1 **TO ALL INTERESTED PARTIES AND THEIR ATTORNEYS OF RECORD:**

2 **PLEASE TAKE NOTICE** that on **August 6, 2026, at 10:00 a.m.**, or as soon thereafter
3 as the matter may be heard in Department 15 of the above-entitled Court, located at 312 N.
4 Spring St., Los Angeles, California 90012, Plaintiffs Jennifer Itxel Navarro-Gutierrez, Brenda
5 Crystobal, Ricardo Escajeda, Nathaly Lopez and Maria Rivera (“Plaintiffs”) will and hereby do
6 move this Court for an Order:

- 7 1. Granting final approval of the proposed Class Action and PAGA Settlement
8 Agreement (the “Settlement”);
- 9 2. Finally approving payment of the Gross Settlement Amount of \$850,000.00.
- 10 3. Awarding Class Counsel attorneys’ fees in the amount of \$283,333.33 and
11 reimbursement of litigation costs in the amount of \$27,303.63;
- 12 4. Awarding each of the five Plaintiffs a service award in the amount of \$7,500.00
13 (\$37,500.00 total);
- 14 5. Awarding \$12,950.00 to ILYM Group, Inc. (“ILYM”) for its settlement
15 administration expenses;
- 16 6. Approving allocation of \$10,000.00 as civil penalties under the Labor Code
17 Private Attorneys’ General Act of 2004 (“PAGA”), 75% of which (\$7,500.00)
18 will be paid to the California Labor and Workforce Development Agency
19 (“LWDA”), and 25% of which (\$2,500.00) will be distributed to Aggrieved
20 Employees based on the number of PAGA Pay Periods worked during the PAGA
21 Period; and
- 22 7. Entering a Final Judgment consistent with the terms of the Settlement Agreement.

3 **TREATISES**

4	CONTE & NEWBERG, NEWBERG ON CLASS ACTIONS § 11.26 (4th ed. 2002) (Newberg)	3
---	--	---

1 **I. INTRODUCTION**

2 Plaintiffs Jennifer Itxel Navarro-Gutierrez, Brenda Crystobal, Ricardo Escajeda, Nathaly
3 Lopez and Maria Rivera (“Plaintiffs”) seek final approval of a non-reversionary Gross
4 Settlement Amount of \$850,000.00. The Class Action and PAGA Settlement Agreement
5 (“Settlement”) provides that the deductions will be made from the Gross Settlement Amount:

- 6 1. Attorneys’ fees in the amount of up to \$283,333.33;
- 7 2. Litigation costs in the amount of up to \$40,000.00;
- 8 3. Class Representative Service Awards of up to \$7,500.00 for each of the five
9 Plaintiffs (\$37,500.00 total);
- 10 4. Settlement administration expenses of up to \$12,950.00; and
- 11 5. Civil penalties in the amount of \$10,000.00 for claims under the Private
12 Attorneys’ General Act of 2004 (“PAGA”), 75% of which (\$7,500.00) will be paid to the
13 California Labor and Workforce Development Agency (“LWDA”), and 25% of which
14 (\$2,500.00) will be distributed to Aggrieved Employees based on the number of pay periods
15 worked during the PAGA Period. (*See* Settlement ¶ 3.2.5; *see also* Declaration of Garvin Brown
16 of ILYM Group, Inc. Regarding Notice and Settlement Administration [“Brown Decl.”], ¶¶ 15.)

17 After all deductions are made, the Net Settlement Amount will be distributed to 1,012
18 Class Members as of the filing of this Motion for Final Approval of Class Action and PAGA
19 Settlement (the “Motion”) (“Participating Class Members”) based on the number of weeks
20 worked during the Class Period. (Brown Decl., ¶¶ 14-17.)

21 The proposed Settlement is a product of diligent efforts, litigation, arm’s length
22 negotiations, and informal discovery that resulted in the best possible outcome for the Class. By
23 resolving this matter now, Settlement Class Members will receive a guaranteed recovery without
24 risk of nonpayment, delay, or an adverse judgment at trial.

