1 **MEMORANDUM OF POINTS AND AUTHORITIES**

2 **I. INTRODUCTION**

3 Plaintiff seeks preliminary approval of a \$332,500 wage-and-hour class action settlement
4 on behalf of current and former non-exempt employees of GD Trans, Inc., in the State of
5 California, at any time between April 12, 2020, to September 15, 2025 (the “Class Period”).

6 Under the terms of the Settlement Agreement,¹ Defendant will not oppose Plaintiff
7 Counsel’s application for a reasonable award of attorney’s fees not to exceed 1/3 of the Gross
8 Settlement Amount, litigation expenses not to exceed \$25,000, Settlement Administrator Costs
9 of \$7,000, PAGA penalties of \$20,000 (with 75% to the LWDA and 25% to the PAGA Members
10 on a pro rata basis), and a Service Payment of \$7,500 to the named Plaintiff (“Class
11 Representative”). (S.A. ¶ 3.2 and subparts).

12 After all Court-approved deductions from the Gross Settlement Amount,² it is estimated
13 that \$162,166.67 will be available to pay the Class Members as follows:

14

<i>Gross Settlement Amount</i>	<i>\$332,500.00</i>
Attorneys’ Fees (1/3)	\$110,833.33
Litigation Costs	\$25,000.00
Administrator Costs	\$7,000.00
PAGA Penalties	\$20,000.00
Class Representative Service Awards	\$7,500.00
<i>Net Settlement Amount</i>	<i>\$162,166.67</i>

15
16
17
18

19 The Class includes approximately 286 Class Members who worked an estimated 11,448
20 Work Weeks during the Class Period. The payment to each Class Member will be calculated pro
21 rata according to the Workweeks by each Class Member. In addition, PAGA Members will
22 receive a share of the \$5,000 PAGA Penalties (25% of the \$20,000 PAGA allocation), distributed
23 pro rata based on PAGA Pay Periods during the PAGA Period. The average payment to each
24 Class Member will be approximately **\$567**; the highest payment is estimated at approximately
25 \$3,000. Of course, those with more Compensable Workweeks stand to recover proportionally
26

27
28 ¹ The Class Action and PAGA Settlement Agreement (the “Settlement Agreement” or “S.A.”) is attached
as Exhibit A to the Declaration of Mehrdad Bokhour (“Bokhour Decl.”)

² The Gross Settlement Amount is subject to increase if the “Escalator Clause” is triggered. *See* S.A. ¶ 8.

1 more from the Settlement.

2 Because the settlement is fair and reasonable and was negotiated at arm's length by
3 experienced counsel and an experienced mediator following a sufficient exchange of information
4 and documents before mediation, it should be preliminarily approved. Plaintiff respectfully
5 requests that the Court enter an order preliminarily approving the settlement, conditionally
6 certifying the Class under Code of Civil Procedure § 382 for settlement purposes, approving the
7 proposed Class Notice, appointing Plaintiff's counsel as class counsel, appointing Phoenix Class
8 Action Administration Solutions ("Phoenix") as the Settlement Administrator, and scheduling a
9 hearing for final approval of the Settlement.

10 **II. BACKGROUND**

11 **A. THE SETTLEMENT CLASS**

12 The Class is defined as follows:

13 all individuals who are or were employed by GD Trans, Inc. as
14 non-exempt hourly employees in California from April 12, 2020,
to September 15, 2025. (S.A. ¶ 1.4).

15 **B. PROCEDURAL HISTORY**

16 On April 12, 2024, Plaintiff filed suit in Los Angeles Superior Court, asserting claims
17 based on Defendant's alleged: (1) failure to pay minimum wages; (2) failure to pay overtime
18 wages; (3) failure to provide meal periods; (4) failure to provide rest breaks; (5) failure to maintain
19 accurate employment records; (6) failure to pay wages timely during employment; (7) failure to
20 pay all wages due upon separation of employment; (8) failure to reimburse business expenses; (9)
21 failure to provide accurate itemized wage statements; (10) Plaintiff also asserted a claim for
22 violation of California's Unfair Competition Law ("UCL") and PAGA penalties. (Bokhour Decl.
23 ¶ 12).

24 Pursuant to Labor Code section 2699.3, subd.(a), Plaintiff gave timely written notice to
25 Defendant and the LWDA by sending the PAGA Notice. (Bokhour Decl. ¶ 13).

26 Defendant retained counsel and immediately began to defend the case. Defendant
27 vigorously denies each of the claims in the Operative Complaint and the PAGA Notices and
28 further denies that it is liable to Plaintiff or the Class, the State of California, or the PAGA

Members, and further denies that, for any purpose other than settling the Action, this Action is not appropriate for class or representative action treatment.

The Parties met and conferred and agreed that, given the size and scope of the class and PAGA claims in the case and the burden, expense, and risk associated with continuing to litigate this matter, the case was a candidate for mediation. Ultimately, the Parties scheduled mediation. (Bokhour Decl. ¶ 14).

In preparation for the mediation, the Parties informally exchanged documents and information that allowed both sides to calculate potential damages and evaluate potential risk, including policies and procedures pertaining to each claim alleged, and statistics relating to the number of current and former employees, number of shifts, pay periods worked, and other things. Defendant also provided its written policies and practices and a robust sampling of payroll and timekeeping records for Class Members covering numerous shifts worked. This information enabled both parties to take a deep dive into the claims. Additionally, during this process, Plaintiff and their counsel analyzed, researched, and investigated the potential issues, including matters related to the calculation of damages, trial, and appellate issues and risks. (Bokhour Decl. ¶ 15).

On September 6, 2025, Plaintiff and Defendant participated in mediation before Lynn Frank, Esq., one of California's most highly experienced and respected class action mediators. The mediator issued a mediator's proposal, which was accepted by Plaintiff and Defendant. (Bokhour Decl. ¶ 16). The Parties now seek the Court's preliminary approval of the Settlement.

