MEMORANDUM OF POINTS AND AUTHORITIES

I. INTRODUCTION

Plaintiff Christian Campuzano (“Plaintiff”) seeks preliminary approval of a proposed \$800,000.00 non-reversionary, wage and hour class and representative California Private Attorneys General Act, Labor Code sections 2698, *et seq.* (“PAGA”) action settlement with Defendant Sepulveda Building Materials, Inc. (“Defendant” and together with Plaintiff, the “Parties”). The Joint Stipulation of Class and Representative Action Settlement Agreement (the “Settlement”) will provide substantial monetary payments to approximately 203 class members. As set forth more fully below, the proposed Settlement satisfies all the criteria for settlement approval under California law. Accordingly, Plaintiff requests that the Court preliminarily approve the proposed Settlement, certify the proposed settlement class, approve the proposed notice, and set a final approval hearing.

II. SUMMARY OF THE LITIGATION AND SETTLEMENT

A. Plaintiff’s Claims and Procedural History

Defendant is a building, masonry and landscaping materials retailer with four California locations, including in Gardena, Laguna Niguel, Thousand Palms, and Indio. (Declaration of Kane Moon in Support of Preliminary Approval [“Moon Decl.”], ¶ 4.). Plaintiff worked for Defendant as a Material Loader from approximately July 2021 to October 2023. and was classified as non-exempt. (*Id.*)

Pursuant to PAGA, on August 24, 2024, Plaintiff gave written notice to the California Labor and Workforce Development Agency (the “LWDA”) of the alleged Labor Code violations, with certified mail service on Defendant, and paid the required filing fee. (*Id.* at ¶ 6, Ex. 2.) On August 28, 2024, Plaintiff filed a Class Action complaint, which, as amended, alleges that Defendant systematically: (1) failed to pay minimum wages; (2) failed to pay overtime compensation; (3) failed to provide meal periods; (4) failed to authorize and permit rest breaks; (5) failed to indemnify necessary business expenses; (6) failed to timely pay final wages at termination; (7) failed to provide accurate itemized wage statements; (8) engaged in unfair business practices; (9) violated civil penalty provisions recoverable as PAGA penalties pursuant

1 to Labor Code section 2698 *et seq.*; and (10) failed to issue compliant credit reporting disclosures
2 under the Fair Credit Reporting Act (“FCRA”) (*Id.* at ¶¶ 6-7.) These claims stem from Defendant’s
3 alleged failure to incorporate nondiscretionary bonuses into the regular rate of pay and alleged
4 failure to pay employees for off-the-clock work, failure to reimbursement necessary business
5 expenses, failure to provide accurate disclosures under the FCRA, as well as alleged systematic
6 failures to provide meal periods and rest breaks. (*Id.* at ¶ 5.)

7 A file-stamped copy of complaint containing the Court-assigned case number was submitted
8 to the LWDA. (*Id.* at ¶ 7.) To date, the LWDA has not given its intention to investigate and intervene
9 on the matter. (*Id.*)

10 Defendant ardently opposes the merits of this case, denying Plaintiff’s factual allegations
11 and contending the putative Class was paid all proper wages and provided with all meal rest
12 period opportunities to which they were entitled. (*Id.* at ¶ 8.) Defendant maintains it reimbursed
13 Class Members for all necessary business expenses incurred, and that cellphone use was not
14 required for work purposes. (*Id.*) Defendant also argues that it did not violate the FCRA and
15 that it provided disclosures in compliance with the FCRA. (*Id.*) Furthermore, Defendant asserts
16 that Plaintiff suffered no actual harm as a result of any alleged inaccurate wage statements, and
17 that there was no knowing or intentional violation. (*Id.*) Defendant also alleges that its good-
18 faith belief it paid all wages precludes waiting time penalties. (Moon Decl., ¶ 9.) For these
19 reasons, Defendant denies unfair business practices and denies liability under PAGA. (Moon
20 Decl., ¶ 9.) Finally, Defendant disputes the certifiability of the class due to the individualized
21 nature of the wage claims. (*Id.*)

22 **B. Discovery and Investigation**

23 Prior to mediation, Plaintiff obtained from Defendant, through informal but extensive
24 discovery, information sufficient to meaningfully evaluate the claims at issue, including Plaintiff’s
25 complete personnel file, a sample of time and corresponding payroll records for Class Members,
26 and information regarding the estimated number of Class Members, Workweeks, Aggrieved
27 Employees, PAGA Pay Periods, and average hourly pay. (*Id.* at ¶ 10.)

