relief provided in the Settlement will benefit all members of the Class. The Settlement does
13 not grant preferential treatment to Plaintiffs or segments of the Class in any way. Payments to the Class
14 Members are all determined under a neutral methodology. Each Participating Class Member will
15 receive the same opportunity to participate in and receive payment through a neutral formula that is
16 based upon the Workweeks for that individual. Decl. Nordrehaug, ¶4.

17 Plaintiffs will apply to the Court for a Class Representative Service Payment in consideration
18 for their service and for the risks undertaken on behalf of the Class. (Agreement at ¶ 3.2(a).) Plaintiffs
19 performed their duties admirably by working with Class Counsel for nearly two years. The
20 Declarations of the Plaintiffs are submitted herewith in support. Decl. Nordrehaug at ¶27. At this
21 stage, the requested service award amount not to exceed \$10,000 is well within the accepted range of
22 awards for purposes of preliminary approval. *See e.g. Andrews v. Plains All Am. Pipeline L.P.*, 2022
23 U.S. Dist. LEXIS 172183, at *11 (C.D. Cal. 2022) (the requested service awards of \$15,000 each are
24 appropriate); *Reynolds v. Direct Flow Med., Inc.*, 2019 U.S. Dist. LEXIS 149865, at *19 (N.D. Cal.
25 2019) (granting request for \$12,500 service award); *Mathein v. Pier 1 Imps. (U.S.), Inc.*, 2018 U.S.
26 Dist. LEXIS 71386 (E.D. Cal. 2018) (awarding \$12,500); *Louie v. Kaiser Foundation Health Plan,*
27 *Inc.*, 2008 WL 4473183, *7 (S.D. Cal. 2008) (awarding \$25,000 service award to each of six plaintiffs);
28 *Glass v. UBS Fin. Servs.*, 2007 WL 221862, *16-17 (N.D. Cal. 2007) (awarding \$25,000 service award
in overtime class action). As explained in *Glass*, service awards are routinely awarded to class
representatives to compensate the employees for the time and effort expended on the case, for the risk

1 of litigation, for the fear of suing an employer and retaliation there from, and to serve as an incentive
2 to vindicate the statutory rights of all employees. 2007 WL 221862 at *16-17.

3 **4. The Stage Of The Proceedings Are Sufficiently Advanced To Permit**
4 **Preliminary Approval Of The Settlement**

5 The stage of the proceedings at which this Settlement was reached also militates in favor of
6 preliminary approval and ultimately, final approval of the Settlement. Class Counsel has conducted
7 a thorough investigation into the facts of the class action. Class Counsel began investigating the Class
8 Members' claims before the Action was filed, and during the course of litigation, Class Counsel
9 performed informal discovery which included the production of hundreds of pages of documents. Class
10 Counsel conducted a review and analysis of the relevant documents and data. Class Counsel was also
11 experienced with the claims at issue here, as Class Counsel previously litigated and settled similar
12 claims in other actions. Accordingly, the agreement to settle did not occur until Class Counsel
13 possessed sufficient information to make an informed judgment regarding the likelihood of success on
14 the merits and the results that could be obtained through further litigation. Decl. Nordrehaug at ¶28.

15 Based on the foregoing data and their own independent investigation and evaluation, Class
16 Counsel is of the opinion that the Settlement with Defendant for the consideration and on the terms set
17 forth in the Agreement is fair, reasonable, and adequate and is in the best interest of the Class in light
18 of all known facts and circumstances, including the risk of significant delay, defenses asserted by
19 Defendant, and numerous potential appellate issues. There can be no doubt that Counsel for both
20 Parties possessed sufficient information to make an informed judgment regarding the likelihood of
21 success on the merits and the results that could be obtained through further litigation. Decl.
22 Nordrehaug at ¶29.

23 **V. THE CLASS IS PROPERLY CERTIFIED FOR SETTLEMENT PURPOSES ONLY**

24 Plaintiffs contend that the proposed settlement meets all of the requirements for class
25 certification under California Code of Civil Procedure § 382 as demonstrated below, and therefore, the
26 Court may appropriately approve the Class as defined in the Agreement. This Court should
27 conditionally certify the Class for settlement purposes only, defined as follows:

28 All individuals who are or previously were employed by Defendant in California and
classified as a non-exempt employee at any time during the Class Period.

1 (Agreement at ¶ 1.5.)

2 The Class Period is from August 15, 2019 through either: (i) September 19, 2024, or (ii) the latest date
3 when there are no more than 61,600 Workweeks collectively worked by the Class Members, whichever
4 of these two dates occurs later. (Agreement at ¶ 1.13.)

5 **A. California Code of Civil Procedure § 382**

6 Plaintiffs seek certification of this Class for settlement purposes under California Code of Civil
7 Procedure § 382. The California Supreme Court has summarized the standard for determining whether
8 class certification is appropriate as follows:

9 Code of Civil Procedure Section 382 authorizes class actions “when the question is one
10 of a common or general interest, of many persons, or when the parties are numerous,
11 and it is impracticable to bring them all before the court...” The party seeking
12 certification has the burden to establish the existence of both an ascertainable class and
13 a well-defined community of interest among class members. (*citations omitted*). The
“community of interest” requirement embodies three factors: (1) predominant common
questions of law or fact; (2) class representatives with claims or defenses typical of the
class; and (3) class representatives who can adequately represent the class.

