1. I am over the age of 18 years old and a resident of the State of California. I have personal knowledge of the matters set forth herein, and if called upon to testify, I could and would do so competently. I make this declaration in support of Plaintiff's Motion for Preliminary Approval of Class Action and PAGA Settlement.

2. I am the named Plaintiff and proposed Class Representative in the above-captioned action (the “Action”). In this declaration I set forth a summary of my efforts and participation in the Action, my common experience with the other class members, and my understanding of my responsibilities and duties as class representative for the other class members.

3. I was employed by Defendants Easy Health, Inc. and Easy Health Medical Solutions, P.C. (collectively “Easy Health”) as an hourly-paid, non-exempt employee from approximately October 2022 to approximately January 2023 as a Medical Assistant.

4. I believe that I had a similar experience with Defendants compared to the other Class Members because we were all subjected to the same policies and practices.

5. I understand that as Class Representative I have an important duty to look out for the best interests of the Class. I understood from the start of considering this case based on my discussions with my lawyers that I would have to take on significant responsibilities as the representative of the State of California with respect to the Private Attorney General Act claim, and eventually as the Class Representative, which could include having my deposition taken to give testimony under oath, facing the possibility of subpoenas being issued to former and current employers, and testifying in Court. I have had numerous conversations with my attorneys regarding this case in order to provide them with the information and documents that they needed to handle the matter. I answered numerous questions that my attorneys had about the case, reviewed the complaint when it was filed, participated in discussions about mediation and resolution of the matter, and reviewed the settlement agreement.

6. I have taken my responsibility as Class Representative seriously and will continue to do so. I have learned about the laws relating to the issues in this Action, including laws about

1 minimum wages, overtime, meal breaks and rest breaks.

2 7. I know of no conflicts between my interests and goals and the interests and goals
3 of anyone else in the Class.

4 8. On February 28, 2024, Plaintiff approved of and signed a fee split between
5 Lawyers for Justice and Domb & Rauchwerger whereby Domb & Rauchwerger would receive
6 50% of any fees received from a resolution of the matter and Lawyers for Justice would receive
7 50% .

8 I declare under penalty of perjury under the laws of the United States and the State of
9 California that the foregoing is true and correct. Executed on March 3, 2026, in San Diego
10 County, California.
