ODDAE ALGHAZALI, and WALEED
ALGHAZALI, individually, on behalf of
themselves and on behalf of all persons
similarly situated,

Plaintiff,

vs.

FORMEL D USA, INC. a Corporation; and
DOES 1 through 50, inclusive,

Defendants.

Case No. 23CV059739

**DECLARATION OF ODDAE
ALGHAZALI IN SUPPORT OF
MOTION FOR PRELIMINARY
APPROVAL OF CLASS
SETTLEMENT**

Reservation ID: 805165841162

Hearing Date: November 12, 2025

Hearing Time: 1:30 p.m.

Judge: Honorable Patrick McKinney
Dept: 18

Date Filed: November 21, 2023

Trial Date: Not set

1 I, Oddae Alghazali, declare as follows:

2 1. I am over the age of eighteen, a Plaintiff and a proposed Class Representative in the
3 above-entitled matter. I submit this declaration in support of the Motion for Preliminary
4 Approval of Class Settlement and in support of my application for a Class Representative
5 Service Payment.
6

7 2. I have personal knowledge of all the facts stated herein. I could and would competently
8 testify under oath to these facts in court if requested to do so.

9 3. During the class period I worked as a Driver for the Defendant Formel D USA Inc.
10 ("Formel" or "Defendant") in California and during that time period I was classified by Formel
11 as a non-exempt employee.
12

13 4. I retained my attorneys who are experienced in both class action and PAGA
14 representative action litigation and claims against employers for violations of the California
15 Labor Code. I have no personal relationship or family ties to my attorneys or any officer of the
16 Court. I am not aware of having any actual or potential conflicts of interest with another class
17 member in this case nor am I aware of having any actual or potential conflicts of interest with
18 Apex Class Action Services, the settlement administrator. I am not aware of any other pending
19 matter or action asserting claims that will be extinguished or adversely affected by this
20 settlement.
21

22 5. I decided to pursue this class action lawsuit and be a plaintiff/class representative
23 because I felt that my legal rights as an employee and others like me were violated. For example,
24 I received non-discretionary compensation from time to time, such as bonuses, but these
25 payments during certain pay periods when I worked overtime were not factored into my regular
26 rate. I was underpaid overtime as a result. As another example, I often did not receive compliant
27

1 meal and rest breaks which were late, interrupted or missed entirely. I also did not receive all the
2 meal and rest break premiums I was entitled to and when I did receive premium payments, they
3 were often an incorrect amount. As to rest breaks, Formel had a policy that did not permit me to
4 leave the premises during my rest break, Additionally, I was required to use my personal cellular
5 phone for company business without reimbursement by Formel.

6
7 6. I spoke to my attorneys several times and discussed how Formel implemented its
8 company policies and procedures. I also assisted my attorneys in their investigation into my
9 claims by providing them documents and answering their questions. I reviewed the complaint
10 before it was filed and after it was filed I was given access to an electronic file sharing program
11 that alerted me via email when important documents were filed so that I could review them and
12 keep up with the developments in the case which I understood was one of my duties as a class
13 representative. I would also contact my attorneys from time to time if I had any questions about
14 the case.
15

16 7. Even though this action is in the process of settling, I was and remain prepared to
17 perform all the duties of a class representative. I understand that as a class representative I have
18 assumed a fiduciary responsibility to prosecute this class action on behalf of the absent class
19 members. I have understood that as a fiduciary, I have a duty to prosecute this action for the
20 benefit of the class members and surrender any right to compromise the group action for an
21 individual gain.
22

23 8. I understood that being a plaintiff/class representative in this case meant that I was
24 seeking damages not only for myself but also other current and/or former non-exempt employees
25 working for Formel in California who make up the class. I felt that these individuals were not
26 aware of their labor law rights and even if they were they would probably be apprehensive about
27

1 speaking up or even simply because of the time, effort and risk involved in filing a class action
2 lawsuit.

3 9. I understood that being a part of this lawsuit involved risks. For example, my attorneys
4 explained to me that if the case went to trial and we lost, I could be held responsible to pay for all
5 or part of the attorney fees and costs paid by Formel to defend this lawsuit. Also, I knew there
6 was a risk that future employers, if they ever find out about this lawsuit, could hold it against me
7 or downgrade me as a potential hire. As one of only two named Plaintiffs in this case it would
8 not be difficult for a future employer to become aware that I sued my employer for labor law
9 violations. Ultimately, I decided these risks were worth it and decided to fight for my rights and
10 the rights of others regardless of the risks, time and effort I spent on this case.
11

12 10. During the lawsuit I stayed in touch with my attorneys by phone and email. I also kept up
13 to date on important developments by reviewing court filings that were made available to me
14 electronically as I described above.
15

16 11. A mediation took place on January 27, 2025, with Lou Marlin, a well-respected and
17 experienced mediator of wage and hour class actions. After the mediation the parties were able
18 to reach an agreement to settle the action. I communicated with my attorneys regarding the terms
19 of the settlement which was reached between the parties and understood that I was representing
20 absent class members and therefore wanted the best possible result to be obtained for the class
21 members and I believe a very positive result was in fact achieved via settlement. I reviewed and
22 signed the Memorandum of Understanding on April 10, 2025 and when the final settlement
23 papers were ready, I closely reviewed the Settlement Agreement which I signed on September
24 17, 2025.
25

26 12. I have been actively involved with this lawsuit performing the duties described above.
27

1 Although I did not keep time records, I was in regular contact with my attorneys, reviewed court
2 filings, and spent a significant amount of time on the issues presented during the lawsuit and in
3 the settlement process. I estimate that I spent approximately 30-40 hours working on this case
4 up until this point. I believe I have been diligent and have done what is expected of a named
5 plaintiff and a proposed class representative to date and will continue to do so. I have and always
6 will maintain the best interests of the class members.
7

8 13. My attorneys explained to me that the settlement process involves a two-step review by
9 the Court to determine whether the settlement is fair before approving the settlement. I know
10 this process also involves notifying all class members of the settlement terms and of their rights
11 to make a claim for their settlement share, to opt out of the settlement or to object to the
12 settlement.
13

14 14. I believe I did the right thing by filing this case on behalf of the class members who,
15 subject to court approval, are in line to receive monetary payments as a result of this case and
16 settlement. This is money they may never have ever gotten if I did not pursue this action on their
17 behalf. I feel significant personal satisfaction to know that I played a role in the class members
18 being entitled to monetary payments as a result of the filing of this lawsuit. I also believe that
19 the requested Class Representative Service Payment of \$15,000 from the settlement is fair
20 compensation for the work I performed and the risks I undertook.
21

22 15. As part of the settlement it was necessary for me to sign a general release of all claims I
23 may have against Formel. I believe the Class Representative Service Payment I have requested
24 provides me with some compensation for this agreed release.

25 16. In light of all the time and effort I have spent on this case, the risk I undertook by suing
26 my employer, the exposure to being responsible for paying Defendant's costs in the event we did
27

1 not win the case, the reputational risk that future employers may hold this lawsuit against me, the
2 general release and in light of the size of the settlement, I believe the request for \$15,000 as a
3 Class Representative service payment is fair and reasonable.
4

5 I declare under penalty of perjury under the laws of the State of California that the
6 foregoing is true and correct.
