PRELIMINARY APPROVAL HEARING:

Date: November 9, 2026

Time: 10:30 a.m.

Dept.: 10

Judge: Hon. William F. Highberger

Action Filed: December 23, 2024

Trial Date: Not set

I, KANE MOON, declare as follows:

1. I am an attorney at law duly licensed to practice as such before all Courts of the State of California and am one of the attorneys of record for Plaintiff Antonio Denne Cosby-Spikes (“Plaintiff”) and the putative Class. I have personal knowledge of the matters set forth herein and if called as a witness, I could and would testify competently to the facts described herein.

CASE BACKGROUND AND PROCEDURAL HISTORY

2. This is a wage-and-hour class and representative action for alleged Labor Code violations and claims for civil penalties pursuant to the California Private Attorneys General Act, Labor Code sections 2698, *et seq.* (“PAGA”). Plaintiff seeks to represent a class of all current and former hourly-paid, non-exempt employees of Defendant Child Educational Center (“Defendant”) who worked for Defendant in California at any time during the Class Period, as set forth in the Joint Stipulation of Class and Representative Action Settlement Agreement (the “Settlement”). A true and correct copy of the Settlement is attached to the instant Declaration as **Exhibit 1**. The proposed Class Notice is attached to the Settlement as **Exhibit A**.

3. Defendant is a specialized facility designed to provide structured early childhood education, supervision, and developmental support for infants through school-aged children. Defendant employed Plaintiff and other non-exempt, hourly-paid employees during the Class Period. Plaintiff contends he and his coworkers were subjected to the same unlawful labor practices, including failure to pay wages for all hours worked.

4. Plaintiff's claim for unpaid minimum and overtime wages stem from allegations that Defendant failed to compensate Plaintiff and others for off-the-clock work and failed to incorporate all remuneration into employees' regular rate of pay for purposes of paying overtime, meal premium, or sick pay. Plaintiff's meal and rest period claims are based on allegations that due to the nature of their work, Class Members' breaks were often short, late, interrupted, and sometimes missed altogether, and that Defendant did not pay all premium wages for non-compliant breaks. Plaintiff further brings a claim for unreimbursed necessary business expenses based on allegations that Class Members were required

1 to use their personal cellphone and personal vehicles for work purposes without reimbursement from
2 Defendant. Finally, Plaintiff also brings derivative claims for waiting time penalties, wage statement
3 violations, unfair business practices, and civil penalties under PAGA.

4 5. Because of the foregoing alleged violations of various provisions of the Labor Code,
5 Plaintiff filed a class action on December 23, 2024, which alleges Defendant systematically: (1) failed
6 to pay minimum wages, (2) failed to pay overtime compensation, (3) failed to provide meal periods, (4)
7 failed to authorize and permit rest periods, (5) failed to indemnify necessary business expenses, (6) failed
8 to timely pay final wages at termination, (7) failed to provide accurate itemized wage statements, and
9 (8) engaged in unfair business practices.

10 6. Pursuant to PAGA, on December 19, 2024, Plaintiff gave written notice to the California
11 Labor and Workforce Development Agency (the “LWDA”) of the alleged Labor Code violations, with
12 certified mail service on Defendant, and paid the required filing fee. On January 10, 2025, Plaintiff
13 submitted an Amended Notice of Labor Code Violations to the LWDA and sent it via certified mail to
14 Defendant, updating the corporate address and providing additional factual information regarding the
15 alleged Labor Code violations. True and correct copies of Plaintiff’s PAGA Notices are attached hereto
16 as **Exhibit 2**. On June 16, 2025, the Action was transferred from Alameda County Superior Court to Los
17 Angeles County Superior Court and reassigned Case No. 25STCV17255. On June 17, 2025, Plaintiff
18 timely filed a First Amended Class and Representative Action Complaint to add a ninth cause of action
19 for civil penalties under PAGA (the “Operative Complaint”). In compliance with Labor Code section
20 2699(s)(1), Plaintiff subsequently submitted to the LWDA a file-stamped copy of the Operative
21 Complaint containing the Court-assigned case number. To date, the LWDA has not indicated its intent
22 to investigate the alleged violations or intervene in this Action.

23 7. Defendant ardently opposes the merits of this case and denies Plaintiff’s factual allegations.
24 Defendant asserts it complied with all its compensation obligations, including compensating Class
25 Members for any and all off-the-clock work and overtime work, and therefore, Plaintiff and other Class
26 Members were paid all wages owed. Defendant argues it did not fail to incorporate any non-discretionary
27 bonuses into the regular rate of pay for purposes of paying overtime, meal premium, or sick pay, and
28

1 that all bonuses were discretionary. Defendant maintains compliance with all its meal and rest period
2 obligations. Defendant asserts it complied with all its reimbursement obligations, and that Plaintiff and
3 other employees were compensated for any and all business expenses necessarily incurred. To the extent
4 employees received wage statements that were allegedly inaccurate, Defendant asserts employees
5 suffered no actual damage or harm as a result. (*See, e.g., Angeles v. U.S. Airways, Inc.* (N.D. Cal. Feb.
6 19, 2013, No. C 12–05860 CRB) 2013 WL 622032, at *10 [“A plaintiff must adequately plead an injury
7 arising from an employer’s failure to provide full and accurate wage statements, and the omission of the
8 required information alone is not sufficient.”].) With respect to Plaintiff’s claim for waiting time
9 penalties, Defendant alleges its good-faith belief that it paid all wages precludes the imposition of
10 waiting time penalties since Plaintiff cannot prove Defendant’s alleged failure to pay all final wages at
11 the time of separation was “willful.” (*See, e.g., Pedroza v. PetSmart, Inc.* (C.D. Cal. June 14, 2012, No.
12 ED CV 11–298 GHK (DTBx)) 2012 WL 9506073, *5.) For these reasons, among others, Defendant
13 denies all of Plaintiff’s claims and allegations, and further claims it did not engage in any unfair business
14 practices and denies liability under PAGA. Defendant also maintains the claims are improper for class
15 treatment, in part, due to the individualized and testimony-intensive nature of the wage claims that could
16 bar class certification or significantly reduce Defendant’s overall liability.

17 DISCOVERY AND INVESTIGATION

18 8. The Parties agreed to mediate this action with Hon. Carl West (Ret.), an experienced class
19 and PAGA action mediator. In preparation for mediation, the Parties agreed to a protocol for an informal
20 production of documents and information before mediation. Prior to mediation, Plaintiff obtained from
21 Defendant, through informal discovery, documents and data that were necessary and helpful to evaluate
22 the claims asserted in this action. Defendant produced a statistically sound sample of time and pay
23 records for approximately 20% of the putative Class, Plaintiff’s personnel file and time and pay records,
24 and Defendant’s written employment policies in effect during the Class Period. Defendant also provided
25 information regarding the estimated number of current and formerly employed Class Members, PAGA
26 Group Members, and PAGA Pay Periods.

