1 **MEMORANDUM OF POINTS AND AUTHORITIES**

2 **I. INTRODUCTION**

3 Plaintiff Lisa Hernandez (“Plaintiff”) brought this class action against Defendant PPH Franchise
4 Holdings, LLC dba Passport Health (“Defendant” or “Passport Health”) alleging various wage and hour
5 violations. Plaintiff’s primary allegations are that Defendant: (1) failed to pay all minimum wages owed;
6 (2) failed to pay all overtime wages owed; (3) failed to provide meal periods; (4) failed to authorize and
7 permit rest periods; (5) failed to provide accurate, itemized wage statements; (6) failed to reimburse
8 business expenses; (7) engaged in unfair competition; and (8) is liable for civil penalties under the Private
9 Attorneys General Act.

10 Plaintiff now respectfully requests that this Court preliminarily approve this non-reversionary,
11 class action settlement,¹ in which Defendant has agreed to pay \$125,000.00 to the following Settlement
12 Class:

13 All individuals who are or were employed by Defendant as non-exempt hourly
14 employees in California during the Class Period.

15 Class Period means the period from August 6, 2020 through Preliminary Approval.

16 Settlement Class members do not need to file a claim and will automatically receive a payment
17 unless they affirmatively opt-out. After deducting administration costs, Plaintiff’s service award,
18 attorneys’ fees and costs, and PAGA civil penalties, the remaining Net Settlement Amount (“NSA”) of
19 approximately \$42,750.00 will be distributed to all Settlement Class members who do not opt-out. With
20 approximately 129 Settlement Class members, the average payment to each Settlement Class member is
21 currently expected to be approximately \$331.40, not including PAGA penalties.

22 This proposed Settlement is well-within the range of possible approval in light of the significant
23 legal and factual obstacles that Plaintiff faced, the risks and costs of further litigation, and the tangible
24 monetary benefits to be received by the Settlement Class. For the reasons discussed herein, Plaintiff
25 respectfully requests that the Court grant preliminary approval of the Settlement.

26 //

27
28 ¹ The Stipulation of Settlement (“Settlement”) is attached to the Declaration of Milan Moore as Exhibit 1. The proposed Notice Packet (which consists of the Notice of Pendency of Class Action and Proposed Settlement) is attached to the Settlement as Exhibit A. All defined terms in this motion have the same definitions as used in the Settlement.

1 **II. SUMMARY OF THE LITIGATION**

2 **A. THE PARTIES, PROCEDURAL HISTORY, DISCOVERY, AND ARMS-LENGTH** 3 **NEGOTIATIONS**

4 **1. The Parties**

5 Defendant does business by providing travel medicine and immunization services. *See* Declaration
6 of Milan Moore (“Moore Decl.”), ¶ 6. Plaintiff, a current, non-exempt employee, has been employed by
7 Defendant since approximately April 2023 as a Registered Nurse. *See* Declaration of Lisa Hernandez
8 (“Hernandez Decl.”), ¶ 2.

9 **2. Procedural History**

10 On August 6, 2024, Plaintiff filed a class action Complaint against Defendant in San Bernardino
11 County Superior Court, in the matter entitled *Lisa Hernandez v. PPH Franchise Holdings, LLC*, Case No.
12 CIVRS2400494 (the “Action”) alleging the following class action claims: (1) failed to pay all minimum
13 wages owed; (2) failed to pay all overtime wages owed; (3) failed to provide meal periods; (4) failed to
14 authorize and permit rest periods; (5) failed to provide accurate, itemized wage statements; (6) failed to
15 reimburse business expenses; (7) engaged in unfair competition; and (8) is liable for civil penalties under
16 the PAGA. *Id.* On October 31, 2024, Plaintiff filed a First Amended Complaint. Subsequently, on
17 January 8, 2026, pursuant to the Parties’ settlement, Plaintiff filed a Second Amended Complaint. *Id.*

18 **3. Discovery**

19 After agreeing to participate in mediation, Defendant informally produced documents and
20 information relevant to the claims alleged in advance of mediation, including without limitation
21 timekeeping and payroll data for 30% of the putative class, as well as written wage and hour policies.
22 Moore Decl., ¶ 7. Additionally, Defendant produced information and data points needed for a productive
23 mediation, including without limitation, the number of putative class members, workweeks at issue, pay
24 periods at issue, and compensation policies. *Id.* After a review and analysis of the documents and
25 information produced by Defendant, Class Counsel drew on their extensive experience in similar cases to
26 assess the strengths and weaknesses of Plaintiff’s case. *Id.* This discovery allowed the parties to assess
27 the merits and value of Plaintiff’s claims and Defendant’s defenses thereto, if a settlement could not be
28 reached. *Id.*

1 **4. Arms-Length Negotiations**

2 On September 17, 2025, a mediation was held with Kevin Barnes, a well-respected mediator.
3 Moore Decl., ¶ 8. During mediation, the parties vigorously debated their opposing legal positions, the
4 likelihood of certification of Plaintiff’s claims and the legal basis for the claims and defenses. *Id.*
5 Ultimately, the Parties agreed in principle on a class-wide resolution. *Id.*

6 In the weeks that followed, the Parties finalized the terms of settlement and executed the Class
7 Action and PAGA Settlement Agreement (“Settlement”). *Id.*, Exh. 1.