25 An objective evaluation of the Settlement confirms that the relief negotiated on the
26 Settlement Class’s behalf is fair, reasonable, and valuable. The Settlement was negotiated by
27 the Parties at arm’s length with helpful guidance from Kelly Knight, Esq., an experienced and
28 well-respected mediator of wage and hour actions, and the Settlement confers substantial

benefits to Class Members. This relief—averaging approximately \$473.23 per Class Member from the Net Settlement Amount—is particularly impressive when viewed against the difficulties encountered by plaintiffs pursuing wage and hour cases. Moreover, by settling now rather than proceeding to trial, Class Members will not have to wait (possibly years) for relief, nor will they have to bear the risk of class certification being denied or of Defendant prevailing at trial, or of Plaintiffs prevailing at trial but losing on appeal.

There are no objections to the Settlement and no requests for exclusion. (Brown Decl., ¶¶ 11-13.) The Participating Class Members will receive an average settlement payment of \$473.23, with the highest payout reaching \$4,157.67. (Brown Decl., ¶ 16.) Aggrieved Employees will receive an average settlement payment of \$4.08, with the highest payout reaching \$15.68. (Brown Decl., ¶ 17.) In light of the Class’s favorable response, and the facts and law set forth below as well as in the motion for preliminary approval, Plaintiffs respectfully request that the Court now enter an Order: (1) granting final approval of the Settlement; (2) entering final judgment; (3) requiring distribution of individual settlement shares to Participating Class Members; and (4) approving payments for attorneys’ fees, litigation costs, the Class Representative Service Awards, administration expenses payment, and civil penalties under PAGA.

II. THE SETTLEMENT MERITS FINAL APPROVAL

“Public policy generally favors the compromise of complex class action litigation.” (*Cellphone Termination Fee Cases*, 180 Cal. App. 4th 1110, 1118 (2009), *see also 7-Eleven Owners for Fair Franchising v. Southland Corp.*, 85 Cal. App. 4th 1135, 1151 (2000) (“voluntary conciliation and settlement are the preferred means of dispute resolution . . . [t]his is especially true in complex class action litigation . . .”).)

Class action settlement approval occurs in two steps: (1) an early (preliminary) review by the trial court, and (2) a subsequent (final) review after notice has been distributed to Class Members for their comments and/or objections. Cal. R. Ct. 3.769. The Court granted preliminary approval on March 4, 2026. Plaintiffs now seek final approval.

“[T]he trial court has broad powers to determine whether a proposed settlement in a class

1 action is fair.” (*Mallick v. Super. Ct.*, 89 Cal. App. 3d 434, 438 (1979).) Fairness is presumed
2 when: (1) the settlement is reached through arm’s-length bargaining, (2) investigation and
3 discovery are sufficient to allow counsel and the court to act intelligently, (3) counsel is
4 experienced in similar litigation, and (4) the percentage of objectors is low. (*Dunk v. Ford Motor*
5 *Co.*, 48 Cal. App. 4th 1794, 1802 (1996); *see also Nordstrom Com. Cases*, 186 Cal. App. 4th
6 576, 581 (2010).) “Where the settlement terms are fair and reasonable, the settlement is
7 presumptively valid, subject only to objections that may be raised at a final hearing.” (CONTE &
8 NEWBERG, NEWBERG ON CLASS ACTIONS § 11.26 (4th ed. 2002) (Newberg).)

9 In deciding whether to grant final approval of a class action settlement, California courts
10 consider whether the settlement is “fair, adequate, and reasonable.” (*Dunk v. Ford Motor Co.*
11 48 Cal.App.4th 1794, 1801 (1996).) In evaluating whether a settlement is fair, adequate, and
12 reasonable, courts evaluate the following factors: (1) the strength of the plaintiff’s case; (2) the
13 risk, expense, complexity and duration of further litigation; (3) the risk of maintaining class
14 action status through trial; (4) the amount offered in settlement; (5) the extent of discovery
15 completed and the stage of the proceedings; (6) the experience and views of counsel; (7) the
16 presence of a governmental participant; and (8) the reaction of class members to the proposed
17 settlement. (*Id.*)

18 **A. A Presumption of Fairness Exists**

19 While the burden is on the proponent to demonstrate that a proposed settlement is fair,
20 adequate, and reasonable, “a presumption of fairness exists where: (1) the settlement is reached
21 through arm’s length bargaining; (2) investigation is sufficient to allow counsel and the court
22 to act intelligently; (3) counsel is experienced in similar litigation; and (4) the percentage of
23 objectors is small.” (*Id.* at p. 1802.)