1 9. In preparation for mediation, Plaintiff's Counsel reviewed and analyzed all the information
2 Defendant provided, including the sample records and documents regarding Defendant's wage-and-hour
3 policies. Plaintiff's Counsel retained a statistics expert to analyze the sample records and prepare a
4 damage analysis prior to the mediation. The sample time and pay records analyzed contained 15,083
5 actual shifts worked (representing roughly 14% of total shifts worked in the Class Period), which allowed
6 Plaintiff's expert to prepare an analysis with a reasonable degree of certainty. In conjunction with their
7 extensive factual investigation, Plaintiff's Counsel also investigated the applicable law regarding the
8 claims and defenses asserted in the litigation. Accordingly, Plaintiff's Counsel was able to evaluate the
9 probability of class certification, success on the merits, and Defendant's maximum and realistic
10 monetary exposure for all claims. Thus, Plaintiff's and his Counsel's familiarity with the facts of the
11 case and the legal issues raised by the pleadings allowed them to act intelligently in negotiating the
12 Settlement.

13 SETTLEMENT NEGOTIATIONS AND NOTICE TO THE LWDA

14 10. On April 8, 2026, the Parties participated in a full day of private mediation with Hon. Carl
15 West (Ret.). The negotiations were at arm's length and, although conducted in a professional manner,
16 were adversarial. The Parties went into the mediation willing to explore the potential for a settlement of
17 the dispute, but each side was also prepared to litigate their position through trial and appeal if a
18 settlement had not been reached. After a full discussion regarding the strengths and weaknesses of
19 Plaintiff's claims and Defendant's defenses and with the assistance of the mediator, the Parties reached
20 a resolution, the material terms of which are set out in the Settlement.

21 11. In compliance with Labor Code section 2699(s)(2), notice of settlement and a copy of the
22 proposed Settlement has been submitted to the LWDA along with a copy of Plaintiff's preliminary
23 approval motion and the hearing date. A true and correct copy of the LWDA's email confirming receipt
24 thereof is attached hereto as **Exhibit 3**. To date, the LWDA has not indicated any objection to the
25 Settlement.

26 KEY TERMS OF SETTLEMENT

27
28

1 12. GSA and Funding: The Gross Settlement Amount (“GSA”) is \$725,000, subject to potential
2 increase under an Escalator Clause, and is non-reversionary. (Settlement, ¶ 3.1.) Defendant will
3 separately pay its employer-side payroll taxes owed on the Wage Portion of Individual Class Payments.
4 (*Id.*) Defendant will fully fund the GSA, together with all employer-side payroll taxes owed on the Wage
5 Portion of Individual Class Payments, by transmitting the funds into a Qualified Settlement Fund
6 (“QSF”) established and maintained by the Administrator within thirty (30) calendar days of the Final
7 Approval Order. (*Id.* at ¶ 4.1.)

8 13. Escalator Clause: The Settlement provides an escalator clause under which should the
9 number of Workweeks increase by more than 10% of the original estimate of 28,883 (i.e., if the actual
10 number of Workweeks is more than 31,772), then Defendant agrees, at its sole option, to either (a) de-
11 escalate the Settlement so that the Class and PAGA Periods end on the date upon which the actual
12 number of Workweeks totals 28,883, or (b) make a proportional increase to the GSA by the percentage
13 increase for each additional Workweek above the 10% threshold (e.g., if the number of Workweeks
14 increases to 31,772 plus 289 additional Workweeks, representing an 11% increase, the GSA will increase
15 by 1%). (*Id.* at ¶ 7.1.) Defendant shall inform the Court of its selection at or before the preliminary
16 approval hearing. (*Id.*) If Defendant exercises option (a), it shall also inform the Court of the adjusted
17 Class Period and PAGA Period end dates at the preliminary approval hearing (*Id.*)

18 14. Class Representative Enhancement Award: The Settlement includes a payment up to
19 \$7,500.00 payable from the GSA, subject to the Court’s approval, to Plaintiff as the Class
20 Representative, in addition to the amount he is eligible to receive as a Class Member. (*Id.* at ¶¶ 1.14,
21 3.2.1.) This award is for his services in support of the Action and General Release. (*Id.* at ¶ 1.14.) In the
22 event the award finally approved is less, the difference will be allocated to the Net Settlement Amount.
23 (*Id.* at ¶ 3.2.1.)

24 15. Class Counsel Fees and Costs Payments: The Settlement permits a fee application of not
25 more than one-third of the GSA (currently estimated to be \$241,666.66) plus reimbursement for actual
26 litigation costs not to exceed \$25,000.00, payable to Class Counsel from the GSA. (*Id.* at ¶ 3.2.2.) In the
27 event the amounts finally approved are less, the difference will be allocated to the Net Settlement
28

Amount. (*Id.*) To date, my firm has incurred \$22,498.13 in actual litigation costs, and a true and correct copy of a report showing current costs is attached hereto as **Exhibit 4**.

16. **Administration Expenses Payment**: The Settlement provides an Administration Expenses Payment to the Administrator, payable from the GSA, in an amount not to exceed \$15,000.00, except for a showing of good cause and as approved by the Court. (*Id.* at ¶ 3.2.3.) In the event the amount of actual administration costs is less and/or the amount approved by the Court is less than requested, the difference will be allocated to the Net Settlement Amount. (*Id.*) The Parties jointly selected Phoenix Class Action Administration Solutions (“Phoenix”) as the neutral entity to administer this Settlement. (*Id.* at ¶¶ 1.2, 6.1.) A true and correct copy of Phoenix’s bid of \$8,500.00 is attached hereto as **Exhibit 5**.

17. **PAGA Group Members; PAGA Period**: PAGA Group Members is defined as all current and former hourly-paid, non-exempt employees of Defendant who worked for Defendant in California at any time during the PAGA Period. (*Id.* at ¶ 1.32.) For purposes of Settlement, the “PAGA Period” is December 19, 2023, through June 7, 2026. (*Id.* at ¶ 1.36.)

18. **PAGA Penalties; Individual PAGA Payments**: The Settlement allocates \$40,000.00 from the GSA for settlement of the Released PAGA Claims, which will be distributed 65% (\$26,000.00) to the LWDA and 35% (\$14,000.00) to PAGA Group Members pursuant to PAGA law governing Plaintiff’s claims. (*Id.* at ¶¶ 1.35, 3.2.5.) Each PAGA Group Member will be entitled to a pro rata share of the 35% share of the PAGA Penalties directly proportional to their number of PAGA Pay Periods. (*Id.* at ¶ 3.2.5.a.) This results in an average Individual PAGA Payment of roughly **\$78.65** for each of the estimated 178 PAGA Group Members (\$14,000 / 178), and a PAGA Pay Period value of roughly **\$2.23** for each of the 6,276 estimated Pay Periods in the PAGA Period (\$14,000 / 6,276).

