DECLARATION OF ANTONIO PEREZ

I, Antonio Perez, state and declare as follows:

1. I am a competent adult, over the age of eighteen, and a named Plaintiff in the above-captioned matter. The foregoing is based upon my personal knowledge, and if called as a witness, I could and would testify thereto. I am making this sworn declaration in support of my claims and the claim of my co-workers, and in support of my qualifications as Named Plaintiff. If called as a witness, I could and would competently testify as to the truth of the matters set forth herein.

2. I am a former employee of Defendant Adobe Communities (“Defendant”) as a Maintenance Technician and an hourly employee.

3. I brought this lawsuit, on behalf of myself and all other aggrieved employees, against Defendant because I believe that during my time working for Defendant they did not pay all wages/overtime, failed to provide compliant meal/rest periods, failed to reimburse business-related expenses, provide accurate itemized wage statements, and failed to pay all wages due at the time of resignation/termination to me and other employees.

4. I understand that I am representing other employees, and I believe that I am able to represent them well.

5. Before joining this action, I first researched reputable attorneys who are very experienced with these types of lawsuits and that I believed could best represent the interest of the aggrieved employees. Once retained, I compiled relevant documents from my employment to assist my attorneys in litigating this case. I worked with my attorneys to develop the facts and legal claims in this lawsuit. The lawsuit was filed on October 20, 2022. I joined the action on November 20, 2023.

6. Throughout the litigation, I have maintained regular contact with counsel and provided my attorneys with helpful information for this lawsuit and for the Settlement as needed. Additional work in connection with this matter includes providing information to my attorneys regarding my employment with Defendant, staying in regular contact with my attorneys to discuss the status of the case, responding promptly to my attorneys’ various communications regarding

1 this matter, making myself available for a full-day mediation on June 25, 2025; and reviewing and
2 analyzing the settlement agreement and settlement papers to ensure the settlement was fair and
3 reasonable and in the best interests of the aggrieved employees.

4 7. Although I did not keep contemporaneous time records, I estimate the total time
5 spent in connection with this matter is approximately 10-15 hours.

6 8. I have worked to actively represent the other aggrieved employees and their
7 interests.

8 9. I have always kept the aggrieved employees' interests at heart in this litigation.

9 10. I am prepared to continue assisting with this litigation and am committed to
10 achieving the best possible results for the aggrieved employees.

11 11. Based on my participation in this case, I believe that the class action settlement
12 obtained on behalf of the aggrieved employees is fair and reasonable in light of the issues involved
13 in this case. As mentioned above, I reviewed and discussed the Settlement Agreement with my
14 attorneys and asked them questions about it to ensure that I understood its terms and what it would
15 mean for all of the class members.

16 12. I believe that I have fairly represented the absent aggrieved employees and request
17 that the Court finally approve this settlement and confirm me as Plaintiff.

18 13. I am not aware of any conflicts of interest that prevent me from being confirmed as
19 named Plaintiff in this Lawsuit. I am not related in any way to my attorneys or to any other member
20 of the firm that is representing me. I have no business dealings or other involvement beyond this
21 lawsuit and this representation. I have not been promised any money or inducement to serve as
22 named Plaintiff in this Lawsuit.

23 14. It is my opinion that a fair and adequate enhancement for me as a named Plaintiff,
24 in the amount of \$5,000.00. I believe that this is fair and reasonable in light of all of the work that
25 I have performed in my role as Plaintiff. As named Plaintiff, I have actively participated in all
26 stages of the litigation, as detailed above, and have always maintained the best interests of the
27 aggrieved employees while performing my named Plaintiff duties.

15. It is also my opinion that the Enhancement Payment is fair, reasonable, and adequate because, in addition to the many hours spent participating in the prosecution of this case, I accepted the potential risk of being liable for Defendant's attorneys' fees and costs if we were unsuccessful in this Lawsuit. Likewise, I risk the potential stigma of being an aggrieved employee in a representative action labor dispute, which may affect my future employability.

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct.

Executed this 15 day of June, 2026 at Long beach, California.