14 *Sav-On Drug Stores, Inc. v. Superior Court*, 34 Cal. 4th 319, 326 (2004).

15 While Defendant reserves all rights to dispute that the Plaintiffs can satisfy these requirements,
16 the Parties agree that Defendant will not dispute that these requirements may be satisfied in this case
17 for purposes of settlement only and therefore, the proposed Class should be certified for purposes of
18 settlement only. (Agreement at ¶ 2.9.)

19 **B. The Proposed Class Is Ascertainable and Numerous**

20 Plaintiffs bring this Action on behalf of a Class of non-exempt employees of Defendant during
21 the Class Period. Plaintiffs assert that all of these individuals are ascertainable because the class
22 members can readily be determined through examination of Defendant’s files. Given that the Class
23 consists of approximately 450 members, Plaintiffs maintain that numerosity is clearly satisfied. *See*
24 *Bowles v. Superior Court*, 44 Cal.2d 574 (1955) (class with 10 members sufficiently numerous); *Rose*
25 *v. City of Hayward*, 126 Cal.App.3d 926, 934 (1981) (class of 48 members satisfies numerosity
26 requirement.) Here, Plaintiffs assert that the 450 current and former employees that comprise the Class
27 can be identified based on Defendant’s records and are sufficiently numerous for class certification.
28 Decl. Nordrehaug at ¶30.

1 **C. Common Issues of Law and Fact Predominate**

2 Predominance of common issues of law or fact does not require that the common issues be
3 dispositive of the entire controversy or even that they be dispositive of all liability issues. 1 *Newberg*
4 *on Class Actions*, Section 4.25 at 4-82, 4-83 (1992). “Predominance is a comparative concept, and ‘the
5 necessity for class members to individually establish eligibility and damages does not mean individual
6 fact questions predominate.’” *Sav-On*, 34 Cal. 4th at 334.

7 Commonality exists if there is a predominant common legal question regarding how an
8 employer’s policies impact its employees. *Ghazaryan v. Diva Limousine, Ltd.*, 169 Cal. App. 4th 1524,
9 1536 (2008) (“[T]he common legal question remains the overall impact of Diva's policies on its
10 drivers.”) Whether the plaintiff is likely to prevail on their theory of recovery is irrelevant at the
11 certification stage since the question is “essentially a procedural one that does not ask whether an action
12 is legally or factually meritorious.” *Linder v. Thrifty Oil Co.*, 23 Cal. 4th 429, 439-440 (2003).

13 Here, Plaintiffs contend that common questions of law and fact are present, specifically the
14 common questions of whether Defendant’s employment practices were lawful, whether Defendant
15 failed to provide meal and rest periods to Class Members, whether Defendant miscalculated the regular
16 rate when paying wages to the Class, whether Class Members were lawfully compensated for all hours
17 worked, whether Defendant failed to provide required expense reimbursement, and whether Class
18 Members are entitled to damages and penalties as a result of these practices. Plaintiffs contend that
19 certification of this Class is appropriate because Defendant allegedly engaged in uniform practices with
20 respect to the Class Members. As a result, these common questions of liability could be answered on
21 a class wide basis. Decl. Nordrehaug, ¶30. Defendant disputes that common questions predominate
22 but will not oppose such a finding for purposes of this Settlement only.

23 **D. The Claims of the Plaintiffs Are Typical of the Class Claims**

24 The typicality requirement requires the Plaintiffs to demonstrate that the members of the class
25 have the same or similar claims as the Plaintiffs. “The typicality requirement is met when the claims
26 of the [p]laintiff arise from the same event or are based on the same legal theories.” *Tate v.*
27 *Weyerhaeuser Co.*, 723 F.2d 598, 608 (8th Cir. 1983). In *Hanlon, supra*, 150 F.3d at 1020, the Ninth
28

1 Circuit held that “[u]nder the rule's permissive standards, representative claims are ‘typical’ if they are
2 reasonably coextensive with those of absent class members; they need not be substantially identical.”

3 In this case, Plaintiffs contends that the typicality requirement is fully satisfied. Plaintiffs, like
4 every other member of the Class, were employed by Defendant during the Class Period, and, like every
5 other member of the Class, was subject to the same employment practices. Plaintiffs, like every other
6 member of the Class, also claim owed compensation as a result of the Defendant’s uniform company
7 policies and practices. Thus, the claims of Plaintiffs and the members of the Class arise from the same
8 course of conduct by Defendant, involve the same issues, and are based on the same legal theories.
9 Decl. Nordrehaug at ¶30. For purposes of settlement, Plaintiffs assert that the typicality requirement
10 is met as to the common issues presented in this case. Defendant does not oppose a finding of typicality
11 for purposes of this Settlement only.

