**DECLARATION OF PLAINTIFF VICENTE
ALVAREZ**

Hearing

Date: September 23, 2024
Time: 8:30 a.m.
Dept.: 1

I, Vicente Alvarez, state and declare:

1. I am the Plaintiff in the above-captioned action and have personal knowledge of all matters stated herein, and could competently testify thereto. I make this declaration in support of the motion for preliminary approval of the class action settlement. I believe the settlement is fair and reasonable and constitutes a fair resolution of the alleged claims.

2. When I first retained my attorneys and chose to pursue this case on a class action basis, I understood that I had specific burdens as the "Class Representative," which included (a) representing the interests of all class members, (2) considering the interests of all class members above my own personal interests, (3) participating actively in the lawsuit, including potential testimony at deposition and trial, and generally keeping aware of the status and progress of the lawsuit. Moreover, I understood that any resolution of the lawsuit is subject to court approval and must be designed in the best interests of the class as a whole.

3. Since initiating this action on behalf of the proposed class, I believe I have more than adequately performed my duties as a class representative. I have been an active participant in this litigation, including assisting my attorneys in various ways and making myself available when needed. For example, I have assisted my attorneys by compiling and analyzing substantial documentation regarding the claims in this case. I have also helped to explain and discuss the company's practices and their general practices and procedures, locating and analyzing company documents, among others. I have also reviewed all settlement documents and believe that this settlement is fair for the class. Finally, I will continue taking all necessary steps to finalize this settlement and obtain court approval.

4. I have no conflicts with the proposed class members and will continue to assist with the litigation and prosecute the case on behalf of the other employees.

5. I respectfully request that the court preliminarily approve the service award. As outlined above, I have performed substantial services for the Class and helped obtain a highly beneficial settlement for my fellow employees. And I have also agreed to waive all of my claims against the company as part of this settlement. At the final approval stage, I will submit an

1 additional declaration setting forth all the work I did for this case, including the estimated number
2 of hours spent assisting the Class and my attorneys.

3 I declare under penalty of perjury under the laws of the State of California that the
4 foregoing is true and correct. Executed on 8/21/2024, at Corona, California.