1 Plaintiff's Counsel retained a statistics expert¹ to analyze the sample records and prepare a
2 damage analysis prior to mediation. (*Id.* at ¶ 11.) The sample time and pay records analyzed
3 contained 22,587 shifts (approximately 23.13% of total shifts worked in the Class Period), allowing
4 the expert to prepare a damage analysis with a high degree of certainty. (*Id.*) In conjunction with
5 their extensive factual investigation, Plaintiff's Counsel investigated the applicable law regarding
6 the claims and defenses, enabling them to evaluate the probability of class certification, success on
7 the merits, and Defendant's maximum and realistic monetary exposure. (*Id.*)

8 The Parties aver that they are not aware of the nature of any claims asserted in any case, or
9 the definition of a class of parties on whose behalf any action was brought that would overlap with
10 the putative Class, as defined in this matter, or would otherwise be extinguished or adversely affected
11 by approval of this Settlement. (*Id.* at ¶ 12.)

12 **C. Settlement Negotiations and Notice of Settlement to the LWDA**

13 On October 23, 2025, the Parties participated in a full-day mediation with Lynn Frank
14 Esq., an experienced neutral class and PAGA action mediator. (Moon Decl., ¶ 13.) The
15 negotiations were at arm's length and adversarial, and both sides were prepared to litigate
16 through trial and appeal had settlement not been reached. (*Id.*) A settlement was reached after
17 extensive discussions, as reflected within the Settlement. (*Id.*, Ex. 1)

18 In compliance with Labor Code section 2699, Plaintiff's Counsel submitted to the
19 LWDA a notice of settlement and a copy of the proposed Settlement Agreement. (*Id.* at ¶ 14,
20 Ex. 4). To date, Plaintiff's administrative exhaustion period under PAGA expired without the
21 LWDA indicating its intent to investigate the alleged violations. (*Id.* at ¶ 14.).

22 **The \$800,000.00 Settlement represents approximately 85.6% of Defendant's**
23 **maximum potential overall liability of \$934,981.46.** (*Id.* at ¶ 40.)

24 **D. Key Terms of the Proposed Settlement**

25 1. Non-Reversionary Gross Settlement Amount ("GSA"): Defendant will pay a non-
26 reversionary \$800,000.00 to resolve this litigation, exclusive of Defendant's employer-side payroll
27

28 ¹ A true and correct of the expert's curriculum vitae is attached to the Moon Decl. as
Exhibit 3.

1 taxes, which Defendant will separately pay. (Settlement, ¶ 3.0.) The Administrator will disburse the
2 GSA without requiring Participating Class Members or Aggrieved Employees to submit any claim as
3 a condition of payment. (*Id.*)

4 2. Class, Class Period, Workweeks: There are approximately 203 members, defined as: all
5 non-exempt employees of Defendant in the State of California during the Class Period. (*Id.* at ¶
6 21; Settlement, ¶ 1.4.) The Class Period is from August 28, 2020, through October 23, 2025.
7 (Settlement, ¶ 1.12.) There are 21,000 Workweeks in the Class Period, defined as any week in which
8 a Class Member worked for Defendant for at least one day during the Class Period. (*Id.* at ¶¶ 1.43, 7.)

9 3. Aggrieved Employees, PAGA Period, PAGA Pay Periods: There are approximately 131
10 Aggrieved Employees, defined as: all non-exempt employees of Defendant in the State of
11 California during the PAGA Period. (*Id.* at ¶¶ 1.3; Moon Decl., ¶ 22.) The PAGA Period is from
12 August 24, 2023, through October 23, 2025. (Settlement, ¶ 1.31.) There are approximately 4,550
13 PAGA Pay Periods, defined as any pay period during which an Aggrieved Employee worked for
14 Defendant for at least one day during the PAGA Period. (*Id.* at ¶ 1.30; Moon Decl., ¶ 32.)

15 4. Released Class Claims: The Released Class Claims are limited to claims that were
16 alleged, or that reasonably could have been alleged in the Second Amended Class and Representative
17 Action, under federal state and/or local law. (*Id.* at ¶ 5.1.) The release excludes any claims not
18 permitted by law and are limited to claims arising during the Class Period. (*Id.* at ¶ 5.1.1.)

19 5. Released PAGA Claims: The Released PAGA Claims are limited to claims for civil
20 penalties under PAGA that were alleged or that reasonably could have been alleged based on the facts
21 alleged in the Second Amended Class and Representative Action Complaint or PAGA Notice. (*Id.* at
22 ¶¶ 5.2.) The release excludes any claims outside of the PAGA Period and do not release any
23 Aggrieved Employees' claims for wages or statutory penalties. (*Id.* at ¶ 5.2.1.)