C. SUMMARY OF THE CLAIMS AND DEFENSES

Plaintiff alleged numerous wage and hour violations on behalf of the Class Members. However, Defendant vigorously contested and denied Plaintiff's material allegations on the merits and as to the propriety of a class action or PAGA representative action.

Plaintiff advanced several strong claims against Defendant. For instance, Plaintiff argued that there were distinct unpaid wage violations for which Defendant was liable, including its failure to pay for all hours worked. Defendant opposed the unpaid wage claims on the merits and as to the propriety of class certification.

1 Plaintiff also alleged that they and the Class Members were often denied compliant meal
2 and rest breaks and were not paid compensation in lieu thereof at the “regular rate of pay.”
3 However, Defendant argued that they provided and made all mandated meal and rest breaks
4 available to the Class, and any employee who did not take a break did so entirely of their own
5 volition. Thus, Defendant argued that these claims were without merit because, for each violation,
6 a fact-finder would have to determine why a break was non-compliant, because if it was by the
7 employee’s choice, no liability attaches to Defendant.

8 Moreover, Defendant argued that the proposed class included drivers whose California
9 meal and rest period claims were preempted under the FMCSA motor carrier determination, and
10 that this preemption issue further undermined the propriety of class certification and the pursuit
11 of representative claims.

12 Despite the disputed nature of the claims, the Parties concluded that further litigation of
13 the Action would be protracted and expensive and that it is desirable that the Action be fully and
14 finally settled to limit further risk, expense, and protracted litigation.

15 **III. SUMMARY OF THE PROPOSED SETTLEMENT**

16 The following is a summary of the principal terms of the Settlement Agreement.

17 **A. SETTLEMENT CONSIDERATION AND ALLOCATION**

18 The \$332,500 Settlement Amount is non-reversionary and will be paid out to Class
19 Members without the need to submit a claim form or take any affirmative action. It includes (1)
20 Plaintiff’s attorneys’ fees and costs, as approved by the Court; (2) a service award of \$7,500 to
21 the named Plaintiff, subject to approval by the Court; (3) settlement administrator expenses, not
22 to exceed \$7,000; (4) a \$20,000 PAGA award, 75% of which is to be paid to the LWDA pursuant
23 to California Labor Code § 2699(i) and 25% to the PAGA Members; and (5) the aggregate of all
24 Individual Class Payments of the Participating Class Members. (S.A. ¶¶ 3.2 *et seq.*). Defendant
25 will separately pay their share of employer payroll tax obligations. (S.A. ¶ 3.1).

26 ///

27 ///

28 ///

1 **B. NOTICE PROCEDURES**

2 The proposed Class Notice³ will be provided to the Class Members, showing the estimated
3 amount, each Class Member will receive and the credited number of Workweeks.

4 Within 14 days after entry by the Court of its Order of Preliminary Approval, Defendant
5 shall provide the Settlement Administrator with a list of Class Members containing names,
6 addresses, Social Security Numbers, and total PAGA Pay Periods during the PAGA Period and
7 the Class Period. (S.A. ¶ 4.2).

8 Within 15 days of receipt of the “Class Data,” the Settlement Administrator shall calculate
9 the Workweeks for each Class Member, populate the Class Notice for each, and send each Class
10 Member the Class Notice via first-class, U.S. mail. (S.A. ¶ 7.4.2).

11 If any Class Notice mailed to a Class Member is returned as having been undelivered by
12 the U.S. Postal Service, the Settlement Administrator shall perform a skip trace search and seek
13 an address correction for such Class Member(s), and a second Class Notice will be sent to any
14 new or different address obtained.

15 **C. EXCLUSION AND OBJECTION PROCEDURES**

16 Class Members who do not timely Opt-Out of the Settlement will be deemed to participate
17 in the Settlement and shall become a Participating Class Member without having to submit a
18 claim form or take any other action. To opt out of the Settlement, the Class Member must submit
19 a written request to the Settlement Administrator no later than 45 days after being notified by mail
20 by the Settlement Administrator (“Response Deadline”). (S.A. ¶ 7.5.1). Any Opt-Out request
21 not postmarked by the Response Deadline will be invalid.

22 The Class Notice shall inform Class Members of their right to object to the Settlement.
23 Any Class Member who wishes to object to the Settlement may submit a written objection to the
24 Settlement Administrator by the Response Deadline. (S.A. ¶¶ 7.7).

25 **D. SETTLEMENT ALLOCATION FORMULA FOR SETTLEMENT SHARES**

26 The amount of each Class Member’s Individual Class Payment is tied to the number of
27
28

³ The proposed Class Notice is attached to the Bokhour Decl. as Exhibit B.

1 Workweeks by each Class Member during the Class Period. Individual Class Payments are
2 calculated by (a) dividing the Net Settlement Amount by the total number of Workweeks by all
3 Class Members during the Class Period and (b) multiplying the result by each Participating Class
4 Member's Workweeks.

5 Additionally, each "Aggrieved Employee" will receive an Individual PAGA Payment as
6 a share of the PAGA Penalties based on a pro-rata basis. Thus, the \$5,000 PAGA Penalties
7 allocated to the PAGA Members will be divided and paid on a pay period basis.

8 The Class Notice will inform Class Members of the estimated share and the number of
9 Workweeks and Pay Periods during the Class Period and PAGA Period. If Class Members believe
10 they worked more in the Class or PAGA Periods than Defendant's records show, they may dispute
11 the calculation by timely submitting evidence to the Settlement Administrator.