19. **Net Settlement Amount**: After deducting the Class Representative Enhancement Award, the Class Counsel Fees and Costs Payments, the PAGA Penalties allocation, and the Administration Expenses Payment from the GSA, in the amounts specifically approved by the Court, any difference in the amounts requested and the amounts awarded will be allocated to the Net Settlement Amount for

1 distribution to Participating Class Members. (*Id.* at ¶¶ 1.27, 3.2.) Accordingly, the Net Settlement
2 Amount will be *no less than* **\$395,933.34** for an estimated Class of **257 individuals**.¹

3 20. Class Members/Period: The Settlement Class is defined as all current and former hourly-
4 paid, non-exempt employees of Defendant who worked for Defendant in California at any time during
5 the Class Period. (*Id.* at ¶ 1.4.) For purposes of Settlement, the “Class Period” is December 23, 2020,
6 through June 7, 2026. (*Id.* at ¶ 1.12.)

7 21. Individual Class Payments: Each Class Member who does not opt out will be entitled to a
8 pro rata share of the Net Settlement Amount that is directly proportional to the number of Workweeks
9 worked during the Class Period. (*Id.* at ¶ 3.2.4.) The estimated **\$395,933.34** Net Settlement Amount
10 results in an average Individual Class Payment of roughly **\$1,540.21** for each of the estimated 257 Class
11 Members ($\$395,933.34 / 257$),² and a Workweek value of roughly **\$13.70** for each of the 28,883
12 estimated Workweeks in the Class Period ($\$395,933.34 / 28,883$).

13 22. Tax Allocations: Individual Class Payments will be allocated as 20% as wages and 80% as
14 penalties and interest for tax purposes. (*Id.* at ¶ 3.2.4.) Individual PAGA Payments will be allocated as
15 100% penalties for tax purposes. (*Id.* at ¶ 3.2.5.b.)

16 23. Disbursement and Uncashed Funds: Disbursement will occur within 14 days of completed
17 funding. (*Id.* at ¶ 4.2.) Class Members will not need to submit any claim form as a condition of receiving
18 individual settlement payments. (*Id.* at ¶ 3.1.) Any funds remaining uncashed after 180 days from
19 issuance will be transmitted to the California State Controller’s Office to be held pursuant to the
20 Unclaimed Property Law, California Civil Code section 1500, et seq., in the name of each individual
21 who failed to timely cash his or her check, until such time that he or she claims his or her property. (*Id.*
22 at ¶¶ 4.2.1, 4.2.3.)

23 ¹ The Net Settlement Amount was calculated by deducting the following from the \$725,000 GSA:
24 \$7,500.00 for the Class Representative Enhancement Award, up to \$15,000.00 for the Administration
25 Expenses Payment, \$40,000.00 for the PAGA Penalties to the LWDA and PAGA Group Employees,
\$241,666.66 for the Class Counsel Fees Payment, and up to \$25,000.00 for the Class Counsel Costs Payment.
(Settlement, ¶¶ 3.2–3.2.5.)

26 ² At this time, the actual amounts to Class Members and/or PAGA Group Employees are unknown and
27 will be calculated by the Administrator following preliminary approval and receipt and processing of the Class
28 Data. (Settlement, ¶ 6.2.) The high and low range of payments will be provided to the Court in a motion for
final approval.

1 24. Released Class Claims by Participating Class Members: The “Released Class Claims” is
2 limited to all claims that were alleged in Plaintiff’s First Amended Complaint or that reasonably could
3 have been alleged based solely on the facts asserted therein. (*Id.* at ¶ 5.2.) The release excludes any
4 claims for vested benefits, unemployment benefits, disability benefits, social security benefits or
5 workers’ compensation benefits that arose at any time, any claims that are not releasable as a matter of
6 law or public policy, and any claims arising outside the Class Period. (*Id.*)

7 25. Released PAGA Claims by PAGA Members and LWDA: The “Released PAGA Claims” is
8 limited to all claims for PAGA penalties, which were alleged, or reasonably could have been alleged, in
9 Plaintiff’s PAGA Notices to the LWDA dated December 19, 2024 and January 10, 2025, and in Plaintiff’s
10 First Amended Complaint, including Labor Code sections 201, 202, 203, 204, 210, 226, 226.3, 226.7,
11 227.3, 510, 512, 558, 1174, 1174.5, 1194, 1194.2, 1197, 1197.1, 1198, 2699, and 2802. (*Id.* at ¶ 5.3.)

12 26. Plaintiff’s Section 1542 Release: Under the Settlement, Plaintiff has agreed to a general
13 release of any and all claims related to his employment, including all claims alleged in the Action, and
14 release of rights pursuant to California Civil Code section 1542. (*Id.* at ¶¶ 5.1, 5.1.1.)

15 27. Effective date of claims releases: The release of all claims will be effective upon the
16 Effective Date. (*Id.* at ¶ 5.4.)

17 28. Released Parties: Defendant and each of its former, present and future owners, parents,
18 subsidiaries, and all of their current, former and future spouse(s), children, officers, directors, members,
19 managers, employees, consultants, partners, shareholders, joint venturers, agents, predecessors,
20 successors, assigns, accountants, insurers, reinsurers, and legal representatives. (*Id.* at ¶ 1.41.)

21 29. Class Notice; Disputes, Requests for Exclusion, Objections: The Class Notice will be mailed
22 via first-class U.S. mail in English and Spanish to the current address of each Class Member. (*Id.* at ¶
23 6.4.) The proposed Class Notice sets forth, in plain terms, a statement of case, the terms of the Settlement,
24 the approximate amounts of attorneys’ fees, costs, PAGA Penalties, and service award being sought, an
25 explanation of how the individual payments are calculated, the Final Approval Hearing information, the
26 procedure for disputing the number of Workweeks and/or Pay Periods credited to each Class Members,
27
28

1 and how Class Members may, should they choose, opt out or otherwise object to the Settlement. (*Id.* at
2 ¶¶ 6.4–6.6, Ex. A.)

3 30. No Related Actions: To the best of my knowledge, there is no other pending litigation
4 involving similar claims against Defendant that may be impacted by approval of the Settlement at issue,
5 nor has Defendant pointed to any.

6 THE PROPOSED SETTLEMENT IS FAIR, REASONABLE, AND ADEQUATE

7 31. Plaintiff’s Counsel have conducted a thorough investigation into the facts of this case. As
8 previously noted, the Settlement at issue was reached through arms’-length negotiations, private
9 mediation, and the assistance of a statistics expert. Based on Defendant’s informal class-wide discovery
10 production, on Plaintiff’s Counsel’s independent investigation and evaluation, and on their extensive
11 experience in wage-and-hour litigation, Plaintiff’s Counsel are of the opinion that the proposed
12 Settlement is fair, reasonable, and adequate. Furthermore, considering all known facts and
13 circumstances, the risk of significant delay, trial risk, appellate risk, and the defenses Defendant may
14 assert both to certification and on the merits, the Settlement is in the best interest of the Class and LWDA.