24 6. PAGA Penalties: \$50,000.00 is to be paid from the GSA in settlement of the Released
25 PAGA Claims, 35% of which is allocated to the Aggrieved Employees (\$17,500.00) and 65% to
26 the LWDA (\$32,500.00). (*Id.* at ¶¶ 1.34, 3.1.4)

27 7. Net Settlement Amount: means the GSA less the following court-approved payments:
28 Individual PAGA Payments, LWDA PAGA Payment, Class Counsel Fees Payment, Class Counsel

Expenses Payment, Class Representative Service Award, and Administration Expenses Payment. (Settlement, ¶ 1.27.) The remainder is to be paid to Participating Class Members. (*Id.*)

8. Individual Class Payment: means the Participating Class Member’s pro rata share of the Net Settlement Amount, calculated according to the dates of employment and the number of Workweeks he or she worked during the Class Period. (*Id.* at ¶ 1.23.)

9. Individual PAGA Payment: means Aggrieved Employee’s pro rata share of 35% of the PAGA Penalties allocated pursuant to California Labor Code (“Labor Code”) section 2699(m) and calculated according to the number of PAGA Pay Periods he or she worked during the PAGA Period. (*Id.* at ¶ 1.24.)

10. Uncashed Settlement Checks: Any funds remaining uncashed after 180 days from issuance will be transmitted to the California Controller’s Unclaimed Property Fund, thereby leaving no “unpaid residue” subject to the requirements of California Code of Civil Procedure (“CCP”) section 384(b). (*Id.* at ¶¶ 4.1.1, 4.1.3.)

11. Tax Allocation of Settlement Payments: 50% of each Participating Class Member’s Individual Class Payment will be allocated as wages and 50% as interest and penalties (. (*Id.* at ¶ 3.1.3.2.) 100% of each Individual PAGA Payment will be allocated as penalties. (*Id.* at ¶ 3.1.4.2.)

12. Class Counsel Fees Payment and Class Counsel Expenses Payment: means the court-approved amount allocated to Class Counsel for reimbursement of their reasonable fees incurred to prosecute the Action, not to exceed one-third of the Gross Settlement Amount. (*Id.* at ¶ 1.6.) The Settlement provides, subject to Court approval, a Class Counsel Fees Payment of not more than one-third (1/3) of the GSA, which is currently estimated to be \$266,666.67, and a Class Counsel Expenses Payment of not more than \$20,000.00. (*Id.* at ¶ 3.1.2.) At this time, Plaintiff’s Counsel’s costs are approximately \$18,000.04. (Moon Decl., ¶ 18, Ex. 5.)

13. Class Representative Service Payment: Subject to Court approval, Plaintiff shall be paid a Class Representative Service Payment not to exceed \$7,500. (*Id.* at ¶ 3.1.1.) This amount is for Plaintiff’s services in support of the Action and General Release (*Id.* at ¶ 1.14.)

14. Notice of Proposed Settlement: The Class Notice will be mailed in English and Spanish via first-class United States Postal Service (“USPS”) mail of the settlement. (*Id.* at ¶ 6.3.) Phoenix

1 Class Action Administration Solutions (“Phoenix”), the proposed Administrator, will undertake its
2 best efforts to ensure notice is provided to current addresses, including conducting a cross-check
3 against USPS’ National Change of Address List. (*Id.*) Defendant will provide Class Data within
4 21 calendar days of preliminary approval. (*Id.* at ¶ 6.1.) The Administrator will mail notices within
5 14 calendar days of receiving the Class Data. (*Id.* at ¶ 6.3.) Returned notices will be re-mailed after
6 a skip-trace. (*Id.*) Settlement administration costs are estimated to be \$7,750.00, with a cap of
7 \$7,750.00 under the Settlement. (Moon Decl., ¶ 20, Ex. 6; Settlement ¶ 3.1.3.) The Declaration of
8 Jodey Lawrence (“Lawrence Decl.”) is filed concurrently herewith and describes Phoenix’s
9 qualifications, data security procedures, and insurance. (Lawrence Decl., ¶¶ 5-18.)

10 15. Response Deadline and Procedures: Class Members will have 45 calendar days from the
11 date of initial mailing to object, opt out, or challenge the number of Workweeks and/or PAGA Pay
12 Periods, with an extension of 14 calendar days for re-mailed notices. (Settlement, ¶ 6.4.1.) A Request
13 for Exclusion Form and an Objection Form will be provided. (*Id.* Ex. A.) Class Members need not
14 file a notice of intention to appear at the Final Approval Hearing. (*Id.* at ¶ 6.12.3, Ex. A.)