8 **III. ARGUMENT**

9 **A. CLASS CERTIFICATION FOR SETTLEMENT PURPOSES**

10 California Rule of Court 3.769 conditions settlement of a class action on court approval, which is
11 generally evaluated under the federal standards applicable under Rule 23 of the Federal Rules of Civil
12 Procedure. (*See Reed v. United Teachers Los Angeles* (2012) 208 Cal.App.4th 322, requires trial court
13 to determine “that the settlement is fair, reasonable and adequate to all concerned”; *Hanlon v. Chrysler*
14 *Corp.* (9th Cir. 1998) 150 F.3d 1011, 1026 requires the trial court to determine “whether a proposed
15 settlement is fundamentally fair, adequate, and reasonable”).

16 As explained below, the Settlement Class satisfies the criteria for certification of a settlement class
17 under California law because: (1) the Settlement Class is so numerous that joinder would be impractical;
18 (2) common questions of law and fact predominate over individual questions such that class certification
19 is the most efficient and desirable way to maintain this litigation; (3) Plaintiff’s claims are typical of the
20 claims of absent Settlement Class Members; and (4) Plaintiff and her counsel will fairly and adequately
21 represent Settlement Class Members’ interest. *See* Cal. Civ. Proc. § 382.

22 **1. Numerosity is Satisfied.**

23 Here, there are approximately 129 Settlement Class Members. Moore Decl., ¶ 10. Therefore,
24 numerosity is satisfied. *See, e.g., Bowles v. Sup. Ct.* (1955) 44 Cal.2d 574 (holding a class representing
25 10 beneficiaries of a trust sufficiently numerous).

26 Further, a class is “ascertainable” where the members “may be readily identified without
27 unreasonable expense or time by reference to official [or business] records.” *See Sevidal v. Target Corp.*
28 (2010) 189 Cal.App.4th 905, 916 (alterations in original). Here, the proposed Settlement Class is defined
as “All individuals who are or were employed by Defendant as non-exempt hourly employees in

California during the Class Period. Class Period means the period from August 6, 2020 through Preliminary Approval.” Moore Decl., ¶ 10.

2. Commonality is Satisfied.

The focus in a certification dispute is not the merits, but rather on what types of questions, “common or individual,” are likely to arise in the action. *See Sav-On Drug Store, Inc. v. Superior Court (Rocher)* (2004) 34 Cal.4th 319, 327. Here, Settlement Class Members’ claims arise from Defendant’s common, uniform policies and practices that applied to Plaintiff and Settlement Class Members during the class period. Moore Decl., ¶ 11. As a result of the common and uniform policies and practices that applied to all Settlement Class Members, their claims involve common questions of law and fact, including but not limited to:

1. Whether Defendant paid all minimum and/or overtime wages owed;
2. Whether Defendant provided all legally compliant meal periods;
3. Whether Defendant authorized and permitted all legally compliant rest periods;
4. Whether Defendant timely furnished legally compliant wage statements;
5. Whether Defendant reimbursed its employees for reasonably incurred business expenses;
6. Whether Defendant paid all wages owed to its terminated/separated employees at the time of said termination/separation; and
7. Whether Defendant engaged in unlawful, unfair, illegal, and/or deceptive business practices by and through its wage and hour policies and practices and whether as a result Defendant owes restitution.

These alleged practices result in common questions as to the affected Settlement Class Members. *See e.g., Benton v. Telecom Network Specialists, Inc.* (2013) 220 Cal.App.4th 701, 726.

3. Typicality is Satisfied.

The typicality requirement is satisfied where class representatives have claims that are typical of those of the rest of the class. *B.W.I. Custom Kitchen v. Owens-Illinois, Inc.* (1987) 191 Cal.App.3d 1341, 1347 (finding typicality satisfied where named Plaintiff purchased the same goods as the putative class in a consumer class action).

Here, Plaintiff's claims are typical of those held by the Settlement Class. First, Plaintiff was employed by Defendant during the Class Period (August 6, 2020 through Preliminary Approval) as a Registered Nurse and was subject to Defendant's wage and hour policies at issue in this case. *See* Hernandez Decl., ¶ 2. Second, Plaintiff was injured by the same challenged policies that injured the Settlement Class as a whole. For example, Plaintiff asserts that she, like the Settlement Class, was not paid all minimum and/or overtime wages, was not provided all meal and rest periods, was not provided accurate wage statements, and was not reimbursed for business expenses incurred. *See* Hernandez Decl., ¶¶ 2-6. Given that Defendant's policies and practices applied to all of its non-exempt employees, Settlement Class Members possess a similar interest and have suffered similar alleged injuries as Plaintiff. Accordingly, because Plaintiff's claims and those of the Settlement Class all arise from the same conduct, typicality is satisfied.

4. Adequacy is Satisfied.

The adequacy requirement examines conflicts of interest between named parties and the class(es) they seek to represent. *Capital People First v. State Dept. of Developmental Services* 155 (2007) Cal.App.4th 676, 697.

Here, there are no apparent conflicts of interest between Plaintiff and the Settlement Class she seeks to represent. *See* Hernandez Decl., ¶ 12. Indeed, Plaintiff's interests are aligned with those of the Settlement Class Members, as they all seek monetary relief under the same facts and legal theories. *See* Hernandez Decl., ¶¶ 2-6. Additionally, Class Counsel does not have any conflict of interest with the Settlement Class. Moore Decl., ¶ 24; *See McGhee v. Bank of America* (1976) 60 Cal.App.3d 442, 450-51 (adequacy satisfied where there was no indication that Class Counsel were not qualified and the named plaintiff had no interests antagonistic to those of the proposed class).