12 As noted, assuming that 286 Class Members collectively worked 11,448 Workweeks
13 during the Class Period, then each Class Member will receive approximately \$14.17 per
14 workweek. In addition, the PAGA Members will receive a share of the \$5,000 PAGA Penalties
15 (25% of the total \$20,000 PAGA allocation), calculated pro rata based on the PAGA Pay Periods
16 during the PAGA Period.

17 **E. TIMING OF SETTLEMENT DISBURSEMENTS**

18 The Settlement Administrator will provide Defendant with wire transfer information
19 within three (3) days after the Effective Date. Defendant shall fully fund the Gross Settlement
20 Amount by transmitting the funds to the Administrator no later than thirty (30) days after the entry
21 of judgment. (S.A. ¶ 4.3, 10). These funds will be used to pay (1) the class attorneys' fees and
22 expenses, as approved by the Court; (2) the class representative service awards, as approved by
23 the Court; (3) administrative expenses, as approved by the Court; (4) the PAGA Penalties to the
24 LWDA and PAGA Members; and (5) the aggregate of all Individual Class Payments of
25 participating Class Members.

26 Class Members will have 180 days to cash their settlement checks. If a Class Member
27 fails to cash a check by the deadline, the Settlement Administrator shall issue unclaimed funds to
28 the California State Controller's Office, Unclaimed Property Division, in the name of the Class

1 Member and/or Aggrieved Employee. (S.A. ¶ 4.4.3).

2 **F. TAX TREATMENT**

3 The Parties agree that twenty percent (20%) of the NSA attributable to the Class settlement
4 award will be allocated to the settlement of disputed claims for wages, and eighty percent (80%)
5 of the NSA attributable to the Class Settlement Award will be allocated to the settlement of
6 disputed non-wage claims – i.e., penalties and interest. Additionally, the PAGA Penalties payable
7 to the PAGA Members will be classified entirely as civil penalties and shall be reported as
8 required on an IRS Form 1099. (S.A. ¶ 3.24.1).

9 Defendant will separately pay its share of employer payroll taxes on the sum allocated to
10 wages. (S.A. ¶ 3.1).

11 **G. PARTICIPATING CLASS MEMBERS' RELEASE OF CLAIMS**

12 In exchange for these payments, the Settlement Agreement at ¶ 5.2 provides that the
13 Participating Class Members will release the Released Parties of:

14 In consideration for their awarded Individual Settlement Shares, as
15 of the date Defendant fully funds the entire Gross Settlement
16 Amount and funds all employer payroll taxes owed on the Wage
17 Portion of the Individual Class Payments, all Class Members (other
18 than those Class Members who timely and validly elected not to
19 participate in the Settlement) release claims arising out of or related
20 to the allegations set forth in the operative complaint and/or PAGA
21 notice to the California Labor and Workforce Development Agency
22 that arose during the Class Period and/or PAGA Period, including
23 claims for: (1) failure to pay proper overtime wages in violation of
24 Labor Code sections 510, 1197, and 1198, and the applicable IWC
25 Wage Order(s); (2) failure to provide compliant rest periods and pay
26 missed rest break premiums in violation of Labor Code section
27 226.7 and the applicable IWC Wage Order(s); (3) failure to provide
28 compliant meal periods and pay missed meal period premiums in
violation of Labor Code sections 226.7 and 512, and the applicable
IWC Wage Order(s); (4) failure to pay all wages due and owing
during employment and at separation in violation of Labor Code
sections 201–204; (5) failure to provide complete and accurate wage
statements in violation of Labor Code sections 226 and 226.3; (6)
failure to reimburse necessary business expenses in violation of
Labor Code sections 2802–2804; (7) deceptive, fraudulent, or
otherwise unlawful business practices based on the foregoing in
violation of California's Unfair Competition Law (Bus. & Prof.
Code, §§ 17200–17210); and (8) all claims for liquidated damages,

1 penalties, interest, fees, and costs based on the foregoing(the “Class
2 Members’ Released Claims”). (S.A. ¶ 5.2).

3 **H. PAGA MEMBERS’ RELEASE OF CLAIMS**

4 The Settlement Agreement also defines the “Release by PAGA Members” as follows:

5 In consideration for their awarded Settlement Shares, as of the date
6 Defendant fully funds the entire Gross Settlement Amount and
7 funds all employer payroll taxes owed on the Wage Portion of the
8 Individual Class Payments, all PAGA Members will release all
9 claims for civil penalties under PAGA against Defendant and the
10 Released Parties that were or reasonably could have been asserted
11 based on the facts alleged in the PAGA Notice. All PAGA Members
12 who worked for Defendant during the PAGA Period will release the
13 PAGA claims described herein and will receive a portion of the
14 amount set aside as PAGA penalties, regardless of whether they opt
15 out of the release of the Class Claims.

16 (S.A. ¶ 5.3).

17 Moreover, even if an Aggrieved Employee requests exclusion from the Class settlement,
18 that individual will still be subject to the PAGA Released Claims to the fullest extent permitted
19 by law and will receive a pro-rata share of PAGA Penalties.

20 **IV. PROVISIONAL CERTIFICATION OF THE SETTLEMENT CLASS IS**
21 **APPROPRIATE FOR PURPOSES OF SETTLEMENT**

22 California Rule of Court 3.769(d) provides that the Court may make an order approving
23 certification of a provisional settlement class at the preliminary approval stage. It is well-
24 established that trial courts should use a “lesser standard of scrutiny” for determining the propriety
25 of certifying a settlement class, as opposed to a litigation class. *Dunk v. Ford Motor Co.* (1996)
26 48 Cal.App.4th 1794, 1807 at n.19; *Officers for Justice v. Civil Service Com.* (9th Cir. 1982) 688
27 F.2d 615, 633 (“[C]ertification issues raised by class action litigation that is resolved short of a
28 decision on the merits must be viewed in a different light.”); *Amchem Prods., Inc. v. Windsor*
(1997) 521 U.S. 591, 620 (“Confronted with a request for settlement-only class certification, a
district court need not inquire whether the case, if tried, would present intractable management
problems . . . for the proposal is that there be no trial.”). As discussed below, for the purposes of
this settlement only, Plaintiff requests that this Court provisionally certify the Class, as defined
above, under Code of Civil Procedure § 382.

