individual and on behalf of others similarly
situated,

Plaintiffs,

vs.

AGUSTIN MADRIGAL JR., an individual; and
Does 1 through 100, inclusive,

CASE NO. 24CECG00675

**SUPPLEMENTAL DECLARATION OF
LENDEM F. WEBB IN SUPPORT OF
MOTION AND MOTION FOR
PRELIMINARY APPROVAL OF CLASS
AND PAGA SETTLEMENT**

*Assigned for All Purposes to Dept. 502
Hon. Kristi Culver Kapetan*

Date: November 18, 2025
Time: 3:30 P.M.
Dept: 502

I, LENDEN F. WEBB, hereby state and declare as follows:

1. I am the Managing Shareholder of Webb Law Group, APC, and counsel of record for Plaintiff Veronica Basurto Pimentel and others similarly situated (collectively

**SUPPLEMENTAL DECLARATION OF LENDEM F. WEBB IN SUPPORT OF
MOTION AND MOTION FOR PRELIMINARY APPROVAL OF CLASS AND PAGA
SETTLEMENT**

1 “Plaintiffs”) in this matter. I am fully familiar with the facts, pleadings and history of
2 this matter. The following facts are within my own personal knowledge, and if called as
3 a witness, I could testify competently to the matters stated herein.

- 4 2. This supplemental declaration is being submitted in support of the Motion for
5 Preliminary Approval of the Settlement in this matter.
- 6 3. All of the facts contained within this declaration are within my personal knowledge,
7 and, if called as a witness, I would and would competently testify thereto.

8 **CLASS COUNSEL LITIGATION EXPENSES PAYMENTS**

- 9 4. Webb Law Group, APC has a total of \$4,577.35 in hard costs for this matter. These hard
10 costs are itemized in a true and correct copy “**Exhibit 1**” which contains the hard costs
11 records for this matter.
- 12 5. The Declaration of Nevels Nichols, LLP is being filed concurrently along with this
13 supplemental declaration by Webb Law Group, APC, which details Co-Counsel’s hard
14 costs for this matter.
- 15 6. The actual total of costs incurred by my firm, as well as by my co-counsel, is excepted to
16 not exceed \$10,000.00. Plaintiffs anticipate meaning that the remainder will be returned
17 to be distributed among the Class Members.
- 18 7. The requested costs were reasonably incurred, necessary, and a direct result of the
19 Plaintiffs having to file lawsuits to in order to collect unpaid wages due and owing, and
20 years of extensive litigation, investigation, and discovery, mediations, and other actions
21 which required our firms to advance hard costs, with no guarantee of recovering them.
22 As such, the Court should award Plaintiffs’ Motion for Preliminary Approval of Class
23 and PAGA Settlement.

24 **ATTORNEYS FEES**

- 25 8. While this matter was taken on a contingency, my firm litigates matters on both a
26 contingent and hourly basis, thus we keep diligent billing records on all our matters.
27 Throughout this matter, each and every member of our staff has maintained detailed and
28

1 accurate billing records which I, along with my associates, and my Billing Coordinator,
2 Keren Alvarado independently review and audit. My firm takes great pride in its billing
3 practices and attention to detail in reviewing its billing. (Attached hereto as “**Exhibit 2**”
4 is a true and correct copy of our billing records for this matter, including all hard costs
5 incurred.)

6 9. Over the years that we have worked on this matter, my firm has invested over 128.7 hours
7 in this case, and I anticipate that with the remaining work needed to be completed in order
8 to finalize approval and monitor the settlement through disbursement, we will incur
9 additional hours of work. The 128.7 hours total \$39,770.25 in work across the various
10 staffers billing rates at my firm.

11 10. Having agreed to represent the Plaintiffs on a contingency basis, my firm has yet to
12 receive any compensation for the large amount of work performed on this case. As I am
13 aware with my own law firm, taking and litigating cases on a contingency basis
14 necessarily forecloses opportunities to take on additional cases where my firm could be
15 paid on an hourly basis. In order to make this economically viable, when appropriate we
16 must be compensated with a multiplier, otherwise it makes no financial sense for us to
17 take on contingent matters when we could instead have the guarantee of hourly pay.

18 11. This is especially true in the current market, where overhead has increased drastically
19 over the last few years while this case has been pending. We have been working on this
20 matter since 2023 and as the Court is no doubt aware, there has been a great deal of
21 inflation over the past few years.

22 12. There are many alternatives where the class representatives would not prevail. In
23 *Ketchum*, the court warned that fee awards should be “fully compensatory”. (*Ketchum*,
24 24 Cal.4th at 1133). Should every defendant, similar to AGUSTIN MADRIGAL JR., an
25 individual, attempt to try individual plaintiffs in lawsuits, law firms would be quickly put
26 out of business, without the incentive of a multiplier in the event of a settlement. To the
27 contrary, defense firms get paid, regardless of whether they win or lose.

1 13. As Class Counsel, we extensively addressed the perceived risks in this case in the filed
2 Notice of Motion and Motion for Preliminary Approval. In addition to the complexity of
3 this case, Class Counsel has borne the entire risk and costs of the litigation during the
4 entire time that it has been pending, all on a pure contingency basis, and at a 0.0% interest
5 rate, at a time when rampant inflation is rising faster than it has in decades. Through the
6 investment of substantial efforts and resources, Class Counsel has secured a solid
7 Settlement on behalf of the Settlement Class Members. The settlement value necessitates
8 compensation of Class Counsel at the agreed upon percentage as the amount allocated for
9 Class Counsel's fees is well below the lodestar in this case.

10
11
12 I declare under penalty of perjury under the laws of the State of California that the foregoing
13 is true and correct. Executed on November 7, 2025, in San Diego California.
