Case No.: CVRI2406864
*[Assigned to Hon. Harold Hopp, Dept 1, for all
purposes]*

**DECLARATION OF PLAINTIFF
ANTONIO REYES IN SUPPORT OF
MOTION FOR FINAL APPROVAL OF
CLASS ACTION SETTLEMENT**

1 I, Antonio Reyes, state and declare:

2 1. I am one of the Plaintiffs in the above captioned action. I have personal
3 knowledge of all matters stated herein and could competently testify thereto. I make this
4 declaration in support of the motion for final approval of the class action settlement. I believe the
5 settlement is fair and reasonable and is a fair resolution of the claims alleged.

6 2. When I was a driver for Defendants, there were several issues with how I was
7 treated and paid. For that reason, I started researching my rights under California law and
8 contacted my eventual attorneys (Lauby, Mankin & Lauby). I then learned that there was
9 already a pending class action case that covered the issues I had at the company – and I was
10 given the option of adding myself to the class action to pursue the claims and try to help all of
11 the employees. But I understood that, if I was added to the class action, I would be required to
12 put the interests of the class ahead of my own and would not be able to attempt to maximize my
13 individual recovery (since I would be required to consider the interests of all class members
14 above my own personal interests). I was also concerned that, if I was added to the class action, it
15 might impact my ability to find future jobs because my name would be attached to this case as a
16 whistleblower, and future employers might hold that against me. Despite these risks, I chose to
17 be added to the class action to help all employees.

18 3. I respectfully request that the Court approve the agreed-upon service award for
19 the following reasons.

20 4. *First*, in agreeing to be added to the class action, I agreed to set aside my personal
21 interests and to put the interests of the class ahead of my own, including foregoing a possible
22 individual settlement. In doing so, and by successfully bringing this case as a class action, I
23 helped to obtain a highly beneficial settlement for the class members.

24 5. *Second*, as part of agreeing to put the interests of the Class first, I also had to
25 agree – as part of the settlement – to waive all of my claims against the company, which other
26 drivers were not required to do.

27 6. *Third*, I have spent substantial time working on this case – at least 35 hours
28 engaged in activities to benefit the class. I have been an active participant in this litigation and

1 have assisted my attorneys in numerous ways, including helping to explain and discuss the
2 company's practices and their general practices and procedures, locating and analyzing company
3 documents, and communicating with other class members. These efforts occurred through
4 numerous telephone conferences, letters, emails, and text communications. I also assisted in
5 preparation for mediation and helped obtain a positive result for the class. My work also
6 continued after mediation, as I reviewed settlement agreements and other settlement documents,
7 and continued communication with Class Counsel and other class members during the settlement
8 approval processes.

9 7. *Fourth*, agreeing to join the class action came with a major financial risk because,
10 if we lost the case, I could be required to pay the company's costs, which could be over \$10,000,
11 and there was a chance they could try to make me pay their attorneys' fees as well.

12 8. *Fifth*, by joining and participating in this class action, I undertook significant risk
13 and stresses at a high emotional cost without any guarantee of success. For example, this lawsuit
14 and being a whistle blower was stressful on a day-to-day basis as I have constantly worried about
15 the risk that this case could impact my ability to find future jobs. And this stress/risk lasted for
16 the entire case, and I'm still worried it may make it hard to find a job in the future.

17 9. Therefore, I respectfully request that the Court award the full requested service
18 award since that amount is justified based on the facts above. As requested by the Court, I hereby
19 state that I expect to receive an Individual Class Payment of \$6,290.29, an Individual PAGA
20 Payment of \$132.97, and a share of the Lost Equity Fund of \$8,000.

21 I declare under penalty of perjury under the laws of the State of California that the
22 foregoing is true and correct. Executed on Jun 29, 2026, at Ontario, California.