15 16. Funding and Distribution: Defendant shall fund the GSA in two equal installments. (*Id.*
16 at ¶ 4.0.) The first installment of \$400,000.00 shall be paid by December 23, 2026, and the second
17 installment of \$400,000.00 by April 23, 2027.² (*Id.*) Defendant shall fund the employer’s share of
18 payroll taxes with the second installment. (*Id.*) Administrator shall distribute the payments pursuant to
19 the Settlement within 14 days of Defendant’s funding. (*Id.* at ¶ 4.1.)

20 17. Website and Final Judgment: The Administrator will maintain a website to post information
21 of interest to Class Members. (*Id.* at ¶ 6.11.) The Class Notice include the URL of the website. (*Id.* at Ex.
22 A.) The Administrator will provide notice of final judgment to the Class on the. (*See id.* at ¶ 6.11.)

23 **III. THE COURT SHOULD GRANT PRELIMINARY APPROVAL**

24 To prevent fraud, collusion, or unfairness to the class, the settlement of a class action
25 requires court approval. (*Dunk v. Ford Motor Co.* (1996) 48 Cal.App.4th 1794, 1800-01.) This
26

27 ² The funding schedule was a critical component in the Parties’ negotiation of the
28 Settlement as it allows Defendant to fund the Settlement within its financial constraints. (Moon
Decl., ¶ 16, n.2.)

1 Court has wide discretion to determine whether the proposed settlement is fair. (*Mallick v. Super.*
2 *Ct.* (1979) 89 Cal.App.3d 434, 438.) Fairness is presumed when: (1) the settlement is reached
3 through arm’s-length bargaining; (2) investigation is sufficient to allow counsel and the court to
4 act intelligently; (3) counsel is experienced in similar litigation; and (4) the percentage of objectors
5 is small. (*Dunk*, 48 Cal.App.4th at p. 1800.)

6 In evaluating a settlement, the trial court considers: 1) the strength of plaintiff’s case; 2) the
7 risk, expense, complexity, and likely duration of further litigation; 3) the risk of maintaining class
8 action status through trial; 4) the amount offered in settlement; 5) the extent of discovery completed
9 and the stage of the proceedings; 6) the experience and views of counsel; 7) the presence of a
10 governmental participant; and 8) the reaction of the class members to the proposed settlement.
11 (*Kullar v. Foot Locker Retail, Inc.*, (2008) 168 Cal.App.4th 116, 128.) To approve a class action
12 settlement, the court must satisfy itself that the class settlement is within the “ballpark” of
13 reasonableness. (*Id.* at p. 133.) The record need not contain the maximum theoretical recovery.
14 (*Munoz v. BCI Coca-Cola Bottling Co. of Los Angeles* (2010) 186 Cal.App.4th 399, 408-9
15 [holding that *Kullar* does not require “an explicit statement of the maximum amount the plaintiff
16 class could recover if it prevailed on all its claims,” but only an “understanding of the amount
17 that is in controversy and the realistic range of outcomes of the litigation.”].)

18 As discussed below, Plaintiff’s Counsel have provided information necessary for this Court
19 to determine that the proposed settlement is fair, adequate, and reasonable.

20 **A. The Settlement Is Fair, Reasonable, Adequate, and the Product of**
21 **Investigation, Litigation, and Negotiation**

22 **1. The Settlement Is the Product of Discovery, Investigation, and**
23 **Informed and Non-Collusive Arm’s-Length Negotiations**

24 Courts presume the absence of fraud or collusion in the negotiation of a settlement. (Conte
25 & Newberg, *Newberg on Class Actions* (3rd Ed.) § 11.51.) Settlement is favored, and assessed
26 realistically. (*Stamburgh v. Super. Ct.* (1976) 62 Cal.App.3d 231, 236; *Priddy v. Edelman* (6th
27 Cir. 1989) 883 F.2d 438, 447 [“The fact that a plaintiff might have received more if the case had
28 been fully litigated is no reason not to approve the settlement.”].)

1 Here, the Settlement was reached following a full-day mediation session with experienced
2 mediator Lynn Frank, Esq. (Moon Decl., ¶ 13.) Prior to settling, Plaintiff’s Counsel conducted
3 informal discovery and investigation including reviewing the time and pay records, retaining a
4 statistics to analyze the records produced by Defendant and prepare a damage analysis, and
5 investigating the applicable law regarding the claims and defenses asserted in the litigation. (*Id.* at
6 ¶¶ 11, 31-32.) Thus, Plaintiff’s Counsel were able to evaluate the probability of class certification,
7 success on the merits, and Defendant’s maximum and realistic monetary exposure. (*Id.*)

8 Plaintiff’s Counsel have considerable experience in litigating wage and hour class actions.
9 (Moon Decl., ¶¶ 52-68.) This supports the conclusion that the Settlement terms are based on
10 objective evidence, weighed against the risks and expenses of continued litigation.