15 32. Based on Plaintiff’s Counsel’s review of the time, payroll, and additional data provided by
16 Defendant, on Plaintiff’s expert’s analysis of the sample records provided by Defendant, and on
17 information from Plaintiff, Plaintiff’s Counsel evaluated the estimated maximum and risk-adjusted
18 exposure that Defendant faced. Based on a review of Defendant’s records, it is estimated that there are
19 approximately 257 Class Members who collectively worked 28,883 Workweeks during the Class Period,
20 and 178 PAGA Group Members who collectively worked 6,276 PAGA Pay Periods during the PAGA
21 Period. (*Id.* at ¶ 7.1.) Additionally, there are an estimated 114 former employees falling within the three-
22 year statute of limitations (“SOL”) period for waiting time penalties, that Class Members’ average hourly
23 rate was \$22.62, and that the average regular hourly rate was \$22.91.

24 Accordingly, we calculated Defendant’s potential exposure as follows:

Claim	Relevant Time Period	Rate	Number of Violations	Realistic Recovery
-------	----------------------	------	----------------------	--------------------

Unpaid Wages (Regular Rate)	28,883 Workweeks	\$22.91 average regular rate	Based on Expert Analysis of Records	\$6,645.00*
Unpaid Wages (Off the Clock)	28,883 Workweeks	\$22.62 average hourly rate	17,933 net unpaid hours (assuming 10 minutes per shift) (60.1% overtime)	\$105,508.12**
Meal Period Violations	28,883 Workweeks	\$22.62 average hourly rate	10,715 unique meal break violations	\$121,186.65*
Rest Period Violations	28,883 Workweeks	\$22.62 average hourly rate	102,075 rest break violations (assuming 100% break violations for shifts of at least 3.5 hours)	\$461,787.30**
Unreimbursed Business Expenses Violations	28,883 Workweeks	\$25 per month	Assumes \$25 per month	\$35,525.00**
Labor Code § 203	Based on approx. 114 terminated employees within the 3-year SOL	\$22.62 average hourly rate / 30- day max.	Assumes 6.9 hours / day	\$53,679.70***
Labor Code § 226	Based on approx. 178 employees within the 1-year SOL	\$50 per initial pay period / \$100 per subsequent pay periods / \$4,000 employee max.	Based on 6,276 pay periods within the 1-year SOL	\$71,200.00***
PAGA	Based on 6,276 pay periods within the 1-year SOL	\$100 per pay period	Based on 6,276 pay periods within the 1-year SOL	\$62,760.00***

*** These figures are discounted based on a 10% probability of prevailing at class certification and				

on the merits.³

33. As discussed above, Plaintiff's unpaid wages claim is also due to allegations that Defendant failed to incorporate all remuneration, including bonuses, into Class Members' regular rate of pay for purposes of paying overtime, meal premium and sick pay. Specifically, Plaintiff's expert reviewed the sample records Defendant produced and found 87 identifiable additional remunerations that were made yet not factored into the regular rate of pay, impacting 61.5% of Class Members for sick pay, 32.7% of Class Members for meal premium pay and 57.7% of Class Members for overtime pay and resulting in a maximum exposure of \$13,290.00. However, Defendant argues bonuses were discretionary, and therefore Defendant was not required to incorporate those payments into the regular rate. Due to the lack of written policies regarding criteria for bonus payments, I acknowledge the foregoing presents significant risk with certifying this claim and proof on the merits. Therefore, I applied a 50% discount to the maximum exposure figure; accordingly, I arrived at **a realistic damage estimate of \$6,645.00 for the regular rate claim.**

34. Plaintiff's unpaid wages claim is based on allegations that Defendant failed to pay all minimum and overtime wages due to off-the-clock work performed before and after clocking in and out of work. Plaintiff alleges that Class Members were required to clock in manually on a shared computer, which caused delays because the computer was already being used or there was a class ongoing. Plaintiff also claims that Class Members spent significant time preparing lesson plans at home, outside of their scheduled shift hours, without compensation. Plaintiff also alleges that he was required to set up a club for the students, with students meeting once a week. In addition, due to the club, Plaintiff had to come up with new recipes every week, go shopping for ingredients, store and organize ingredients and bring them to work without any compensation. Therefore, Plaintiff's Counsel estimated Class Members spent an average 10 minutes off the clock per shift. Accordingly, Plaintiff's Counsel and data expert estimated Defendant failed to pay Class Members for approximately 17,933 hours, 60.1% of which should have

³ It is reasonable to apply discounts to account for risks at certification and trial, in part, because the Judicial Council of California found that only 21.4% of all class actions were certified either as part of a settlement or as part of a contested certification motion. (See Findings of the Study of California Class Action Litigation, 2000-2006, available at <http://www.courts.ca.gov/documents/class-action-lit-study.pdf>.) Further, the likelihood that Defendant could assert viable legal defenses would likely further reduce its overall exposure.

1 been paid at the overtime rate. From this, and in light of the average rates of the Class Members,
2 Defendant's estimated maximum potential liability is \$527,540.62. Defendant contends that all time
3 worked was compensated, that the time spent waiting to clock in was *de minimis*, that Class Members
4 were not permitted to work off-the-clock, and that this claim is highly individualized and not susceptible
5 to class-wide treatment. I acknowledge that "off-the-clock" claims are difficult to be tried on a class
6 wide basis because there is no apparatus that can be used to prove this claim—there are no records to be
7 used as evidence. In light of these defenses, and for purposes of settlement, I discounted the maximum
8 potential liability by 80%. **Plaintiff's realistic recovery estimate for the unpaid wages claim due to**
9 **off-the-clock work is therefore \$105,508.12.**

10 35. Plaintiff's meal period claim is based on allegations that Defendant did not provide or
11 maintain sufficient meal period practices, such that Class Members were not always permitted or able to
12 take meal periods and/or were sometimes subjected to late, short and/or interrupted meal periods without
13 compensation in lieu thereof. The sample of time and corresponding payroll records for the putative
14 Class indicated that Defendant either failed to provide a meal period or provided a short and/or untimely
15 meal period 10,715 times throughout the Class Period, resulting in a 12.3% violation rate. Plaintiff's
16 Counsel and its data expert then calculated that, in light of these violations and the average hourly rate
17 of the putative Class, that Defendant had a potential liability of \$242,373.30 (10,715 unique violations
18 x \$22.62 avg. hourly rate). Defendant nonetheless contends that many meal breaks were taken and, where
19 a violation appears, it was a result of the Class Member voluntarily choosing to forego a meal period, to
20 take it after the end of the fifth hour, or to stop his or her break early to return to work. Moreover,
21 certification and proof of this claim would require declarations from Class Members and obtaining such
22 declarations potentially would reveal that each Class Member had a different experience with respect to
23 meal periods. In light of these defenses, and for purposes of settlement, Plaintiff's Counsel believe it
24 reasonable to apply a 50% discount to the potential liability. **Plaintiff's realistic recovery estimate for**
25 **the meal period claim is therefore \$121,186.65.**