Further, Class Counsel also have extensive experience in wage and hour class action litigation and have vigorously litigated this case. *See* Moore Decl., ¶¶ 2-4; Declaration of Scott M. Lidman ("Lidman Decl."), ¶¶ 2-8; Declaration of Tiara Gose-Hardy ("Gose-Hardy Decl."), ¶¶ 2-4; and Declaration of Paul K. Haines ("Haines Decl."), ¶¶ 2-8.

//

1 **B. THE PROPOSED CLASS ACTION SETTLEMENT IS FAIR, ADEQUATE, AND**
2 **REASONABLE**

3 Settlement is the preferred means of dispute resolution, particularly in complex class action
4 litigation. *See In re Syncor ERISA Litig.* (9th Cir. 2008) 516 F.3d 1095, 1101. The Court’s role in
5 evaluating a proposed settlement is limited to ensuring that the agreement taken as a whole is fair. *See*
6 *e.g., Hanlon, supra*, 150 F.3d at 1027. There is an initial presumption of fairness where, as here, the
7 Settlement agreement was negotiated at arm’s-length by class counsel and with the assistance of an
8 experienced wage and hour class action mediator. *See e.g. Kullar v. Foot Locker Retail, Inc.* (2008) 168
9 Cal.App.4th 116, 130.

10 **1. The Preliminary Approval Standard is Met**

11 To make a fairness determination, the Court should consider several factors, including: “the
12 strength of plaintiffs’ case, the risk, expense, complexity and likely duration of further litigation, the risk
13 of maintaining class action status through trial, the amount offered in settlement, the extent of discovery
14 completed and the stage of the proceedings, [and] the experience and views of counsel.” *Dunk v. Ford*
15 *Motor Co.* (1996) 48 Cal.App.4th 1794, 1801. “The list of factors is not exclusive and the court is free to
16 engage in a balancing and weighing of the factors depending on the circumstances of each case.” *Wershba*
17 *v. Apple Computer, Inc.* (2001) 91 Cal.App.4th 230, 245. The Settlement is fair, adequate, and reasonable
18 in light of the overall balance of factors in this case for the following reasons.

19 **a. The Strength of Plaintiff’s Case**

20 Although Plaintiff maintains that her claims are meritorious, she acknowledges there were
21 substantial risks and uncertainty in proceeding with litigation. As described below, Defendant presented
22 multiple defenses to Plaintiff’s claims, both on the merits and class certification. Thus, while Plaintiff
23 was prepared to litigate these claims through certification and trial, success was not certain.

24 **b. Risk, Expenses, Complexity, and Duration of Further Litigation**

25 Although the parties engaged in informal discovery throughout this action, the parties still had
26 significant discovery to complete in formal litigation had the matter not settled. Moore Decl., ¶ 27.
27 Moreover, Plaintiff still had to file for class certification and faced the prospect of appeals in the wake of
28 a disputed class certification ruling for Plaintiff and/or an adverse summary judgment ruling. *Id.* Even if
the classes sought to be certified by Plaintiff were in fact certified, the parties would incur considerably

more attorneys' fees and costs through a possible decertification motion, trial, and possible appeal. *Id.* This Settlement avoids those risks and the accompanying expense. Thus, this factor supports preliminary approval.

c. Risk of Maintaining Class Action Status

Plaintiff had not yet filed her motion for class certification and as such, the extent to which Plaintiff's proposed classes were certifiable is somewhat speculative. Absent settlement, there was a risk that there would not be a certified class at the time of trial.

d. Overview of the Settlement Agreement

If the Court approves this Settlement, Defendant will pay a Gross Settlement Amount ("GSA") of \$125,000.00.² Moore Decl., ¶ 9, Exh. 1 (Settlement, ¶ 4). Significantly, this Settlement is **non-reversionary**, and no Settlement Class member will have to submit a claim form to receive a Settlement Award. *Id.* (Settlement, ¶ 3). Each Settlement Class member will automatically receive a Settlement Award unless he or she affirmatively opts out of the Settlement. Moore Decl., ¶ 9. The monetary terms of the Settlement are summarized below:

Gross Settlement Amount ("GSA"):	\$125,000.00
Minus Court-approved attorneys' fees (35% of GSA):	\$43,750.00
Minus Court-approved, verified costs (up to):	\$17,500.00
Minus Court-approved Class Representative Service Award (up to):	\$5,000.00
Minus Settlement Administration Costs:	\$6,000.00
Minus PAGA Penalties to LWDA and Aggrieved Employees:	\$10,000.00
Net Settlement Amount ("NSA"):	\$42,750.00

Id.

The Settlement Administrator will provide Defendant PPH Franchise Holdings, LLC with wire transfer information within three (3) days after Final Approval. Defendant shall fund the Settlement thirty (30) days after the Effective Date. Moore Decl., ¶ 9. "Effective Date" means the date by which both the

² The settlement is based on Defendant's representation that, as of August 17, 2025, Settlement Class Members have worked approximately 6,400 workweeks during the Class Period. If the total number of workweeks worked exceeds 7,040 (i.e., more than 10% above the estimated amount), then, at Defendant's option, either (a) the portion of the Gross Settlement Amount ("GSA") attributable to non-PAGA claims (i.e., the GSA less the PAGA penalties) shall increase by 1% for every 1% the total workweeks exceed the 10% threshold, or (b) the Class Period and PAGA Period, respectively, shall end on the date the cumulative number of workweeks reaches 7,040. Defendant shall inform Plaintiff and the Administrator of its election within five (5) calendar days of being informed of the triggering of the escalator clause. *See* Settlement ¶ 8.