11 **2. The Settlement Is Fair and Reasonable in Light of the Parties’**
12 **Respective Legal Positions**

13 A settlement is not judged against what might plaintiff recovered had he prevailed at trial,
14 nor does the settlement have to provide 100% of the damages sought to be fair and reasonable.
15 (*Wershba v. Apple Computers, Inc.* (2001) 91 Cal.App.4th 224, 246, 250 [“Compromise is inherent
16 and necessary in the settlement process...even if the relief afforded by the proposed settlement is
17 substantially narrower than it would be if the suits were to be successfully litigated, this is no bar
18 to a class settlement because the public interest may indeed be served by a voluntary settlement in
19 which each side gives ground in the interest of avoiding litigation.”])

20 The Settlement obviates the significant risk that this Court may deny certification of all or
21 some of Plaintiff’s claims. (Moon Decl., ¶ 43.) While Plaintiff is confident in the merits of his
22 claims, a legitimate controversy exists as to each cause of action. (*Id.* at ¶ 41.) Plaintiff also
23 recognizes that proving the amount of wages due to each Class Member would be an expensive,
24 time-consuming, and uncertain proposition. (*Id.*) Furthermore, even if Plaintiff was able to pursue
25 his claims on a class-wide basis and thereafter obtained certification of all or some of the claims,
26 continued litigation would be expensive, involving a trial and possible appeals, and would
27 substantially delay and reduce any recovery by the Class Members. (*Id.* at ¶ 43.)

1 The proposed settlement of \$800,000.00 therefore represents a substantial recovery when
2 compared to Plaintiff’s reasonably forecasted recovery. (*Id.* at ¶ 46.) Because of the proposed
3 Settlement, Class Members will receive timely, guaranteed relief and will avoid the risk of an
4 unfavorable judgment. (*Id.* at ¶ 40.) When considering the risks of litigation, the uncertainties
5 involved in achieving class certification, the burdens of proof necessary to establish liability, the
6 probability of appeal of a favorable judgment, the settlement amount of \$800,000.00 is within the
7 “ballpark” of reasonableness, and preliminary settlement approval is appropriate. (*Id.* at ¶ 46.)

8 The Net Settlement Amount available for settlement payments is currently estimated to be
9 **\$448,083.33** for an estimated Class size of **203 individuals**.³ (*Id.* at ¶ 44.) Each Participating Class
10 Member is eligible to receive an average benefit of approximately **\$2,207.31**, or approximately
11 **105.92 hours of work**. (*Id.*) Based on 21,000 Workweeks, **the average Workweek value is**
12 **estimated to be \$21.34**. (*Id.*) The Individual Class Payments are estimated to range from \$21.31
13 to \$5,739.73. (*Id.*) Additionally, **131 Aggrieved Employees** are each expected to receive an
14 average of **\$133.59** from the Individual PAGA Payments of \$17,500.00, at a **PAGA Pay Period**
15 **value of \$3.85** based on the **4,550 PAGA Pay Periods**. (*Id.*) The Individual PAGA Payments are
16 estimated to range from \$3.85 to \$219.23. (*Id.*) Accurate estimates of the high, low, and average
17 payments will be provided to the Court in Plaintiff’s Motion for Final Approval. (*Id.* at ¶ 45.)

18 **3. Plaintiff’s Counsel Have Extensive Experience in Class Action**
19 **Litigation**

20 The settlement negotiations were conducted by highly capable and experienced counsel.
21 (*See id.* at ¶¶ 52-68.) Plaintiff’s Counsel have a strong record of vigorous and effective advocacy
22 for their clients and are experienced in handling complex wage and hour class action litigation.
23 (*Id.*) Although Plaintiff and his counsel were prepared to litigate the claims, they support the
24 proposed Settlement as being in the best interest of the Class Members. (*Id.* at ¶ 31.)

25 _____
26 ³ The Net Settlement Amount is at least \$800,000 less the following: \$7,500 for the Class
27 Representative Service Payment, \$7,750 for the Administration Expenses Payment, \$50,000 for the
28 PAGA Penalties payments to the LWDA and to Aggrieved Employees, \$266,666.67 for Class
Counsel’s attorneys’ fees, and up to \$20,000.00 for Class Counsel’s litigation costs. (Settlement
Agreement, ¶¶ 1.27, 3.0-3.1.4.)