26 36. The rest break claim is based on the allegation that Defendant did not provide or maintain
27 sufficient rest break practices, such that Class Members were regularly required to work in excess of
28

four consecutive hours a day, or a major fraction thereof, without authorization or permission to take a ten-minute, continuous and uninterrupted rest period or without compensation in lieu thereof. The precise number of rest break violations could not be calculated since Defendant neither documented, nor is required to document, when Class Members took their required rest breaks. Therefore, in preparation for mediation, Plaintiff's Counsel assumed a 100% violation rate for shifts of at least to 3.5 hours in length and, based on the average hourly rate of the putative Class, calculated Defendant's potential liability to be \$2,308,936.50 (102,075 unique rest break violations x \$22.62 per hour). Defendant nonetheless contends rest periods do not have to be recorded, that Class Members voluntarily chose to forego some rest breaks and, significant for purposes of class certification, that this claim is individualized in nature and therefore would require declarations indicating the majority of Class Members experienced issues as to rest breaks. In light of these defenses, and for purposes of settlement, I discounted Defendant's potential liability by 80%. **Plaintiff's realistic recovery estimate for the rest break claim is therefore \$461,787.30.**

37. The unreimbursed business expenses claim is based on the allegation that Defendant did not reimburse Class Members for all expenses incurred in direct consequence of the discharge of duties, including the use of their personal cellphone and personal vehicle for work purposes. The precise value of all necessary business expenses Class Members incurred could not be calculated. Therefore, in preparation for mediation, Plaintiff's Counsel estimated Defendant owed approximately \$25.00 a month to each Class Member in the statutory period and that Defendant's potential liability is \$177,625.00. Defendant contends it complied with all its reimbursement obligations, that it provided Class Members with necessary tools, that cellphone use was not required for work, and further, that the reimbursement claim would be difficult to certify, given the individualistic nature of this claim. In light of these defenses, and for purposes of settlement, I discounted Defendant's potential liability by 80%. **Plaintiff's realistic recovery estimate for the unreimbursed expenses claim is therefore \$35,525.00.**

38. With respect to Plaintiff's derivative claims for statutory and civil penalties, Plaintiff estimates Defendant's maximum potential recovery, prior to risk-adjustment, is \$1,876,397.00, which breaks down as follows: **\$536,797.00** for waiting time penalties for approximately 114 terminated Class

1 Members in the 3-year SOL; a **\$712,000.00** penalty for inaccurate wage statements based on
2 approximately 178 Class Members in the 1-year SOL; and **\$627,600.00** for PAGA penalties based on
3 6,276 Pay Periods and the Court assessing a \$100 penalty for each pay period containing a violation.
4 However, I believe it would be unrealistic to expect the Court to award the full exposure amount given
5 the discretionary nature of awarding penalties and given Defendant's defenses, including without
6 limitation, that any failure to pay all final wages at the time of separation was not willful or intentional
7 and that to the extent Plaintiff received wage statements that were allegedly inaccurate, Plaintiff suffered
8 no actual resulting damage or harm. Moreover, I understand the individualized and testimony-intensive
9 nature of the wage claims could bar class certification or otherwise significantly reduce Defendant's
10 overall liability for statutory and civil penalties. Furthermore, considering the underlying wage claims
11 are realistically estimated to be \$730,652.07, awarding such a disproportional amount in penalties would
12 also raise Due Process concerns. Weighing these factors, I applied a 90% discount to each penalty
13 (resulting in **\$53,679.70** for waiting time penalties, **\$71,200.00** for inaccurate wage statement penalties,
14 and **\$62,760.00** for PAGA penalties) and accordingly arrived at **a realistic recovery estimate of**
15 **\$187,639.70 for statutory and civil penalties.**

16 39. Using these estimated figures, Plaintiff predicted **the realistic (risk-adjusted) recovery for**
17 **all claims, including penalties, is \$918,291.77.** This means **the \$725,000.00 gross settlement figure**
18 **represents roughly 79% of the total realistic recovery.** This is an excellent result for the Class,
19 particularly because, under the Settlement, Class Members will receive timely and guaranteed relief,
20 avoiding the risk of not being able to recover anything.

21 40. With regards to the PAGA claims, the Settlement is a fair and reasonable resolution that
22 satisfies PAGA's dual statutory purposes of deterrence and punishment, on the one hand, and providing
23 PAGA Group Members with genuine and meaningful relief, on the other. As a result of this litigation,
24 Defendant has had to hire legal counsel, engage in informal class-wide discovery, and participate in
25 mediation. Defendant will also have to pay civil penalties to the LWDA under the Settlement, assuming
26 final settlement approval is granted. (Settlement, ¶ 3.2.5.) Not including its own attorneys' fees and costs
27 as well as the employer's share of payroll taxes, Defendant will pay no less than \$725,000.00 to resolve
28

1 this matter—of which \$40,000.00 is allocated toward the PAGA claims and will be distributed, in
2 compliance with Labor Code section 2699 as 65% (\$26,000.00) to the LWDA and 35% (\$14,000.00) to
3 PAGA Group Members—and the release obtained under the Settlement does not preclude PAGA Group
4 Members from pursuing any individual claims they may have against Defendant or the other Released
5 Parties. Moreover, Plaintiff’s Counsel are of the opinion that because the issues here are fairly contested,
6 there is a possibility of the Court not awarding the PAGA penalties even if Plaintiff prevailed on the
7 merits due to the largely discretionary nature of awarding PAGA penalties. In other words, were this
8 matter to go to trial, any award granted would be at the discretion of the Court and subject to a substantial
9 reduction.

10 41. Further, Plaintiff’s Counsel took into account the risk of not being able to proceed on a
11 representative basis due to the potential manageability issues and that even if Plaintiff prevailed at trial,
12 penalties would likely be limited due to the largely discretionary nature of awarding PAGA penalties
13 and in light of other defenses available to Defendant. Thus, it is entirely possible that even if Plaintiff
14 would be successful at trial, assuming he is first able to certify the claims and defeat the manageability
15 issues presented at litigation, Plaintiff could be awarded substantially less than what was obtained
16 through the Settlement. In sum, the \$40,000 PAGA Penalties allocation under the Settlement constitutes
17 genuine and meaningful relief.

