Case No. 24STCV02692

[Assigned for All Purposes to:

**DECLARATION OF PLAINTIFF AND
CLASS REPRESENTATIVE TAMMY
RAUTENBERG IN SUPPORT OF
PLAINTIFFS' MOTION FOR FINAL
APPROVAL OF CLASS ACTION
SETTLEMENT**

Date: December 4, 2025

Time: 10:30 a.m.

Dept: 12

I, TAMMY RAUTENBERG, declare as follows:

1. I am over the age of eighteen and am a Class Representative Plaintiff in the matter *Hampton v. Infusion4Health, Inc.* The foregoing is based upon my personal knowledge and, if called as a witness, I could and would competently testify thereto.

2. I submit this declaration in support of Plaintiffs' Motion for Final Approval of Class Action Settlement.

3. I was previously employed by Defendant Infusion4Health, Inc. ("Defendant") from March 2019 to August 2023 and worked in California as a registered nurse. During my time working for Defendant, I was subjected to the same wage and hour policies and practices that are at issue in this case, including the Defendant's practice of failing to pay employees all wages owed, failing to provide meal periods, failing to authorize and permit rest periods, failing to provide accurate wage statements, and related issues.

4. Since becoming involved in this case, I have been closely involved in assisting my attorneys with prosecuting this action and have done so diligently and aggressively since I was initially brought into this case a witness. Prior to getting involved in this case, I spoke with my attorneys for many hours to understand the nature of the case and shared with my attorneys the wage and hour violations that I experienced at Defendant. Before becoming involved in the case, I also spent several hours acquainting myself with my duties and obligations as a class action representative, and my role in prosecuting this case against Defendant.

5. After I became involved in this case, I assisted my attorneys in reviewing and understanding the documents exchanged in discovery. I reviewed many of Defendant's payroll records and policy documents with my attorneys and answered my attorneys' questions relating to those documents.

6. Prior to the mediation in this case, I spoke at length and in great detail with my attorneys and explained what I perceived as Defendant's California Labor Code violations which were perpetrated against me and the class members and submitted a declaration of such for use at the mediation and believe my declaration was crucial to reaching a settlement of this case on behalf of myself and the class members.

1 7. As the parties were negotiating settlement of this case, I stayed in communication
2 with my attorneys throughout this time period and worked with my attorneys in answering any
3 questions they had to help them to achieve the best results possible to resolve this matter through
4 settlement. I made sure to always make myself available to answer any questions they had and
5 respond to case issues that came up throughout the settlement negotiation process.

6 8. Since the parties reached agreement on a settlement, I have communicated with
7 my attorneys regarding the settlement terms, and spent many hours reviewing the lengthy
8 settlement agreement, and ensuring that the settlement agreement is fair to all class members.

9 9. As detailed above, I have actively participated in the litigation of this case and
10 have been continuously apprised of all aspects of this case through mediation and settlement.

11 10. I have been diligent, and I believe I acted above and beyond that which was
12 expected of me as a Class Representative throughout the crucial aspects of this litigation, up to
13 and including the settlement of this Class Action. I understand and agree to my fiduciary
14 obligations and responsibilities as a class representative, and I have agreed to act in the best
15 interests of the class in pursuing the claims alleged in this case. I have no claim that was
16 antagonistic to the class. I accepted the potential risk of being liable for the opposing parties'
17 costs if we were unsuccessful in this lawsuit.

18 11. I believe that the Class Action Settlement and PAGA representative settlement in
19 the gross amount of \$485,000 obtained on behalf of the class is excellent in view of the complex
20 and varied issues involved with the case. I took into consideration the strengths and weaknesses
21 of the various claims for all employees and along with my attorneys agreed to the settlement. I
22 was prepared to sit for trial, if necessary. I strongly support the settlement in this matter. When I
23 was contemplating settlement, I always kept the best interests of the class and the aggrieved
24 employees in mind over my own and I was not willing to settle the matter until I felt it was in the
25 best interests of all class members and aggrieved employees.

26 12. In addition to performing work on this matter, I assumed a substantial risk in
27 serving as a class representative if the Defendant prevailed in this case. My willingness to
28 assume the financial risk was and is significant. Although I was confident in the merits of this

lawsuit, and becoming a class representative was a serious commitment on my behalf and exposed myself to considerable risk. My attorneys have advised me that California law provides that the losing party must pay the prevailing party's costs. As such, if the Defendant had prevailed in this case, I would have been subjected to a cost award in the amount of tens of thousands of dollars. Notwithstanding these risks, I chose to serve in my capacity as Class Representative and pursue all claims against Defendant.

13. Significantly, during my tenure at Defendant, I made written complaints about the lack of rest breaks and having to work through our meal periods, as well as other patient safety issues that I experienced. I was forced to resign from Defendant because of what I believed to be unsafe working conditions, and believe I could have pursued a far more lucrative constructive termination claim against Defendant. Instead, I put my name on this lawsuit, even though anyone searching Google can find out that I have sued a former employer.

14. Given the above, I believe a \$10,000 enhancement fee and general release payment is appropriate, and fair and reasonable in this case.

15. I have been informed of and previously agreed to, in writing, of the attorneys' fee sharing arrangement between Bartz Law Group APC (BLG) and United Employees Law Group PC (UELG), whereby BLG is entitled to receive 61% of the attorneys' fees received in this case, and UELG is entitled to receive 39% of the attorneys' fees received.

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct.

Executed on November 3, 2025, in the City of Kailua Kona, State of Hawaii.
