CLASS & REPRESENTATIVE ACTION

**DECLARATION OF PLAINTIFF
CRISTIAN SANTOS IN SUPPORT OF
PLAINTIFF'S MOTION FOR FINAL
APPROVAL OF CLASS ACTION
SETTLEMENT**

DECLARATION OF PLAINTIFF CRISTIAN SANTOS

I, Cristian Santos, declare as follows:

1. I am an adult resident of the State of California, and, if called as a witness in this action, I would testify truthfully to the matters described in this declaration. All of the matters described in this declaration are within my personal knowledge, except those matters that are stated to be upon information and belief. As to such matters, I believe them to be true.

2. I make this declaration entirely of my own free will and choice. I have not been promised any benefit for doing so, and I have not been pressured into giving this declaration. Before signing this declaration, I was given the opportunity to review it, make changes, and verify the accuracy of its contents.

3. I am a former employee of Defendant Stone Roofing Co., Inc. (“Defendant”). I worked for Defendant from approximately April 21, 2024, to approximately April 23, 2024, as a non-exempt employee. Throughout the entirety of my employment, I was subject to all of Defendant’s policies and practices that have been alleged as unlawful in the Class & Representative Action Complaint and Private Attorneys General Act (“PAGA”) Notice sent to Defendant and the Labor & Workforce Development Agency (“LWDA”).

4. I joined this lawsuit because I suspected I was not being fully compensated for all the hours I worked, and I was not consistently granted my meal and rest breaks. By serving as a class representative, I hoped to influence Defendant’s policies in a way that would improve working conditions for my co-workers. I also understood it was my responsibility to look out for the best interests of the class, stay informed about the proceedings, assist my attorneys, and remain updated on developments in this case.

5. I have devoted a significant amount of my own time and energy to this lawsuit – approximately 40 hours in total. I made it a priority to stay active in the process so I could support my attorneys in pursuing these claims.

6. Over the course of the litigation, I spent extensive time on phone calls with my attorneys, both to receive updates and to share information. During some of those conversations, we were able to pinpoint specific occasions where I had not been paid correctly.

7. I also worked diligently to locate and send my attorneys any documents relevant to the claims, devoting numerous hours to gathering them before mediation. I made sure to review legal documents thoroughly, including the retainer and settlement agreement and discussed their terms in detail with my attorneys.

8. On the day of mediation, I made sure to make myself completely available in the event my attorneys needed me to address any questions or issues that arose.

9. I believe the settlement reached is fair, adequate, and reasonable, and I would strongly urge the Court to approve it. I am pleased I had the opportunity to serve as a class representative and help secure a settlement that benefits the class.

10. The decision to join a class action was not something I took lightly. I knew it would bring public attention, and my name would be tied to a lawsuit against my former employer. I also understood that future employers might discover I had sued Defendant. However, I felt there were important rights at stake that affected everyone, and I wanted to take action.

11. I recognized the financial risks as well; for instance, if I lost the case, I might have been held responsible for Defendant's attorneys' fees and costs.

12. Under the settlement agreement, I am eligible to receive a service payment of up to \$10,000.00. I believe this amount fairly compensates me for the time and effort I invested, as well as the potential risks to my future employment. I also acknowledge that I have signed a general release broader than the one binding other class members, and I will receive no compensation beyond what is specified in the settlement.

13. In light of my role and the positive impact his case has had on my former co-workers, I feel proud to have stood up for employees who were too fearful of losing their jobs or facing the stigma of suing an employer. I was willing to take that risk because I genuinely care about safeguarding the rights and well-being of my former colleagues.

14. I reviewed and signed the Class Action and PAGA Settlement Agreement and Class Notice in full and my attorneys answered all the questions I had. I believe the settlement terms and allocations are fair, adequate, and reasonable given the strength of the class claims and Defendant's defenses.

Executed on 5/20/2026, at Porterville, California.
