1. I am over the age of 18 years old and a resident of the State of California. I have personal knowledge of the matters set forth herein, and if called upon to testify, I could and would do so competently. I make this declaration in support of Plaintiff's Motion for Preliminary Approval of Class Action and PAGA Settlement.

3. I was employed by Laser Electric, Inc (“Laser Electric”) as an hourly-paid, non-exempt employee as an Electrician.

5. I understand that as a Class Representative I have an important duty to look out for the best interests of the Class. I understood from the start of considering this case based on my discussions with my lawyers that I would have to take on significant responsibilities and burdens for the benefit of the Class, which could include having my deposition taken to give testimony under oath, that I could face the possibility of subpoenas being issued to former and current employers, and that I may testify in Court for the benefit of not only myself but the other members of the Class. I have had numerous conversations with my attorneys regarding this case in order to provide them with the information and documents that they needed to handle the matter. I answered numerous questions that my attorneys had about the case, reviewed the complaint when it was filed, participated in discussions about mediation and resolution of the matter, and reviewed the settlement agreement.

7. I know of no conflicts between my interests and goals and the interests and goals of

1 anyone else in the Class.

2 I declare under penalty of perjury under the laws of the United States and the State of
3 California that the foregoing is true and correct. Executed on February 19, 2026, in Murietta,
4 California.