1 following have occurred: (a) the Court enters a Judgment on its Order Granting Final Approval of the
2 Settlement; and (b) the Judgment is final. The Judgment is final as of the day after the deadline for filing
3 a notice of appeal from the Judgment, or if a timely appeal from the Judgment is filed, the day after the
4 appellate court affirms the Judgment and issues a remittitur. *Id.*; Exh. 1 Settlement ¶ 1.17.

5 After deducting amounts for the Court-approved attorneys' fees and verified costs, Service Award
6 to Plaintiff, Settlement Administrator costs, and PAGA penalties, the Settlement requires Defendant to
7 pay a Net Settlement Amount ("NSA") of at least **\$42,750.00** to all Settlement Class Members who do
8 not timely opt out. Moore Decl., ¶ 9.

9 The Individual Settlement Awards shall be determined as follows:

10
11 Each participating Settlement Class member shall receive a proportionate settlement share
12 based upon the number of actual workweeks worked during the Class Period, the numerator
13 of which is the Settlement Class member's total actual workweeks worked during the Class
14 Period, and the denominator of which is the total actual workweeks worked by all
15 Settlement Class members who worked during the Class Period. *See* Settlement, ¶ 5.B.i.

16 According to Defendant, there are approximately 129 total Settlement Class Members (who
17 worked a total of approximately 6,400 workweeks during the relevant time period). Moore Decl., ¶10.
18 Thus, the average Individual Settlement Awards (assuming there are no opt-outs) is projected to be
19 approximately **\$331.40**. *Id.*

20 Settlement Class Members will have sixty (60) calendar days from the mailing of the Class Notice
21 to opt-out or object to the Settlement, thereby providing ample time to review the Class Notice without
22 unduly delaying the Settlement. *See* Settlement, ¶ 1.43. Those Settlement Class Members who do not
23 opt-out of the Settlement will be bound by its terms and will release all claims against Defendant included
24 within the Settlement, for the period between August 6, 2020 through Preliminary Approval. *See*
25 Settlement, ¶ 5.

26 As this is a non-reversionary Settlement, 100 percent of the NSA shall be consumed in that if a
27 Settlement Class Member opts-out of the Settlement, the portion allocated to the individual who opts-out
28 shall be added to the NSA and redistributed and allocated to the Settlement Class Members who did not
opt-out.

1 **e. The Parties Engaged in Fair and Honest Negotiations**

2 This Settlement was a result of serious, informed, non-collusive negotiations with the assistance
3 of a mediator. After the detailed review of the information, data and other documents and policies
4 produced by Defendant, Class Counsel drew on their extensive experience in similar cases to assess the
5 strengths and weaknesses of Plaintiff's case. Moore Decl., ¶ 7. This discovery allowed the parties to
6 assess the merits and value of Plaintiff's claims and Defendant's defenses thereto, if a settlement could
7 not be reached. *Id.*

8 On September 17, 2025, a mediation was held with Kevin Barnes, a well-respected mediator.
9 Moore Decl., ¶ 8. During mediation, the parties vigorously debated their opposing legal positions, the
10 likelihood of certification of Plaintiff's claims and the legal basis for the claims and defenses. *Id.*
11 Ultimately, the parties agreed in principle on a class-wide resolution. *Id.* In the months that followed,
12 the parties finalized the terms of settlement and executed the Settlement. *Id.*; Exhibit 1.

13 Thus, the proposed Settlement is entitled to an initial presumption of fairness as it is the result of
14 factual investigation and data analysis; the exchange of substantial information and class data, including
15 timekeeping and payroll records; wage and hour policies and practices; arm's length negotiations by
16 counsel; and mediation before an experienced wage and hour class action mediator. *See* Moore Decl., ¶
17 8; *See Kullar, supra*, 168 Cal.App.4th at 130. Thus, these factors support preliminary approval.

18 Further, there are no deficiencies in the Settlement. The Settlement does not grant preferential
19 treatment to the class representative or segments of the class, and is within the range of possible approval,
20 as discussed in detail below. The Settlement will provide monetary relief to Settlement Class Members.
21 The amounts proposed for Class Counsel's attorneys' fees and costs, and service award are all reasonable
22 and appropriate based on the facts of this case. Because the Settlement is devoid of obvious deficiencies,
23 this factor supports preliminary approval.