1 **B. The Proposed Class Notice of Settlement Should Be Approved**

2 The proposed Notice of Class and Representative Action Settlement (“Class Notice”), in
3 the form attached to the Settlement as Exhibit A, should be approved for dissemination to the Class.
4 The Class Notice informs the class of the terms of the Settlement and of their rights to be excluded
5 from the Settlement. If there are Class Members who wish to object to this proposed Settlement,
6 they can also file an objection and be heard at the Final Approval Hearing. Accordingly, the
7 proposed Class Notice meets all the requirements of Rule 3.769(f) of the California Rules of Court.

8 **C. The Proposed Attorneys’ Fees and Costs Are Reasonable**

9 The Settlement provides a Class Counsel Fees Payment of not more than one-third (1/3) of
10 the Gross Settlement, which is currently estimated to be \$266,666.67 and a Class Counsel Expenses
11 Payment of not more than \$20,000.00. (Settlement, ¶ 3.1.2.) These amounts are subject to Court
12 approval. (*Id.*) These amounts will be disclosed to all Class Members in the proposed Class Notice
13 and are reasonable.

14 **1. Class Counsel Will Request an Award of Fees Based on The “Common**
15 **Fund” Method**

16 California courts have long awarded attorneys’ fees as a percentage of the benefit created
17 by counsel on behalf of a class. (*Serrano v. Priest* (1977) 20 Cal.3d 25, 34.) The California
18 Supreme Court affirmed in *Laffitte v. Robert Half Int’l Inc.* (2016) 1 Cal.5th 480 that trial courts
19 may determine a reasonable fee by choosing an appropriate percentage of the fund created. (*Id.* at
20 p. 503.) Class Counsel seek an award of attorneys’ fees on the “percentage of recovery/common
21 fund” theory, which serves to “spread litigation costs proportionally among all the beneficiaries”
22 (*Vincent v. Hughes Air West, Inc.* (1977) 557 F.2d 759, 769.)

23 Attorneys’ fees that are fifty percent of the fund are typically considered the upper limit, with thirty
24 to forty percent commonly awarded in cases where the settlement is relatively small. (*See Conte*
25 *& Newberg, Newberg on Class Actions* (3rd Ed.) § 14.03.) Here, Plaintiff requests attorneys’ fees
26 equal to one-third of the Gross Settlement Amount, consistent with prevailing guidelines.
27 (*Compare Settlement, ¶ 3.1.2 with Chavez v. Netflix, Inc.* (2008) 162 Cal.App.4th 43, 66, n.11.

28 Additionally, the fee-shifting provisions of Labor Code §§ 218.5, 226, 1194 and 2699, *et*

1 *seq.* would permit Plaintiff to recover his actual attorneys’ fees, even if those fees were larger than
2 the total class recovery at the conclusion of this case. This further supports the reasonableness of
3 the requested fee. Plaintiff’s Counsel undertook this matter solely on a contingent basis, with no
4 guarantee of recovery. (*Id.*)

5 **2. The Experience, Reputation and Ability of Plaintiff’s Counsel Support**
6 **the Requested Fee Award**

7 As demonstrated by their past experience in pursuing class actions on behalf of consumers
8 and employees, Plaintiff’s Counsel possess considerable expertise in litigating class actions and
9 been involved as lead counsel or co-counsel in several class actions, resulting in millions in
10 recovery. (Moon Decl., ¶¶ 52-68.)

11 Their experience in wage and hour class actions was integral in evaluating the strengths
12 and weaknesses of the case and the reasonableness of the settlement. (*Id.* at ¶ 69.) Therefore, the
13 requested fee award is reasonable and fair. A detailed analysis of why the fee request is appropriate,
14 including contemporaneously made billing entries to support a lodestar analysis, will be provided
15 in support of Plaintiff’s motion for final approval.

16 **D. The Service Award To Plaintiff Is Reasonable**

17 Named plaintiffs in class action lawsuits are eligible for reasonable incentive payments to
18 compensate them for the expense or risk they have incurred in conferring a benefit on the class.
19 (*Munoz, supra*, 186 Cal.App.4th at p. 412.) Service awards are particularly important in wage and
20 hour cases where retaliation against employees for asserting statutory rights is widespread despite
21 anti-retaliation protections. (*Gentry v. Super. Ct.* (2007) 42 Cal.4th 443, 460-61.)