24 At preliminary approval, Plaintiffs presented evidence that this Settlement is entitled to
25 a presumption of fairness because: (1) it was reached through arm’s length bargaining with the
26 assistance of an experienced mediator; (2) Plaintiffs conducted a thorough investigation through
27 formal and informal discovery and an analysis of Settlement Class Members’ time and payroll
28 records; and (3) Plaintiffs’ Counsel is experienced in similar litigation. (*See Declaration of*

1 Arrash T. Fattahi in Support of Plaintiffs’ Motion for Preliminary Approval of Class Action and
2 PAGA Settlement [“Fattahi MPA Decl.”], ¶¶ 8-9, 16-25, 40-48). None of the Settlement Class
3 Members have opted out and none have objected. (See Brown Decl., ¶¶ 11-13.) Therefore, the
4 Court can confidently conclude that a presumption of fairness exists.

5 **B. The Strength of Plaintiffs’ Claims, and the Risks, Expense, Complexity, and**
6 **Likely Duration of Further Litigation as a Class Action Through Trial**

7 Courts are not required to ensure that a settlement maximizes the value of released claims
8 with mathematical precision. “[T]he test is not the maximum amount plaintiffs might have
9 obtained at trial on the complaint, but rather whether the settlement is reasonable under all of
10 the circumstances.” (*Wershba v. Apple Computer, Inc.*, 91 Cal.App.4th 224, 250 (2001),
11 disapproved of on other grounds by *Hernandez v. Restoration Hardware, Inc.*, 4 Cal.5th 260,
12 269-270 (2018); see also *7-Eleven Owners for Fair Franchising v. Southland Corp.*, 85
13 Cal.App.4th 1135, 1150 (2000) [“the merits of the underlying class claims are not a basis for
14 upsetting the settlement of a class action; the operative word is ‘settlement.’”].) The relevant
15 circumstances include the strengths and weaknesses of plaintiffs’ claims and the risks they faced
16 in litigation. (*7-Eleven*, 85 Cal.App.4th at p. 1146.)

17 Here, Plaintiffs presented sufficient information at preliminary approval regarding the
18 number of Settlement Class Members and an estimate of the maximum value of each of the
19 claims alleged. (See Fattahi MPA Decl., ¶¶ 17-25.) Plaintiffs have also described in detail the
20 risks the Class faced in litigation and the strengths and weaknesses of each of the claims. (See
21 *id.*) Plaintiffs noted potential difficulties in obtaining class certification and succeeding on the
22 merits at trial. (See *id.*) The factual record here is sufficiently developed to allow the Court to
23 independently satisfy itself “that the consideration being received for the release of the class
24 members’ claims is reasonable in light of the strengths and weaknesses of the claims and the
25 risks of the particular litigation.” (*Munoz v. BCI Coca-Cola Bottling Co. of Los Angeles*, 186
26 Cal.App.4th 399, 410 (2010).)

27 **C. The Amount Offered in Settlement**

28 The Settlement provides a \$850,000.00 Gross Settlement Amount (“GSA”) to be

distributed among the 1,012 Participating Class Members who did not opt out as of the date of this filing. (Brown Decl., ¶¶ 11-15.) The GSA will be used to pay Class Counsel’s attorneys’ fees and costs, Plaintiffs’ service award, and ILYM Group, Inc. (“ILYM”) for its administration of the Class Notice and settlement funds. (*Id.* at ¶ 15.) The Settlement also allocates \$10,000.00 from the GSA to civil penalties under PAGA. (*See* Settlement, ¶ 3.2.5; *see also* Brown Decl., ¶¶ 15, 17.) After all deductions are made, the Net Settlement Amount will be \$478,913.04, which will be distributed to Participating Class Members according to the number of weeks they worked for Defendant Movita Juice Bars, LLC (“Defendant”) during the Class Period. (*See* Brown Decl., ¶¶ 15-17.)