1 **A. ASCERTAINABILITY AND NUMEROSITY**

2 In determining whether a class is ascertainable, the court considers “(1) the class
3 definition, (2) the size of the class, and (3) the means available for identifying the class members.”
4 *Reyes v. San Diego County Board of Supervisors* (1987) 196 Cal.App.3d 1263, 1271; *Medrazo v.*
5 *Honda of N. Hollywood* (2008) 166 Cal.App.4th 89, 101 (proposed settlement class is
6 ascertainable if the class members can be objectively identified and given notice of the litigation
7 without unreasonable time or expense). Here, according to Defendant’s records, there are
8 approximately 286 Class Members that are easily identifiable and fall within the defined Class.
9 Thus, Plaintiff’s proposed Class meets the ascertainability and numerosity requirements.

10 **B. WELL-DEFINED COMMUNITY OF INTEREST**

11 1. Commonality

12 To justify certification, the class proponent must show that questions of law or fact
13 common to the class predominate over the questions affecting the individual members. *Arenas v.*
14 *El Torito Rests., Inc.* (2010) 183 Cal.App.4th 723, 732. Here, Plaintiff contends that the Class
15 was subjected to common policies and practices relating to payment of wages, calculation of the
16 “regular rate of pay,” and meal/rest breaks, and so on. While the Parties dispute whether a class
17 would be appropriate if the litigation were to continue, they agree to class certification for the
18 purposes of this settlement only.

19 2. Typicality

20 Typically, “focuses on whether there exists a relationship between the Plaintiff’s claims
21 and the claims alleged on behalf of the class.” *See* Herbert B. Newberg & Alba Conte, *Newberg*
22 *on Class Actions* (“Newberg”) § 3:13 (4th ed. 2002). Again, the Parties dispute whether Plaintiff
23 claims are typical of the Class for the purposes of any continued litigation of the Action but agree,
24 for the purposes of this settlement only, that Plaintiff assert claims regarding Defendant’s pay
25 practices, calculation of the “regular rate of pay,” meal and rest break practices, wage statements,
26 and the provisions governing the timely and complete payment of final wages, which are at the
27 core of the lawsuit.
28

1 3. Adequacy of Representation

2 The proposed class representative must establish that he or she will adequately represent
3 the proposed class. *See Barboza v. West Coast Digital GSM, Inc.* (2009) 179 Cal.App.4th 540,
4 546. Specifically, Plaintiff contends that he is adequate to represent the class because he was
5 employed by Defendant during the Class Period, allegedly experienced the same wage and hour
6 practices as the rest of the Class, understood his duties as Class Representative, has been willing
7 to undergo the risks of litigation, and has no conflict of interest.

8 Adequacy may be established by the fact that counsel are experienced practitioners. *See*
9 *Local Joint Exec. Bd. of Culinary/Bartender Trust Fund v. Las Vegas Sands, Inc.* (9th Cir. 2001)
10 244 F.3d 1152, 1162. Here, Plaintiff is represented by Class Counsel with extensive experience
11 in wage and hour class actions like the instant matter. (Bokhour Decl. ¶¶ 2-6; Melmed Decl. ¶¶
12 15-20).

13 4. Superiority

14 Certification of the Class for settlement purposes is superior here because there will be a
15 global resolution of all claims simultaneously, fostering judicial economy. Class certification for
16 settlement purposes is also vastly superior to litigation of numerous individual claims because
17 most claims are too small to litigate outside of the class context.

18 **V. THE COURT SHOULD PRELIMINARILY APPROVE THE SETTLEMENT,**
19 **WHICH IS FAIR, ADEQUATE, AND REASONABLE**

20 **A. CLASS ACTION SETTLEMENTS ARE SUBJECT TO JUDICIAL REVIEW AND**
21 **APPROVAL UNDER THE CALIFORNIA RULES OF COURT**

22 The law favors settlements. *Bush v. Superior Court* (1992) 10 Cal.App.4th 1374. This is
23 particularly true in class actions where substantial resources can be conserved by avoiding the
24 time, cost, and rigors of formal litigation. However, a class action may not be dismissed,
25 compromised, or settled without the Court's approval. Cal. R. Ct. 3.769(a). The California Rules
26 of Court set forth the procedures for court approval of a class action settlement: (1) the Court
27 preliminarily approves the settlement; (2) class members receive notice as directed by the Court;
28

1 and (3) the Court conducts a final approval hearing to inquire into the fairness of the proposed
2 settlement. *See* Cal. R. Ct. 3.769(c), (e-g).

3 The decision to approve or reject a proposed settlement lies within the Court’s sound
4 discretion. *See Wershba v. Apple Computer, Inc.* (2001) 91 Cal.App.4th 224, 234-35.
5 Nevertheless, in considering a potential settlement for approval, a court is not to turn the approval
6 hearing “into a trial or rehearsal for trial on the merits . . . [or] to reach any ultimate conclusions
7 on the contested issues of fact and law which underlie the merits of the dispute.” *Officers for*
8 *Justice*, 688 F.2d at 625.