22 The Settlement provides a Class Representative Service Award of \$7,500 to Plaintiff,
23 subject to Court approval. (Settlement, ¶ 3.1.1.) Plaintiff devoted significant time assisting counsel
24 in the case and communicated with counsel frequently for litigation and to prepare for mediation.
25 (Moon Decl., ¶¶ 47-51; Declaration of Plaintiff Christian Campuzano in Support of Approval of
26 Class Action and PAGA Action Settlement [“Plaintiff Decl.”], ¶¶ 11–21.) This amount is
27 reasonable particularly in light of the substantial benefits Plaintiff generated for all class members.
28

(Moon Decl., ¶¶ 47–51.) A detailed analysis of why the proposed amount is appropriate will be provided in support of Plaintiff’s motion for final approval.

IV. CERTIFICATION FOR SETTLEMENT PURPOSES IS WARRANTED

A. Legal Standard

The proposed Settlement Class is well suited for class certification. Code of Civil Procedure section 382 provide that when a question is of common or general interest, one or more may sue or defend for the benefit of all. Two requirements must be met: (1) an ascertainable class; and (2) a well-defined community of interest in the questions of law and fact. (*Daar v. Yellow Cab Co.* (1967) 67 Cal. 2d 695, 704.) The community-of-interest requirement embodies three factors: (1) predominant questions of law or fact; (2) class representatives with claims or defenses typical of the class; and (3) class representatives who can adequately represent the class.” (*Richmond v. Dart Indus., Inc.* (1981) 29 Cal. 3d 462, 470.) California law favors the fullest and most flexible use of the class action device, and any doubt as to the appropriateness of class treatment should be resolved in favor of certification. (*Id.* at pp. 469-75.)

B. Plaintiff Maintains That The Criteria For Class Certification Are Satisfied

1. The Class Is Ascertainable and Numerous

The proposed class is ascertainable because the class definition is sufficiently precise, consists of 203 class members, and Class Members can be readily identified from Defendant’s regular business records based on their employment by Defendant in California, non-exempt classification, and actual work during the Class period. (*See Miller v. Woods*, 148 Cal. App. 3d 862, 873 (1983); *Wilner v. Sunset Life Ins. Co.* (2000) 78 Cal.App.4th 952, 959-60.)

With approximately 203 Class Members, numerosity is plainly satisfied. (*Rose v. City of Hayward* (1981) 126 Cal.App.3d 926, 934.)

2. There are Many Common Issues of Law and Fact Which Predominate

To satisfy the community of interest requirement, Parties must show: (1) common questions of law and fact that predominate over individual issues; (2) class representatives must have claims or defenses typical of the class; and (3) class representatives must adequately represent the class. *Dunk*, 48 Cal. App. 4th at 1806. This inquiry tests whether proposed classes are sufficiently

1 cohesive to warrant adjudication by representation. (*See, e.g., Clothesrigger, Inc. v. GTE Corp.*
2 (1987) 191 Cal.App.3d 605.) Plaintiff's claims satisfy all three requirements.

3 In this case, the employment practices at issue are: whether Defendant had legally
4 compliant policies and practices to pay employees all wages owed; had legally compliant policies
5 and practices to provide employees with meal periods; had legally compliant policies and practices
6 authorizing and permitting its employees to take rest periods; had legally compliant policies and
7 practices reimbursing its employees for business expenses; whether final payment of wages was
8 untimely and excluded unpaid wages, including meal period premium wages, and rest period
9 premium wages; whether Defendant violated the FCRA; whether all wages were paid to employees
10 at the time of termination of the employment relationship; and whether the wage statements were
11 consequently non-compliant. Plaintiff contends that the factual and legal issues are the same for
12 all Class Members. Further, all Class Members suffered from and seek redress for the same alleged
13 injuries. Considering that Class Members would need to prove the same issues of law and fact to
14 prevail and their legal remedies are identical, it would be preferable to resolve all claims through
15 a settlement agreement than to force each Class Member to litigate their own individual claims.
16 Thus, the Court should grant conditional class certification for settlement because common
17 questions of law and fact predominate over any individual questions within the class.

18 **3. Plaintiff's Claims Are Typical of the Claims of the Class**

19 The typicality requirement does not focus on the individual characteristics or circumstances
20 of the representative plaintiff compared to those of the remainder of the class, but rather upon the
21 typicality of the proposed representative's claims as they relate to the defendant's conduct and
22 activities. (*Classen v. Weller* (1983) 145 Cal.App.3d 27, 47 ["[t]he only requirements are that
23 common questions of law and fact predominate and that the class representative be similarly
24 situated" vis-à-vis the class.]) A representative plaintiff's claims are typical of the class if they
25 arise from the same event, practice or course of conduct, and if the claims rest on the same legal
26 theories. (*Id.*) That is precisely the case here. Plaintiff is a former employee of Defendant; as such,
27 he alleges that he was subject to the same policies and practices as other similarly situated
28 employees. (Plaintiff Decl., ¶¶ 2,6.)