18 42. Here, the Settlement represents a substantial recovery when considered against the risk and
19 uncertainties involved in continued litigation, the burdens of proof necessary to certify the claims and
20 establish liability, and the probability of appeal. While Plaintiff is confident in the merits of his claims,
21 a legitimate controversy exists as to each cause of action. Plaintiff also recognizes that proving the
22 amount owed to each Class Member would be an expensive, time-consuming, and uncertain proposition.

23 43. The Settlement obviates the significant risk that this Court may deny certification of all or
24 some of Plaintiff’s claims. Plaintiff’s Counsel took into account the risk of not prevailing at trial due to
25 low or no participation by Class Members. Indeed, the individualized and testimony-intensive nature of
26 the claims could bar manageability of the representative claims or otherwise significantly reduce any
27 recovery whatsoever. For example, the rest period and unreimbursed expense claims are testimony-
28

1 driven claims and assume a 100% violation rate, which would not likely be demonstrated at trial, as it
2 assumes either the participation of a majority or all employees (which would be difficult given the reality
3 that many, if not all, employees would be unwilling to participate due to fear of retaliation), or
4 alternatively, the use of surveys or statistical data as a surrogate (which would still require the
5 participation of a majority of employees to establish a sound representation of all non-exempts). Even
6 assuming employees would be willing to participate, obtaining declarations would potentially reveal that
7 each individual employee had a different experience.

8 44. Furthermore, even if Plaintiff was able to pursue his claims on a class-wide basis and obtain
9 certification of all or some of the claims, continued litigation would be expensive, involving a trial and
10 possible appeals, and would substantially delay and reduce any recovery by the Class. Although the
11 Parties have engaged in a significant amount of investigation, informal discovery, and class-wide data
12 analysis, they have not conducted extensive formal discovery. Moreover, preparation for class
13 certification and a trial would remain for the Parties as well as the prospect of appeals in the wake of a
14 disputed class certification ruling for Plaintiff and/or any summary judgment ruling. As a result, the
15 Parties would incur considerably more attorneys' fees and costs through trial. In sum, this Settlement
16 avoids the risks, burdens, and the accompanying expense of further litigation.

17 45. The proposed \$725,000.00 Settlement represents a substantial recovery when compared to
18 the reasonably forecasted recovery for the Class. When considering the risks of litigation, the
19 uncertainties involved in continued litigation, the burdens of proof necessary to establish liability, and
20 the probability of appeal, it is clear the Settlement amount is within the "ballpark" of reasonableness,
21 and that preliminary settlement approval is appropriate. (*Kullar v. Foot Locker Retail, Inc.* (2008) 168
22 Cal.App.4th 116, 133; *see Munoz v. BCI Coca-Cola Bottling Co. of L.A.* (2010) 186 Cal.App.4th 399,
23 408–09 [holding that *Kullar* does not require "an explicit statement of the maximum amount the plaintiff
24 class could recover if it prevailed on all its claims," but instead, only an "understanding of the amount
25 that is in controversy and the realistic range of outcomes of the litigation"].)

26 THE ENHANCEMENT AWARD TO PLAINTIFF IS REASONABLE

27 46. Throughout this litigation, Plaintiff, who was a former employee of Defendant, has
28

1 cooperated immensely with my office and has taken many actions to protect the interests of the Class.
2 Plaintiff provided valuable information regarding his hours worked, and what duties were performed
3 during those hours. Plaintiff also provided information regarding meal periods taken and missed by
4 Plaintiff and other Class Members. Plaintiff participated in decisions concerning this action, assisted in
5 preparation for the mediation, and provided my office with the names and contact information of
6 potential witnesses in this action. Before we filed this case, Plaintiff worked with my office to determine
7 the viability of his claims. Plaintiff also provided information and documents relating to his employment
8 by Defendant. The information and documentation provided by Plaintiff was instrumental in establishing
9 the wage-and-hour violations alleged in this action, and the recovery provided for in the Settlement
10 would have been impossible to obtain without his participation.

11 47. At the same time, Plaintiff faced many risks in adding himself as the named Plaintiff in this
12 matter. Plaintiff faced actual risks with his future employment, as putting himself on public record in an
13 employment lawsuit could also very well affect his likelihood for future employment. For example, a
14 search of Plaintiff's name will reveal this action, and as a result, many employers may likely forego
15 hiring Plaintiff in learning he sued a former employer.

16 48. In turn, Class Members can now participate in a settlement, reimbursing them for wage
17 violations they may have never known about or been willing to pursue on their own. If each Class
18 Member would have tried to pursue legal remedies on their own, that would have resulted in each having
19 to expend a significant amount of their own monetary resources and time, not to mention limited judicial
20 resources, which were obviated by Plaintiff putting himself on the line on behalf of the Class.

21 49. This class action would not have been possible without the aid of Plaintiff, who put his own
22 time and effort into this litigation and placed himself at risk for the sake of the Class. The requested
23 enhancement award to Plaintiff for his service as the Class Representative is a relatively small amount
24 of money considering the time and effort put into the litigation and compared to enhancements granted
25 in other class actions. The requested enhancement award is therefore reasonable to compensate Plaintiff
26 for his active participation in this lawsuit, in addition to his general release of claims, both known and
27 unknown, and waiver of section 1542 rights.

33.94%, which results in a difference of approximately 2.53%. (*Compare* Judiciary Salary Plan of Los Angeles-Long Beach, CA, Effective January 12, 2026, with Judiciary Salary Plan of Washington-Baltimore-Arlington, Effective January 12, 2026.) True and correct copies of the Los Angeles-Long Beach, CA and Washington-Baltimore-Arlington salary plans are attached hereto as **Exhibit 7** and **Exhibit 8**, respectively. Based on my 19+ years of experience out of law school, my Laffey Matrix rate with a 2.53% adjustment is \$1,044.78 per hour (\$1,019 Laffey Matrix rate + (2.53% x \$1,019)). Accordingly, my current billing rate of \$950.00 per hour is reasonable.