The Settlement Administrator has calculated a total of 36,366.42 workweeks in the Class Period. (Brown Decl., ¶ 14.) As a result, the average recovery for Participating Class Members is \$473.23, and the highest payout is \$4,157.67. (*Id.* at ¶ 16.) Weighing the potential value of the class claims against the risk and expense of trial, the Settlement provides sufficient relief in light of the potential risks associated with seeking a class judgment.

D. The Extent of Discovery Completed and the Stage of the Proceedings

Class Counsel sufficiently investigated the alleged claims, applicable law, and potential defenses. (*See* Fattahi MPA Decl., ¶¶ 8-9, 16-29.) Specifically, Class Counsel assessed the value of the claims using data and documents provided by Defendant in informal discovery, which included policy documents and timekeeping and payroll records. (*See id.*) Following a complete analysis of this information, the Parties attended mediation on December 17, 2024, with an experienced mediator, Kelly Knight, Esq. (*Id.* at ¶ 10.) The Parties were able to reach an agreement and spent a considerable amount of time negotiating the terms of the Settlement. (*See id.* at ¶ 11.)

The document and data exchanges allowed Class Counsel to fully assess the nature and magnitude of the claims being settled, as well as the impediments to recovery, and ultimately enabled Class Counsel so as to make an independent assessment of the reasonableness of the settlement’s terms. By engaging in such a thorough investigation and evaluation of Plaintiffs’ claims, Class Counsel can opine that the Settlement, for the consideration and on the terms set

1 forth in the Settlement, is fair, reasonable, and adequate, and is in the best interests of Class
2 Members in light of all known facts and circumstances, including the risk of significant delay
3 and uncertainty associated with litigation, and various defenses asserted by Defendant.

4 **E. The Experience and Views of Counsel**

5 Plaintiffs are represented by Wilshire Law Firm, PLC, Hamner Law Offices, APLC and
6 James Hawkins APLC (Fattahi MFA Decl., ¶ 2.) Class Counsel prosecute wage and hour cases,
7 including class and representative actions. (*Id.* at ¶¶ 3-4.) Class Counsel has litigated many wage
8 and hour cases and have successfully resolved cases involving similar issues presented in this
9 matter. (*Id.* at ¶¶ 3-12.) Class Counsel has negotiated a settlement here that they believe is fair,
10 reasonable, and adequate based on their prior experience litigating these types of cases. (*Id.* at
11 ¶ 19.)

12 **F. The Presence of a Government Participant**

13 The LWDA has received the required notice of this Settlement. (Fattahi MFA Decl., ¶
14 20.) On September 22, 2023, Plaintiff Navarro-Gutierrez provided notice to the LWDA of her
15 intention to file a PAGA claim. (Fattahi MPA Decl., ¶ 4.) The Settlement provides for the
16 payment of \$10,000.00 in civil penalties, 75% of which (\$7,500.00) will be paid to the LWDA,
17 and 25% of which (\$2,500.00) will be paid to Aggrieved Employees based on the number of
18 pay periods worked during the PAGA Period. (*See* Brown Decl., ¶¶ 15, 17; *see also* Settlement,
19 ¶ 3.2.5.) Plaintiffs submitted a copy of the Class Action and PAGA Settlement Agreement to
20 the LWDA. (Fattahi MFA Decl., ¶ 20.) The LWDA has not responded to or objected to the
21 Settlement. (*Id.*)

22 **G. The Reaction of Class Members to the Proposed Settlement**

23 Class Members' reaction to the Settlement has been favorable. A court may properly
24 infer that a class action settlement is fair, reasonable, and adequate when few class members
25 object to or opt out of it. (*Lealo v. Beneficial California, Inc.*, 82 Cal.App.4th 19, 51 (2000).)