9 The Court’s ultimate duty is to determine whether the settlement is fair, adequate, and
10 reasonable. *See Dunk*, 48 Cal.App.4th at 1801 (setting forth the “fair, adequate, and reasonable”
11 standard) (citing *Officers for Justice, supra*); *Cho v. Seagate Tech. Holdings, Inc.* (2009) 177
12 Cal.App.4th 734, 742-43 (a trial court must approve a class action settlement agreement, but only
13 after determining that it is ““fair, adequate and reasonable,”” considering factors such as the ““risk,
14 expense, [and] complexity”” of continued litigation) (citations omitted). The Court enjoys broad
15 discretion in making its fairness determination and should consider factors including, but not
16 limited to:

17 [T]he strength of Plaintiff’ case, the risk, expense, complexity and likely duration
18 of further litigation, the risk of maintaining class action status through trial, the
19 amount offered in settlement, the extent of discovery completed and the stage of
20 the proceedings, the experience and views of counsel . . . and the reaction of the
21 class members to the proposed settlement.

22 *Dunk, supra* (detailing the non-exhaustive list of factors for the court’s consideration at final
23 approval).

24 The above factors are not exclusive, and the court is free to engage in a balancing and
25 weighing of factors depending on the circumstances of each case.” *Wershba*, 91 Cal.App.4th at
26 245. However, in doing so, the Court must give “[due] regard to what is otherwise a private
27 consensual agreement between the parties.” *Id.* The inquiry must be limited “to the extent
28 necessary to reach a reasoned judgment that the agreement is not the product of fraud or
overreaching by, or collusion between, the negotiating parties.” *Id.* (citation and internal quotation
marks omitted).

1 At the preliminary approval stage, the Court needs only to determine that the settlement
2 falls within the “range of possible judicial approval,” so that notice to the class and the scheduling
3 of the fairness hearing are worthwhile. *See Newberg* § 11:25. Indeed, the Court should grant
4 preliminary approval if there are no “grounds to doubt its fairness or other obvious deficiencies .
5 . . and [the settlement] appears to fall within the range of possible approval.” *Manual For*
6 *Complex Litigation* (Third) § 30.41 (1995); *see Dunk*, 48 Cal.App.4th at 1802. A “presumption
7 of fairness exists where: (1) the settlement is reached through arm’s-length bargaining; (2)
8 investigation and discovery are sufficient to allow counsel and the court to act intelligently; (3)
9 counsel is experienced in similar litigation; and (4) the percentage of objectors is small.” *Dunk*,
10 *supra* (citing *Newberg* § 11:41). As shown below, the settlement falls well within the range of
11 approval because there are no grounds to doubt its fairness.

12 **B. THE SETTLEMENT IS THE RESULT OF SERIOUS, INFORMED, NON-COLLUSIVE**
13 **NEGOTIATIONS**

14 The settlement was the product of extensive arm’s-length negotiations between counsel
15 and was facilitated by an experienced wage-and-hour class action mediator. Though cordial and
16 professional, the settlement negotiations were adversarial and non-collusive in nature. The
17 settlement reached is the product of substantial effort by the parties and their counsel. Although
18 Plaintiff and their counsel believed that there was a possibility of certifying the claims, they
19 recognized the potential risk, expense, and complexity posed by litigation, such as unfavorable
20 decisions on class certification, summary judgment, at trial and/or on the damages awarded,
21 and/or on an appeal that can take several more years to litigate. In addition, if Defendant prevailed
22 on any of the defenses, the employees may not have received any monetary recovery.

23 **C. THE EXTENT OF THE INVESTIGATION WAS MORE THAN SUFFICIENT TO PERMIT**
24 **PRELIMINARY APPROVAL OF THE SETTLEMENT**

25 Plaintiff thoroughly investigated and evaluated this case’s factual and legal strengths and
26 weaknesses before reaching the settlement. As described above, the settlement was reached after
27 extensive investigation and research, thorough calculations and risk evaluation, and a substantial
28 exchange of information relating to the Class Members before mediation.

1 **D. THE SETTLEMENT IS A REASONABLE COMPROMISE OF CLAIMS**

2 To evaluate a settlement, the parties must provide the trial court with “basic information
3 about the nature and magnitude of the claims in question and the basis for concluding that the
4 consideration being paid for the release of those claims represents a reasonable compromise.”
5 *Kullar v. Foot Locker Retail, Inc.* (2008) 168 Cal.App.4th 116, 133.

6 However, a settlement is not judged against what might have been recovered had a
7 Plaintiff prevailed at trial, nor does the settlement have to provide 100% of the damages sought
8 to be fair and reasonable. *Wershba*, 91 Cal.App.4th at 250 (“Compromise is inherent and
9 necessary in [settlement] ... even if the relief afforded by the proposed settlement is substantially
10 narrower than it would be if the suits were to be successfully litigated, this is no bar to a class
11 settlement because the public interest may indeed be served by a voluntary settlement in which
12 each side gives ground in the interest of avoiding litigation.”).

13 Of particular relevance to the reasonableness of the proposed Settlement is the fact that
14 significant legal and factual grounds for defending this action exist. First, in addition to disputing
15 the merits of Plaintiff’s claims, Defendant strongly disputed that Plaintiff could obtain class
16 certification, arguing a lack of commonality of the legal claims and injuries. Defendant further
17 argued that it complied with the applicable laws and that any purported deviations therefrom were
18 individualized in nature, thereby limiting Plaintiff’s ability to certify the class. While Plaintiff
19 asserts that this is a suitable case for certification, they realize that there is always a significant
20 risk associated with class certification proceedings, which could significantly limit the claims that
21 they could pursue on a class basis.

22 Considering the uncertainties of protracted litigation, this negotiated settlement reflects
23 the best practicable recovery for the Class. While the total settlement amount is, of course, a
24 compromise figure, the potential risks and opportunities of both parties were effectively weighed
25 and considered by the parties, resulting in a fair and equitable settlement.

