1 **DECLARATION OF BENNETT BERGER**

2 I, Bennett Berger, declare:

3 1. I make this declaration in the above-entitled action, in support of Plaintiff's motion for
4 approval of class action and PAGA settlement agreement. I am over the age of 18 and have personal
5 knowledge of the facts set forth in this Declaration and, if called as a witness, could and would testify
6 competently to such facts under oath.

7 2. I have been retained by Plaintiff's counsel, Blackstone Law, APC (Blackstone), in the
8 above-entitled action as a data analysis expert to analyze a set of timekeeping and payroll records to
9 determine the exposure for various claims including unpaid minimum wages, unpaid overtime wages,
10 meal periods, rest periods, reimbursements, and related derivative penalties.

11 3. I received my Bachelors of Art in Business Management Economics from the University
12 of California, Santa Cruz in 2011. During my education I put an emphasis in finance and studied topics
13 including statistical analysis, information systems management and corporate finance.

14 4. I am a partner at Berger Consulting Group, LLC ("BCG") and have provided data
15 analysis and damage exposure for over 3,000 cases. I have reviewed and analyzed data provided in
16 numerous formats for multiple business types, including but not limited to retail, hospitals, logistics,
17 finance, hospitality, technology, and manufacturing. My curriculum vitae is attached hereto as Exhibit
18 1. BCG was founded in 2013 and has been hired to provide expert analysis for more than 9,000 cases.

20 data.

19. *Barajas v WHM* - Case No. BC491045 - Deposition - November 28, 2016

6. Blackstone provided the 2 Excel files containing timekeeping records and payroll records. These records covered 23 employees ranging from December 16, 2019 through November 10, 2024. It is my understanding this is the full dataset that was agreed upon by both Plaintiff and Defendant in order to assess the damages in this matter and represents 20% of the class. The records contained 853 total workweeks and Defendant represented that there are a total of 5,250 workweeks through December 30, 2024.

1 7. The timekeeping records were analyzed for shift length distributions as well as meal
2 break violations. The records showed a 51.3% meal break violation rate resulting in an exposure of
3 \$681,334. No meal break premiums were paid.

4 8. Given that rest breaks are not required to be recorded by an employer, and based on the
5 information regarding Defendant's alleged rest break practices, I was advised to calculate a 100% rest
6 break violation rate for shifts greater than or equal to 3.5 hours (resulting in exposure of \$1,323,482).

7 9. Based on the information provided to me regarding Plaintiff's experiences working for
8 Defendant and their observations and understandings of Defendant's practices and policies that
9 pertained to the employees, I calculated an estimated one hour of unpaid off-the-clock work per
10 workweek (resulting in exposure of \$278,155).

11 10. I was advised that Plaintiff's claim for unreimbursed business expenses arose out of
12 Plaintiff and other employees' need to use personal cell phones for work related purposes without
13 receiving any amount of reimbursement. Based thereon, I was asked to calculate \$30 per month in
14 unreimbursed business expenses (resulting in exposure of \$40,800).

15 11. It's estimated there are 86 former employees in the 3-year class period. Waiting time
16 penalties assume each of these 86 employees are entitled to penalties and are calculated at 30 days per
17 employee multiplied by the average hourly base rate of \$53.04 multiplied by 7.9 hours per day. This
18 results in \$1,086,670 of exposure for waiting time penalties.

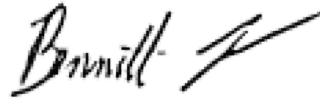

19 12. Wage statement penalties assume each of the 63 employees and 1,009 pay periods in
20 the 1-year statute of limitations have a violation and therefore are entitled to penalties. Wage statement
21 penalties are calculated at \$50 for the initial penalty and \$100 for each subsequent penalty with a
22 maximum of \$4,000 per employee and result in an exposure of \$97,750.

23 13. The number of aggrieved employees and pay periods in the PAGA period have been
24 extrapolated to mediation to estimate 1,032 pay periods in the PAGA period worked by 64 aggrieved
25 employees. Assuming 1 violation per pay period and assessing a \$100 penalty amount results in
26 \$103,200 in PAGA penalties.

27 14. I may be asked to develop additional analysis, observations, and queries in connection
28 with any data counsel for Plaintiff provides after the date this declaration is signed. If requested, I

1 could conduct the same or similar analyses as described in this declaration. At that time, if appropriate,
2 I can prepare a supplement to this declaration.

3 I declare under penalty of perjury of the laws of United States of America in the state of
4 California that the foregoing is true and correct. Executed on March 2, 2026 in Frisco, Texas.
