1. I am over the age of eighteen (18) and a resident of the State of California. I am one of the named plaintiffs in the above-captioned case. I have personal knowledge of the facts and statements set forth in this declaration, and if called upon to testify, I could and would competently testify thereto.
2. I was employed by one or more of the Defendants Welbe Health, LLC; Welbe Health PACE, LLC; Welbe Health Bay Area PACE, LLC; WelbeHealth Inland Empire PACE, LLC; Welbe Health San Bernardino PACE, LLC; LA Coast PACE, LLC; Welbe Housecalls, LLC; Sequoia PACE, LLC; Welbe Health HC, NoCal, LLC; Welbe Health HC SoCal, LLC; and Stockton PACE, LLC (collectively, "Welbe"), from approximately March 2022 to July 2023 as a non-exempt, hourly-paid Driver, based out of 1224 Scenic Drive, Modesto, California 95350.
3. Because I thought the practices at Welbe may not be lawful, I decided to seek legal advice about my work experiences at Welbe and about filing a lawsuit to obtain relief for my grievances. I wanted to take steps to make sure Welbe were held accountable for not properly compensating their employees for all hours worked and for non-compliant meal and rest breaks. After speaking with attorneys, I also investigated class action lawsuits on my own. Thereafter, I further consulted with attorneys about my situation, class actions, and what it meant to bring a class action so that I understood what I was considering doing.
4. I have regularly conferred with my attorneys regarding this matter as part of my responsibilities as a class representative. This process included searching for and providing documents concerning my employment with Welbe, answering any questions my attorneys had about the documents, providing information regarding the company's practices and the duties of other hourly-paid and/or non-exempt employees, and helping my attorneys develop a strategy as to what additional documents and information they could seek to obtain from Welbe.
5. I routinely checked in with my attorneys and their staff to make sure that they had all of my most current information and any additional information that I had obtained. I made myself available to answer any questions my attorneys had about Welbe's practices and treatment of their

1 employees whenever they needed me. I responded to them as quickly as possible and gave them as
2 much information as I could.

3 6. I understood that in the event this matter did not settle and proceeded with trial, I would
4 need to be in court to participate in the trial. I was ready to perform that role, as well as fulfill any
5 responsibilities that are necessary for this lawsuit.

6 7. I know that I took a sizeable risk by bringing and pursuing this lawsuit for several
7 reasons. First, I understood that if I lost, I would potentially have to pay the costs in the lawsuit. I
8 also understood there was a risk of losing any job and/or income due to the time that I would have to
9 spend fulfilling my responsibilities in this matter, including having to attend the trial, if needed. Most
10 importantly, I believe that by pursuing this case, I have taken a significant risk because future
11 employers can easily find out that I sued my prior employer, and that may negatively impact my ability
12 to find employment within this industry – and even outside of it – in the future. In contrast, the other
13 employees who will be receiving money from this lawsuit did not have to file a claim or take the risk
14 that I took in bringing this action.

15 8. I reviewed the settlement agreement, discussed the settlement agreement with my
16 attorneys, and asked them questions before signing it.

17 9. I believe that I have done everything that my attorneys have asked of me and tried, to
18 the best of my ability, to seek relief for the Class. I have spent approximately 40-45 hours participating
19 in this case as described above. I believe my efforts helped get the result obtained in this case.

20 10. I understand that any resolution of this lawsuit on a class wide basis is subject to court
21 approval, and any settlement must be designed in the best interest of the Class as a whole. At all times
22 throughout the course of this litigation I have considered the interests of the Class and put them before
23 my own personal interests.

24 11. I understand that incentive or enhancement awards are discretionary and intended to
25 compensate named plaintiffs for: the quality and quantity of the work done on behalf of the class and
26 other employees, the financial and/or reputational risk undertaken in bringing the class action, and an
27 acknowledgment of the benefits resulting from the representative's actions. I believe my work in this
28 matter is meritorious on these points for the reasons set forth above.

1 12. I respectfully request that the Court approve and award me an Enhancement Award in
2 the amount of \$10,000.00 for my efforts and active participation in the case and for the broader, general
3 release of all claims that I have or may have against Welbe in connection with the settlement. Taking
4 into consideration the time that I dedicated to this case, I believe that this amount is reasonable.

5 13. I am not related to anyone associated with Blackstone Law, APC.

6 I declare under penalty of perjury under the laws of the State of California that the foregoing
7 is true and correct. Executed on 11/19/2024, at Modesto, California.
