1 5. I routinely checked in with my attorneys and their staff to make sure that they had all
2 of my most current information and any additional information that I had obtained. I made myself
3 available to answer any questions my attorneys had about Welbe's practices and treatment of their
4 employees whenever they needed me. I responded to them as quickly as possible and gave them as
5 much information as I could.

6 6. I understood that in the event this matter did not settle and proceeded with trial, I would
7 need to be in court to participate in the trial. I was ready to perform that role, as well as fulfill any
8 responsibilities that are necessary for this lawsuit.

9 7. I know that I took a sizeable risk by bringing and pursuing this lawsuit for several
10 reasons. First, I understood that if I lost, I would potentially have to pay the costs in the lawsuit. I
11 also understood there was a risk of losing any job and/or income due to the time that I would have to
12 spend fulfilling my responsibilities in this matter, including having to attend the trial, if needed. Most
13 importantly, I believe that by pursuing this case, I have taken a significant risk because future
14 employers can easily find out that I sued my prior employer, and that may negatively impact my ability
15 to find employment within this industry – and even outside of it – in the future. In contrast, the other
16 employees who will be receiving money from this lawsuit did not have to file a claim or take the risk
17 that I took in bringing this action.

18 8. I reviewed the settlement agreement, discussed the settlement agreement with my
19 attorneys, and asked them questions before signing it.

20 9. I believe that I have done everything that my attorneys have asked of me and tried, to
21 the best of my ability, to seek relief for the Class, the PAGA Members, and the State of California. I
22 have spent approximately 40-45 hours participating in this case as described above. I believe my
23 efforts helped get the result obtained in this case.

24 10. I understand that any resolution of this lawsuit on a class wide basis is subject to court
25 approval, and any settlement must be designed in the best interest of the Class as a whole. At all times
26 throughout the course of this litigation I have considered the interests of the Class and put them before
27 my own personal interests.

28 ///

11. I understand that incentive or enhancement awards are discretionary and intended to compensate named plaintiffs for: the quality and quantity of the work done on behalf of the class and other employees, the financial and/or reputational risk undertaken in bringing the class and PAGA action, and an acknowledgment of the benefits resulting from the representative's actions. I believe my work in this matter is meritorious on these points for the reasons set forth above.

12. I respectfully request that the Court approve and award me an Enhancement Award in the amount of \$10,000.00 for my efforts and active participation in the case and for the broader, general release of all claims that I have or may have against Welbe in connection with the settlement. Taking into consideration the time that I dedicated to this case, I believe that this amount is reasonable.

13. I am not related to anyone associated with Blackstone Law, APC.

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct. Executed on 11/21/2024, at Stockton, California.