26 Based upon detailed data obtained through informal discovery and information exchanges,
27 Plaintiff’s counsel estimated the following big-picture data points through the date of mediation:
28

1 (1) 286 Class Members who worked approximately 11,448 workweeks and 60,000 shifts during
2 the Class Period. (Bokhour Decl. ¶ 22).

3 From these numbers, and by applying violation rates derived from analysis of extensive
4 documents and data from the Defendant, Plaintiff calculated the potential maximum and risk-
5 adjusted value of the claims as follows. (Bokhour Decl. ¶ 23).

6 Plaintiff contended that Defendants maintained uniform timekeeping policies and
7 practices that failed to capture, and thus failed to pay for, all hours worked by Plaintiff and other
8 truck driver employees, resulting in systemic underpayment each shift. Defendants responded that
9 these claims were preempted under the FMCSA motor carrier determination and, in any event,
10 their sampling of pay records showed that any underpayment of minimum and overtime wages
11 was minimal. (Bokhour Decl. ¶ 24).

12 Due to this and in light of Defendant's other defenses, Plaintiff completely discounted this
13 claim, keeping in mind that the true significant value of these unpaid wages claims lies in the
14 derivative claims for waiting time penalties under Labor Code § 203 and wage statement
15 violations under Labor Code § 226 as discussed below. (Bokhour Decl. ¶ 25.)

16 Plaintiff also alleged meal and rest break claims against Defendant. After expert review
17 of the timekeeping records, Plaintiff's counsel estimated a 40% violation rate for meal periods
18 and 25% for rest breaks. Given the total number of shifts at issue (approximately 60,000), this
19 established maximum values of \$657,600 for meal periods (60,000 total shifts x 40% violation
20 rate x \$27.40 per LC § 226.7) and \$411,000 for rest breaks (60,000 shifts x 25% violation rate x
21 \$27.40 per LC § 226.7). (Bokhour Decl. ¶ 26).

22 However, Defendant raised numerous arguments in response to this claim, including that
23 they maintained fully compliant written meal and rest break policies and specifically authorized
24 the Class Members to take meal and rest breaks, meaning that no one had a reason or cause to
25 miss a break or take a short/late break. Therefore, Defendant asserted that a fact-finder would
26 have to determine for each Class Member whether a break was missed and why, and why a break
27 was noncompliant or nonexistent, because if it was by the employee's choice, no liability attaches
28 to Defendant. These defenses are factored into Plaintiff's analysis in two ways. First, these issues
raise questions regarding whether the meal and rest break claims could be certified, and Plaintiff

1 placed a 40% risk at the class certification stage for meal periods and a 40% risk for rest breaks.
2 Second, these defenses also go toward the merits given the evidentiary question of proving the
3 number of meal and rest break violations. As such, Plaintiff placed a 40% risk on the merits for
4 meal breaks, and an additional 40% risk on the merits for rest breaks, so this sets the risk-adjusted
5 value for the meal claims as \$236,520 ($\$657,600 \times 40\% \text{ class cert risk} \times 40\% \text{ merits risk}$) and for
6 the rest break claims as \$147,960 ($\$411,000 \times 40\% \text{ class cert risk} \times 40\% \text{ merits risk}$). (Bokhour
7 Decl. ¶ 27).

8 Finally, Plaintiff alleged claims for waiting time penalties and wage statement violations
9 deriving from the underlying wage violations and meal and rest period violations. But these
10 claims were entirely derivative of the claims above, meaning that they only had merit if the claims
11 for unpaid wages or meal/rest breaks were successful. The maximum values for these claims are
12 as follows: (1) \$946,944 [144 former employees x \$27.4 per hour x 8 hours per day x 30 days],
13 and (2) \$223,517 for wage statement violations [4,470 wage statements at the \$50 formula under
14 § 226(e)]. (Bokhour Decl. ¶ 28).

15 However, Defendant raised a variety of defenses to these derivative claims that impacted
16 the valuation. Namely, Defendant argued that the wage statements did not violate Labor Code §
17 226 and, even if there were a “technical” violation, Plaintiff would be unable to prove the required
18 “knowing and intentional” and “injury” elements. Based on these facts and defenses, Plaintiff
19 applied the 40% risk at class certification, and estimated another 40% risk on the merits, leading
20 to a risk-adjusted value of \$80,466 for the wage statement claims. (Bokhour Decl. ¶ 29).

21 Next, as to the waiting time penalty claim, Plaintiff’s valuation had to account for the fact
22 that this claim was derivative of the unpaid wage and meal/rest break claims and, if those claims
23 failed at certification or on the merits, there would be no waiting time penalties owed, so the same
24 risks for those claims applied to this claim. Furthermore, even if the unpaid wage and/or meal/rest
25 break claims succeeded at certification and on the merits, Plaintiff would have to prove that the
26 violations (to the extent they existed) were “willful” under the meaning of Labor Code § 203.
27 And, here, Defendant argued there was no “willful” violation since it had written policies in
28 compliance and any deviations therefrom were inadvertent and unintentional. As a result of this

analysis, Plaintiff's counsel applied the 50% risk at class certification and a 50% risk on the merits, leading to a risk-adjusted value of \$236,736. (Bokhour Decl. ¶ 30).