26 When the Court granted preliminary approval, it also approved the method of providing
27 notice to Class Members. Following a search of the National Change of Address database,
28 ILYM mailed the Class Notice to all Class Members on May 8, 2026. (Brown Decl., ¶¶ 6, 7.)

1 The Class Notice informed Class Members of the terms of the Settlement, the amount of their
2 individual settlements and how those amounts were calculated, their right to either participate
3 in the Settlement, opt out of it, object to it, or dispute the amount of their individual settlement
4 payment, the procedures and deadlines to submit an opt out, objection, or dispute, and the date,
5 time, and place of the hearing on Plaintiffs’ Motion for Final Approval and instructions to be
6 heard at the hearing. (*Id.* at ¶ 7, **Exhibit A.**) Here, in response to the Class Notice, none of the
7 Class Members opted out, and none objected as of the date of the filing of this Motion. (*Id.* at
8 ¶¶ 11, 12.) Class Members’ favorable response to the Settlement further supports final approval.

9 **III. THE REQUESTED FEE AWARD IS REASONABLE AND SHOULD BE**
10 **APPROVED**

11 There are two primary methods of determining a reasonable attorney fee in the context
12 of class action litigation. (*Laffitte v. Robert Half Int’l, Inc.* 1 Cal.5th 480, 489 (2016).) The
13 percentage-of-recovery method calculates the fee as a percentage of a common fund recovered
14 on behalf of the class. (*Id.*) The lodestar method calculates the fee by multiplying the number
15 of hours reasonably expended by counsel by a reasonable hourly rate, which amount then may
16 be adjusted based on other factors. (*Id.*) In *Laffitte*, the California Supreme Court held that trial
17 courts have the discretion to choose between the two calculation methods. (*Id.* at p. 504.) Trial
18 courts also have discretion to blend the two fee calculation methods, using one method to “cross-
19 check” the reasonableness of the other’s result, but a cross-check is not required. (*Id.* at p. 506.)

20 **A. The Requested Fee Award is Fair and Reasonable Based on the Percentage-of-**
21 **Recovery Method**

22 The ultimate purpose of the percentage-of-recovery method is to “spread the attorney fee
23 among all the beneficiaries of the fund.” (*Id.* at p. 503.) The California Supreme Court
24 recognized that the percentage-of-recovery method has many advantages, “including relative
25 ease of calculation, alignment of incentives between counsel and the class, a better
26 approximation of market conditions in a contingency case, and the encouragement it provides
27 counsel to seek an early settlement and avoid unnecessarily prolonging the litigation. . .” (*Id.*)

28 The requested fee award (one-third (1/3) of the GSA) is consistent with the average fee

award in class actions. (*See, e.g., Roos v. Honeywell Int’l, Inc.* 241 Cal.App.4th 1472 (2015) [fee award of 37.5% was not an abuse of discretion], disapproved of on other grounds by *Hernandez, supra*, 4 Cal.5th at p. 287; *Wren v. RGIS Inventory Specialists*, No. C–06–05778 JCS, 2011 WL 1230826, at *29 (N.D. Cal. Apr. 1, 2011) [approving fee award of 42%]; *Singer v. Becton Dickinson and Co.*, No. 08–CV–821–IEG, 2010 WL 2196104, at *8 (S.D. Cal. June 1, 2010) [approving fee award of one-third and noting that the typical fees awarded in wage and hour class action cases ranges from 33.33% to 40%].) Therefore, the percentage-of-recovery method should be utilized to approve the requested fee.