24 **f. Amount Offered in Settlement Given Realistic Value of Claims**

25 Off-The-Clock Work/Paid to Schedule: Plaintiff alleges that Defendant failed to compensate its
26 non-exempt employees for all time worked. Moore Decl., ¶ 12. Specifically, Plaintiff alleges that
27 Defendant required Plaintiff to complete pre-shift duties, including without limitation, turning on/off
28 lights and unlocking/locking the facilities, but Plaintiff and the other employees were not permitted to

1 record the time as time worked. *Id.* As a result, Plaintiff contends that Defendant failed to pay her and
2 other non-exempt employees all minimum and overtime wages owed. *Id.* Accordingly, based on 5
3 minutes of unpaid time each shift, Plaintiff estimates Defendant's exposure at a total of \$109,868. *Id.*

4 Defendant contends that it compensated Settlement Class Members for all of their time worked.
5 Moore Decl., ¶ 13. Defendant also contends that its timekeeping practices were lawful, and any unpaid
6 time was *de minimis* and therefore non-compensable. *Id.* Defendant further asserts that Plaintiff would
7 be unable to certify an unpaid wages class given the individualized inquiries that would be required. *Id.*
8 In light of these defenses, Plaintiff discounted the maximum exposure by 45% for the risk of non-
9 certification, and an additional 55% to account for Defendant's defenses on the merits to arrive at an
10 estimated exposure of approximately \$27,192.33. *Id.*

11 Failure to Provide Meal Periods: Plaintiff alleges that Defendant failed to provide its non-exempt
12 employees all required meal periods. Moore Decl., ¶ 14. Specifically, Plaintiff alleges that Defendant
13 failed to provide 30-minute meal periods before the end of the fifth hour of work and/or or failed to provide
14 a meal period at all. *Id.* Plaintiff estimates an approximate 3 percent non-compliant rate, and calculates
15 Defendant's exposure at \$40,386, which also takes into account the meal period premiums paid. *Id.*

16 Conversely, Defendant contends that it has always maintained a lawful meal period policy and
17 provided non-exempt employees with an opportunity to take legally compliant meal periods, and any non-
18 compliant meal periods reflected in employee timekeeping records were solely the result of employee
19 choice, rather than any policy or practice of Defendant. Moore Decl., ¶ 15. Defendant points out that
20 under *Brinker Restaurant Corp. v. Superior Court* (2012) 53 Cal. 4th 1004, it is only required to "provide"
21 the opportunity to take meal periods, not "ensure" meal periods are taken, and that they have always done
22 so. *Id.*; *Brinker, supra*, 53 Cal.4th at 1038 (rejecting "ensure" standard). Finally, Defendant contends
23 Plaintiff's meal period claim is not suited for class certification, since individual inquiries would be
24 required to assess which employees took non-compliant meal periods, how many meal periods were non-
25 compliant or missed, and the reasons why a particular employee took a non-compliant meal period or
26 missed a meal period during a particular shift. *Id.* Accordingly, Plaintiff discounted the maximum
27 exposure by 50% for the risk of non-certification, and an additional 35% to account for Defendant's
28 defenses on the merits to arrive at an estimated exposure of \$13,125.45. *Id.*

1 Failure to Authorize and Permit Rest Periods: Plaintiff further alleges that Defendant failed to
2 provide any rest periods on shifts worked in excess of 3.5 hours due to the work demands imposed. Moore
3 Decl., ¶ 16. Based on an estimated one rest period violation per shift, Plaintiff estimates Defendant's
4 liability at \$1,369,221. *Id.*

5 Defendant contends that its policies and procedures authorized and permitted Settlement Class
6 Members to take all off-duty rest periods in compliance with California law. Moore Decl., ¶ 17.
7 Defendant also argues that Plaintiff's rest period claim is inherently unsuited for class treatment as it
8 requires an individualized inquiry into whether each Settlement Class Member was in fact authorized and
9 permitted to take a compliant rest period, which would evolve into an unmanageable series of mini-trials.
10 *Id.* Accordingly, Plaintiff discounted the maximum exposure by 65% for the risk of non-certification, and
11 an additional 75% to account for Defendant's defenses on the merits to arrive at an estimated exposure of
12 \$119,806.84. *Id.*

13 Unreimbursed Business Expenses: Plaintiff alleges that Defendant required her and the other
14 Settlement Class Members to use their personal cellular phone for business purposes. Moore Decl., ¶ 18.
15 Despite knowing that putative class members had incurred necessary business expenses, Defendant failed
16 to reimburse putative class members in violation of Section 2802 and *Cochran. Id.*; See *Cochran v.*
17 *Schwan's Home Service, Inc.* (2014) 228 Cal. App. 4th 1137, 1144. Plaintiff estimates employees should
18 have been reimbursed approximately \$20.00 per month, or about \$5.00 per workweek (for all 6,400
19 estimated workweeks) for reasonable cellular phone related expenses. *Id.* Therefore, Plaintiff calculated
20 Defendant's maximum exposure at \$32,000.00. *Id.*

21 Defendant asserts that, given the wide array of cellular phone plans, any expenses would be *de*
22 *minimis*. Moore Decl., ¶ 19. Moreover, Defendant denies that its employees were required to use their
23 personal cellular phones at all. Accordingly, Plaintiff discounted the maximum exposure by 55% for the
24 risk of non-certification, and an additional 40% to account for Defendant's defenses on the merits to arrive
25 at an estimated exposure of approximately \$8,640.00. *Id.*

26 Failure to Provide Accurate, Itemized Wage Statements: Plaintiff alleges that Defendant issued
27 inaccurate wage statements in violation of Labor Code section 226 as a result of the alleged unpaid meal
28 and rest period premium wages described above. Moore Decl., ¶ 20. Plaintiff's data analysis reflected

1 that there were approximately 1,459 wage statements issued during the relevant time period. *Id.* Therefore,
2 Plaintiff calculated Defendant’s maximum exposure for wage statement violations at approximately
3 \$142,650.00. *Id.*