In sum, when factoring in the defenses and risks of ongoing litigation, Plaintiff estimates the risk-adjusted class recovery as follows:

•	Unpaid Wage Claims	\$	discounted
•	Meal and Rest Break Claims	\$	384,480
•	Wage Statement Claims	\$	80,466
•	Waiting Time Penalty Claims	\$	236,736
•	Total Risk Adjusted Penalties and Damages	\$	701,682

The reasonableness of the settlement is apparent from the fact that the proposed settlement is 47% of the risk-adjusted class damages and penalties. And while the PAGA penalties had a maximum value in the low six figures, this fails to acknowledge that courts have wide latitude to reduce the civil penalties "based on the facts and circumstances of a particular case" and if "to do otherwise would result in an award that is unjust, arbitrary and oppressive, or confiscatory." Labor Code § 2699(e)(2). Moreover, Defendant argued against the merits of the underlying claims, particularly that the "willfulness" standard and/or "good faith" defenses mitigated the civil penalty claims and rendered any such penalties uncertain. Defendant also argued that it is improper to stack civil penalty claims on top of the underlying statutory claim. In addition, Defendant contended that most putative class members had executed arbitration agreements containing class action waivers, which posed a substantial risk to class certification and further diminished the likelihood of recovery on a class wide basis.

For these reasons, the Parties submit that the agreed-upon settlement is fair and reasonable.

E. PLAINTIFF'S COUNSEL IS EXPERIENCED IN WAGE-AND-OUR LITIGATION

The view of the attorneys actively conducting the litigation is entitled to significant weight in deciding whether to approve the settlement. *Ellis v. Naval Air Rework Facility* (N.D. Cal. 1980) 87 F.R.D. 15, 18; *Kullar*, 168 Cal.App.4th at 128 (court must take into account "the experience and view of counsel").

1 Plaintiff's counsel is also highly experienced in Class/PAGA litigation, having repeatedly
2 been named "Super Lawyer" in employment litigation (a distinction awarded to only 5% of
3 litigators), having achieved large settlements, among other things. (Bokhour Decl. ¶¶ 2-6;
4 Melmed Decl. ¶¶ 3-9.). Plaintiff's counsel, operating at arm's length, weighed the strengths and
5 risks of this case and is of the view that this is a fair and reasonable settlement considering the
6 nature of the claims, realistic risk-adjusted value, the complexities of the case, state of the law,
7 and uncertainties of class certification and litigation.

8 **F. THE CLASS NOTICE CONFORMS TO ALL APPLICABLE STATUTES AND RULES**

9 The proposed Class Notice should be approved, as it fully informs the Class Members of
10 the nature of the lawsuit and each Class Member's rights under the terms of the Settlement
11 Agreement and applicable law. The manner in which the Class Notice shall be disseminated, as
12 outlined above, shall ensure that all or nearly all of the Class Members shall be properly notified
13 of the proposed settlement.

14 The proposed Class Notice and proposed plan for the Settlement Administrator to mail
15 the Class Notice to the last known address of all class members complies with all the requirements
16 of California Rule of Court 3.769(f) and 3.766(b). The contents of the proposed Class Notice
17 includes (1) the material terms of the settlement; (2) the proposed attorneys' fees, litigation
18 expenses, and the costs of administration; (3) details about the final fairness hearing and how
19 class members may elect to exclude themselves or make an objection; and (4) how class members
20 can obtain additional information. *See* Class Notice (Exhibit B to Bokhour Decl.). In addition, it
21 will inform Class Members of their estimated settlement share.

22 The Court has wide discretion in approving the means of providing notice, so long as the
23 class representative "provides meaningful notice in a form that should have a reasonable chance
24 of reaching a substantial percentage of class members." *Archibald v. Cinerama Hotels*, (1976) 15
25 Cal.3d 853, 861. Here, the parties' notice plan is that notice of the Settlement will be disseminated
26 directly to the class members by first class mail by the settlement administrator since Defendant
27 has the last known addresses of all class members, and the Settlement Administrator will perform
28 a skip trace and update those addresses for any class notices that are returned and re-send the

1 notice.

2 The Class Notice satisfies the requirements of Rule of Court 3.766 and affords Settlement
3 Class Members with all due process protections required by the United States Constitution.
4 Moreover, the contents of the Class Notice are in compliance with Cal. R. Ct. 3.766(d), because
5 the Notice includes, without limitation, (1) a detailed explanation of the case, including the basic
6 contentions or denials of the parties; (2) a statement that the court will exclude the member from
7 the class if the member so requests by a specified date; (3) a procedure for the member to follow
8 in requesting exclusion from the class; (4) a statement that the judgment, whether favorable or
9 not, will bind all members who do not request exclusion; and (5) a statement that any member
10 who does not request exclusion may, if the member so desires, enter an appearance through
11 counsel. The 45-day deadline for Class Members to exclude themselves is reasonable, as it
12 provides Class Members with sufficient time to do so and, if they so choose, to seek independent
13 legal advice in the interim. If a Class Member does not opt out, then he or she will automatically
14 be sent a settlement check.

15 **G. THE NON-REVERSIONARY “CHECKS CASHED” DISTRIBUTION ENSURES**
16 **MAXIMAL RECOVERY FOR CLASS MEMBERS**

17 The fact that each member who does not opt out of the Settlement shall be mailed a check
18 ensures that every Class Member will be paid unless he or she affirmatively acts to exclude
19 himself or herself. Moreover, the Settlement Amount is non-reversionary, which means that no
20 settlement funds will revert to Defendant; instead, if any checks are uncashed by the deadline, the
21 funds will be transferred to the State Controller’s Office subject to the approval of the Court. Such
22 terms are favored by Courts and demonstrate that there was no collusion between counsel for the
23 parties and that the Settlement is fair and favorable to the Class Members.