B. A Lodestar Cross-Check Confirms the Reasonableness of the Requested Fee

Although *Laffitte* makes clear that a lodestar cross-check is not required, Class Counsel’s lodestar supports the reasonableness of the requested fee. The lodestar is determined by multiplying the number of hours reasonably expended by the reasonable hourly rate. (*PLCM Group, Inc. v. Drexler* 22 Cal.4th 1084, 1095 (2000).) The lodestar figure may then be adjusted, based on consideration of factors specific to the case, in order to fix the fee at the fair market value for the legal services provided.” (*Id.*) The factors that can be considered include “the nature of the litigation, its difficulty, the amount involved, the skill required in its handling, the skill employed, the attention given, the success or failure, and other circumstances in the case.” (*Melnyk v. Robledo* 64 Cal.App.3d 618, 623-24 (1976) [citations omitted].) Additionally, Courts utilize “multipliers” to account for the risk of taking on cases where there is no guarantee of recovery, uncertainties as the amount that will be recovered, uncertainty as to the cost of litigating the case (both in effort and expenses), and uncertainty about how much time will pass before the recovery is obtained. (*Ketchum v. Moses* 24 Cal.4th 1122, 1132-33 (2001); *see also Serrano v. Priest* 20 Cal.3d 25, 48-49 (1977) [approving the adjustment of the lodestar figure based on factors specific to the case to ensure fair market value for legal services provided on a contingency basis].) Application of that rule is particularly appropriate where the case is brought to redress important rights of vulnerable persons. (*Ketchum*, 24 Cal.4th at p. 1133.)

Generally, “[m]ultipliers can range from 2 to 4 or even higher.” (*Wershba, supra*, 91 Cal.App.4th at p. 255; *see also Sutter Health Uninsured Pricing Cases* 171 Cal.App.4th 495,

1 512 (2009) [applying a 2.52 multiplier on a cross-check in an antitrust class action]; *Chavez v.*
2 *Netflix, Inc.* 162 Cal.App.4th 43, 60 (2008) [applying a 2.5 multiplier on a lodestar cross-check];
3 *Vizcaino v. Microsoft Corp.* 290 F.3d 1043, 1051 n.6 (9th Cir. 2002) [“most” common fund
4 cases apply a multiplier of 1.0-4.0]; *Laffitte v. Robert Half Int’l* 231 Cal.App.4th 860, 881-82
5 (2014) [affirming a 2.13 multiplier after finding that “2 to 4” is a reasonable range for
6 multipliers on a cross-check].) Here, the application of a modest 1.61 multiplier supports Class
7 Counsel’s fee request of \$283,333.33. (Fattahi MFA Decl., ¶ 17.)

8 The risk factors present in this case favor the application of a 1.61 multiplier. (*Id.*) To
9 begin, Class Counsel has singularly assumed the risk and costs of litigation purely on a
10 contingency basis. (*Id.*) And, while Plaintiffs are confident in the merits of their claims, a
11 legitimate controversy exists as to each cause of action, posing an actual risk that Plaintiffs may
12 not succeed at class certification and/or trial. (*Id.*) Any of these obstacles could have prevented
13 recovery completely, meaning Class Counsel would have been left with no compensation for all
14 the time and money invested in litigating this case. (*Id.*) Despite these risks, Class Counsel
15 took this case on a contingency basis so that Class Members (a particularly vulnerable group of
16 non-exempt employees) could be compensated for their unpaid wages. (*Id.*) Consequently, Class
17 Counsel was precluded from focusing on, or taking on, other cases which could have resulted
18 in a larger, and less risky, monetary gain. (*Id.*) Moreover, Class Counsel’s hourly rates are
19 comparable to those charged by other class action counsel. (*Id.*) Class Counsel spent at least
20 **234.5** hours prosecuting this action, which was divided among the attorneys working on this
21 case according to skill level. (*Id.* at ¶¶ 15-16.) Multiplying the total hours expended by Class
22 Counsel by their reasonably hourly rates yields a lodestar of **\$175,880.00**. (*Id.* at ¶ 16.) The
23 hours expended by each attorney were reasonable and not duplicative and reflect the extensive
24 investigation and analysis that was required to achieve this Settlement. (*Id.*)

25 Considered against the risks of continued litigation, and the importance of advocating
26 for employment rights and a speedy recovery, the relief provided under the Settlement
27 represents a very strong result for the Class. Accordingly, Class Counsel’s fee request of
28 \$283,333.33 is fair and reasonable and should be approved.