4 Defendant argues that its alleged wage statement violations could not be shown to be “knowing
5 and intentional,” and that Plaintiff cannot show that she or any other employee “suffer[ed] injury” as a
6 result of the alleged wage statement violations, as required by Lab. Code § 226(e) for imposition of
7 penalties. Moore Decl., ¶ 21. As such, Plaintiff discounted the calculated exposure by 55% for a risk of
8 non-certification and an additional 50% for a risk of being unsuccessful on the merits, to arrive at an
9 estimated total of \$32,096.25. *Id.*

10 Failure to Timely Pay All Wages Upon Termination: Plaintiff alleges that Defendant is also liable
11 for waiting time penalties under Labor Code section 203 as a result of its failure to pay all wages, i.e.,
12 meal and rest period premiums, upon the separation of employment. Moore Decl., ¶ 22. There are
13 approximately 37 Settlement Class Members who have separated their employment during the relevant
14 time period. *Id.* Therefore, Plaintiff calculated Defendant’s maximum exposure for waiting time
15 penalties at approximately \$793,164. *Id.*

16 Defendant asserts it has strong defenses to the waiting time claim because there exist good-faith
17 disputes as to Plaintiff’s underlying claims, precluding imposition of penalties. Moore Decl., ¶ 23. *See*
18 *also* 8 Cal. Code Regs. § 13520 (a “good faith dispute that any wages are due will preclude imposition of
19 waiting time penalties”); *Kao v. Joy Holiday*, 12 Cal.App.5th 947, 963 (2017) (holding that “good faith
20 dispute” over whether employee was exempt precluded imposition of waiting time penalties over
21 contested wages owed). Accordingly, Plaintiff discounted the maximum exposure by 65% for the risk of
22 non-certification, and an additional 55% to account for Defendant’s defenses on the merits, to arrive at
23 an estimated exposure of \$124,923.33. *Id.*

24 Civil Penalties Under The PAGA: Plaintiff seeks civil penalties under the PAGA as a result of the
25 foregoing alleged Labor Code violations. Moore Decl., ¶ 24. Plaintiff calculated Defendant’s maximum
26 exposure at \$318,000 based on each unique Labor Code violation. *Id.*; *see Amaral v. Cintas Corp. No. 2*
27 *(2008)* 163 Cal.App.4th 1157, 1207 (finding “initial” violation rate applies until employer is notified that
28 it is violating a Labor Code provision).

1 Defendant argues that Plaintiff's PAGA claim will fail for the same reasons that her underlying
2 claims will fail. Moore Decl., ¶ 25; *see Price v. Starbucks Corp.* (2011) 192 Cal.App.4th 1136, 1147
3 ("Because the underlying causes of action fail, the derivative UCL and PAGA claims also fail.").
4 Defendant also maintains that, given its good faith defenses, this Court would exercise its discretion to
5 substantially reduce any PAGA penalties if it were to find Defendant liable for any of Plaintiff's claims.
6 *Id.*; *See* Lab. Code § 2699(e)(2); *Thurman v. Bayshore Transit Mgmt., Inc.* (2012) 203 Cal.App.4th 1112,
7 1135 (affirming reduction of PAGA penalties); *Fleming v. Covidien Inc.* (C.D. Cal. 2011) Case No. ED
8 CV10-01487 RGK (OPx), 2011 WL 7563047, at *4 (reducing PAGA penalties from \$2.8 million to
9 \$500,000). Therefore, Plaintiff discounted the maximum exposure figure by 60% for a risk of being
10 unsuccessful on the merits, and an additional 55% to account for the possibility of this Court reducing
11 penalties, to arrive at an estimated exposure of \$57,240.00. *Id.*

12 **g. The Settlement Is Within the Range of Possible Approval**

13 Using these estimated figures for each of the claims described above, Plaintiff predicted the
14 realistic total recovery for the Settlement Class would be approximately \$383,024.20. Moore Decl., ¶ 26.
15 The proposed settlement of \$125,000.00 therefore represents approximately 32.6% of the reasonably
16 forecasted recovery for the Settlement Class. *Id.* Preliminary approval is appropriate as the settlement
17 will provide tangible monetary relief to Settlement Class Members and will still provide an average
18 recovery to Settlement Class Members of over \$330.00. *Id.*

19 The proposed settlement reflects approximately 32.6% of the estimated recovery the Settlement
20 Class could reasonably expect in light of the significant litigation risks and will provide tangible monetary
21 compensation for disputed claims. Indeed, the percentage of the liability exposure recovered in this case
22 exceeds percentages routinely approved by courts. *See, e.g., Glass v. UBS Finan. Servs.* (N.D. Cal. 2007)
23 Case No. C-06-4068 MMC, 2007 WL 221862, *4 (approving settlement representing 25% to 35% of
24 potential damages); *Dunleavy v. Nadler* (9th Cir. 2000) 213 F.3d 454, 459 (approving settlement
25 representing about one-sixth of potential recovery); *Nat'l Rural Telecomm. Coop. v. DirecTV, Inc.* (C.D.
26 Cal. 2004) 221 F.R.D. 523, 527 ("it is well-settled law that a proposed settlement may be acceptable even
27 though it amounts to only a fraction of the potential recovery that might be available to the Settlement
28 Class members at trial"). Thus, Plaintiff submits the settlement is within the range of possible approval,

1 such that notice should be provided to the Settlement Class so that they can consider the Settlement. The
2 Court will have the opportunity to again assess the reasonableness of the Settlement after the Settlement
3 Class has had the opportunity to opt-out or object.