24 **H. THE ATTORNEY’S FEES AND COSTS ALLOCATION IS FAIR**

25 Under the terms of the Settlement Agreement, Class Counsel is requesting \$110,833.33
26 in attorneys’ fees, which is equal to one-third of the Settlement Amount. *See, e.g., Laffitte v.*
27 *Robert Half Int’l Inc.* (2016) 1 Cal.5th. 480 (approving 1/3 fee in the amount of \$6.33 million at
28 a 2.13 lodestar multiplier, when class action litigation establishes a monetary fund for the benefit

1 of the class members, the trial court may determine the amount of a reasonable fee by choosing
2 an appropriate percentage of the fund created); *see also* *Stuart v. RadioShack Corp.* (N.D. Cal.
3 Aug. 9, 2010) 2010 WL 3155645 (approving fee award of 1/3 of the total maximum settlement
4 amount of \$4.5 million) (the court noted that the fee award of 1/3 of the total settlement was “well
5 within the range of percentages which courts have upheld as reasonable in other class action
6 lawsuits”); *Singer v. Becton Dickinson and Co.* (S.D. Cal. June 1, 2010) 2010 WL 2196104, at
7 *8 (approving fee award of 33.33% of the common fund); *Romero v. Producers Dairy Foods,*
8 *Inc.* (E.D. Cal. Nov. 14, 2007), 2007 WL 3492841, at *4 (awarding fees of 1/3 of common fund
9 in a wage and hour class action, noting: “[f]ee awards in class actions average around one-third
10 of the recovery.”); *Martin v. FedEx Ground Package System, Inc.* (N.D. Cal. Dec. 31, 2008) 2008
11 WL 5478576, at *8 (approving fees of 1/3 of common fund).

12 Additionally, Class Counsel is seeking up to \$25,000 in litigation costs, pursuant to the
13 Settlement Agreement.

14 Once the Court grants preliminary approval of the Settlement Agreement and the Class
15 Notice is disseminated, Plaintiff’s counsel will submit a comprehensive request for attorneys’ fees
16 and costs with its final approval motion.

17 **I. THE REQUESTED SERVICE AWARDS IS FAIR AND APPROPRIATE**

18 The Settlement Agreement provides an incentive award payment of \$7,500 to the Class
19 Representative, which is reasonable given the large recovery Class Members will receive on
20 average and the time and effort he devoted to this case. Plaintiff’s efforts included providing
21 factual background for the Class and PAGA complaint; providing documents and information
22 about Defendant’s compensation plan; participating in phone calls to discuss litigation and
23 settlement strategy; making themselves available throughout the litigation to assist with analyzing
24 the claims and defenses; helping Class Counsel prepare for the mediation; and reviewing the
25 settlement documents. The Class Representative also assumed significant risk in bringing this
26 litigation—had he lost, he could have been ordered to pay Defendant’s costs.

27 The requested service awards fall within the range of incentive payments typically
28 awarded to Class Representatives in similar class actions. *See, e.g., Bond v. Ferguson Enterprises,*

1 *Inc.* (E.D. Cal. 2011) 2011 WL 2648879 (approving \$11,250 service award to each of the two
2 Class Representative in a trucker meal break class action; *Ross v. US Bank National Association*
3 (N.D. Cal. 2010) 2010 WL 3833922, at *2 (approving \$20,000 enhancement award to Class
4 Representative in California wage-and-hour class action settlement); *Vasquez v. Coast Valley*
5 *Roofing, Inc.* (E.D. Cal. 2010) 266 F.R.D. 4150, 493 (approving service awards in the amount of
6 \$15,000 each from a \$300,000 settlement fund in a wage/hour class action); *West v. Circle K*
7 *Stores, Inc.* (E.D. Cal. 2006) 2006 U.S. Dist. LEXIS 76558, at *28 (“the court finds Plaintiff
8 enhancement payments of \$15,000 each to be reasonable.”); *Glass v. UBS Fin. Servs.* (N.D. Cal.
9 2007) 2007 U.S. Dist. LEXIS 8476, at *52 (finding “requested payment of \$25,000 to each of the
10 named Plaintiff is appropriate” in wage and hour settlement); *Louie v. Kaiser Found. Health Plan,*
11 *Inc.* (S.D. Cal. 2008) 2008 U.S. Dist. LEXIS 78314, at *18 (approving “\$25,000 incentive award
12 for each Class Representative” in wage and hour settlement).

13 **VI. THE COURT SHOULD APPOINT PHOENIX AS THE SETTLEMENT**
14 **ADMINISTRATOR**

15 Subject to the Court’s approval, the parties stipulated that Phoenix would serve as the
16 Settlement Administrator. Phoenix is experienced in administering class action settlements and
17 has provided a flat fee proposal to administer this settlement for \$7,000. (Bokhour Decl. ¶ 42).

18 **VII. TIMELINE AND SCHEDULING A FINAL APPROVAL HEARING**

19 The last step in the approval process is the formal hearing, whereby proponents of the
20 settlement may explain and describe its terms and conditions and offer arguments in support of
21 approval, and Class Members or their counsel may be heard in support of or in opposition to the
22 settlement. Subject to the Court’s approval, the Parties propose that the Court schedule a hearing
23 for final approval approximately 130 days after the Preliminary Approval Date, as follows:

TBD	Preliminary Approval (PA) hearing
<i>14 days after PA</i>	Deadline for Defendant to Provide the Class Data to Settlement Administrator
<i>15 days after Settlement Administrator Class Data</i>	Deadline for Settlement Administrator to complete first mailing of the Notice Packet to all Class Members.

45 days after mailing Class Notice	Deadline for Class Members to submit Requests for Exclusion, Objections, and Disputes to the settlement.
16 court days before Final Approval hearing	Deadline for Plaintiff to file and serve Motion for Final Approval of Settlement and application for an award of attorney's fees, costs, and service payments.
9 court days before Final Approval hearing	Deadline for filing any written opposition to Plaintiff's Motion for Final Approval of Settlement or any response to an objection to the settlement.
5 court days before final approval hearing	Deadline for filing any written reply to opposition Motion for Final Approval of Settlement.
TBD	Final Approval Hearing.

VIII. CONCLUSION

For all of the foregoing reasons, Plaintiff respectfully requests that the Court grant the Motion for Preliminary Approval of the Class Action Settlement.