54. I am experienced in prosecuting and defending employment matters, particularly class actions and PAGA representative actions. My firm has focused a substantial percentage of its practice on wage, hour, and working conditions violations. In addition to the present case, I am also class counsel for other wage-and-hour class action lawsuits pending in various California counties, including in state and federal courts. The following is a list of some of our recent class action settlements that have received preliminary and final approval: *Aparicio v. Lineage Logistics, LLC* (LASC No. BC722764) (class size approx. 155; lead counsel); *Black v. ThyssenKrupp Elevator Corp.* (LASC No. BC682972) (\$750,000 for 79 class members; lead counsel); *Mark Brulee et al. v. DAL Global Servs., LLC* (C.D. Cal. Dec. 20, 2018, No. CV 17-6433 JVS(JCGx)) 2018 WL 6616659, at *10 (class size approx. 2,650; lead counsel) (in approving my hourly rate in that case, the Court found: “Class Counsel’s declarations show that the attorneys are experienced and successful litigators. Other courts have approved the attorneys’ current rates for the Moon & Yang, APC attorneys”); *Martinez v. Bail Hotline Bail Bonds, Inc.* (LASC No. BC700131) (class size approx. 173; lead counsel); *Montoya v. Golden 1 Credit Union* (Sacramento No. 34-2018-00228252) (class size approx. 1,900; lead counsel); *Onofre v. Caitac Garment Processing, Inc.*

ALLEN FEGHALI'S EXPERIENCE AND QUALIFICATIONS

55. Allen Feghali is a Senior Partner at Moon Law Group, PC. He received his B.A. in Global and International Studies in 2011 from UC Santa Barbara, and his J.D. from University of La Verne College of Law in 2014. Mr. Feghali became an Active Member of the State Bar of California in December 2014 and has been an Active Member in good standing continuously since then. He was selected by Super Lawyers as a "Southern California Rising Star" in 2020–2023.

56. Mr. Feghali began working at Moon Law Group, PC in May 2015, and his practice focuses on advocating for the rights of employees at the trial-court and appellate level. Prior to approximately June 2018, with the exception of a handful of cases, his practice focused on individual FEHA and wrongful termination claims, as well as individual wage-and-hour claims. In June 2018, Mr. Feghali became heavily involved in the firm's class action practice.

57. Mr. Feghali's current billing rate is \$900.00 per hour, which is his usual hourly rate in wage and hour litigations. Based on Mr. Feghali's 11+ years of experience out of law school, his Laffey Matrix rate with a 2.53% adjustment is \$1,044.78 per hour (\$1,019 Laffey Matrix rate + (2.53% x \$1,019)). (See Ex. 6.) As compared to the Laffey Matrix rate and when considering his experience, Mr. Feghali's billing rate of \$900.00 per hour is reasonable.

58. During Mr. Feghali's tenure with Moon Law Group, PC, he has played a critical role in obtaining outstanding results for employees who have been wronged by their employers. Mr. Feghali's litigation experience includes, but is not limited to:

- 1 (a) In March 2021, Mr. Feghali prepared the briefing in the matter of *Rivera, et al. v. Clearpath*
2 *Federal Credit Union* (LASC No. 19STCV33504), which resulted in a certification order
3 on all causes of action following contested briefing in a wage-and-hour class action.
- 4 (b) Mr. Feghali prepared the briefing in a contested class certification motion in the matter of
5 *Dawson, et al. v. GoHealth, LLC, et al.* (No. CGC-19-577790), which was granted in part.
- 6 (c) Mr. Feghali prepared the briefing in a contested class certification motion in the matter of
7 *Brown v. NTI-CA, Inc., et al.* (No. 21STCV04397).
- 8 (d) Mr. Feghali was part of a team that prepared the briefing in a contested class certification
9 motion in the matter of *Thong, et al. v. Outlook Resources, Inc., et al.* (No.
10 19STCV44400), which was granted in part and denied in part in October 2022.
- 11 (e) Mr. Feghali prepared the briefing which resulted in a remand order in the matter of
12 *Andrade v. Rehrig Pacific Corp.* (C.D. Cal. April 22, 2020, No. CV 20-1448 FMP
13 (RAOx)) 2020 WL 1934954, where defendant removed a wage-and-hour class alleging
14 that Plaintiffs' claims were pre-empted by the Labor Management Relations Act.
- 15 (f) Mr. Feghali briefed, argued, and won the matter of *Lee, et al. v. The Christian Herald,*
16 *U.S.A., Inc.* (Cal. Ct. App. Dec. 12, 2017, No. B266853) 2017 WL 6333905, at *1. There,
17 the Court of Appeal reversed a dismissal of an individual defendant following the trial
18 court's granting of a demurrer without leave to amend relating to alter ego allegations.
- 19 (g) Mr. Feghali prepared the briefing which resulted in a remand order in the matter of *Sotelo*
20 *v. Belfor USA Group, Inc.* (C.D. Cal. March 13, 2018, No. 2:17-cv-09056-RSWL-
21 MRWx) 2018 WL 1352910. Defendants there sought to remove the case based on the
22 inclusion of a "sham defendant," but the court agreed with Mr. Feghali's briefing which
23 argued that the individual defendant, who was alleged to have harassed the Plaintiffs under
24 FEHA, was a proper defendant.
- 25 (h) Mr. Feghali has been the lead counsel, or co-lead counsel, in individual cases that settled
26 for \$850,000.00, \$375,000.00, and \$250,000.00. In addition to the foregoing, Mr. Feghali
27
28

has resolved or assisted in the resolution of approximately 100 cases which has resulted in millions of dollars of unpaid wages being returned to low-wage employees.

- (i) Mr. Feghali was part of a team that prepared the briefing in a contested class certification motion in the matter of *Hernandez v. CR Laurence, Inc., et al.* (No. 20STCV32372), which was granted, in part, and denied, in part, in February 2024.

59. Since June 2018, Mr. Feghali's practice has shifted to almost exclusively representing employees in wage-and-hour class and representative actions. His fee has been approved by Courts throughout the state. He has participated as lead, or co-lead counsel, in the litigation and resolution of over 100 wage-and-hour class actions, including obtaining preliminary and final approval of settlements. A selection of settled cases wherein Mr. Feghali served as lead or co-lead class counsel includes the following: *Barahona v. Methodist Hosp. of Cal.* (No. 20STCV09876) (\$5,000,000); *Stanley Black & Decker Wage and Hour Cases* (No. JCCP5218) (\$3,500,000); *Vazquez v. 62. Mr. Song is currently handling multiple class action and PAGA matters. Mr. Song's current billing rate is \$775.00 per hour, which is his usual hourly rate in wage and hour litigations. Based on Mr. Song's 14 years of experience, his Laffey Matrix rate with a 2.53% adjustment is \$1,044.78 per hour (\$1,019 Laffey Matrix rate + (2.53% x \$1,019)). (See Ex. 6.) As compared to the Laffey Matrix rate and when considering his experience, Mr. Song's billing rate of \$775.00 per hour is reasonable.

CLASS COUNSEL'S EXPERIENCE AND QUALIFICATIONS

63. As demonstrated by the foregoing, my office is qualified to handle this litigation because we are experienced in litigating Labor Code and Wage Order violations in individual, class, and representative actions. The attorneys at my office have been appointed as lead or co-lead counsel in numerous wage-and-hour class and/or PAGA actions in state and federal courts by way of motion for settlement approval. Including myself, Moon Law Group, PC is comprised of approximately 35

1 attorneys, all of whom are actively and continuously practicing employment litigation, representing
2 almost entirely employee-plaintiffs, in both individual and class and/or PAGA actions, in this Superior
3 Court and other Superior Courts throughout the State, in the Courts of Appeal, and in various federal
4 courts. The attorneys at my firm have a high level of skill and knowledge in wage-and-hour class actions,
5 PAGA representative actions, and labor and employment law generally, the substantive (state and
6 federal) and procedural law of which is frequently evolving.