4 **h. The Experience and Views of Counsel**

5 “Parties represented by competent counsel are better positioned than courts to produce a
6 settlement that fairly reflects each party’s expected outcome in litigation.” *In re Pacific Enterprises*
7 *Securities Litigation* (9th Cir. 1995) 47 F.3d 373, 378. Here, Plaintiff is represented by competent,
8 experienced counsel who possess extensive experience prosecuting and defending wage-and-hour class
9 actions, and who have been appointed as class counsel in numerous cases alleging similar claims. *See*
10 Moore Decl., ¶¶ 2-4; Lidman Decl., ¶¶ 2-8; Gose-Hardy Decl., ¶¶ 2-4; Haines Decl., ¶¶ 2-8. Class
11 Counsel conducted an in-depth review of Defendant’s policies and timekeeping and payroll records and
12 drew on their extensive experience in similar cases to assess the strengths and weaknesses of Plaintiff’s
13 case. *See* Moore Decl., ¶ 7. The Settlement was also reached with the assistance of an experienced and
14 respected wage and hour class action mediator. Moore Decl., ¶ 8. This factor strongly supports
15 preliminary approval of the Settlement. *See Kullar, supra*, 168 Cal.App.4th at 130.

16 **i. Attorneys’ Fees and Costs**

17 California courts recognize an appropriate method for awarding attorneys’ fees in class actions is
18 to award a percentage of the “common fund” created as a result of a settlement. *See e.g., Laffitte v. Robert*
19 *Half Int’l, Inc.* (2016) 1 Cal.5th 480, 506 (holding “the percentage of fund method survives in California
20 class action cases”). Class Counsel’s request for fees of one-third of the GSA is well within the range of
21 reasonableness and indeed is considered the typical rate for common fund settlements. Historically, courts
22 have awarded percentage fees in the range of 20% to 50%, depending on the circumstances of the case.
23 *See* 4 Newberg on Class Actions § 14.6 (4th Ed. 2013).

24 Here, Class Counsel will also apply for an attorneys’ fees award of one-third of the GSA, which
25 is currently estimated to be \$43,750.00, and up to \$17,500.00 in verified costs reimbursement. *See*
26 Settlement; Moore Decl., ¶ 27.

27 Plaintiff submits the requested fee is fair compensation for undertaking complex, risky, expensive,
28 and time-consuming litigation on a purely contingent fee basis. Moore Decl., ¶ 27. Further, Plaintiff has

provided written approval of the split of attorneys' fees in this action. Moore Decl., ¶ 29. Class Counsel has incurred substantial attorney fees conducting pre-filing investigation, analyzing Plaintiff's claims, conducting legal research, reviewing Defendant's documents and policies, analyzing Settlement Class Members' timekeeping data and payroll records, preparing for and attending mediation, negotiating and revising the long-form Settlement, preparing this Motion, and otherwise litigating the case. Moore Decl., ¶ 27. Class Counsel expect to expend additional attorney time in attending the hearing on this Motion, overseeing the Notice process and fielding questions from Settlement Class Members, preparing the final approval papers and attending the Final Approval hearing. *Id.*

Class Counsel submits that the request for attorneys' fees is reasonable when viewed as an overall percentage of the settlement in light of the substantial risks, significant work undertaken, the extremely positive results obtained for the class, and the efficiency with which the Parties conducted the litigation. Should the Court grant preliminary approval, Class Counsel will seek an award of attorneys' fees and verified litigation costs at the time of seeking final approval of the Settlement, which will include a lodestar analysis.

j. Administration Costs

Phoenix Settlement Administrator's fees and expenses are estimated not to exceed \$6,000.00. *See* Declaration of Jodey Lawrence in support of Plaintiff's Motion for Preliminary Approval filed concurrently herewith ("Lawrence Decl."). This includes sending the Notice in English only as Defendant confirmed that its workforce speaks and understands English. Lawrence Decl., ¶ 16. This request is reasonable in light of the proposed class size of approximately 129 Settlement Class Members, the costs and expenses associated with administering the notices in English, and distributing the award and tax documents.

k. Class Representative Service Award

"[I]ncentive awards are fairly typical in class action cases . . . and are intended to compensate class representatives for work done on behalf of the class [and] to make up for financial or reputational risk undertaken in bringing the action." *In re Cellphone Fee Termination Cases* (2010) 186 Cal.App.4th 1380, 1393-94. Here, as part of the Settlement, Plaintiff will separately apply for a service award at the time of seeking final approval of the proposed class action settlement in the amount of \$5,000.00 for her services

1 to the Settlement Class. Moore Decl., ¶ 30; Settlement, ¶ 3.2.1; Hernandez Decl., ¶ 13. As will be fully
2 briefed at the time of final approval, Plaintiff's requested service award is intended to recognize the time
3 and effort Plaintiff expended on behalf of the Settlement Class, including providing substantial factual
4 information and documents to Class Counsel, attending multiple meetings with Class Counsel to discuss
5 the claims and theories at issue in the litigation, participating in the mediation, as well as the significant
6 risks Plaintiff undertook by agreeing to serve as the named plaintiff in this case, and the fact that Plaintiff
7 has agreed to a general release of all claims subject to a waiver of Civil Code § 1542. See Moore Decl.,
8 ¶ 30; Mendoza-Hernandez Decl., ¶¶ 2-13; Settlement ¶ 4.C(3).