1 **4. Plaintiff and His Counsel Meet the Adequacy Requirement**

2 The adequacy of representation requirements is met by fulfilling two conditions: first, a
3 named plaintiff must be represented by counsel qualified to conduct the pending litigation; second,
4 a named plaintiff's interests cannot be antagonistic to those of the class. (*McGhee v. Bank of*
5 *America* (1976) 60 Cal.App.3d 442, 451.)

6 Here, all requirements are met. Plaintiff retained counsel with extensive experience in
7 prosecuting complex class actions, including similar class actions that previously settled. (Moon
8 Decl., ¶¶ 52-68.) With their combined experience, Plaintiff's Counsel unquestionably are
9 "qualified, experienced and generally able to conduct the proposed litigation." (*Miller, supra*, 148
10 Cal.App.3d at 875.) In addition, Plaintiff has no conflicts, and Plaintiff has, with counsel, litigated
11 this case and diligently reviewed the settlement terms, showing his dedication. (Plaintiff Decl., ¶¶
12 8-21.) Plaintiff's willingness to serve as a representative demonstrates his serious commitment to
13 bringing about the best results possible for the class. (*Id.* at ¶¶ 11-21; *McGhee, supra*, 60
14 Cal.App.3d at p. 451.)

15 **5. A Class Action Is Superior to a Multiplicity of Litigation**

16 Finally, in making its class certification decision, the Court must determine that a class
17 action would be superior to alternative means for the fair and efficient adjudication of the litigation.
18 By consolidating many potential individual actions into a single proceeding, this Court's use of the
19 class action device enables it to manage this litigation in a manner that serves the economics of
20 time, effort and expense for the litigants and the judicial system. Absent class treatment, similarly
21 situated employees with small but nevertheless meritorious claims for damages would, as a
22 practical matter, have no means of redress because of the time, effort and expense required to
23 prosecute individual actions. (*Gentry v. Super. Ct.* (2007) 42 Cal. 4th 443, 457-62; *Leyva v.*
24 *Medline Ind.* (9th Cir. 2013) 716 F.3d 510, 515.) Moreover, in the context of settlement, the
25 superiority concerns are essentially non-existent.

26 **V. THE PROPOSED NOTICE IS CONSTITUTIONALLY SOUND**

27 **A. The Proposed Notice Plan Satisfies Due Process**

28 Notice requirements are set forth in the California Rules of Court. Cal. Rules of Court, Rule

1 3.766 (e) and (f). California law vests the Court with broad discretion in fashioning an appropriate
2 notice program. (*Cartt v. Super Ct.* (1975) 50 Cal.App.3d 960, 973-74.) There is no statutory or
3 due process requirement that all class members receive actual notice, but in this matter, the class
4 members will receive direct first-class mailed notice. (Settlement, ¶ 6.3.) As the Court of Appeals
5 has explained, “[t]he notice given should have a reasonable chance of reaching a substantial
6 percentage of the Class Members” (*Id.* at p. 974.) In this case, notice will be provided by
7 direct mailing, the best possible form of notice under the circumstances. (Settlement, ¶ 6.3.)

8 **B. The Class Notice Is Accurate and Informative**

9 The proposed Class Notice should be approved. It will be disseminated through direct U.S.
10 first class mail to the last known address for each Class Member and will be provided in both
11 English and Spanish. (*Id.* at ¶ 6.3.) It informs Class Members of the settlement terms and their
12 rights to be excluded, object, and be heard at the Final Approval Hearing. (*Id.*, at Ex. A.)

13 The Class Notice is neutral, summarizes the proceedings, the Settlement terms, and
14 makes clear that the Settlement does not constitute an admission of liability by Defendant. (*Id.*)
15 It also states that the final settlement approval decision has yet to be made. (*Id.*) Accordingly,
16 the Class Notice complies with the standards of fairness, completeness, and neutrality required
17 of a combined settlement-certification class notice.

18 **VI. CONCLUSION**

19 For the foregoing reasons, Plaintiff respectfully requests that the Court grant preliminary
20 approval of the proposed settlement and set a Final Approval Hearing no earlier than 120 days
21 from preliminary approval.

22 Respectfully submitted,

23 Dated: April 14, 2026