1 **IV. THE REQUESTED COST AWARD IS REASONABLE AND SHOULD BE**
2 **APPROVED**

3 The Settlement permits Class Counsel to seek reimbursement of litigation costs in an
4 amount up to \$40,000.00. The total litigation costs incurred by all Class Counsel are \$27,303.63,
5 which does not exceed the maximum amount allocated for litigation costs in the Settlement, as
6 such the remaining \$12,696.37 previously allocated to Class Counsel's costs will revert to and
7 increase the Net Settlement Amount. (Fattahi MFA Decl., ¶ 18, **Exhibit 3** and Settlement ¶
8 3.2.2.) These costs were reasonable and necessary to prosecute this case and obtain the results
9 achieved. (*Id.*)

10 **V. THE REQUESTED CLASS REPRESENTATIVE SERVICE PAYMENTS ARE**
11 **REASONABLE AND SHOULD BE APPROVED**

12 Plaintiffs also request that they be awarded service payments of \$7,500.00 each
13 (\$37,500.00 total) for their role in obtaining the Settlement. In evaluating a service payment, the
14 Court may consider: "(1) the risk, both financial and otherwise, the class representatives faced
15 in bringing the suit; (2) the notoriety and personal difficulties encountered by the class
16 representative; (3) the amount of time and effort spent by the class representative; (4) the
17 duration of the litigation; and (5) the personal benefit received by the class representative as a
18 result of the litigation." (*Golba v. Dick's Sporting Goods, Inc.* 238 Cal.App.4th 1251, 1272
19 (2015); *Clark v. American Residential Services, LLC* 175 Cal.App.4th 785, 804 (2009).)

20 Here, Plaintiffs provided declarations in support of Motion for Preliminary Approval of
21 Class Action and PAGA Settlement detailing the risk they faced in bringing the suit, the
22 notoriety and personal difficulties they encountered, the amount of time and effort they spent
23 on this litigation, the duration of this litigation, and the personal benefit they will receive as a
24 result of the litigation. (*See generally*, Declarations of Jennifer Itxel Navarro-Gutierrez, Brenda
25 Crystobal, Ricardo Escajeda, Nathaly Lopez and Maria Rivera submitted with the Motion for
26 Preliminary Approval of Class Action and PAGA Settlement.) Plaintiffs should be adequately
27 compensated for their role in obtaining this Settlement.

28 Additionally, no Class Members objected to the amount of additional compensation

sought by Plaintiffs. As such, the award is reasonable in light of the substantial benefits Plaintiffs conferred upon the settlement class.

VI. THE SETTLEMENT ADMINISTRATION COSTS ARE REASONABLE AND SHOULD BE APPROVED

The Parties agreed to hire ILYM as the Administrator in this case and the Court approved this choice at preliminary approval. The Administrator was responsible for updating Class Members' mailing addresses, mailing the Class Notice to each Class Member, responding to Class Member questions, providing weekly status reports, and providing a declaration as to the results of the mailing. (*See* Brown Decl., ¶ 3.) Following final approval, ILYM's duties will continue in order to calculate and to mail the settlement payments to Class Members, disburse other payments as ordered by the Court, and perform such other duties described in the Settlement. (*Id.*) The requested amount of \$12,950.00 for services rendered and to be rendered is therefore fair and reasonable. (*Id.* at ¶¶ 15, 17.)

VII. CONCLUSION

Based on the foregoing, Class Counsel respectfully requests that the Court grant final approval of the Class Action and PAGA Settlement, approve Class Counsel attorneys' fees in the amount of \$283,333.33 and reimbursement of litigation costs in the amount of \$27,303.63, the service payment to each Plaintiff in the amount of \$7,500.00 (\$37,500.00 total), civil penalties under PAGA in the amount of \$10,000.00, and \$12,950.00 to ILYM for its settlement administration expenses.