7 64. Moon Law Group, PC has been engaged in the practice of employment and labor law for
8 over a decade, and presently focuses exclusively on plaintiffs' employment law. The firm and its lawyers
9 have tried both bench and jury trials (representing both plaintiffs and defendants) relating to employment
10 matters. As noted above, Moon Law Group, PC has been appointed lead or co-lead class counsel in
11 federal and state courts in California. Also, the firm and its lawyers have successfully settled hundreds
12 of cases during that time, including wage-and-hour class and/or PAGA actions.

13 65. The foregoing experience of myself and other attorneys of Moon Law Group, PC is helpful
14 in assessing the reasonableness of settlements, such as the one at issue here, and from this experience
15 we concluded that this litigation could not have been settled on better terms than provided under the
16 Settlement.

17 66. I respectfully submit that the attorneys of Moon Law Group, PC, myself included, are well
18 suited to act as Class Counsel in this action, and we have, and will continue to, vigorously represent the
19 interests of the Class. To my knowledge, we do not have any conflicts of interest with Plaintiff, other
20 Class Members, or the proposed Administrator, and we are not related to Plaintiff. We respectfully
21 request to be appointed as Class Counsel, for settlement purposes.

22 THE REQUEST FOR ATTORNEYS' FEES AND COSTS IS REASONABLE

23 67. The Settlement provides for attorneys' fees payable to Class Counsel in an amount up to
24 one-third of the Gross Settlement Amount (i.e., no less than \$241,666.66, subject to potential increase
25 under the escalator clause) and litigation costs up to \$25,000.00. (Settlement, ¶ 3.2.2.) The proposed
26 award of attorneys' fees can be justified under either the lodestar method or the percentage/common-
27 fund recovery method. However, we base the proposed fees award on the percentage method, as many
28

1 of the entries in the time records will have to be redacted to preserve attorney-client and attorney work
2 product privileges.

3 68. I am informed and believe that the fees and costs provision in the Settlement is reasonable.
4 The fee percentage requested is less than that charged by my office for most employment cases.
5 Moreover, my office invested significant time and resources into the case, with payment deferred to the
6 end of the case, and then, of course, contingent on the outcome.

7 69. It is further estimated that my office will need to expend at least another 50 to 100 hours to
8 monitor the administration process leading up to the final approval, prepare for final approval, and
9 oversee distribution to the Class following final approval. My office also bears the risk of taking
10 whatever actions are necessary should Defendant fail to pay.

11 70. The risk to my office has been very significant, particularly if we would not be successful
12 in pursuing this class action. In such instance, we would have been left with no compensation for all the
13 time taken in litigating this case due to the contingency fee arrangement. Indeed, I have taken on a
14 number of class action cases that have resulted in thousands of attorney hours being expended and
15 ultimately having the defendant company going bankrupt during litigation. The contingent risk in these
16 types of cases is very real and occurs regularly. Furthermore, we were precluded from focusing on, or
17 taking on, other cases which could have resulted in a larger, and less risky, monetary gain.

18 71. Because most individuals cannot afford to pay for representation in litigation on an hourly
19 basis, Moon Law Group, PC represents virtually all its employment law clients on a contingency fee
20 basis, including Plaintiff in this matter. Pursuant to this arrangement, we are not compensated for our
21 time unless we prevail at trial or successfully settle our clients' cases. Because Moon Law Group, PC is
22 taking the risk that we will not be reimbursed for our time unless our client settles or wins his or her
23 case, we cannot afford to represent an individual employee on a contingency basis if, at the end of our
24 representation, all we are to receive is our regular hourly rate for services. It is essential that we recover
25 more than our regular hourly rate when we win if we are to remain in practice so as to be able to continue
26 representing other individuals in civil rights employment disputes.

1 72. As of the drafting of this motion, my office has incurred \$22,498.13 in expenses litigating
2 this action, and we anticipate accruing additional costs up to final approval. These expenses were
3 reasonably necessary to the litigation and were actually incurred by my office. Moreover, because total
4 litigation costs are below the maximum amount allowed under the Settlement, the difference will be
5 allocated to the Net Settlement Amount. (*Id.* at ¶ 3.2.2.) Therefore, our costs should be reimbursed in
6 full.

7 73. My office invested significant time and resources into the case, with payment deferred to
8 the end of the case, and then, of course, contingent on the outcome. My office's efforts have included,
9 and will include following preliminary and final approval, without limitation, the following:

- 10 (a) Numerous interviews with Plaintiff and review of documents provided by him;
- 11 (b) Legal research and investigation regarding Defendant's business and employment
12 practices at numerous points in the litigation;
- 13 (c) Preparation and submission of Plaintiff's PAGA notices;
- 14 (d) Preparation, finalization, and filing of multiple drafts of the original class action
15 complaint and subsequent first amended complaint;
- 16 (e) Extensive "meet and confer" correspondence and discussions with Defense Counsel
17 regarding mediation and to obtain relevant documents and information through
18 informal discovery;
- 19 (f) Research and preparation of Plaintiff's mediation brief;
- 20 (g) Analysis of the discovery production and preparation of a damages model with the aid
21 of a statistics expert;
- 22 (h) Attendance and active participation at a full day of mediation;
- 23 (i) Drafting, negotiating, and reviewing multiple drafts of the Settlement and Class Notice;
- 24 (j) Preparation of the motion for preliminary approval and the accompanying filings;
- 25 (k) Anticipated preparation for and attendance at the preliminary approval hearing;
- 26 (l) Anticipated conferring with Defense Counsel and the Administrator regarding the Class
27 Notice mailing, Class responses, and preliminary and final calculations;
- 28

- 1 (m) Anticipated preparation, finalization, filing, and service of a motion for final approval
2 and accompanying filings;
- 3 (n) Anticipated preparation for and anticipated attendance at the final approval hearing, and
4 then monitoring of the distribution of funds following final approval; and
- 5 (o) Anticipated responding to Class Member inquiries and communicating with Plaintiff
6 regarding the case.

7 74. Through the efforts of my office and Plaintiff in this case, a fair and reasonable joint
8 resolution has been reached that includes a gross, non-reversionary payment by Defendant of *no less*
9 *than* \$725,000.00 to compensate Class Members for the alleged unlawful wage-and-hour practices. I am
10 informed and believe that, without the efforts of my office or Plaintiff, the Labor Code and Wage Order
11 violations alleged in the Operative Complaint would have gone completely unremedied.

12 I declare under penalty of perjury under the laws of the State of California and the United States
13 that the foregoing is true and correct. Executed on July 30, 2026, at Los Angeles, California.