9 **I. Payroll Taxes**

10 The Settlement provides that the employer's share of payroll taxes shall be paid separately from,
11 and in addition to, the Gross Settlement Amount. Settlement ¶ 3.1. Defendant will deposit with the
12 Settlement Administrator the employer's share of payroll taxes when its pays the settlement. Settlement ¶
13 3.1.

14 **m. Uncashed Funds**

15 The Settlement provides that Settlement Class Members with 180 days from the date the
16 Settlement Administrator mails the checks and any funds remaining after 180 days be transferred to the
17 California Secretary of State-Unclaimed Property Fund under the unclaimed property laws in the name
18 of the Settlement Class member. Settlement ¶ 4.4.3. As all settlement funds will be distributed to the
19 Settlement Class Members, there will be no residue and it is unnecessary to designate *cy pres* recipients.

20 **C. SETTLEMENT IS DEVOID OF OBVIOUS DEFICIENCIES**

21 Preliminary approval of the Settlement is also warranted because there are no obvious deficiencies.
22 The Settlement will provide monetary relief to participating Settlement Class Members. The amounts
23 proposed for Class Counsel's attorneys' fees and costs, and service award are all reasonable and
24 appropriate based on the facts of this case. Because the Settlement is devoid of obvious deficiencies, this
25 factor supports preliminary approval.

1 **D. THE COURT SHOULD ORDER DISTRIBUTION OF THE PROPOSED NOTICE**
2 **TO SETTLEMENT CLASS MEMBERS**

3 Before the final approval hearing, the Court requires adequate notice of the settlement be given
4 to all class members. This Court should order distribution to the Settlement Class of the proposed Notice
5 Packet (which is comprised of the Notice of Pendency of Class Action and Proposed Settlement) by first-
6 class regular U.S. Mail, postage prepaid, using last known mailing address information provided by
7 Defendant. *See* Settlement, ¶ 7.4, Exh. A. The Notice Packet will be mailed in English due to the nature
8 of Defendant’s workforce.

9 This manner of giving notice is the “best notice practicable” under the circumstances because it
10 provides “individual notice to all members who can be identified through reasonable effort.” *See Eisen*
11 *v. Carlisle & Jacquelin* (1974) 417 U.S. 156, 173. Here, Plaintiff proposes that the Settlement be
12 administered by Phoenix, an experienced class action settlement administrator. *See generally* Lawrence
13 Decl. and attached exhibits. Class Data will be ascertainable through Defendant’s personnel and payroll
14 records, which Defendant will provide to Phoenix within 30 calendar days of preliminary approval of the
15 Settlement. *See* Settlement ¶ 4.2. Within 15 calendar days of receipt of the Settlement Class Members’
16 addresses, Phoenix will run the names of all Settlement Class Members through the United States Postal
17 Service Notice of Change of Address database (which provides updated addresses for any individual who
18 has moved in the previous four years and has notified the U.S. Postal Service of a forwarding address),
19 calculate the estimated Settlement Award for each Settlement Class member, and mail the notices to
20 Settlement Class Members. *See* Settlement ¶ 7.4.2. To the extent that any notices are returned, Phoenix
21 will perform a “skip trace” to track any Class Member’s current mailing address. *See* Settlement ¶ 7.4.3.

22 The content of the proposed Notice Packet satisfies California Rule of Court 3.766(d) because it
23 advises Settlement Class Members of the nature of the claims, basic contentions and denials of the parties,
24 and the key terms of the Settlement, the 60-day deadline to opt-out or object to the Settlement and the
25 procedures by which to do so, explains the recovery formula and expected recovery amount for each
26 Settlement Class member, provides them the opportunity to contest their total workweeks included in the
27 notice, and advises them that they will be bound by the terms of the Settlement if they do not opt-out.
28 *See* Moore Decl., Exh. 1 (Settlement, Exh. A). The proposed Notice Packet will also notify Settlement

1 Class Members of the final approval hearing date, provide Settlement Class Members the contact
2 information for Class Counsel, and advise Settlement Class Members that they may enter an appearance
3 through counsel if they wish to.

4 Additionally, as stated in the proposed Notice Packet, any changes to the Final Approval hearing
5 date, time, or location will be posted on the Settlement Administrator's website. *See* Moore Decl., Exh.
6 1 (Settlement, Exh. A). Furthermore, the Settlement Administrator will post the notice of final judgment
7 on its website. *Id.* This manner of giving notice satisfies California Rule of Court 3.766(e) as the most
8 reliable and cost-effective method of reaching Settlement Class Members.

9 **E. THE COURT SHOULD SET A FINAL APPROVAL HEARING**

10 Finally, this Court should set a hearing for final approval of the Settlement on a date appropriately
11 scheduled to follow the deadline by which Settlement Class Members must file objections to the
12 Settlement or opt-out. *See* California Rule of Court 3.769.

13 **IV. CONCLUSION**

14 For the foregoing reasons, Plaintiff respectfully requests that the Court preliminarily approve the
15 proposed Settlement, provisionally certify the Settlement Class, and enter the Proposed Order Granting
16 Preliminary Approval of Class Action Settlement submitted concurrently herewith.