12 **E. The Class Representation Fairly and Adequately Protected the Class**

13 Plaintiffs contend that the Class Members are adequately represented here because Plaintiffs
14 and representing counsel (a) do not have any conflicts of interest with other class members, and (b) will
15 prosecute the case vigorously on behalf of the class. *Hanlon*, 150 F.3d at 1020. This requirement is
16 met here. First, Plaintiffs are well aware of their duties as the representatives of the Class and have
17 actively participated in the prosecution of this case to date. Plaintiffs effectively communicated with
18 Class Counsel, provided documents and information to Class Counsel, and participated in the
19 investigation and resolution of the class claims. The personal involvement of the Plaintiffs was
20 essential to the prosecution of the claims and the monetary settlement reached. Second, Plaintiffs
21 retained competent counsel who are experienced in employment class actions and who have no
22 conflicts. Decl. Nordrehaug at ¶ 31. Third, there is no antagonism between the interests of the
23 Plaintiffs and those of the Class. Both the Plaintiffs and the Class Members seek monetary relief under
24 the same set of facts and legal theories. Under such circumstances, there can be no conflicts of interest,
25 and adequacy of representation is satisfied. *Reaves v. Ketoro, Inc.*, 2020 U.S. Dist. Lexis 167926, *23
26 (C.D. Cal. 2020). Defendant disputes that the adequacy requirement is satisfied but will not oppose
27 such a finding for purposes of this Settlement only.
28

1 **F. The Superiority Requirement Is Met**

2 To certify a class, the Court must also determine that a class action is superior to other available
3 methods for the fair and efficient adjudication of the controversy. “Where classwide litigation of
4 common issues will reduce litigation costs and promote greater efficiency, a class action may be
5 superior to other methods of litigation.” *Valentino v. Carter-Wallace, Inc.*, 97 F.3d 1227, 1234 (9th Cir.
6 1996). As courts have previously observed:

7 Absent class treatment, each individual plaintiff would present in separate, duplicative
8 proceedings the same or essentially the same arguments and evidence, including expert
9 testimony. The result would be a multiplicity of trials conducted at enormous expense
10 to both the judicial system and the litigants.

11 *Sav-On*, 34 Cal. 4th at 340.

12 Here, Plaintiffs contend that a class action is the superior mechanism for resolution of the claims
13 as pled by the Plaintiffs. While Defendant disputes that class treatment is superior, Defendant does not
14 dispute a finding of superiority in this action for purposes of this Settlement only.

15 **VI. THE PROPOSED METHOD OF CLASS NOTICE IS APPROPRIATE**

16 The Court has broad discretion in approving a practical notice program. The Parties have
17 agreed upon procedures by which the Class Members will be provided with written notice of the
18 Settlement similar to that approved and utilized in hundreds of class action settlements. In accordance
19 with the Agreement, Defendant will provide to the Administrator a confidential electronic spreadsheet
20 containing the Class Data. (Agreement at ¶ 4.2.) Within 14 days after receiving the Class Data, the
21 Administrator will mail the Class Notice Packet to all Class Members via first-class U.S. Mail using
22 the most current mailing address information available. (Agreement at ¶ 8.4(b).) The Class Notice
23 Packet will include a Request for Exclusion form and a Dispute form in the mailing. (Agreement at
24 ¶ 1.12.) The Parties determined that the Class Notice need only be provided in English as the Class
25 Members can read and understand English.

26 The Class Notice, drafted jointly and agreed upon by the Parties through their respective counsel
27 and to be approved by the Court, includes all relevant information. (*See* Exhibit “A” to the Agreement.)
28 The Class Notice will include, among other information: (i) information regarding the Action; (ii) the
impact on the rights of the Class Members if they do not opt out, including a description of the

1 applicable release; (iii) information to the Class Members regarding how to opt out and how to object
2 to the Settlement; (iv) the estimated Individual Class Payment for each of the Class Members; (iii) the
3 amount of attorneys' fees and expenses to be sought; (v) the amount of the Plaintiffs' service award
4 requested; and (vi) the anticipated expenses of the Administrator. Decl. Nordrehaug at ¶32.

5 The Class Notice will state that the Class Members shall have sixty (60) days from the date that
6 the Class Notice is mailed to them (the "Response Deadline") to request exclusion (opt-out) or to
7 submit a written objection. (Agreement at ¶¶ 1.42, 8.5, 8.7.) Class Members shall be given the
8 opportunity to object to the Settlement and/or requests for attorneys' fees and expenses and to appear
9 at the Final Approval Hearing. (Agreement at ¶ 8.7.) Class Members who do not submit a timely and
10 proper request to opt-out will automatically receive a payment of their Individual Class Payment. This
11 notice program was designed to meaningfully reach the Class Members and it advises them of all
12 pertinent information concerning the Settlement. Decl. Nordrehaug at ¶32. The mailing and
13 distribution of the Class Notice satisfies the requirements of due process and is the best notice
14 practicable under the circumstances and complies with Rules of Court 3.766 and 3.769(f).

15 VII. CONCLUSION

16 Plaintiff respectfully requests that the Court preliminarily approve the proposed settlement and
17 sign the proposed Preliminary Approval Order, and schedule the final approval hearing for a date that
18 is at least one hundred twenty (120) days from the date of Preliminary Approval.

19 Dated: August 7, 2025
